INDEPENDENT AUDITOR'S REPORT

To the Participants and Trustees of
Supplemental Income 401(k) Plan:

Opinion

We have audited the financial statements of Supplemental Income 401(k) Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), which comprise the statements of net assets available for benefits - modified cash basis as of December 31, 2022 and 2021; the related statements of changes in net assets available for benefits - modified cash basis for the years then ended; and the related notes to the financial statements.

In our opinion, the accompanying financial statements present fairly, in all material respects, the net assets available for benefits - modified cash basis of Supplemental Income 401(k) Plan as of December 31, 2022 and 2021, and the changes in net assets available for benefits - modified cash basis for the years then ended, in accordance with the modified cash basis of accounting as described in Note 1.

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America ("GAAS"). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Supplemental Income 401(k) Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Basis for Accounting

We draw attention to Note 1 to the financial statements, which describes the basis of accounting. The financial statements are prepared on the modified cash basis of accounting, which is a basis of accounting other than accounting principles generally accepted in the United States of America. Our opinion is not modified with respect to this matter.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with the modified cash basis of accounting described in Note 1, and for determining that the modified cash basis of accounting is an acceptable basis for the preparation of the financial statements in the circumstances. Management is also responsible for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements, including omissions, are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Supplemental Income 401(k) Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Supplemental Income 401(k) Plan's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Income 401(k) Plan
Notes to Financial Statements – Modified Cash Basis
December 31, 2022 and 2021

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Method of Accounting

The financial statements of Supplemental Income 401(k) Plan (the “Plan”) have been prepared using the modified cash basis of accounting. This basis differs from generally accepted accounting principles primarily because the Plan has not recognized contributions receivable from employers and participants, or from accounts payable and related effects on additions and deductions to net assets.

Investment Valuation, Transactions and Income Recognition

General - Investments are carried at fair value, which is determined, presented and disclosed in accordance with Financial Accounting Standards Board Accounting Standards Codification (FASB ASC) 820, *Fair Value Measurements and Disclosures*, except for the fully benefit-responsive investment contract, which is reported at contract value. Under FASB ASC 820, fair value is defined as the price that would be received to sell an asset or paid to transfer a liability (i.e., the “exit price”) in an orderly transaction between market participants at the measurement date.

FASB ASC 820 establishes a fair value hierarchy for inputs used in measuring fair value that maximizes the use of observable inputs and minimizes the use of unobservable inputs by requiring that the most observable inputs be used when available. Observable inputs are those that market participants would use in pricing the asset or liability based on market data obtained from sources independent of the Plan. Unobservable inputs reflect the Plan’s assumptions about inputs that market participants would use in pricing the investments developed based on the best information available in the circumstances. The fair value hierarchy is categorized into three levels, based on the inputs, as follows:

Level 1 - Valuations based on quoted prices in active markets for identical assets or liabilities that the Plan has the ability to access.

Level 2 - Valuations based on quoted prices in markets that are not active, quoted prices for similar investments in active markets or model-based valuations for which all significant assumptions are observable and can be corroborated by observable market data.

Level 3 - Valuations based on unobservable inputs that are supported by little or no market activity and are significant to the overall fair value measurement. Values are determined using proprietary pricing models, discounted cash flow models that include the investment entities’ own judgments and estimations, or some other pricing method using unobservable inputs.

Inputs and Valuation Methods - In determining fair value, FASB ASC 820 allows various valuation approaches. The specific methods used for each of the Plan’s investment classes are presented below.

Mutual Funds: Values are determined using quoted prices in active markets (Level 1).

Investment Contract with Insurance Company: The Plan invests in a fully benefit-responsive investment contract. The investment contract is based on contract value calculated by the insurance company (Note 6).

Supplemental Income 401(k) Plan

Notes to Financial Statements – Modified Cash Basis

December 31, 2022 and 2021

Common Collective Trusts: The fair value of the units in the common collective trusts is estimated based on the net asset value per unit of the investments. The net asset value is being used as a practical expedient to estimate fair value. These investments are direct filing entities with the Department of Labor; therefore, information regarding the investment strategy is not disclosed. The per-unit net asset value is determined each business day. Redemptions may be made daily.

