INDEPENDENT AUDITOR'S REPORT

To the Plan Administrator and Trustee
Hill & Markes, LLC 401(k) Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed an audit of the accompanying financial statements of Hill & Markes, LLC 401(k) Plan (formerly known as the Hill & Markes, Inc. 401(k) Plan) (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) [ERISA Section 103(a)(3)(C) audit]. The financial statements comprise the statement of net assets available for benefits as of December 31, 2022, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of Hill & Markes, LLC 401(k) Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from qualified institutions as of and for the year ended December 31, 2022, stating that the certified investment information, as described in Note 5 to the financial statements, is complete and accurate.

Opinion on the 2022 Financial Statements

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the 2022 Financial Statements section --

- the amounts and disclosures in the accompanying 2022 financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the accompanying 2022 financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the 2022 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the 2022 Financial Statements section of our report. We are required to be independent of Hill & Markes, LLC 401(k) and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Prior Period Financial Statements

The financial statements of the Hill & Markes, Inc. 401(k) Plan, as of and for the year ended December 31, 2021, were audited by Marvin & Company, P.C., who merged with Mengel, Metzger, Barr & Co. LLP, as of January 1, 2023, and whose report dated October 12, 2022, stated that:

- the amounts and disclosures in the accompanying 2021 financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the accompanying 2021 financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Hill & Markes, LLC 401(k) Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the 2022 Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a

material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Hill & Markes, LLC 401(k) Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Hill & Markes, LLC 401(k) Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter - Supplemental Schedule Required by ERISA

The supplemental schedule of assets (held at end of year) as of December 31, 2022, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For

information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion --

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

**HILL & MARKES, LLC 401(k) PLAN
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2022 AND 2021**

1. DESCRIPTION OF PLAN

General

On June 30, 2022, Hill & Markes, Inc., the plan sponsor, was sold to an unrelated company. Effective July 1, 2022, Hill & Markes, Inc. became Hill & Markes, LLC and the name of the Hill & Markes, Inc., 401(k) Plan changed to Hill & Markes, LLC 401(k) Plan. As of the date of this report, there is no other impact to the Plan as the result of the sale of the plan sponsor

The Hill & Markes, LLC 401(k) Plan (the Plan) was established on January 1, 1996. The Plan is sponsored by Hill & Markes, LLC (the Company). The following brief description of the Plan is provided for general informational purposes only. Participants should refer to the plan document for a more complete description of the Plan's provisions.

The Plan is a defined contribution plan covering substantially all of the employees of the Company, who are age 21 or older and who have attained six months of credit service, except those subject to collective bargaining agreements and certain nonresidential aliens. The Plan is subject to the requirements of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions

Each year, participants may contribute pretax annual compensation as defined in the plan document, subject to certain limitations. The maximum participant deferral for each of the years ended December 31, 2022 and 2021, was \$20,500 and \$19,500, respectively. Participants age 50 and over are also permitted to make additional "catch-up" contributions with a total maximum contribution in 2022 and 2021 of \$27,000 and \$26,000, per year respectively. Participants may also contribute amounts representing distributions from other qualified plans. Participants direct the investment of their contributions, and the Company's matching contributions, if any, into various investment options offered by the Plan.

The Company may, at its discretion, make matching contributions once a participant meets the eligibility requirements as defined in the plan document. During the years ended December 31, 2022 and 2021, the Company made matching contributions equal to 25% of the actual deferrals of the first 6% of eligible employees' salaries. Additionally, the Company has the option of making additional discretionary contributions. There were no additional discretionary contributions made for the years ended December 31, 2022 and 2021.

During the year ended December 31, 2022, the Plan was amended to include an automatic enrollment feature. Participants entering the Plan will automatically be enrolled at 3% unless they choose to opt out of the Plan or elect to defer a different amount. There is no auto-escalation provision related to the automatic enrollment.

Participant Accounts

The Plan allows each participant to select the investments in their individual account. Each participant's account is credited with the participant's contribution, the Company's matching contribution, if any, and allocations of (a) investment earnings and losses, and (b) administrative expenses. Allocations are based on participant earnings or account balances, as defined in the plan document. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

**HILL & MARKES, LLC 401(k) PLAN
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2022 AND 2021**

1. DESCRIPTION OF PLAN

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. The loans must be adequately secured and made in accordance with the terms of the Plan. Principal and interest is paid ratably through payroll deductions.

