INDEPENDENT AUDITOR'S REPORT

To the Plan Administrator
403(b) Thrift Plan of Challenge Industries, Inc.
Ithaca, New York

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of the 403(b) Thrift Plan of Challenge Industries, Inc., an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2022 and 2021, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the 403(b) Thrift Plan of Challenge Industries, Inc.'s financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of and for the years ended December 31, 2022 and 2021, stating that the certified investment information, as described in Note C to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section—

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

- the information in the financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the 403(b) Thrift Plan of Challenge Industries, Inc. and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the 403(b) Thrift Plan of Challenge Industries, Inc.'s ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the 403(b) Thrift Plan of Challenge Industries, Inc.'s internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the 403(b) Thrift Plan of Challenge Industries, Inc.'s ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedule Required by ERISA

The supplemental schedule of Form 5500 Schedule H, Line 4(i) – Schedule of Assets (Held at Year-End) is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such

information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

403(B) THRIFT PLAN OF CHALLENGE INDUSTRIES, INC.

NOTES TO FINANCIAL STATEMENTS

YEARS ENDED DECEMBER 31, 2022 AND 2021

A. DESCRIPTION OF PLAN

The following description of the 403(b) Thrift Plan of Challenge Industries, Inc. (the Plan) provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General: The Plan is a 403(b) defined contribution plan covering substantially all employees of Challenge Industries, Inc. (the Organization). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Organization's Board of Directors oversees governance of the Plan.

Contributions: An employee is eligible to participate in the elective deferral feature of the Plan immediately upon employment. Participants are allowed to contribute between 0% and 100% of their pretax annual compensation as defined in the Plan and subject to limits determined by the Internal Revenue Service. Catch-up contributions are allowed for participants age 50 and above. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans. Participants may direct the investment of their contributions into various investment options offered by the Plan.

The Organization has the option to make employer discretionary matching contributions, which participants are eligible for after one year of 1,000 hours of service. For 2022 and 2021, the Organization elected to match 100% of employee elective deferrals, up to 5% of eligible compensation.

Participant Accounts: All funds held on behalf of a participant under the Plan are invested in one or more investment options in accordance with the terms of those investment options and the participant's directions. Each participant's account is credited with the participant's elective deferral contributions and allocations of (a) the employer matching contributions, (b) Plan earnings (losses), and (c) administrative expenses and loan activity. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting: Participants are immediately vested in all contributions plus actual earnings thereon.

Forfeited Accounts: Participants are 100% vested in their accounts, there are no forfeited accounts.

Plan Loans: Participants may borrow a minimum of \$1,000 and up to a maximum equal to the lesser of \$50,000 or 50% of the borrower's combined vested account. Loan terms range from one (1) to five (5) years in one-year increments (up to 10 years for the purchase of the participant's primary residence). The loan interest rate for these Plans is

variable and may be increased or decreased as of each quarter, if the current loan interest rate differs from the applicable rate by 0.5% or more.

Payment of Benefits: On termination of service, disability, or attainment of age 59^{1/2} a participant with an account balance may request that their account be paid to them in one or more of the following forms of payment, as specified in the adoption agreement and to the extent permitted by the participant's individual agreements: (1) lump-sum, (2) partial payments, (3) installment payments over a period not to exceed the life expectancy of the participant or the joint and last survivor life expectancy for the participant and their designated beneficiary, or (4) converted to an income option. Participants who experience a distribution event with account balances under \$1,000 will be paid a lump sum distribution. Hardship withdrawals are also permitted under the Plan.

B. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting: The financial statements of the Plan are prepared using the accrual method of accounting.

Investment contracts held by a defined contribution plan are required to be reported at fair value. However, contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. The Plan administrator, based on assumptions and analysis, has concluded that the contract value approximates fair value.

Use of Estimates: The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Plan Loans: Plan loans are issued as separate contracts by Mutual of America Life Insurance Company and do not represent Plan assets. Loans are collateralized using a participant's Mutual of America Interest Accumulation account balance in an amount equal to the amount borrowed plus a loan reserve of 20% of the loan amount. The funds are not deducted from the participant's account balance; the funds come from Mutual of America's general assets. Principal repayments are applied to reduce the amount secured by assets held in the Interest Accumulation account, and a portion of the interest paid by the participant is retained by Mutual of America as compensation. The interest rate is variable and subject to change at the beginning of each quarter. Plan loan balances outstanding from participants including defaulted Plan loans to Mutual of America Life Insurance Company were \$10,983 and \$18,835 as of December 31, 2022 and 2021, respectively.

Defaulted Plan Loans: If an employee stops making payments as required under the terms of the Plan loan agreement, the loan will go into default. If a loan is uncollectible, a deemed distribution will occur generating a Form 1099-R. The loan will continue to be billed, and additional interest and late fees are assessed. The participant is responsible for paying the additional interest and late fees. A participant who does not pay these

additional charges will be responsible for paying taxes on this amount upon foreclosure. While the loan itself is not considered a Plan asset and is reportable only as a disclosure to the Plan's financial statements, the collateral related to the taxable distribution associated with the loan is reportable as a Plan asset. The collateral associated with Plan loan defaults is reported in the balance of the Mutual of America Interest Accumulation account, which was valued at \$1,005,793 and \$1,022,424 as of December 31, 2022 and 2021, respectively.

