Independent Auditor's Report

To the Board of Trustees
Zingerman's Community of Businesses Employee's 401(k) Plan
Ann Arbor, Michigan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Zingerman's Community of Businesses Employee's 401(k) Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C). The financial statements comprise the statements of net assets available for benefits as of December 31, 2022 and 2021, and the related statements of changes in net assets available for benefits for the years then ended and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA (ERISA Section 103(a)(3)(C) audit). As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency (qualified institution), provided that the investment information is prepared and certified to by the qualified institution in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Management has obtained certifications from a qualified institution as of December 31, 2022 and 2021, and for the years ended, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and the procedures performed as described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America ("GAAP"); and
- the certified investment information in the accompanying financial statements agrees to, or is derived from, in all material respects, the information prepared and certified by a qualified institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is responsible for maintaining a current plan instrument, including all plan amendments. Management is also responsible for administering the Plan and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the *Scope and Nature of the ERISA Section 103(a)(3)(C) Audit* section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certifications, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter – Supplemental Schedule Required by ERISA

The supplemental schedule of Schedule H, Line 4i - Schedule of Assets (Held at End of Year) as of December 31, 2022 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, have been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to

the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or are derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or are derived from the certified investment information, are presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- the certified investment information in the supplemental schedule agrees to, or are derived from, in all material respects, the information prepared and certified by a qualified institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Zingerman's Community of Businesses Employee's 401(k) Plan

Notes to Financial Statements

1. Description of the Plan

The following description of the Zingerman's Community of Businesses Employee's 401(k) Plan (the "Plan") provides only general information. Participants should refer to the Summary Plan Description for a more complete description of the Plan's provisions.

General

The Plan is a multiple employer defined contribution plan covering substantially all employees of the Zingerman's Community of Businesses (collectively, the Company), who have attained the age of 18 and have completed one year of service (during this service period have been credited with at least 1,000 hours of service). Employees may voluntarily enter the Plan on January 1st, April 1st, July 1st, or October 1st. Absent a voluntary election to enter the Plan, the participant is automatically enrolled into the Plan after eligibility requirements have been met. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

The Benefit Advantage, Inc. serves as the Plan recordkeeper and Empower Retirement ("Empower") serves as the custodian of the Plan.

Contributions

The Plan is primarily funded through employee elective wage deferrals under the deferred compensation provisions of the Internal Revenue Code Section (IRC) 401(k). Each year, participants may elect to defer any percentage of their pretax annual compensation, as defined by the Plan, not to exceed the annual limitation as defined by the IRC. In addition, the Plan allows Plan participants to make after-tax Roth contributions to the Plan. A participant who has attained age fifty before the end of the Plan year is eligible to defer additional amounts to make catch-up contributions.

The Plan includes an automatic salary deferral feature. Unless a participant makes an alternative salary deferral election, the Company will automatically withhold 2% of a participant's compensation from their pay each payroll period and contribute this amount to the Plan as a pre-tax deferral.

The Company may make annual discretionary matching contributions to the Plan. During 2022 and 2021, the Company's contribution was up to 25% of the first two percent of eligible compensation that a participant contributed to the Plan.

The Plan also allows for safe harbor basic matching, which can be elected individually by certain adopting employers. Under this arrangement, during 2022 and 2021, the Company matched 100% of the first three percent of all employee deferrals and 50% of the next two percent of all employee deferrals for the employees of certain divisions, as defined.

The Company may make an additional discretionary profit-sharing contribution to the Plan. Discretionary profit-sharing contributions made to the Plan are generally allocated among the participants in the Plan in proportion to their individual Plan year compensation to the total eligible Plan year compensation of all participants. The discretionary profit-sharing contributions are allocated to the investment options selected by the individual participants. During 2022 and 2021, no such contributions were made.

Zingerman's Community of Businesses Employee's 401(k) Plan

Notes to Financial Statements

Participants direct the investment of their contributions as well as the Company's contributions into various investment options offered by the Plan. Participants may also rollover amounts representing distributions from other qualified defined benefit or contribution plans.

Participant Accounts

Each participant's account is credited with the participant's contributions and allocations of the Company's discretionary matching contributions, safe harbor basic matching contributions, discretionary profit sharing contributions, if any, and Plan earnings. Allocations are based on participant account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their contributions and the safe harbor basic matching contributions, if any, plus any actual earnings thereon. The portion of the participants' account attributable to the Company's matching and discretionary contributions becomes 50% vested after two years of credited service and becomes 100% vested after the third year of credited service.

