Independent Auditors' Report

To the Plan Administrator of
Mercury Employees Retirement Investment Trust

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audit of the accompanying 2022 financial statements of Mercury Employees Retirement Investment Trust (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C). The financial statements comprise the statement of net assets available for benefits as of December 31, 2022, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of the Plan's 2022 financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of December 31, 2022, and for the year then ended, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section-

- the amounts and disclosures in the financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Mazars USA LLP is an independent member firm of Mazars Group.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the 2022 Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

2022 Supplemental Schedules Required by ERISA

The 2022 supplemental schedules of Schedule H, Line 4(i) - Schedule of Assets (Held at End of Year) are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the 2022 financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the 2022 financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Auditors' Report on the 2021 Financial Statements

Other auditors, who joined Mazars USA LLP, performed an audit of the 2021 financial statements of the Plan. In accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the prior year audit did not extend to any statements or information related to assets held for investment of the plan that were certified by a qualified institution. Their report dated October 17, 2022 indicated that (a) the amounts and disclosures in the 2021 financial statements, other than those agreed to or derived from the certified investment information, were presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America, and (b) the information in the 2021 financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C). Their report also indicated that the form and content of the 2021 supplemental schedules, other than the information in the 2021 supplemental schedules that agreed to or is derived from the certified investment information, were presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA; and the information in the 2021 supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determines meets the requirements of ERISA Section 103(a)(3)(C).

Notes to Financial Statements December 31, 2022 and 2021

1. Description of Plan

The following description of Mercury Employees Retirement Investment Trust (the “Plan”) provides only general information. Participants should refer to the Plan document for a more complete description of the Plan’s provisions.

General

The Plan is a defined contribution plan established to provide employees of Mercury Systems, Inc. (the “Sponsoring Employer”) with retirement benefits in accordance with Sections 401(a) and 401(k) of the Internal Revenue Code (“IRC”). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”).

Participating in the Plan are the following employers (collectively referred to as the “Participating Employers”):

- Mercury Systems, Inc.
- Mercury Missions Systems, LLC

Effective July 1, 2021, the Plan was amended to allow for the merger of the Physical Optics Corporation 401(k) plan. As a result of the merger, net assets totaling \$42,241,251 were transferred into the Plan during the year ended December 31, 2021.

Effective as of the close of business December 31, 2021, the Plan was amended to allow for the merger of the Pentek Systems, Inc 401(k) Savings Plan. As a result of the merger, net assets totaling \$17,094,993 were receivable as of December 31, 2021, this transfer settled in full on January 10, 2022.

Effective October 4, 2022, the Plan was amended to allow for the merger of the Avalex Technologies Corporation 401(k) Profit Sharing Plan & Trust. As a result of the merger, net assets totaling \$5,483,199 were transferred into the Plan during the year ended December 31, 2022.

Effective October 7, 2022, the Plan was amended to allow for the merger of the Atlanta Micro 401(k) Plan. As a result of the merger, net assets totaling \$1,043,916 were transferred into the Plan during the year ended December 31, 2022.

Eligibility

All U.S. employees of the Sponsoring Employer and each Participating Employer, except employees covered by a collective bargaining agreement, leased employees, non-resident aliens and temporary employees, are eligible to participate in the Plan.

The Plan also provides for an automatic enrollment provision. Therefore, 35 days from when an employee becomes eligible to participate in the Plan, the Sponsoring Employer and each Participating Employer will automatically, on behalf of those participants, defer 6% of the participants’ eligible compensation (as defined by the Plan).

In accordance with the automatic enrollment provision, the deferral rate will increase by 1% annually, not to exceed 10% for those participants who have been automatically enrolled. These deferrals will be allocated to a default fund as defined in the Plan document. Participants may cancel, modify or otherwise change any of the automatic elections.

Mercury Employees Retirement Investment Trust

Participant Contributions

Eligible participants may make voluntary contributions through salary reductions from 1% to 100% of their eligible annual compensation, as defined by the Plan, limited to the maximum amounts allowed under the provisions of the IRC (\$20,500 in 2022). The Plan also allows for participants to defer funds into a “Roth” 401(k) deferral. These deferrals are subject to federal income taxes, and the maximum allowable contribution is \$20,500 combined between both the Roth and pre-tax deferral. Further, participants who are 50 years of age or older as of December 31, 2022, may contribute an additional “catch up” contribution (\$6,500 in 2022). Participants have the ability to do an after-tax contribution as well. Participants direct the investment of their contributions into various investment options offered by the Plan. The Plan currently offers various mutual funds and a common collective trust as investment options for participants. The Plan allows for rollover contributions from other qualified plans, as defined in the plan document.

Employer Contributions

The plan provides for matching and qualified matching contributions. Qualified matching contributions may be made at the discretion of each applicable business unit to all active participants who are not highly compensated employees, prior to any matching contributions. Matching contributions are made to all eligible participants, as defined, at the discretion of each applicable business unit.

