Report of Independent Auditors

Participants and the Pension Committee
Northwell Health 401(k) Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Northwell Health 401(k) Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits (modified cash basis) as of December 31, 2022 and 2021, and the related statement of changes in net assets available for benefits (modified cash basis) for the years then ended, and the related notes (collectively referred to as the "financial statements").

Management, having determined it is permissible in the circumstances, has elected to have the audits of the financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2022 and 2021, and for the years then ended, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with the modified cash basis of accounting described in Note 2.

A member firm of Ernst & Young Global Limited

- the information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Modified Cash Basis of Accounting

We draw attention to Note 2 to the financial statements, which describes the basis of accounting. The financial statements are prepared on the modified cash basis of accounting, which is a basis of accounting other than accounting principles generally accepted in the United States of America. Our opinion is not modified with respect to this matter.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with the modified cash basis of accounting as described in Note 2 and for determining that the modified cash basis of accounting is an acceptable basis for the preparation of the financial statements in the circumstances. Management also is responsible for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of the modified cash basis of accounting described in Note 2.

A member firm of Ernst & Young Global Limited

Building a better working world

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with the modified cash basis of accounting.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control related matters that we identified during the audit.

Other Matter

Supplemental Schedule Required by ERISA

The supplemental schedule (modified cash basis) of assets (held at end of year) as of December 31, 2022 (referred to as the "supplemental schedule") is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

A member firm of Ernst & Young Global Limited

Building a better working world

- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Northwell Health 401(k) Plan

Notes to Financial Statements
(Modified Cash Basis)

December 31, 2022

1. Plan Description

The following description of the Northwell Health 401(k) Plan (the Plan) provides general information about the Plan's provisions. Participants should refer to the plan document and summary plan description for a more complete description of the Plan's provisions, copies of which may be obtained from Northwell Health, Inc. (the Company).

General

The Plan was established in October 1994 and has been subsequently amended and most recently restated in its entirety as of July 1, 2018. The Plan is a defined contribution plan covering all eligible employees of participating affiliates of the Company who have one year and at least 975 hours of service. Prior to the July 1, 2018 plan amendment and restatement, the Plan allowed active participation by eligible employees of certain affiliated entities of the Company. Starting July 1, 2018, certain employees hired on or after July 1, 2018 of substantially all affiliated entities of the Company are eligible to participate in the Plan. The Plan also holds frozen balances for employees of other affiliates of the Company no longer actively contributing to the Plan.

The Plan was amended effective as of December 31, 2021. As a result of the amendment, the Central Suffolk Hospital 401(k) Plan and Visiting Nurse Association of Hudson Valley, Inc. Money Purchase Plan merged into the Plan. As a result of the merger, all Central Suffolk Hospital 401(k) Plan and Visiting Nurse Association of Hudson Valley, Inc. Money Purchase Plan participants and net assets of $60,056,406 and $4,739,191, respectively, were transferred to the Plan as of December 31, 2021.

The Plan was amended effective as of December 5, 2022. As a result of the amendment, the Medical Services of Kips Bay, P.C. became a Participating Employer in the Plan.

State Street Bank and Trust Company (SSBT) is the custodian of the Plan. Transamerica Retirement Solutions, LLC is the record-keeper on behalf of SSBT. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended.

1. Plan Description (continued)

Contributions

Participants may make 401(k) or Roth contributions from 1% to 75% of their pretax annual compensation. Participants also have the option to contribute from 1% to 10% of their after-tax annual compensation. Prior to January 1, 2021, the Company contributed, on behalf of each eligible active participant hired before July 1, 2018, a basic contribution equal to 3%, or 6% for certain qualified employees, of such participant's eligible compensation, or for each eligible active participant hired on or after July 1, 2018, a basic contribution equal to 5.5%, or 8.5% for certain qualified employees, of such participant's eligible compensation. Effective January 1, 2021 the Plan no longer allows for the additional 3% basic contribution for certain qualified employees. Effective January 1, 2022, the Plan reinstated the additional 3% basic contribution for certain qualified employees. For all eligible active participants, the Company contributes a matching contribution equal to 33.3% of the participant's year to date contribution, up to 2% of the participant's year to date eligible compensation. Basic and matching contributions are made on an annual basis. In the event a participant is terminated prior to the end of a quarter, any basic or matching contributions for that quarter are forfeited. All contributions are subject to certain limitations of the Internal Revenue Code (the Code).

