INDEPENDENT AUDITOR'S REPORT

To the Plan Administrator
Little Falls Hospital 403(b) Retirement Plan:

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of Little Falls Hospital 403(b) Retirement Plan (Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) [ERISA Section 103(a)(3)(C) audit]. The financial statements comprise the statements of net assets available for benefits as of December 31, 2022 and 2021, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from qualified institutions as of and for the years ended December 31, 2022 and 2021, stating that the certified investment information, as described in note 5 to the financial statements, is complete and accurate.

Qualified Opinion

In our opinion, except for the exclusion of the information described in the Basis for Qualified Opinion section of our report, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section—

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

Qualified Opinion, Continued

- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Qualified Opinion

As described in note 6, the Plan has excluded from investments in the accompanying statements of net assets available for benefits certain annuity and custodial accounts issued to current and former employees prior to January 1, 2009, as permitted by the Department of Labor's Field Assistance Bulletin No. 2009-02, *Annual Reporting Requirements for 403(b) Plans*. If the identified contracts, as reported by the custodians, were included, net assets available for benefits would increase by approximately \$423,000 and \$471,000 as of December 31, 2022 and 2021, respectively. Further, investment income (loss) of approximately (\$40,000) and \$36,000 and distributions of approximately \$8,000 and \$8,000 related to such accounts, as identified by the custodians, have also been excluded in the accompanying statements of changes in net assets available for benefits for the years ended December 31, 2022 and 2021, respectively. Accounting principles generally accepted in the United States of America require that these accounts and the related income and distributions be included in the accompanying financial statements.

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our qualified ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

(Continued)

Responsibilities of Management for the Financial Statements, Continued

Management is also responsible for maintaining a current Plan instrument, including all Plan amendments; administering the Plan; and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

(Continued)

Auditor's Responsibilities for the Audit of the Financial Statements, Continued

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedules Required by ERISA

The supplemental Schedule H, Line 4a – Schedule of Delinquent Participant Contributions and Schedule H, Line 4i - Schedule of Assets (Held at End of Year) as of or for the year ended December 31, 2022 are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

Supplemental Schedules Required by ERISA, Continued

In our opinion, except for the effects of the excluded information as described in the Basis for Qualified Opinion section on Schedule H, Line 4i - Schedule of Assets (Held at End of Year)—

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

LITTLE FALLS HOSPITAL 403(b) RETIREMENT PLAN

Notes to Financial Statements

December 31, 2022 and 2021

(1) Description of Plan

The following description of the Little Falls Hospital 403(b) Retirement Plan (Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

(a) General

The Plan is a defined contribution plan covering substantially all employees of Little Falls Hospital (Hospital). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

(b) Contributions

Each year, participants may elect to contribute a percentage of their pre-tax annual compensation, as defined by the Plan, up to the maximum allowable under the Internal Revenue Code (IRC). Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollover). Participants direct the investment of their contributions into various investment options offered by the Plan. The Hospital may elect to make discretionary matching contributions to the Plan on behalf of each participant equal to the percent declared for the contribution period as determined by the Board of Trustees of the Hospital.

The Hospital can also elect to make non-elective contributions to the Plan as determined by the Board of Trustees of the Hospital. Non-elective contributions authorized by the Hospital are allocated amongst all eligible participants as a uniform percentage of compensation as determined by the Board of Trustees. In 2022 and 2021, the Board of Trustees approved a 2% non-elective contribution to all eligible participants. In order to receive non-elective contributions, participants must have completed 1,000 hours of service during the Plan year for which the contribution is being made. Additional amounts may be contributed at the option of the Hospital. Participants direct the investment of their contributions into various investment options offered by the Plan. Contributions are subject to certain Internal Revenue Service (IRS) limitations.

(c) Participant Accounts

Each participant's account is credited with the participant's contributions and allocations of the Hospital's contributions and Plan earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

LITTLE FALLS HOSPITAL 403(b) RETIREMENT PLAN

Notes to Financial Statements

(1) Description of Plan, Continued

(d) Vesting

Participants are vested immediately in their contributions and Hospital contributions plus actual earnings thereon.

(e) Payment of Benefits

On termination of service due to death, disability, retirement or other reasons, a participant will receive a lump-sum distribution equal to the value of the participant's vested interest in his or her account. Participants with balances that exceed \$5,000 may defer receiving a lump-sum distribution upon termination until a distribution is required to be made.

(f) Forfeited Accounts

Forfeitures are utilized first to reinstate any previously forfeited account balances. Any remaining forfeitures shall be used to reduce the Hospital's matching and non-elective contributions for the Plan year in which the forfeitures occur. Any forfeitures still remaining shall be used for administrative expenses of the Plan. In 2021, Hospital contributions were reduced by \$2,633 from forfeited nonvested accounts.

(2) Summary of Significant Accounting Policies

(a) Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting.

(b) Use of Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

(c) Investment Valuation and Income Recognition

Investments are reported at fair value, except for the fully benefit-responsive investment contracts, which are reported at contract value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's management determines the Plan's valuation policies utilizing information provided by the custodians and investment advisors. See note 3 for discussion of fair value measurements.

