Independent Auditor's Report

The Plan Administrator
The Savings Plan for Employees of
Wyckoff Heights Medical Center
Brooklyn, New York

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of The Savings Plan for Employees of Wyckoff Heights Medical Center (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C). The financial statements comprise the statements of net assets available for benefits as of December 31, 2022 and 2021, and the related statement of changes in net assets available for benefits for the year ended December 31, 2022, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA (ERISA Section 103(a)(3)(C) audit). As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency (qualified institution), provided that the investment information is prepared and certified to by the qualified institution in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Management has obtained certifications from qualified institutions as of December 31, 2022 and 2021, and for the year ended December 31, 2022, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and the procedures performed as described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report:

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (GAAP); and
- the certified investment information in the accompanying financial statements agrees to, or is derived from, in all material respects, the information prepared and certified by qualified institutions that management determined meet the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is responsible for maintaining a current plan instrument, including all plan amendments. Management is also responsible for administering the Plan and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the *Scope and Nature of the ERISA Section 103(a)(3)(C) Audit* section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certifications, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Emphasis of Matter

As discussed in Note 1 to the financial statements, Wyckoff Heights Medical Center (the Plan Sponsor) has incurred losses from operating and non-operating activities in recent years and has net working capital and net asset deficiencies as of December 31, 2022 and 2021 that raise substantial doubt about its ability to continue as a going concern. This had no impact on the Plan.

Other Matter – Supplemental Schedule Required by ERISA

The supplemental Schedule H, Line 4i - Schedule of Assets (Held at End of Year) is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- the certified investment information in the supplemental schedule agrees to, or is derived from, in all material respects, the information prepared and certified by qualified institutions that management determined meet the requirements of ERISA Section 103(a)(3)(C).

Notes to Financial Statements

1. Plan Description

The following description of The Savings Plan for Employees of Wyckoff Heights Medical Center (the Plan) is provided for general information purposes only. Participants should refer to the comprehensive Plan document for a complete description of the Plan's provisions.

General

The Plan is a noncontributory defined contribution plan established by Wyckoff Heights Medical Center (the plan administrator or Medical Center) and adopted by Caritas Health Care, Inc. (Caritas), Plan Sponsor, under the provisions of the Internal Revenue Code (the Code). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended. The effective date of the Plan was January 1, 1985 and was originally established as a money purchase pension plan. The Plan was amended and restated effective January 1, 2008 as a profit-sharing defined contribution plan and the name was changed from The Money Purchase Pension Plan for Employees of Wyckoff Heights Medical Center to The Savings Plan for Employees of Wyckoff Heights Medical Center. The Plan was further amended and restated with effective dates of January 1, 2013 and January 1, 2019 to comply with rules and regulations, amendments, as well as to reflect other changes to the Plan.

Caritas filed for bankruptcy in 2009 and has ceased all operations. The Medical Center historically has suffered recurring losses from operating and non-operating activities and has a net working capital deficiency and net asset deficit as of December 31, 2022 and 2021 that raises substantial doubt about its ability to continue as a going concern. The Medical Center continues to receive support from New York State Department of Health's (NYSDOH) with respect to receiving Value Based Payment Quality Improvement Program (VBP-QIP) monies to support the Medical Center's operations and cash needs. The Medical Center has been identified as a safety net hospital under the NYS Vital Access Provider Assurance Program (VAPAP) (and related programs). The VBP-QIP program assists hospitals in severe financial distress, enabling the facilities to continue operations and vital services while working toward long-term sustainability, improve quality care and align with the VBP-QIP award initiatives. The Medical Center became a participant in the New York State Direct Payment Template (DPT) for voluntary safety net hospitals program that began in New York State's Fiscal Years 2022 and 2023, which permits New York State to direct Medicaid Managed Care plans to pay "rate add-ons" to each paid claim for the applicable service lines eligible hospitals.

Plan Administration

The Plan is sponsored and administered by the Medical Center. Empower Retirement, LLC (Empower) is the recordkeeper of the Plan.

The Savings Plan for Employees of Wyckoff Heights Medical Center

Notes to Financial Statements

Eligibility

Employees of the Medical Center are considered eligible for participation, except for: (1) employees covered by a collective bargaining agreement that does not provide for participation in the Plan; (2) leased employees; (3) per diem employees; and (4) independent contractors. Eligible employees commence participation in the Plan on January 1 or July 1 following the later of the employee's date of hire or attainment of age 20½.

Contributions

Under the terms of the Plan, the annual employer contribution is a discretionary amount designated by the Board of Directors of the Medical Center. For any plan year in which an employer discretionary contribution is made to the Plan, the contribution shall be allocated to the accounts of eligible participants in the proportion the participant's compensation bears to the aggregate compensation of all participants eligible to receive a contribution for the plan year. The Medical Center made a discretionary contribution to the Plan of \$3,000,000 in 2022. Employee contributions are not allowed by the Plan.