Participants direct their elective contributions into various investment options offered by the Plan and can change their investment options. Participants who are automatically enrolled have their contributions invested in the applicable lifecycle fund based on their age until they change their election. The Company's contributions are invested in the same manner as that of the participant's elective contributions.

Active participants who have attained the age of 50 before the close of the plan year are eligible to make catch-up contributions in accordance with, and subject to, the limitations of Section 414(v) of the Code and such procedures established by the plan administrator.

With the consent of the plan administrator, amounts may be rolled over from other eligible retirement plans by participants, provided that such rollovers do not jeopardize the tax-exempt status of the Plan.

1. Plan Description (continued)

Vesting

Participants are immediately vested in their contributions plus actual earnings. Employer basic contributions and employer matching contributions made on behalf of employees are subject to a six-year graded vesting schedule at a rate of 20% per year, commencing with the completion of two years of service.

Forfeitures

Upon termination of employment, participants forfeit their nonvested balances. If a participant is rehired within a five-year period, the forfeited contributions are reinstated. Forfeited balances are used to reinstate previously forfeited participant accounts, reduce future Company contributions, or used to pay administrative expenses. Forfeited balances of $2,929,611 and $1,624,728 were used for the years ended December 31, 2022 and 2021, respectively. Unallocated forfeiture balances as of December 31, 2022 and 2021 were $5,126,488 and $2,917,714, respectively.

Automatic Enrollment and Automatic Escalation

The Plan provides all currently eligible hired (or rehired) employees (other than union members) automatic enrollment to the Plan following 90 days of employment at the rate of three percent (3%) of their eligible compensation, with such amount withheld from their eligible compensation and contributed to the Plan on their behalf as pre-tax salary reduction contributions, with such amount to increase annually by one percent (1%) on each subsequent January 1, until each such participant is making pre-tax salary reduction contributions in an amount equal to ten percent (10%) of his or her eligible compensation, unless any such participant affirmatively elects a different contribution percentage or elects not to contribute to the Plan. Participants who are not actively contributing at least three percent (3%) of their eligible compensation as of each January 1 of every even calendar year are also subject to automatic enrollment to the Plan on such date at the rate of three percent (3%) of their eligible compensation, unless any such participant affirmatively elects a different contribution percentage or elects not to contribute to the Plan.

1. Plan Description (continued)

Participant Loans

Loans to participants are limited to the lesser of (a) $50,000 reduced by the highest outstanding balance of loans from the Plan to the participant during the one-year period ending on the day before the date on which such loan is made, over the outstanding balance of loans from the Plan to the participant on the date on which such loan was made or (b) 50% of the dollar value of the loan recipient's vested account balance.

Loans shall provide for level amortization with payments to be made not less frequently than quarterly over a period not to exceed five years (thirty years if the loan is used to acquire a principal residence for the participant). Interest is determined at the time of the loan at a rate equal to prime plus 1%.

Payment of Benefits

The Plan provides for benefit distributions to Plan participants or their beneficiaries upon the participant's retirement, termination of employment, disability, or death. Any participant may apply to withdraw all or part of his/her vested account balance, subject to specific hardship withdrawal criteria of the Plan.

Benefits are payable upon retirement under the following, or combination of the following, options: (a) single life annuity; (b) joint and survivor annuity; (c) optional survivor annuity; (d) fixed period installments for a period elected by the Participant; (e) discrete, standalone payment in such amounts and on such dates as the participant may request from time to time; or (f) lump-sum payout. Participants who terminate employment prior to retirement may elect to keep their assets in the Plan or have their balances distributed in a lump sum or transferred to an individual retirement account or another employer's qualified plan. Death benefits are paid according to the benefits election in effect at the time of death.