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum of \$50,000 or 50% of their vested account balance, whichever is less, upon approval from Empower. Loan terms range from one to five years, or a longer repayment term may be permitted if the loan is for the purchase of a primary residence. A maximum of one outstanding loan is allowed per participant at any time. The loans are secured by the vested balance in the participant's account and bear interest at rates that range from 4.25% to 7.25% at December 31, 2022 and 2021, which are commensurate with local prevailing rates as determined by the plan administrator. Principal and interest is paid ratably through bi-weekly payroll deductions.

Excess Contributions Payable

The Company performs certain participant discrimination testing annually in accordance with ERISA. The Plan failed to pass the Actual Deferral Percentage test for the 2022 and 2021 Plan years. As such, the Plan refunded to certain highly compensated employees ("HCEs") their excess 2022 and 2021 contributions. The HCEs have been refunded \$1,530 and \$29,770 subsequent to each respective year-end, which was recorded as a liability on the Statements of Net Assets Available for Benefits at December 31, 2022 and 2021, respectively.

Payment of Benefits

Upon termination of service due to death or disability, a participant, or his or her beneficiary upon death, may receive benefits in a single lump-sum amount equal to 100% of the participant's vested account balance. Normal retirement age is 65; early retirement is not permitted. For termination of service due to normal retirement or termination of employment, a participant may elect whether to receive the value of the vested interest as a single lump-sum distribution or to roll over the distribution to another retirement plan such as an individual retirement account. Hardship withdrawals are permitted by the Plan if the participant has an immediate and heavy financial need as defined by the Plan.

Zingerman's Community of Businesses Employee's 401(k) Plan

Notes to Financial Statements

Automatic Rollover Provisions

The Plan includes automatic rollover provisions. These provisions provide for terminated participants with vested balances of less than \$5,000 to take a distribution as soon as practicable following their termination of employment. The participant may elect to receive the distribution in a lump-sum or the Plan sponsor will automatically roll over the distribution to an individual retirement account on the participant's behalf. The Plan allows for involuntary cash-outs for terminated participants with vested balances of \$1,000 or less without consent.

Forfeited Accounts

At December 31, 2022 and 2021, forfeited non-vested accounts totaled \$4,390 and \$14,333, respectively. At the discretion of the Company, forfeitures may be used to pay administrative expenses and reduce the Company's matching contribution to the Plan. Forfeitures were reduced to cover the Company's administrative expenses of the Plan for the year ended December 31, 2022 and were not reduced to cover the Company's matching contributions or administrative expenses of the Plan for the year ended December 31, 2021.

Plan Expenses

All administrative expenses of the Plan are paid by either the Plan or the Company. Origination fees paid by the Plan for investment management services, including participant loan and distribution origination fees, totaled \$95,690 and \$86,852 for the years ended December 31, 2022 and 2021, respectively.

2. Summary of Significant Accounting Policies

Basis of presentation

The accompanying financial statements have been prepared in accordance with accounting principles generally accepted in the United States of America ("U.S. GAAP").

Investment Valuation and Income Recognition

Investments are reported at fair value, except for fully-benefit responsive contracts which are valued at contract value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 5 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

The Plan accounts for fully-benefit responsive contracts in accordance with Accounting Standards Update ("ASU") 2015-12, which measures fully-benefit responsive contracts at contract value. Contract value is the relevant measurement for that portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. The Statements of Net Assets Available for Benefits present the contract value of

Zingerman's Community of Businesses Employee's 401(k) Plan

Notes to Financial Statements

the guaranteed investment contract, and the Statements of Changes in Net Assets Available for Benefits are prepared on a contract value basis.

Use of Estimates

The preparation of financial statements in conformity with U.S. GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein and disclosure of contingent assets and liabilities at the date of the financial statements. Actual results could differ from those estimates.

Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the financial statements.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant loans are reclassified as distributions based upon the terms of the Plan document.

Payment of Benefits

Benefits are recorded when paid, with the exception of refunds for excess contributions which are recorded as a liability and deducted in the year incurred.

Subsequent Events

The Plan has evaluated subsequent events from January 1, 2023 through October 16, 2023, which is the date the financial statements were available to be issued. There were no subsequent events to be reported.