Vesting

A participant's vesting percentage begins at 20% after two years of service, 40% after three years of service, 67% after four years of service, and 100% after five or more years of service. Participants are entitled to a 100% vested percentage of their account balances when they attain normal retirement age or disability. A participant who commenced employment before January 1, 2020 and is classified as senior management or management employee shall be immediately 100% vested in their account balance. On termination of service, participants may keep the vested portion of their accounts and all related earnings. For participants who terminate and are less than 100% vested, the nonvested portion of their accounts shall be forfeited as of the last day of the plan year in which such termination occurs.

Participant Accounts

Each participant's account is credited with an allocation of the Medical Center's contributions and the related net earnings and losses thereon and are charged for withdrawals and certain administrative expenses. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Payment of Benefits

Upon termination of service due to death, disability, separation, or retirement, a participant may elect to receive an amount equal to the value of the participant's vested balance of their account in either a lump sum payment, installment payments payable in accordance with the Plan, a life or period certain annuity or, in certain circumstances, a joint and survivor annuity as beneficiary.

The Savings Plan for Employees of Wyckoff Heights Medical Center

Notes to Financial Statements

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. Participants are allowed a maximum of one loan at a time. The loans are secured by the balance in each participant's account and bear interest at a rate that is commensurate with local prevailing rates, as determined by the Plan Sponsor at loan inception. The interest rate on loans outstanding in 2022 and 2021 ranged from 4.25% to 8.00%. Principal and interest are paid ratably through payroll deductions over five years, except those used to acquire a principal residence of a participant, which may not exceed 15 years.

Forfeitures

There were forfeited nonvested accounts at December 31, 2022 and 2021 totaling approximately \$551,000 and \$393,000, respectively. These accounts may be used to pay administrative expenses and reduce employer contributions. For the year ended December 31, 2022, forfeitures of approximately \$183,000 became available for use by the Plan. Approximately \$25,000 of total forfeited funds were used to pay administrative expenses and/or fund employer contribution for the year ended December 31, 2022.

Administrative Expenses

Administrative expenses of the Plan are paid by the Plan Sponsor, except for \$58,563, which represents individual participant transaction fees and investment-related expenses paid by the Plan during 2022. Expenses that are paid by the Plan Sponsor are excluded from these financial statements.

2. Summary of Significant Accounting Policies

Basis of Accounting

The accompanying financial statements were prepared on the accrual basis of accounting, in accordance with accounting principles generally accepted in the United States of America (GAAP).

Use of Estimates

The preparation of the Plan's financial statements in accordance with GAAP requires management to make certain estimates and assumptions that affect the reported amounts of assets, liabilities, and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

The Plan's investments are reported at fair value, except for the fully benefit-responsive guaranteed investment contract, which is reported at contract value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements and Note 5 for discussion on contract value.

The Savings Plan for Employees of Wyckoff Heights Medical Center

Notes to Financial Statements

Purchases and sales of investments are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net depreciation includes the Plan's gains or losses on those investments purchased and sold, as well as held, during the year.

Payment of Benefits

Benefits are recorded when paid.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant loans are reclassified as distributions based upon the terms of the Plan document. Related fees are recorded as administrative expenses and are expensed when incurred. No allowance for credit losses has been recorded as of December 31, 2022 and 2021.

3. Information Certified by Empower

Certain information related to investments and notes receivable from participants disclosed in the accompanying financial statements and ERISA-required supplemental schedule, including investments and notes receivable from participants held at December 31, 2022 and 2021, and net depreciation in fair value of investments, interest income from guaranteed investment contract, dividend income, and interest income on notes receivable from participants for the year ended December 31, 2022, was obtained by management and agreed to or derived from information certified as complete and accurate by Empower, a qualified institution.

At the request of the Plan Administrator, the Plan's independent auditors did not perform auditing procedures with respect to this certified investment information, except for comparing such certified investment information to the related investment information in the financial statements, including reading the disclosures related to the investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP, and in the ERISA-required supplemental schedule, including assessing whether the supplemental schedule is in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

4. Fair Value Measurements

GAAP establishes a hierarchy for inputs used in measuring fair value that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under GAAP are described as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets.
- Quoted prices for identical or similar assets or liabilities in inactive markets.
- Inputs other than quoted prices that are observable for the asset or liability.