Administrative Expenses

All administrative expenses of the Plan may be paid by the Plan. However, such expenses may, at the Company's discretion, be paid directly by the Company.

1. Plan Description (continued)

Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan, subject to the provisions of ERISA. In the event the Plan terminates, participants will become 100% vested in their accounts.

2. Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared on the modified cash basis of accounting, which is a comprehensive basis of accounting other than accounting principles generally accepted in the United States. Contributions and investment and interest income are recorded when received. Administrative expenses and benefits are recorded when paid. Notes receivable are recorded on an accrual basis, as described below.

Reclassifications

Certain categories within investments were reclassified in Note 4 from the 2021 presentation in order to conform with the 2022 presentation. These reclassifications have no impact on the statement of net assets available for benefits or the fair value levels previously reported.

Contributions

Contributions are recorded when received. In January 2023, an employer contribution of approximately $110,000,000 was made to the Plan, relating to 2022 service time. In January 2022, an employer contribution of approximately $78,000,000 was made to the Plan, relating to 2021 service time.

2. Summary of Significant Accounting Policies (continued)

Notes Receivable from Participants

Notes receivable from participants represent participant loans that are recorded at their unpaid principal balance, plus any accrued but unpaid interest. Interest on notes receivable from participants is recorded when it is earned. Related fees are recorded as administrative expenses and are expensed when they are paid. No allowance for credit losses is recorded as of December 31, 2022 or 2021. If a participant ceases to make loan repayments and the plan administrator deems the participant loan to be a distribution, the participant loan balance is reduced, and a benefit payment is recorded.

Benefit Payments

Benefits are recorded when paid.

Use of Estimates

The preparation of financial statements in conformity with the modified cash basis of accounting requires management to make estimates and assumptions that affect the amounts reported in the financial statements and accompanying notes and supplemental schedule. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

The MetLife Group Annuity Contract (Note 5) invests in fully benefit-responsive investment contracts. This investment is presented at contract value. Contract value is the relevant measurement attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. The contract value represents contributions plus earnings, less participant withdrawals and administrative expenses. All other investments are reported at fair value (see Note 4).

Purchases and sales of securities are recorded on a trade-date basis. Investment income, including interest and dividends, are recorded when received. Net (depreciation) appreciation includes the Plan’s gains and losses on investments bought and sold as well as held during the year.

3. Investments

Certain investment information disclosed in the accompanying financial statements and supplemental schedule, including investments held and notes receivable from participants at December 31, 2022 and 2021, as well as investment income and net (depreciation) appreciation in fair value of investments and interest income on notes receivable from participants for the years then ended, was obtained or derived from information supplied to the plan administrator and certified as complete and accurate by SSBT (Note 1).

4. Fair Value Measurements

The Plan measures fair value based on the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Fair value measurements are applied based on the unit of account from the Plan's perspective. The unit of account determines what is being measured by reference to the level at which the asset or liability is aggregated (or disaggregated) for purposes of applying other accounting pronouncements.

The Plan follows a valuation hierarchy that prioritizes observable and unobservable inputs used to measure fair value into three broad levels, which are described below:

Level 1: Quoted prices (unadjusted) in active markets that are accessible at the measurement date for identical assets or liabilities.

Level 2: Observable inputs that are based on inputs not quoted in active markets, but corroborated by market data.

Level 3: Unobservable inputs are used when little or no market data is available.

A financial instrument's categorization within the valuation hierarchy is based upon the lowest level of input that is significant to the fair value measurement. In determining fair value, the Plan uses valuation techniques that maximize the use of observable inputs and minimize the use of unobservable inputs to the extent possible and considers nonperformance risk in its assessment of fair value.

