VANGUARD EMS RETIREMENT SAVINGS PLAN

INDEPENDENT AUDITOR'S REPORT

To the Plan Trustee
Vanguard EMS Retirement Savings Plan
Beaverton, OR

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Vanguard EMS Retirement Savings Plan ("the Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statement of assets available for benefits as of December 31, 2022 and 2021, and the related statement of changes in assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of December 31, 2022 and 2021 and for the years then ended, stating that the certified investment information, as described in note 6 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (“GAAS”). Our responsibilities under those standards are further described in the Auditor’s Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management’s election of the ERISA Section 103(a)(3)(C) audit does not affect management’s responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan’s ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan’s transactions that are presented and disclosed in the financial statements are in conformity with the plan’s provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor’s Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor’s report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan’s internal control. Accordingly, no such opinion is expressed.

- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedule Required by ERISA

The supplemental schedule of assets (held at end of year) is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. In our opinion:

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

1. **DESCRIPTION OF THE PLAN:**

The following description of the Vanguard EMS Retirement Savings Plan ("the Plan") provides only general information. Participants should refer to the Summary Plan Description and/or the Plan Adoption Agreement for a more comprehensive description of the Plan's provisions.

General:

The Plan is a defined contribution retirement plan covering all full-time employees of Vanguard EMS, Inc. (the "employer" and "plan sponsor") who have completed two consecutive months of service, are age eighteen or older, are not covered by a collective bargaining agreement and are not a non-resident alien or temporary employee. The Plan is subject to the provisions of the *Employee Retirement Income Security Act of 1974* ("ERISA") and is administered by a plan trustee appointed by the plan sponsor.

Contributions:

Participants:

Elective Contributions – Participants may elect to contribute pre-tax or after-tax compensation (up to the annual limit specified by the Internal Revenue Service) which the employer contributes to the Plan for the participant's account. The annual limit specified by the Internal Revenue Service was \$20,500 and \$19,500 (\$27,000 and \$26,000 for participants age 50 or older) for the years ended December 31, 2022 and 2021, respectively.

Rollover Contributions - Participants may also contribute distributions from individual retirement accounts and other qualified retirement plans.

Employer:

Matching contributions – the employer may make discretionary matching contributions based on participant elective contributions. The employer matched 25% of each participant's elective contributions up to 3% of their eligible compensation (i.e., a maximum contribution of 0.75% of each participant's eligible compensation). Matching contributions totaled \$51,998 and \$52,743 for the years ended December 31, 2022 and 2021, respectively.

Non-matching contributions – the employer may also make discretionary non-matching contributions to the Plan. Participants must be employed on the last day of the year to receive non-matching contributions. The employer made no discretionary non-matching contributions for either of the years ended December 31, 2022 or 2021.

Funding Policy:

Participant elective contributions and employer matching contributions are funded within two days of each pay period. Employer non-matching contributions (if any) are funded annually by the extended due date of the employer's income tax return.

1. **DESCRIPTION OF THE PLAN**, Continued:

Vesting:

Participants are 100% vested in their elective contributions, rollovers and earnings thereon. Participants become 100% vested in their share of employer contributions (and earnings thereon) over four years of continuous service. Participants also become 100% vested at age 65 or upon death or permanent disability.

Participant Accounts:

Participant accounts are credited with elective contributions, rollover contributions, employer contributions, allocations of investment income and (when directed by trustee) terminated participants' non-vested account forfeitures. Participant accounts are charged with allocations of investment losses and administrative expenses paid by the Plan (note 9).

Participants direct their account balances into various investment options offered by the Plan. The Plan currently offers 36 mutual funds and a group annuity contract (Transamerica Stable Value Fund, note 8) as investment options.

Notes Receivable from Participants:

Participants may borrow up to 50% of their vested account balance (minimum of \$1,000 and a maximum of \$50,000). Loans are secured by the participant's account balance and are repaid through payroll deductions. Principal and interest are amortized over 12 to 60 months (up to 360 months for loans used to purchase a principal residence). Loans bear interest at a commercially reasonable rate determined by the plan administrator.

Payment of Benefits:

Normal retirement age under the Plan is 65. Upon termination of service due to retirement, death or disability, participants with account balances greater than \$5,000 can elect to receive a lump-sum distribution of their account balance, or equal installments over a period based on the life expectancy of the participant or designated beneficiary. Participants with account balance less than \$5,000 will receive a lump-sum distribution of their vested account balance.