Valuation Methods, Consistency - The valuation techniques used in the accompanying financial statements have been consistently applied.

Transactions and Income Recognition - Purchases and sales of securities are recorded on a settlement-date basis rather than on a trade-date basis. Interest income and dividends are recorded when received. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants - Notes receivable from participants are measured at the unpaid principal balance plus any accrued but unpaid interest. Delinquent participant loans are reclassified as distributions based on the terms of the Plan Document.

Investment Contract Allocated to Participants - Investment contract allocated to participants represents participant accounts that have been distributed but have not been cashed by the participant.

Other income - Other income primarily includes trust fund management fees of \$4.50 per quarter for active participants and \$8.50 per quarter per participant through June 1, 2021, and loan fees, as summarized in the Summary Plan Description. Effective July 2021, the participant fee structure changed (Note 5).

Payment of Benefits

Benefits are recorded when paid.

Administrative Expenses

Administrative expenses are generally paid by the Plan.

Estimates

The preparation of financial statements requires management to make estimates and assumptions that affect the reported amounts and disclosures in the financial statements. Actual results could differ from those estimates.

Risks and Uncertainties

The Plan invests in mutual funds, a money market fund, common collective trusts and an investment contract with an insurance company. Such investments are exposed to various risks, such as interest rate, market and credit. Due to the level of risk associated with certain investments and the level of uncertainty with respect to changes in the value of investments, it is at least reasonably possible that changes in risks in the near term would materially affect the amounts reported in the statements of net assets available for benefits - modified cash basis and the statements of changes in net assets available for benefits - modified cash basis.

Supplemental Income 401(k) Plan
Notes to Financial Statements – Modified Cash Basis
December 31, 2022 and 2021

2. DESCRIPTION OF THE PLAN

On January 1, 1995, various employer associations and the Board of Trustees established a 401(k)-profit sharing plan with a salary reduction provision. The Plan was established to provide retirement benefits for eligible employees of the various employers. The Plan is financed by contributions from the participants and employers and by the net earnings of the investments of the Plan. The Plan is a defined contribution plan covering all employees of the contributing employers whose employment is subject to the terms and conditions of the collective bargaining agreements. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"), as amended.

Elective contributions shall be made in a flat monthly amount (subject to a minimum of \$20), a specified hourly contribution rate per compensable hour (subject to a minimum of fifteen cents [15¢] per hour), or as a percentage of total compensation paid to the participant during a reporting period (subject to a minimum of one percent of total compensation). Contributions are subject to the salary reduction agreement and maximum contribution limits established by the Internal Revenue Code.

Employers may make a contribution on behalf of the participants; the rates are set forth in the collective bargaining agreements and participation agreements.

Vesting

Each participant's account will be fully vested at all times.

Participant Accounts

Each participant's account is credited with the participant's contribution and employer contributions received on behalf of the participant, if applicable, and earnings on the investments in the participant's account. The benefit to which a participant is entitled is the benefit that can be provided from the participant's account. Certain participant accounts may be subject to assessment of administrative costs.

Notes Receivable from Participants

The Plan provides for loans to participants. Participants may borrow a minimum of \$1,000 up to a maximum loan amount of the lower of \$50,000 or 50% of the account balance. Five years is the maximum length of the loan, unless it qualifies as a home loan for which the maximum length is 30 years. Loans must be adequately secured and bear a reasonable rate of interest, as determined by the Board of Trustees. Such rate of interest must provide the Plan with a return commensurate with the prevailing interest rate charged by those in the business of making loans under similar circumstances. As of December 31, 2022, the rates of interest on outstanding loans ranged from 3.25% to 10.20%. Delinquent notes receivable are reclassified as distributions based upon the terms of the Plan.

Coronavirus Aid, Relief, and Economic Security Act

During the year ended December 31, 2020, in response to the COVID-19 pandemic, the Plan's Board of Trustees, pursuant to the Coronavirus Aid, Relief, and Economic Security (CARES) Act, adopted temporary emergency loan provisions to allow Plan participants access to their individual accounts.