3. Certified Information

The plan administrator has elected the method of annual reporting compliance permitted by ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Plan Administrator (Great-West Life & Annuity Insurance Company and Great-West Trust Company, LLC), qualified institutions, have certified that the following investment information included in the accompanying financial statements and ERISA required supplemental schedule are complete and accurate:

<i>December 31,</i>	2022	2021
Investments	\$ 11,951,002	\$ 14,742,912
<i>Year ended December 31,</i>	2022	2021
Investment (loss) income	\$ (2,780,390)	\$ 1,829,804

At the request of the Plan administrator, the Plan's independent auditors did not perform auditing procedures with respect to this certified investment information, except for comparing such certified investment information to the related investment information included in the financial statements and ERISA-required supplemental schedule.

4. Plan Tax Status

The Plan obtained its latest determination letter on November 30, 2020, in which the Internal Revenue Service stated that non-standard pre-approved profit sharing plan, as then designed, was in compliance with the applicable requirements of the IRC and therefore not subject to tax. The Plan has been amended since receiving the determination letter. However, the Plan Administrator and the Plan's tax counsel believe that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income taxes has been included in the Plan's financial statements.

U.S. GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more-likely-than-not would not be sustained upon examination by the tax authorities. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

5. Fair Value Measurements

The Accounting Standards Codification - ASC 820 (ASC) Topic on *Fair Value Measurements and Disclosures* establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobserved inputs (Level 3 measurements).

Zingerman's Community of Businesses Employee's 401(k) Plan

Notes to Financial Statements

The three levels of the fair value hierarchy are described below:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurements.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2022 and 2021.

Registered investment companies (mutual funds): Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-ended mutual funds that are registered with the Securities and Exchange Commission. The mutual funds held by the Plan are deemed to be actively traded.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value:

December 31, 2022	Fair Value Measurements at Reporting Date Using				Total
	Level 1	Level 2	Level 3		
Registered investment companies	\$ 11,434,648	\$ -	\$ -		\$ 11,434,648
Balance, December 31, 2022	\$ 11,434,648	\$ -	\$ -		\$ 11,434,648

6. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in employer contributions credited to their accounts.

7. Investment Contract with Insurance Company

The Plan participates in a fully benefit-responsive investment contract with Empower. Empower maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The guaranteed investment contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan.

Because the guaranteed investment contract is fully benefit-responsive, contract value is the relevant measurement attributable for that portion of the net assets available for benefits attributable to the guaranteed investment contract. The guaranteed investment contract is presented in the Statements of Net Assets Available for Benefits at contract value which approximates fair value as reported to the Plan by Empower. Contract value represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

The reported values for fixed annuity options are reported daily based on the valuation method disclosed in the annuity contract, as calculated by the annuity provider.

There are no reserves against contract value for credit risk or the contract issue or otherwise. The average yield earned and credited to participant accounts was 1.16% and 1.15% for 2022 and 2021, respectively. The crediting interest rate is based on a formula agreed upon with the issuer, but it may not be less than the percentage determined under the contract. Such interest rates are reviewed on a quarterly basis for resetting.

Zingerman's Community of Businesses Employee's 401(k) Plan

Notes to Financial Statements

Certain events limit the ability of the Plan to transact at contract value with the issuer. Such events include the following: (1) amendments to the Plan documents (including complete or partial plan termination or merger with another plan), (2) changes to the Plan's prohibition on competing investment options, (3) bankruptcy of the Plan sponsor or other Plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, or (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA. The plan administrator does not believe that any events which would limit the Plan's ability to transact at contract value with participants are probable of occurring. The investment contract does not permit Empower to terminate the agreement.

8. Transactions with Parties-in-Interest

Certain Plan investments are mutual funds managed by Empower Retirement, the custodian of the Plan. Therefore, related transactions with Empower Retirement qualify as party-in-interest transactions.

Certain administrative functions are also performed by officers or employees of the Company. No such officers or employees receive compensation from the Plan. Loans to participants are also considered party-in-interest transactions as such participants are employed by the Plan Sponsor.

9. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the Statements of Net Assets Available for Benefits.

10. Prohibited Transactions

During the year ended December 31, 2021, the Plan Sponsor failed to segregate and remit in a timely manner certain participants' contribution from its assets within the required time period as specified by the Department of Labor (DOL) Reg. 2510.3-102. Failure to segregate and remit contributions within the specified time period is a prohibited transaction according to the provisions of ERISA and the IRC. Participants' contributions in the amount of \$21,423 and lost earnings thereon associated with 2021 late remittances and have been corrected by the Plan Sponsor during 2021. For the year ended December 31, 2022, the Plan Sponsor had no late remittances.