Upon termination of service due to other reasons, participants will receive a lump-sum distribution if their vested account balance is less than \$5,000. Participants with vested account balances greater than \$5,000 can elect to remain in the Plan until they reach age 70½, at which time they must take "required minimum distributions" over their life expectancy.

Participants can elect to take in-service distributions from their accounts upon reaching 59½. If a participant has a "financial hardship" (as that term is defined by the Internal Revenue Service guidelines), the participant can withdraw from their participant account, up to the amount needed to satisfy the hardship, regardless of age.

1. **DESCRIPTION OF THE PLAN**, Continued:

Participant Forfeitures:

Forfeitures from terminated participants' non-vested accounts may be used to pay plan expenses, reduce employer contributions or may be allocated among the individual accounts of qualifying participants based on the ratio of each participants' matching contribution to the total employer matching contribution. No forfeitures were utilized for the year ended December 31, 2022 or 2021. Unallocated forfeitures totaled \$33,174 and \$17,628 at December 31, 2022 and 2021, respectively.

Tax Status:

In April 2014 the Internal Revenue Service informed Transamerica (the plan custodian and service provider) that the Plan and related trust were designed in accordance with applicable sections of the Internal Revenue Code ("IRC"). The Plan has since been restated; however, the Plan trustee and Transamerica believe the restated Plan is operating in compliance with applicable IRC requirements.

The Plan does not enter into transactions or take uncertain positions that would require adjustment to or disclosure in the financial statements under FASB ASC 740, *Income Taxes*.

2. **SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES:**

Basis of Accounting:

The Plan's financial statements are prepared on the accrual basis of accounting, except as follows:

- Benefits paid to participants and fees incurred are recorded when paid. Distributions requested and fees incurred but not yet paid were not significant at either December 31, 2022 or 2021.
- Interest income (from Stable Value Funds, note 8) and dividend income are recorded when received. Unrecorded interest and dividend income was not significant at either December 31, 2022 or 2021.

Notes receivable from participants are stated at their unpaid principal balance (i.e., including accrued but unpaid interest).

Investments are reported at fair value, except for the fully benefit-responsive investment contract (Transamerica Stable Value Option Fund, note 8) which is reported at contract value. Fair value is the price that would be received in an orderly transaction between market participants at the measurement date.

Purchases and sales of investments are recorded on their trade date. The net appreciation (depreciation) in the fair value of plan investments includes gains and losses on investments sold during the year, as well as those held at the end of the year.

Reclassifications:

Certain amount reported in the 2021 financial statements have been reclassified to conform to 2022 presentation. These reclassifications had no effect on the previously reported 2021 change in assets available for benefits.

2. **SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES**, Continued:

Use of Estimates:

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the plan trustee and the plan service provider to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

Subsequent Events:

Subsequent events that could affect the Plan's financial statements and related disclosures have been evaluated through October 4, 2023, the date the financial statements were available for distribution.

3. **ADMINISTRATION OF PLAN ASSETS:**

The Plan's investments are held by Transamerica (the plan custodian and service provider) and are managed by the plan trustee. Administrative functions are performed by Transamerica, as well as certain officers of the plan sponsor (including the plan trustee). While these officers receive no compensation from the Plan, they participate in the Plan and are entitled to plan benefits.

Certain administrative expenses (e.g., investment advisory and loan documentation fees) are paid by the Plan, whereas other expenses (e.g., audited financial statements) are paid directly by the plan sponsor. Administrative expenses paid by the Plan are generally allocated proportionately based on each participant's account balance; however, certain expenses (e.g., participant loan fees) are charged directly to the participant's account.

All administrative expenses paid by the Plan are reported as administrative expenses on the accompanying statement of changes in assets available for benefits. Certain investment expenses paid through revenue sharing and similar agreements are included in net appreciation (depreciation) in fair value of investments.

4. **RISKS AND UNCERTAINTIES:**

The Plan's investments are exposed to interest rate, market and credit risks. Due to the risk level associated with certain investment securities, it is at least reasonably possible that valuation changes will occur in the near term and that such changes could materially affect participant account balances and the amounts reported in the accompanying statement of assets available for benefits.

The Plan is designed to comply with Section 404(c) of ERISA with respect to investment account balances directed by the participants. If the Plan complies with those requirements, the plan sponsor and plan trustee are relieved of legal liability for losses resulting from participant investment decisions.