4. Fair Value Measurements (continued)

Financial assets carried at fair value as of December 31, 2022 and 2021 are classified in the following tables in one of the three categories described previously:

Following is a description of the valuation methodologies used for assets measured at fair value:

Mutual funds: Valued at the net asset value of shares held by the Plan at year end, as determined by quoted market prices.

Common collective trusts: Valued at the net asset value per unit held, which is deemed to have a readily determinable fair value.

5. Investment Contract with Insurance Company

As described in Note 2, at December 31, 2022 and 2021, the Plan has fully benefit-responsive investment contracts with Metropolitan Life Insurance Company (MetLife), providing benefits to eligible employees and maintaining contributions in a fixed-income separate account. The contract is credited with earnings on the underlying investments and charged for participant-initiated withdrawals or transfer requests.

5. Investment Contract with Insurance Company (continued)

The Plan's ability to receive amounts due in accordance with fully benefit-responsive investment contracts is dependent on the third-party issuers' ability to meet their financial obligations. The issuers' ability to meet their contractual obligations may be affected by future economic and regulatory developments.

Certain events might limit the ability of the Plan to transact at contract value with the contract issuers. These events may be different under each contract. Examples of such events include the following:

- The Plan's failure to qualify under Section 401(a) of the Code or the failure of the trust to be tax-exempt under Section 501(a) of the Code
- Premature termination of the contracts
- Plan termination or merger
- Changes to the Plan's prohibition on competing investment options
- Bankruptcy of the Company or other Company events (e.g., divestitures or spinoffs of a subsidiary) that significantly affect the Plan's normal operations

In addition, certain events allow the issuers to terminate the contracts with the Plan and settle at an amount different from contract value. Those events may be different under each contract. Examples of such events include the following:

- An uncured violation of the Plan's investment guidelines
- A breach of material obligation under the contract
- A material misrepresentation
- A material amendment to the agreements without the consent of the issuer

5. Investment Contract with Insurance Company (continued)

No events are probable of occurring that might limit the ability of the Plan to transact at contract value with the contract issuer and that also would limit the ability of the Plan to transact at contract value with the participants.

Credit risk results from the inability of a counterparty to meet its contractual obligations. The Plan's investment in the MetLife Group Annuity Contract is a significant concentration of credit risk. There are no reserves against contract values for credit risk of the contract issuer or otherwise. The crediting interest rate is determined by MetLife annually on April 1 and cannot be less than 0%.

6. Income Tax Status

The Plan has received a determination letter from the Internal Revenue Service (IRS) dated May 28, 2014, stating that the Plan is qualified under Section 401(a) of the Code and, therefore, the related trust is exempt from taxation. Subsequent to this determination by the IRS, the Plan was amended and restated. Once qualified, the Plan is required to operate in conformity with the Code to maintain its qualified status. The plan administrator believes the Plan, as amended and restated, has been designed to comply with the requirements of the Code and has indicated that it will take the necessary steps, if any, to bring the Plan's operations into compliance with the Code.

Accounting principles generally accepted in the United States require the plan administrator to evaluate uncertain tax positions taken by the Plan. The financial statement effects of a tax position are recognized when the position is more likely than not, based on the technical merits, to be sustained upon examination by the IRS. The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that there are no uncertain positions taken or expected to be taken. The Plan has recognized no interest or penalties related to uncertain tax positions. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

7. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market volatility and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits and supplemental schedule.

8. Related-Party Transactions

Certain of the Plan's assets are invested in funds managed by the custodian of the Plan. These transactions qualify as party-in-interest transactions; however, they are exempt from the prohibited transactions rules under ERISA.

9. Subsequent Events

Management has evaluated the impact of subsequent events for the Plan through October 16, 2023, the date at which the financial statements were available to be issued.

Effective January 1, 2023, the Plan was amended to add John T. Mather Memorial Hospital of Port Jefferson, New York, Inc. and Harbor View Medical Services, P.C. as Participating Employers in the Plan.

Except as described above, no events have occurred that require disclosure in or adjustment to the accompanying financial statements.