LITTLE FALLS HOSPITAL 403(b) RETIREMENT PLAN

Notes to Financial Statements

(2) Summary of Significant Accounting Policies, Continued

(c) Investment Valuation and Income Recognition, Continued

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Net appreciation (depreciation) in fair value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year.

(d) Payment of Benefits

Benefits are recorded when paid.

(e) Expenses

Certain expenses of maintaining the Plan are paid directly by the Hospital and are excluded from these financial statements. Investment related expenses are included in net appreciation (depreciation) in fair value of investments.

(f) Subsequent Events

The Plan has evaluated subsequent events through October 16, 2023, the date the financial statements were available to be issued.

(3) Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

- | | |
|---------|---|
| Level 1 | Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access. |
| Level 2 | Inputs to the valuation methodology include: <ul style="list-style-type: none">- quoted prices for similar assets or liabilities in active markets;- quoted prices for identical or similar assets or liabilities in inactive markets;- inputs other than quoted prices that are observable for the asset or liability;- inputs that are derived principally from or corroborated by observable market data by correlation or other means. |

Notes to Financial Statements

(3) Fair Value Measurements, Continued

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodology used for assets measured at fair value. There have been no changes in the methodology used at December 31, 2022 and 2021:

Pooled separate accounts: Pooled separate accounts are valued at each account's net asset value (NAV) as determined by Nationwide Life Insurance Company and Mutual of America Life Insurance Company as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by each fund less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investments for an amount different than the reported NAV. Participant transactions (purchases and sales) may occur daily.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31:

<u>Assets at Fair Value as of December 31, 2022</u>

(4) Annuity Contracts with Insurance Companies

The Plan maintains fully benefit-responsive annuity contracts with Nationwide Life Insurance Company (Nationwide) and Mutual of America Life Insurance Company (Mutual of America). Nationwide and Mutual of America maintain the contributions in their general accounts. The accounts are credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. Nationwide and Mutual of America are contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan.

These contracts meet the fully benefit-responsive investment contract criteria and, therefore, are reported at contract value. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value, as reported to the Plan by Nationwide and Mutual of America, represents contributions made under the contracts, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

The Plan's ability to receive amounts due is dependent on the issuers' ability to meet their financial obligations. The issuers' ability to meet their contractual obligations may be affected by future economic and regulatory developments.

LITTLE FALLS HOSPITAL 403(b) RETIREMENT PLAN

Notes to Financial Statements

(4) Annuity Contracts with Insurance Companies, Continued

Certain events limit the ability of the Plan to transact at contract value with the issuers. Such events include: (1) amendments to the Plan documents (including complete or partial Plan termination or merger with another plan), (2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the Plan sponsor or other Plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA or (5) premature termination of the contract. No events are probable of occurring that might limit the ability of the Plan to transact at contract value with the contract issuers and that also would limit the ability of the Plan to transact at contract value with the participants.

The annuity contracts do not mature and may be terminated by the issuers or contract holder with proper notice as defined in the contract.

(5) Information Prepared and Certified by the Custodians

Certain information disclosed in the accompanying financial statements and ERISA-required supplementary schedules, including investments held at December 31, 2022 and 2021, and net appreciation (depreciation) in fair value of investments and interest for the years then ended, was obtained by management and agreed to or derived from information certified as complete and accurate by Nationwide Trust Company, FSB and Mutual of America (the custodians of the Plan).

(6) Excluded Custodial Accounts

The Plan has excluded from investments in the accompanying statements of net assets available for benefits certain annuity and custodial accounts issued to current and former employees prior to January 1, 2009, as permitted by the Department of Labor's Field Assistance Bulletin No. 2009-02, *Annual Reporting Requirements for 403(b) Plans*. If the identified contracts, as reported by the custodians, were included, net assets available for benefits would increase by approximately \$423,000 and \$471,000 as of December 31, 2022 and 2021, respectively. Further, investment income (loss) of approximately (\$40,000) and \$36,000 and distributions of approximately \$8,000 and \$8,000 related to such accounts, as identified by the custodians, have also been excluded in the accompanying statements of changes in net assets available for benefits for the years ended December 31, 2022 and 2021, respectively. Accounting principles generally accepted in the United States of America require that these accounts and the related income and distributions be included in the accompanying financial statements.

Notes to Financial Statements

(7) Plan Termination

Although it has not expressed any intent to do so, the Hospital has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA.

(8) Tax Status

The Plan and trust have been established using a volume submitter plan designed and maintained by the Plan's third-party administrator. The IRS has determined and informed the volume submitter sponsor by a letter dated March 31, 2017, that the volume submitter plan and related trust are designed in accordance with applicable sections of the IRC. The Plan has been amended since receiving the determination letter. However, the Plan administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan administrator believes it is no longer subject to income tax examinations for years prior to 2019.

(9) Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

(10) Party-in-Interest Transactions

Certain Plan investments are managed by Nationwide Trust Company, FSB and Mutual of America. The parties previously named are the custodians as defined by the Plan and, therefore, these transactions qualify as party-in-interest transactions.
