To the Plan Administrator and Plan Participants
Chelan Fresh Marketing/
BHPO LP 401(k) Plan
Brewster, Washington

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of Chelan Fresh Marketing/BHPO LP 401(k) Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2022 and 2021, and the related statement of changes in net assets available for benefits for the year ended December 31, 2022, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of Chelan Fresh Marketing/BHPO LP 401(k) Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2022 and 2021, and for the year ended December 31, 2022, stating that the certified investment information, as described in Note D to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements sections:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Chelan Fresh Marketing/BHPO LP 401(k) Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Chelan Fresh Marketing/BHPO LP 401(k) Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2021 Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Chelan Fresh Marketing/BHPO LP 401(k) Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Chelan Fresh Marketing/BHPO LP 401(k) Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedules Required by ERISA

The supplemental schedules, Schedule H, Line 4a – Schedule of Delinquent Participant Contributions and Schedule H, Line 4i – Schedule of Assets (Held at End of Year) as of December 31, 2022 are presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Notes to the Financial Statements

December 31, 2022 and 2021

Note A – Description of Plan

The following description of the Chelan Fresh Marketing/BHPO LP 401(k) Plan (the “Plan”) provides only general information. Participants should refer to the Plan agreement for a more complete description.

General – The Plan is a defined contribution plan established on November 1, 2004 and is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Plan is available to all employees of Alta Fresh, LLC (dba Chelan Fresh Marketing), Brewster Heights Packing & Orchards, LP, Apple House Warehouse & Storage, Inc., and ADF Helicopters I, L.P. (collectively, the “Companies”), except for part-time, temporary, or seasonal employees. Employees of the Companies become eligible to enter the Plan, make employee 401(k) contributions and receive matching contributions after they have attained the age of 21 and completed 1 year of service (defined as 1,000 hours in a 12 month period). Time of service at Borton & Sons, Inc. is recognized for eligibility. Plan entry dates are January 1 and July 1. Employees become eligible to receive profit sharing contributions if they are employed on the last day of the Plan year. The Company is the Plan’s sponsor and serves as Plan Administrator. The Plan Administrator is responsible for oversight of the Plan, determines the appropriateness of the Plan’s investment offerings, and monitors investment performance.

The Plan was amended on January 1, 2023 to include Crane Ranch Packing & Orchards, LLC and Cascade Holdings Group, L.P. as participating employers.

Contributions – Each year, participants may contribute up to 100% of annual compensation, as defined by the Plan. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans. Both the Companies and Plan participants may make contributions to the Plan. The Companies’ profit sharing contributions are made at the discretion of the Board of Directors of the Companies. Each participating employer may elect to make its own profit sharing contribution to eligible participants. Profit sharing contributions are allocated pro rata to each eligible participant based upon relative rates of compensation. No profit sharing contributions have been made to the Plan. The Companies match 100% of an individual participant’s contributions up to 3% of the participant’s compensation, plus 50% of the individual participant’s contributions in excess of 3% but not to exceed 5% of the participant’s compensation. Contributions are subject to certain IRS limitations.

Participant accounts – Each participant’s account is credited with the participant’s voluntary contribution, the Companies’ matching contribution and the Companies’ discretionary profit sharing contribution plus earnings thereon. The Plan allows each participant to direct the investment of the assets in their individual account. The gains or losses for each participant account are a result of the performance of the funds selected. The benefit to which a participant is entitled is the benefit that can be provided from the participant’s vested account. All accounts are valued on a daily basis.

Vesting – Participants are immediately vested in their voluntary contributions and the Companies’ matching contributions plus related earnings thereon. Participants vest in the Companies’ profit sharing contributions and related earnings on a graduated scale with 20% vesting after two years of service, 40% after three years of service, 60% after four years of service, 80% after five years of service, and 100% on completion of six years of service. Participants also become 100% vested if they become disabled or die while employed by the Companies.

Participant loans – The Plan does not permit participant loans.

Notes to the Financial Statements

December 31, 2022 and 2021

Note A – Description of Plan – (Continued)

Payment of benefits – On termination of service due to death, disability, or retirement, a participant may elect to receive, at a date specified by the participant, a lump-sum amount equal to the value of the participant's vested interest in his or her account.

Participants are not required to receive distributions until age 72. In the event of termination for any reason, a participant with a vested balance of less than \$1,000 will receive a single lump-sum distribution.

Forfeitures – Forfeitures are used to reduce the Companies' matching and discretionary contributions. There were no forfeitures as of December 31, 2022 and 2021.

Note B – Summary of Significant Accounting Policies

Basis of accounting – The financial statements of the Plan are prepared under the accrual method of accounting.

Investments held by a defined contribution plan are required to be reported at fair value, except for fully benefit-responsive investment contracts. Contract value is the relevant measure for the portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants normally would receive if they were to initiate permitted transactions under the terms of the Plan.

Uses of estimates – The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the plan administrator to make estimates and assumptions that affect the reported amounts of assets, liabilities, and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment valuation and income recognition – The Plan provides for investments in a guaranteed interest contract and pooled separate accounts. The guaranteed interest contract is fully benefit-responsive and stated at contract value, which is equal to principal plus accrued interest. The Plan's investments in pooled separate accounts are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Administrator determines the Plan's valuation policies utilizing information provided by the investment custodian. See Note E for discussion of fair value measurements and Note F for discussion of guaranteed interest contract.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Excess contributions payable – Amounts payable to participants for contributions in excess of amounts allowed by the IRS are recorded as a liability, with a corresponding reduction in contributions. The Plan distributed the 2022 excess contributions in October 2023.

Payment of benefits – Benefits are recorded when paid.

Notes to the Financial Statements

December 31, 2022 and 2021

Note B – Summary of Significant Accounting Policies – (Continued)

Administrative expenses – Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Companies. Expenses paid by the Companies are excluded from these financial statements. Investment related expenses are included in net appreciation in fair value of investments.

Subsequent events – In preparing these financial statements, the Plan has evaluated events and transactions for potential recognition or disclosure through October 6, 2023, the date the financial statements were available to be issued.

Note C – Investments

During 2022, the Plan's investments (including gains and losses on investments bought and sold, as well as held during the year) appreciated in value as follows:

Net depreciation in fair value of investments	\$ (4,332,508)
Interest from guaranteed interest contracts	<u>623</u>
Total investment income	<u>\$ (4,331,885)</u>

Note D – Information Certified by Custodian

The Plan Administrator has elected the method of annual reporting compliance permitted by 29 CFR 25 20.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, John Hancock Life Insurance Company, the custodian of the Plan, has certified to the completeness and accuracy of:

Note E – Fair Value Measurements

Accounting Standards Codification (ASC) 820, *Fair Value Measurements and Disclosures*, establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value.

The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under ASC 820 are described as follows:

Level 1: Observable inputs to the valuation methodology that are quoted prices (unadjusted) for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Observable inputs to the valuation methodology other than quoted market prices (unadjusted) for identical assets or liabilities in active markets. Level 2 inputs include quoted prices for similar assets and liabilities in active markets, quoted prices for identical assets in markets that are not active and inputs other than quoted prices that are observable for the asset or liability, either directly or indirectly, for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology that are unobservable for the asset or liability and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of observable inputs and minimize the use of unobservable inputs.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date. There have been no changes in the methodologies used at December 31, 2022 and 2021.

The following table summarizes investments for which fair value is measured using the net asset value per share practical expedient as of December 31, 2022 and 2021.

Notes to the Financial Statements

December 31, 2022 and 2021

Note F – Guaranteed Interest Contracts with Insurance Company

The Plan maintains a traditional guaranteed interest contract related investment option, the 3, 5, and 10 year Guaranteed Interest Contract, with John Hancock Life Insurance Company. The contributions are maintained in a general account. The underlying investments options of the contracts are considered to be fully benefit responsive and therefore are reported at contract value totaling \$51,500 and \$48,464 at December 31, 2022 and 2021, respectively. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value represents contributions made under each contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

The contract issuer is contractually obligated to pay the principal and specified interest rate that is guaranteed to the Plan. The crediting interest rate is based on a formula agreed upon with the issuer. Such interest rates are reviewed on a quarterly basis for resetting. The crediting rate of the product will be established based on the earnings of the underlying assets in the entire medium-long term portfolio compared to the minimum interest crediting rate, as stated in the contract, and prevailing market conditions. Interest crediting is reset quarterly.

The determination of credited interest rates, as determined by the service provider, reflects a number of factors, including mortality and expense risks, interest rate guarantees, the investment income earned on invested assets and the amortization of any capital gains and/or losses realized on the sale of invested assets. A market value adjustment may apply to amounts withdrawn at the request of the contract holder.

The underlying contract has no restrictions on the use of Plan assets and there are no valuation reserves recorded to adjust contract amounts.

Certain events limit the ability of the Plan to transact at contract value with the issuer. Such events include (1) amendments to the Plan documents (including complete or partial Plan termination or merger with another plan, (2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the Plan sponsor or other Plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA, or (5) premature termination of the contract. The Plan Administrator believes that any events that would limit the Plan's ability to transact at contract value with participants are not probable of occurring.

In addition, certain events allow the issuer to terminate the contract with the Plan and settle at an amount different from contract value. Such events include (1) an uncured violation of the Plan's investment guidelines, (2) breach of material obligation under the contract, (3) a material misrepresentation, or (4) a material amendment to the agreement without the consent of the issuer.

Note G – Party-In-Interest Transactions

Certain Plan investments are managed by John Hancock Life Insurance Company. John Hancock Life Insurance Company is the custodian as defined by the Plan, and, therefore, these transactions qualify as party-in-interest transactions. Fees paid by the Plan to John Hancock Life Insurance Company for recordkeeping services totaled \$54,774 for the year ended December 31, 2022.

Notes to the Financial Statements

December 31, 2022 and 2021

Note G – Party-In-Interest Transactions – (Continued)

Fees paid by the Plan to all parties-in-interest for investment management and advisory services totaled \$48,898. Fees for legal and accounting services for the Plan are paid by the Companies.

Note H – Plan Termination

Although it has not expressed any intent to do so, the Companies have the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of the Employee Retirement Income Security Act of 1974. In the event of Plan termination, participants will become 100% vested in their accounts.

Note I – Tax Status

The Plan adopted a prototype non-standardized profit sharing plan with CODA provided by AmeriBen Solutions, Inc. AmeriBen Solutions, Inc. has obtained a determination letter dated February 7, 2002 in which the Internal Revenue Service stated that the Plan, as designed, was in compliance with the applicable requirements of the Internal Revenue Code. This Plan has been amended since receiving the determination letter. However, the Plan Administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code. Therefore, no provision for income taxes has been included in the Plan's financial statements.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the plan and recognize a tax liability (or asset) if the plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The Plan Administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2022, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. Tax returns for the prior three fiscal years remain subject to examination by major tax jurisdictions.

Note J – Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the Statements of Net Assets Available for Benefits.

Note K – Delinquent Participant Contributions

For the year ended December 31, 2022, late participant contributions totaled \$4,612. The lost earnings attributable to the late contributions totaled \$341. The late contributions were fully corrected in July 2023.