Plan participants who met the CARES Act qualifications could take a loan of their account of up to \$100,000 or, if the balance of the participant's account was less than \$100,000, up to 100% of the account balance provided the loan was taken between March 27 and September 21, 2020. In addition, for participants who already had a Plan loan, there is a one-year extension on repayment for any repayment due between March 27, 2020, and December 31, 2020.

Supplemental Income 401(k) Plan

Notes to Financial Statements – Modified Cash Basis

December 31, 2022 and 2021

Payment of Benefits - A participant may receive the total value of their account only upon attainment of age 59½, retirement, death, disability, termination of employment or as otherwise described in the Plan. During the year ended December 31, 2020, in response to the COVID-19 pandemic, the Plan's Board of Trustees, pursuant to the Coronavirus Aid, Relief, and Economic Security (CARES) Act, approved temporary emergency distribution provisions to allow Plan participants to access their individual accounts.

Investment Options - Contributions to the Plan are invested, as directed by the participant, in various investment options, including mutual funds, common collective trusts, and investment contracts. Participants must evaluate their own investment goals and objectives and choose the investment options best suited to achieve those goals and objectives. Poor investment performance by the investment options selected by the participants may cause their vested balances to be lower than the amounts contributed to the Plan on their behalf.

Participants should refer to the Summary Plan Description for more information.

3. PRIORITIES UPON TERMINATION

Although it has not expressed any intent to do so, the Board of Trustees has the right to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participant account balances would be distributed to the participants and their beneficiaries (adjusted if necessary), as provided for in the Plan, for Plan expenses in excess of unallocated assets available to pay such expenses.

4. TAX STATUS

The Plan obtained its latest determination letter, dated September 11, 2015, in which the Internal Revenue Service stated that the Plan, as then designed, was in compliance with the applicable requirements of Internal Revenue Code Sections 410(b) and 401(a)(4). The Plan's administrator has analyzed the tax positions taken by the Plan and has concluded that, as of December 31, 2022 and 2021, there are no uncertain positions taken, or expected to be taken, that would require recognition of a liability or disclosure in the financial statements. The Plan is subject to routine audits by the taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

5. PLAN ADMINISTRATION AND RECORDKEEPING

The Plan's contract with John Hancock is to: (1) provide day-to-day administrative services, including recordkeeping, enrollment and related participant services, and (2) maintain a platform of mutual funds and other participant-directed investment vehicles. Prior to April 2020, the contract allowed John Hancock to receive fees from non-proprietary mutual funds selected by the Board of Trustees and provided that these fees were intended to defray the costs of administering the Plan. The Plan's investment income, as reported on the statements of changes in net assets available for benefits - modified cash basis, is shown net of these fees. Effective April 2020, the Plan administration and recordkeeping fee structure was changed to a quarterly fee and asset-based fee primarily funded by the non-proprietary mutual funds.

Effective July 2021, a quarterly recordkeeping fee of \$13.75 was deducted from each participant's account and participants were charged 0.26% asset-based fee, which was deducted from their accounts to defray the costs of administering the Plan. In addition, several of the investment offerings were changed to a lower expense ratio share class.

6. INVESTMENT CONTRACT WITH INSURANCE COMPANY

The Plan invests in a fully benefit-responsive investment contract with New York Life Insurance Company (New York Life). New York Life maintains the contributions in a guaranteed interest account. The account is credited with the earnings and is charged for participant withdrawals and administrative expenses.

The issuer of the investment contracts is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan.

Because the investment contract is fully benefit responsive, contract value is the relevant measurement attribute for that portion of the net assets available for benefits - modified cash basis attributable to the guaranteed investment contract. Contract value, as reported to the Plan by New York Life, represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

There are no reserves against contract value for credit risk of the contract issuer or otherwise. The crediting interest rate is based on a formula agreed upon with the issuer but may not be less than one percent (1%). The interest rate is reviewed periodically for resetting.

Certain events limit the ability of the Plan to transact at contract value with the issuer. Such events include the following: (1) amendments to the Plan documents (including complete or partial Plan termination or merger with another plan); (2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions; (3) bankruptcy of the Plan's sponsor or other Plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause significant withdrawal from the Plan; or (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under the Employee Retirement Income Security Act of 1974. If the Plan terminates the contract and provides proper notice to New York Life in accordance with the investment contract, the Plan will continue to transact at contract value with the issuer. The Plan's administrator does not believe that an occurrence of any such value event, which would limit the Plan's ability to transact at contract value with participants, is probable.

The guaranteed investment contract does not permit the insurance company to terminate the agreement prior to the scheduled maturity date.

7. NON-PARTICIPANT DIRECTED INVESTMENTS

Information about the net assets and the significant components of the changes in net assets relating to the nonparticipant-directed investments is as follows:

	<u>2022</u>	<u>2021</u>

Net change	<u>\$ 810,587</u>	<u>\$ (1,352,409)</u>

8. PLAN MERGER AND OTHER TRANSFERS

Trustee-to-Trustee transfers in represents transfers of participant account balances of new and existing employers into the Plan. Trustee-to-trustee transfers out represents transfers out of the Plan for participant account balances for all or a specific group of participants of the employer.

During the years ended December 31, 2022 and 2021, trustee-to-trustee transfers in totaled \$449,682 and \$91,852,733, respectively. Trustee-to-Trustee transfers out totaled \$866,665 and \$1,966,643 during the years ended December 31, 2022 and 2021, respectively.

9. EMPLOYER REMITTANCE OF SALARY DEFERRALS

During 2022 and 2021, the administrator identified certain employers who did not appear to have transmitted participant salary deferrals within the timeframe provided under the regulations established by the Department of Labor totaling \$1,850,694 and \$550,422, respectively. Although management of the Plan is unable to determine with certainty that these transactions are non-exempt transactions with parties-in-interest under ERISA, these transactions have been reported as such on the 2022 and 2021 Form 5500 Schedule H, Line 4a as required by ERISA. In addition, lost earnings were applied to the affected participants' accounts totaling \$65,922 and \$149,596 for the years 2022 and 2021, respectively.

In addition, in December of 2021 the Plan filed an application under the Department of Labor's Voluntary Fiduciary Correction Program to address crediting of interest on employer transmittals not timely paid due after the transition of the Plan's recordkeeping platform.

The application covered employer and participant contributions and participant loan repayments to the Plan during the period of July 17, 2021 through November 30, 2021. In the application the Plan reported that contributions in the amount of \$16,204,719 and lost earnings and excise tax in the amount of \$25,924 were paid into the Plan and allocated to the affected Plan participant accounts as of December 23, 2021. On September 15, 2022, the Department of Labor acknowledged the application and the corrective action taken by the Plan.

11. SUBSEQUENT EVENTS

In preparing these financial statements, management of the Plan has evaluated events and transactions that occurred after December 31, 2022, for potential recognition or disclosure in the financial statements. These events and transactions were evaluated through October 13, 2023, the date that the financial statements were available to be issued, and no items have come to the attention of management that require recognition or disclosure.

REPORT ON SUPPLEMENTRY INFORMATION

INDEPENDENT AUDITOR'S REPORT

To the Participants and Trustees of
Supplemental Income 401(k) Plan:

We have audited the financial statements of Supplemental Income 401(k) Plan as of and for the years ended December 31, 2022 and 2021, and have issued our report thereon dated October 13, 2023, which contained an unmodified opinion on those basic financial statements. Our audits were performed for the purpose of forming an opinion on the basic financial statements taken as a whole. The accompanying supplementary information of schedule H, line 4a - schedule of delinquent participant contributions for the year ended December 31, 2022 and schedule H, line 4i - schedule of assets (held at end of year) as of December 31, 2022 are presented for the purpose of additional analysis and is not a required part of the basic financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 ("ERISA"). Such information is the responsibility of management and was derived from, and relates directly to, the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, including their form and content, are presented in conformity with the Department of Labor's Rules Regulations for Reporting and Disclosure under ERISA.

In our opinion, the information in the accompanying schedules is fairly stated in all material respects in relation to the financial statements as a whole, and the form and content are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosures under ERISA.