5. **PLAN TERMINATION:**

Although it has not expressed the intent to do so, the plan sponsor has the right to discontinue its contributions at any time and terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants will become 100% vested in their account balances.

VANGUARD EMS RETIREMENT SAVINGS PLAN
NOTES TO FINANCIAL STATEMENTS, Continued
(See Independent Auditor's Report)

6. **INFORMATION PREPARED AND CERTIFIED BY THE PLAN CUSTODIAN AND SERVICE PROVIDER:**

The plan trustee has elected the method of compliance permitted by ERISA Section 103(a)(c)(3) pursuant to 29 CFR 2520.103-8 in the Department of Labor's *Rules and Regulations for Reporting and Disclosure under ERISA*. As such, the information with respect to investments and investment valuation at December 31, 2022 and 2021, and investment income and other transactions during the years then ended, has not been audited. Information contained in the accompanying financial statements and supplemental schedule which has been certified by Transamerica includes investments, investment income, notes receivable from participants and related interest income.

7. **FAIR VALUE MEASUREMENTS:**

FASB ASC 820, *Fair Value Measurements and Disclosures* establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are as follows:

Level 1:

Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2:

Inputs to the valuation methodology include quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in inactive markets; inputs other than quoted prices that are observable for the asset or liability; and inputs that are derived principally from or corroborated by observable market data by correlation or other means.

Level 3:

Inputs to the valuation methodology are unobservable but are significant to the fair value measurement.

An asset's fair value measurement level within the fair value hierarchy is based on the lowest level of input that is significant to the fair value measurement. Valuation techniques must maximize the use of observable inputs and minimize the use of unobservable inputs.

The Plan's investments measured at fair value consist of mutual fund accounts valued by Transamerica based on unadjusted quoted prices in active markets at the end of the year (Level 1). The Plan's investments in mutual fund accounts totaled \$6,992,233 and \$8,707,027 at December 31, 2022 and 2021, respectively.

The methods described above could produce fair value calculations that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the plan custodian and plan trustee believe the valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement.

VANGUARD EMS RETIREMENT SAVINGS PLAN
NOTES TO FINANCIAL STATEMENTS, Continued
(See Independent Auditor's Report)

8. **TRANSAMERICA STABLE VALUE FUND:**

The Transamerica Stable Value Fund (the "Fund") is a group annuity contract issued by Transamerica Life Insurance Company ("Transamerica"). The Fund is a fully benefit-responsive investment contract and is presented in the accompanying statement of assets available for benefits at contract value. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount that would be received by participants if they were to initiate permitted transactions under the terms of the Plan. The contract value provided by Transamerica reflects contributions, plus earnings on the underlying investments, less participant withdrawals and administrative expenses. The Plan's investment in the fund totaled \$749,434 and \$643,251 at December 31, 2022 and 2021, respectively.

Transamerica maintains the Plan's contributions in its general account. Transamerica currently has an "A1" insurance financial strength rating (which is defined as "good financial security") from Moody's Investors Service. Consequently, the plan trustee does not believe a valuation reserve for credit risk is necessary.

Participants direct withdrawals or transfers (of all or a portion of their investments) at contract value; however, certain events can limit the Plan's ability to transact with the Fund at contract value. Such events may include (but are not limited to) the following: plan administration amendments or changes, a plan merger or consolidation, group terminations or layoffs, implementation of an early retirement program, plan termination or partial termination, plan failure to meet certain tax qualifications, participant communications that are designed to influence participants not to invest in the fund, transfers to competing investment options without meeting the equity wash provisions of the fund, and plan sponsor redemptions without appropriate notice.

In addition, certain events may permit the issuer to terminate the contract with the Plan and settle at amounts different from contract value. Such events may include (but are not limited to) the following: an uncured violation of the Plan's investment guidelines, a breach of material obligation under the contract, a material misrepresentation, or a material amendment to the agreement without the consent of the issuer.

The plan trustee does not believe that any events which would limit the Plan's ability to transact at contract value are probable of occurring.

9. **"PARTY-IN-INTEREST" TRANSACTIONS:**

Transamerica provides administrative, investment advisory and custodial services to the Plan. These services are considered "party-in-interest" transactions under the provisions of ERISA. Amounts charged to participant accounts for these services totaled \$61,567 and \$65,424 for the years ended December 31, 2022 and 2021, respectively.

Certain investment expenses incurred by the Plan are included in net appreciation in fair value of investments, as they are paid indirectly through revenue sharing and similar agreements, rather than a direct payment.