The Plan also provides for discretionary non-elective contributions to the accounts of all active participants who are employed on the last day of the plan year and have at least 1,000 hours of service.

The Sponsoring Employer and Participating Employers elected to make employer contributions, net of forfeitures used, totaling \$10,870,624 for the year ended December 31, 2022.

Effective July 15, 2022, the Plan was amended to require employer contributions remain invested in Company equity securities until the participant who receives an allocation of such contribution elects to invest amount attributable to such contribution in another available permissible investment.

Participants’ Accounts

Each participant’s account is credited with its respective contribution and its allocation of (a) employer contributions and (b) Plan earnings or losses.

Vesting

Participants’ voluntary contributions and earnings thereon vest immediately. Employer discretionary matching contributions vest at a rate of 50% per year, with full vesting after two years of service (as defined). Employer discretionary non-elective contributions vest at a rate of 25% per year, with full vesting after four years of service (as defined).

Participants who receive employer contributions under certain legacy plans may be subject to different vesting schedules for those contributions, up to a maximum of four years. In the event of death, disability, or attainment of age 55, participants’ accounts become fully vested.

Payment of Benefits

Upon termination of employment, retirement, death, or disability, the participant or the participant’s beneficiary is entitled to receive the vested portion of the participant’s account in a single lump-sum, partial withdrawals or installments. Further, withdrawals from the Plan before leaving the Sponsoring Employer or Participating Employers are available for special “hardship” reasons (as defined) or after attaining the age of 59½. Distributions to participants are recorded when paid.

Effective July 15, 2022, the Plan was amended to allow participants that are invested in Company equity securities to elect to receive a distribution of their account under the lump sum payment method in shares of Company equity securities instead of in cash.

During the year ended December 31, 2020, the Plan adopted the distribution provisions of the Coronavirus Aid, Relief, and Economic Security (“CARES”) Act. A CARES Act distribution allows certain eligible participants to take a coronavirus related distribution up to \$100,000 from the Plan retroactive to January 1, 2020 and through December 30, 2020. The Plan has not been formally amended to reflect these provisions. Plan amendments related to coronavirus related distributions must be adopted by December 31, 2025.

Mercury Employees Retirement Investment Trust

Other Income

Certain mutual fund account expenses that are charged by the mutual fund companies to the individual participants are recaptured by the Plan and held in a money market account. These funds are then used to pay for expenses of the Plan that benefit the Plan participants as approved by the Internal Revenue Service ("IRS"), Department of Labor and ERISA.

During the year ended December 31, 2022, there were no such funds recaptured. As of December 31, 2022 and 2021, the balance in this account amounted to \$172,889 and \$89,976, respectively.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2022 and 2021. If a participant ceases to make loan repayments and the plan administrator deems the participant loan to be in default, the participant loan balance is reduced, and a benefit payment is recorded.

Participants may borrow up to 50% of their vested account balance with a minimum of \$1,000 and maximum of \$50,000. Loans are subject to the approval of the plan administrator and bear interest at a reasonable rate for similar types of loans. Participants are permitted to have up to two loans outstanding at any time. Loan terms range from one to five years. However, if the loan is to acquire the principal residence of the participant, the term may be extended. Loans are secured by the balance in the participant's account. Principal and interest are paid ratably through payroll deductions.

During the year ended December 31, 2020, the Plan adopted the loan provisions of the CARES Act, effective for qualified participant loans on or after March 27, 2020 and before September 23, 2020. The CARES Act provided Plan participants with the option to borrow 100% of their vested account balance, up to a maximum of \$100,000. Participants also have the option of suspending loan payments due between March 27, 2020 and December 31, 2020 for up to one year, however, originally scheduled payments must resume beginning on January 1, 2021. The Plan has not been formally amended to reflect these provisions. Plan amendments related to participant loans taken under the CARES Act must be adopted by December 31, 2025.

Forfeitures

The Plan provides that forfeitures, the unvested portion of employer contributions for terminated participants, will be used to pay administrative expenses or reduce sponsoring and participating employers' contributions. As of December 31, 2022 and 2021, the balance in the forfeiture account was \$191,246 and \$140,573, respectively. During the year ended December 31, 2022, forfeitures totaling \$336,457 were used to reduce employer contributions and administrative expenses.

2. Summary of Significant Accounting Policies

The following is a summary of significant accounting policies followed by the Plan.

Basis of Accounting

The accompanying financial statements have been prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America.

Use of Estimates

The preparation of the financial statements in conformity with accounting principles generally accepted in the United States of America requires Plan management to make estimates and assumptions that affect the amounts reported in the financial statements and accompanying notes. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's sponsor determines the Plan's valuation policies utilizing information provided by the trustee. See Note 8 for discussions of fair value measurements.

Mercury Employees Retirement Investment Trust

Realized gains and losses on investments sold and the unrealized appreciation and depreciation of investments held are reported on an average current cost basis, based on fair market value of the investments at the beginning of the plan year or at the time of purchase during the plan year.