Vesting

Participants are vested immediately in their contributions plus actual earnings or losses thereon. Vesting in the Company's matching contribution portion of their accounts is based on years of continuous service and is the earlier of the vesting schedule below or plan termination, the occurrence of normal retirement age (65), or death or disability.

<u>Years of Service</u>	<u>Percent Vested</u>
Less than 2	0%
2 but less than 3	20%
3 but less than 4	40%
4 but less than 5	60%
5 but less than 6	80%
6 or more	100%

Forfeited Accounts

At December 31, 2022 and 2021, forfeited non-vested accounts totaled \$9,596 and \$5,245, respectively. These accounts may be used to pay for plan expenses or reduce future employer contributions. For the years ended December 31, 2022 and 2021, \$13 and \$1,415, respectively, was used to pay plan expenses and \$0 and \$569, respectively were used to reduce employer contributions made to the Plan.

Payment of Benefits

On termination of service due to death, disability, or retirement, a participant may elect to receive an amount equal to the value of the participant's vested interest in their account, either in a lump sum amount or a series of payments, subject to limitations. Normal retirement under the Plan is 65 years of age. There are no provisions for early retirement. Hardship withdrawals of elective deferrals and the participant's vested portion of the Company's matching contributions are allowed as defined by the Plan. The Plan also permits in-service distributions after attaining age 59 ½.

Administrative Expenses

Certain administrative expenses of the Plan are paid for by the Company, while participant transaction fees are charged directly to participant accounts as incurred.

**HILL & MARKES, LLC 401(k) PLAN
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2022 AND 2021**

1. DESCRIPTION OF PLAN

Investment Options

The Plan's provisions allow participants to make their own investment elections with the Plan's recordkeepers, Transamerica, prior to March 14, 2022 and Principal as of March 14, 2022. Participants may direct their contributions into one or more registered investment companies (mutual funds), a stable value fund, posted separate accounts, or a guaranteed income account.

Participants may change their investment options at any time by contacting the investment manager or via their online account.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan have been prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires plan management to make estimates and assumptions that affect the reported amounts of net assets and disclosure of contingent assets and liabilities at the date of the financial statements and reported amounts of changes in net assets during the reporting period. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

The Plan's investments are reported at fair value, except for the fully benefit-responsive investment contract, which is reported at contract value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Company determines the Plan's valuation policies utilizing information provided by the investment adviser and custodian. See Note 6 for discussion of fair value measurements and Note 11 for contract value.

Investment income recognized by the Plan includes earnings from investments, net gains (losses) realized from sale of investments, and the net change in the unrealized appreciation (depreciation) of investments. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date.

Corrective Distributions Payable

Amounts payable to certain participants in order for the Plan to pass its required annual compliance testing. The Plan distributed the 2022 corrective distributions to the applicable participants in March 2023 and the 2021 corrective distributions in February 2022.

Benefits

Payments of benefits are recorded when paid.

**HILL & MARKES, LLC 401(k) PLAN
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2022 AND 2021**

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Other Distributions

Other distributions represent the amount that was returned during 2022 to the Plan's prior recordkeeper (Transamerica Financial Life Insurance Company (TFLIC)) as the result of TFLIC transferring an amount in excess of the Plan's assets on March 13, 2022 to Principal Life Insurance Company.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income on notes receivable from participants is recognized by the Plan in the period in which it is earned based on the outstanding principal balance times the stated interest rate at the date the note receivable originated. Delinquent participant notes are reclassified as deemed distributions based upon the terms of the plan document.

3. RISKS AND UNCERTAINTIES

The Plan invests in investment securities. Investment securities are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such change could materially affect participant account balances and amounts reported in the statements of net assets available for benefits.

4. INCOME TAX STATUS

The underlying non-standardized prototype has received an opinion from the Internal Revenue Service (IRS) dated June 30, 2020, stating that the form of the Plan is qualified under Section 401(a) of the Internal Revenue Code (the Code) and, therefore, the related trust is tax exempt. In accordance with Revenue Procedures 2005-6 and Announcement 2001-77, the plan administrator has determined that it is eligible to, and has chosen to, rely on the current IRS prototype plan opinion letter. Once qualified, the Plan is required to operate in conformity with the Code to maintain its qualification.

The prototype plan has been amended to comply with recent legislation. However, the plan administrator believes the Plan is being operated in compliance with the applicable requirements of the Code and, therefore, believes that the Plan is qualified, and the related trust is tax exempt.

Generally accepted accounting principles in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2022 and 2021, there are no uncertain positions taken or expected to be taken that would require the recording of a liability or disclosure in the financial statements.