The Savings Plan for Employees of Wyckoff Heights Medical Center

Notes to Financial Statements

- Inputs that are derived principally from, or corroborated by, observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

A financial instrument's level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

There have been no changes in the methodologies used at December 31, 2022 or 2021. The following is a description of the valuation methodologies used for assets measured at fair value:

Mutual Funds - These funds are valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-ended funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Pooled Separate Accounts - Pooled separate accounts are valued at the net asset value of the units held. The NAV is based on the fair value of the underlying investments held by the PSA less its liabilities. The fair value of the underlying investments, which can consist of a single mutual fund or multiple securities, is determined using market quotations or prices obtained from independent pricing sources. The NAV, as provided by Empower is used as a practical expedient to estimate fair value. NAV would not be used if it was probable that the investment would not be traded at NAV. The PSAs provide for daily redemptions by the Plan at reported NAV with no advance notice. There are no unfunded commitments related to these investments. These are direct filing entities.

The method described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation method is appropriate and consistent with other market participants, the use of a different methodology or assumption to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date. There was no transfer between any levels for the year ended December 31, 2022.

The Plan had no financial assets that were measured at fair value on a nonrecurring basis during the years ended December 31, 2022 or 2021.

* Certain investments that are measured at fair value using the net asset value (NAV) per share (or its equivalent) practical expedient are not required to be and have not been categorized in the fair value hierarchy. The fair value amounts inserted in these tables are intended to present reconciliation of the fair value hierarchy table to the amounts presented in the statements of net assets available for benefits.

5. Fully Benefit-Responsive Guaranteed Investment Contract

The Plan entered into a benefit-responsive guaranteed investment contract with MassMutual assumed by Empower on MassMutual's acquisition. Empower has title to the assets held in this account and performs the accounting and trading for these assets. Empower maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The guaranteed investment contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan. Because the guaranteed investment contract is fully benefit-responsive, contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the guaranteed investment contract. The guaranteed investment contract is presented on the face of the statements of net assets available for benefits at contract value. Contract value, as reported to the Plan by Empower, represents contributions made under the contract, plus credited interest, less participant withdrawals and fees. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value. There are no reserves against contract value for credit risk of the contract issuer or otherwise.

The Plan's ability to receive amounts due is dependent on the issuer's ability to meet its financial obligations. The issuer's ability to meet contractual obligations may be affected by future economic and regulatory developments.

Certain events limit the ability of the Plan to transact at contract value with the insurance company and the financial institution issuer. Such events include the following: (i) amendments to the Plan documents (including complete or partial Plan termination or merger with another plan); (ii) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions; (iii) bankruptcy of the Plan Sponsor or other Plan Sponsor events (e.g., divestitures or spin-offs of a subsidiary), which cause a significant withdrawal from the Plan; or (iv) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA. The plan administrator does not believe that the occurrence of any such value event, which would limit the Plan's ability to transact at contract value with participants, is probable.

The Savings Plan for Employees of Wyckoff Heights Medical Center

Notes to Financial Statements

6. Plan Termination

Although it has not expressed any intent to do so, the Plan Sponsor has the right under the Plan to discontinue its contributions at any time and to terminate the Plan, subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

7. Party-in-Interest Transactions

Certain Plan investments are managed by Empower. Participant loan and distribution processing fees are paid to Empower by participants. The Plan also issues loan to participants which are secured by the vested balance of the participants' accounts. These transactions qualify as party-in-interest transactions. Such transactions, while considered party-in-interest transactions under ERISA regulations, are permitted under the provisions of the Plan and are specifically exempt from the prohibition of party-in-interest transactions under ERISA. Additionally, Empower acquired Massachusetts Mutual Life Insurance Company (MassMutual) on January 1, 2021 therefore, certain investments labelled MassMutual also qualify as permitted party-in-interest transactions.

8. Risk and Uncertainties

The Plan provides for various investment options in any combination of funds offered by the Plan. These funds are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and that such change could materially affect the amounts reported in the statements of net assets available for benefits.

The contract value of the guaranteed investment contract represents approximately 48% and 47% of the Plan's net assets as of December 31, 2022 and 2021, respectively, and represents an obligation from Empower to repay as amounts come due.

9. Tax Status

The Internal Revenue Service (IRS) has determined and informed the Plan in a letter dated September 27, 2013 that the Plan is qualified, and the trust established under the Plan were designed in accordance with the applicable sections of the Code. The Plan Sponsor is responsible for reviewing the annual Required Amendments List issued by the IRS for individually designed plans to retain qualified tax status. The Plan has been amended since the date of the letter; however, the Plan Sponsor believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the Code at the financial statement date.

GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (of asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan does not believe there are any material uncertain tax positions taken and, accordingly, will not recognize any liability (or asset) for unrecognized tax benefits under GAAP. The Plan has filed Form 5500, as required. For the year ended December 31, 2022, there were no interest or penalties recorded or included in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.