Investment Valuation and Income Recognition: Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note D for discussion of fair value measurements.

Plan records, including purchases and sales of securities are recorded on a trade-date basis. Investment earnings include the Plan's gains and losses on investments bought and sold as well as held during the year. Interest income is recorded on the accrual basis.

Payment of Benefits: Benefits are recorded when paid.

Administrative Expenses: Certain administrative expenses, including annual Plan audit fees, are paid directly by the Organization and excluded from these financial statements. Monthly participant charges, loans fees and other transaction fees are charged directly to participant accounts and are included in the financial statements. Investment-related fees and expenses are included in the net appreciation of the fair value of investments.

Pre-2009 Mutual of America Accounts: The Plan's financial statements include accounts issued to current and former employees of the Organization before January 1, 2009 that no longer receive contributions due to the Organization changing plans. These accounts total \$46,624 and \$47,050 as of December 31, 2022 and 2021, respectively.

C. INVESTMENTS (UNAUDITED)

Unaudited Information Certified by the Plan Recordkeeper

The December 31, 2022 and 2021 Statements of Net Assets Available for Benefits, the investment activities included on the Statements of Changes in Net Assets Available for Benefits for the years ended December 31, 2022 and 2021, and the accompanying notes to the financial statements were prepared in part or entirely from information certified by the recordkeeper, Mutual of America Life Insurance Company in accordance with 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. The information certified includes total investments of \$2,420,501 and \$2,841,909 at December 31, 2022 and 2021, respectively, and related investment income (loss) of \$(350,510) and \$245,884 for the years ended December 31, 2022 and 2021, respectively.

D. FAIR VALUE MEASUREMENTS

The Plan's investments are reported at fair value in the accompanying statement of net assets available for benefits. The methods used to measure fair values may produce an amount that may not be indicative of net realizable value or reflective of future fair values.

Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to measure the fair value of certain financial instruments could result in a different fair value at the reporting date.

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1

Inputs to the valuation methodologies are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2

Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3

Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value:

Insurance Company General Account:

The general account investment consists of the Mutual of America Interest Accumulation fund which is carried at amortized cost, or contract value, which is deemed to be fair value. The interest is compounded daily based on the stated interest rate, and the investment is valued daily.

Pooled Separate Accounts:

The separate accounts investments consist solely of investment in mutual funds registered with the Securities and Exchange Commission and are carried at the net asset value at which the mutual fund shares are actively traded.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2022 and 2021:

<i>Assets at Fair Value as of December 31, 2022</i>				
	<i>Level 1</i>	<i>Level 2</i>	<i>Level 3</i>	<i>Total</i>
Insurance Company General Account	\$ 849,143	\$ -	\$ -	\$ 849,143
Pooled Separate Accounts	1,571,358	-	-	1,571,358
Total Investments at Fair Value	\$2,420,501	\$ -	\$ -	\$2,420,501

<i>Assets at Fair Value as of December 31, 2021</i>				
	<i>Level 1</i>	<i>Level 2</i>	<i>Level 3</i>	<i>Total</i>
Insurance Company General Account	\$ 852,020	\$ -	\$ -	\$ 852,020
Pooled Separate Accounts	1,989,889	-	-	1,989,889
Total Investments at Fair Value	\$2,841,909	\$ -	\$ -	\$2,841,909

E. PARTY-IN-INTEREST TRANSACTIONS

Plan investments include annuity contracts managed by Mutual of America Life Insurance Company. Mutual of America Life Insurance Company is the recordkeeper as defined by the Plan. These transactions qualify as exempt party-in-interest transactions. Total administrative fees and compensation (direct and indirect) paid by the Plan to Mutual of America Life Insurance Company and bundled service providers amounted to \$970 and \$1,487 for the Plan years ended December 31, 2022 and 2021, respectively.

F. PLAN TERMINATION

Although it has not expressed any intent to do so, the Organization has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would be 100% vested in their accounts.

G. TAX STATUS

The Plan obtained its latest opinion letter on March 31, 2017, in which the Internal Revenue Service stated that the Plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code. The Plan has been amended since receiving the opinion letter. However, the Plan administrator and the Plan's tax counsel believe that the Plan is designed and currently being operated in compliance with the applicable requirements of the Internal Revenue Code and, therefore, believe that the Plan is qualified.

Accounting principles generally accepted in the United States of America require the Plan administrator to evaluate tax positions taken by the Plan and recognize a liability for any uncertain position that more likely than not would not be sustained upon examination

by the IRS. The Plan has annual regulatory filing requirements to the Department of Labor (“DOL”) of the Form 5500.

H. RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investments, it is at least reasonably possible that changes in the values of the investments will occur in the near term and that such changes could materially affect participants’ account balances and the amounts reported in the statements of the net assets available for benefits.

I. SUBSEQUENT EVENTS

The Plan administrator has evaluated subsequent events through October 12, 2023, the date when the financial statements were available to be issued, and no events required disclosure.