5. INFORMATION CERTIFIED BY THE CUSTODIANS

The Plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Delaware Charter Guarantee & Trust Company d/b/a Principal Trust Company, the Plan's custodian has certified to the completeness and accuracy of the investments and notes receivable from participants reflected in the accompanying 2022 statement of net assets available for benefits and in the accompanying schedule of assets (held at end of year) as of December 31, 2022, and the related investment activity and interest income from notes receivable from participants reflected in the 2022 statement of changes in net assets available for benefits for the period March 14, 2022 through December 31, 2022.

Reliance Trust Company, the Plan's custodian, has certified to the completeness and accuracy of the investments and notes receivable from participants reflected in the accompanying 2021 statements of net assets available for benefits and the related investment activity and interest income from notes receivable from participants reflected in the statements of changes in net assets available for benefits for the period January 1, 2022 through March 13, 2022 and for the year ended December 31, 2021.

6. FAIR VALUE MEASUREMENTS

Financial Accounting Standards Board Accounting Standards Codification 820, *Fair Value Measurements*, establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are described as follows:

- Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.
- Level 2 - Inputs to the valuation methodology include:
 - Quoted prices for similar assets or liabilities in active markets.
 - Quoted prices for identical or similar assets and liabilities in inactive markets.
 - Inputs other than quoted prices that are observable for the asset or liability.
 - Inputs that are derived principally from or corroborated by observable market data by correlation or other means.
 - If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.
- Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2022 and 2021.

6. FAIR VALUE MEASUREMENTS

Registered Investment Companies (mutual funds): Fair value based on quoted prices in active markets at year end.

Common Collective Trust - Stable Value Trust Fund: Prior to March 14, 2022, the Plan held investments in the Reliance/MetLife Stable Value 25053 Trust Fund (SVTF), which is classified as a common collective trust. The SVTF invests in guaranteed investment contracts, investment contracts, structured or synthetic investment contracts, separate account contracts, and other similar instruments that are intended to maintain a constant net asset value while permitting participant-initiated transactions. Units in common collective trust funds are not publicly traded, but rather, are redeemable only by the issuer. The value of the Plan's investments in common trust funds represents the value of the Plan's interest in the overall value of the common trust funds. The SVTF is valued at fair value using the net asset value ("NAV"). The NAV, as provided by Transamerica, of each common collective trust fund is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by each fund less its liabilities. This practical expedient would not be used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV. Participant transactions (purchases and sales) may occur daily. Were the Plan to initiate a full redemption of any common collective trust, each investment advisor reserves the right to temporarily delay withdrawal to ensure that securities liquidation will be carried out in an orderly business manner.

Pooled Separate Accounts: The Plan has adopted the provisions of Accounting Standards Update (ASU) 2009 -12, Investments in Certain Entities that Calculate Net Asset Value per Share (or its Equivalent). ASU 2009 -12 allows for the estimation of fair value of investments in certain investment companies for which the investment does not have a readily determinable value by using net asset value (NAV) per share or its equivalent as a practical expedient. The pooled separate accounts are primarily valued at the closing NAV of the units held by the Plan at year-end based on information provided and certified by Principal Trust Company.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

8. PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of the plan document and ERISA. In the event that the Plan terminates, participants will become 100% vested in the Company's matching contributions portion of their accounts, and the net assets of the Plan will be allocated as prescribed by the plan document and ERISA. Upon termination of the Plan, the Custodian will continue to hold the plan assets and will make distributions of the Plan benefits in accordance with the instructions of the plan administrator and the Plan's provisions.

9. COVID-19

The Coronavirus Aid, Relief, and Economic Security Act (the CARES Act) signed into law on March 27, 2020, contains a number of provisions that impact defined contribution plans including, but not limited to, allowing qualified participants to receive COVID-19 related distributions, increased loan amounts for qualified participants, suspension of loan repayments for qualified participants, and the suspension of required minimum distributions for 2020. The underlying investments of the contract are individual pooled separate accounts that invest in a single mutual fund. The contract does not require a guaranteed rate of return, instead each separate account's return is based on the change in value of the underlying mutual fund adjusted for any management fee and fee credit, as applicable. The unit value of each separate account is calculated by multiplying the number of units held in the separate account by the applicable unit value. Each separate account has a base \$10 unit value when the account is established.

The investments are credited with interest on a net daily basis at annual effective rate. The guaranteed net interest rate at December 31, 2022 was 1.10%. This investment is recorded in the 2022 statement of net assets available for benefits at contract value as determined by PLIC.