Purchases and sales of securities are recorded on a trade-date basis. Interest is recorded on the accrual basis. Dividends are recorded on the ex-dividend date.

Administrative Expenses

The Sponsoring Employer may, at its discretion, pay the expenses incident to administering the Plan. In the event that the Sponsoring Employer does not pay Plan expenses, the expenses shall be paid by the Plan.

Fair Value

Accounting standards provide a common definition of fair value and establish a framework to make the measurement of fair value in generally accepted accounting principles more consistent and comparable. Accounting standards also require expanded disclosures to provide information about the extent to which fair value is used to measure certain financial assets and liabilities, the methods and assumptions used to measure fair value, and the effect of fair value measures on earnings. The Plan's financial assets reflected in the financial statements at fair value include its investments (see Note 8).

Subsequent Events

The Plan has evaluated subsequent events through October 13, 2023, which is the date the financial statements were available to be issued.

3. Information Certified by The Plan's Trustee

The Sponsoring Employer, acting in its capacity as the Plan administrator, has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. The investment assets, notes receivable from participants, investment transactions and investment income and interest income on notes receivable from participants presented in the Plan's financial statements and supplemental schedules were prepared by or derived from information prepared by Fidelity Management Trust Company ("Fidelity"), the trustee, and furnished to the Company. The plan administrator has obtained a certification from the trustee as of December 31, 2022 and 2021, and for the year ended December 31, 2022, that such information is complete and accurate.

4. Tax Status

The Plan operates under a prototype non-standardized profit-sharing plan which has received a favorable opinion letter from the IRS dated March 1, 2014, indicating that the Plan was in compliance with the applicable requirements of the IRC. The Plan has been amended since receiving the opinion letter, however, the Plan administrator believes and represents that the Plan is designed and currently being operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income taxes has been included in the Plan's financial statements.

The Financial Accounting Standards Board has issued a standard regarding the accounting and recognition of income tax positions taken or expected to be taken by the Plan. The plan administrator assesses the tax positions taken by the Plan and has concluded that as of December 31, 2022, there are no uncertain tax positions taken or expected to be taken that would require recognition or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

5. Related Party Transactions

Certain Plan investments are shares of mutual funds managed by Fidelity. Fidelity is the trustee, as defined by the Plan, and therefore, these transactions qualify as party-in-interest transactions, which are exempt from the prohibited transaction rules, as defined by ERISA.

Mercury Employees Retirement Investment Trust

6. Plan Termination

Although it has not expressed any intent to do so, the Sponsoring Employer has the right, under the Plan, to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

7. Risks and Uncertainties

The Plan provides for various investment options in accounts which invest in investment securities. Investment securities are exposed to various risks such as interest rate, market and credit. Due to the level of risk associated with certain investment securities and the level of uncertainty related to changes in the value of investment securities, it is at least reasonably possible that these changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits and the statement of changes in net assets available for benefits.

8. Fair Value Measurements

Accounting standards require that financial assets and liabilities, recognized or disclosed in financial statements on a recurring basis (at least annually), be measured at fair value. These standards define fair value as the exchange price that would be received for an asset or paid to transfer a liability (an exit price) in the principal or most advantageous market for the asset or liability in an orderly transaction between market participants on the measurement date.

These standards also establish a fair value hierarchy which requires an entity to maximize the use of observable inputs and minimize the use of unobservable inputs when measuring fair value. These standards describe three levels of inputs that may be used to measure fair value:

- Level 1 - Unadjusted quoted prices in active markets for identical assets or liabilities that are accessible at the measurement date.
- Level 2 - Observable inputs other than Level 1 prices such as quoted prices for similar assets or liabilities in active markets; quoted prices for similar assets or liabilities in markets that are not active; or model-derived valuations or other inputs that are observable or can be corroborated by observable market data for the assets or liabilities.
- Level 3 - Unobservable inputs for the asset or liability that are significant to the fair value measurement. These inputs reflect the Plan's assumptions about the assumptions a market participant would use in pricing the asset or liability.

The Plan uses appropriate valuation techniques based on the available inputs to measure the fair value of its investments. When available, the Plan measures fair value using Level 1 inputs because they generally provide the most reliable evidence of fair value. Level 2 and Level 3 inputs are only used when higher level inputs are not available. The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of input that is significant to the fair value measurement.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2022 and 2021.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value ("NAV") and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Common collective trust: Value is based on the underlying unit value of the assets held. The assets of the underlying fund are invested primarily in certain investment contracts, asset-backed securities, corporate bonds, company stock and other securities. The fair value of the contracts is determined using the market approach based on market prices of similar contracts. The NAV is used as a practical expedient to estimate fair value. This practical expedient would not be used if it is determined to be probable that the fund will sell the investment for an amount different from the reported NAV. Participant transactions (purchases and sales) may occur daily.

Mercury Employees Retirement Investment Trust

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table summarizes the valuation of the Plan's financial assets at December 31, 2022:
