Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Central Concrete Supermix, Inc. Employees 401(K) and Retirement Savings Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2022 and 2021, and the related statement of changes in net assets available for benefits for the year ended December 31, 2022, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of Central Concrete Supermix, Inc. Employees 401(k) and Retirement Savings Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (Investment Information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (Qualified Institution).

Management has obtained certifications from a qualified institution as of December 31, 2022 and 2021, and for the year ended December 31, 2022, stating that the certified investment information, as described in Note L to the financial statements, is complete and accurate.

Qualified Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Qualified Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Central Concrete Supermix, Inc. Employees 401(K) and Retirement Savings Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Central Concrete Supermix, Inc. Employees 401(k) and Retirement Savings Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists.

The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.

Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgement made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Central Concrete Supermix, Inc. Employees 401(k) and Retirement Savings Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgement, there are conditions or events, considered in the aggregate, that raise substantial doubt about Central Concrete Supermix, Inc. Employees 401(k) and Retirement Savings Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter - Supplemental Schedule Required by ERISA

The supplemental schedule of Assets Held for Investment at End of Year as of December 31, 2022 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion, on Schedule of Assets Held for Investment at End of Year

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Note A – Description of Plan

The following description of the Central Concrete Supermix, Inc. (“Company”) Employees 401(k) and Retirement Savings Plan (“Plan”) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan’s provisions.

1. *General.* The Plan is a defined contribution plan covering all employees of the Company who have attained the age of 18 and completed 6 months of service. The Plan is subject to the provisions of ERISA. The Board of Trustees is responsible for oversight of the Plan. The Investment Committee determines the appropriateness of the Plan’s investment offerings, monitors investment performance and reports to the Plan’s Board of Trustees.
2. *Contributions.* Each year, participants may contribute up to 90% of annual compensation, as defined in the Plan, subject to a dollar limit which is set by law. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollover). Participants direct the investment of their contributions into various investment options offered by the Plan. The Plan includes an auto-enrollment provision whereby all newly eligible employees are automatically enrolled in the Plan unless they affirmatively elect not to participate in the Plan. Automatically enrolled participants have their deferral rate set at 2% of eligible compensation and their contributions invested in a designated balanced fund until changed by the participant. The employer may make a discretionary matching contribution to the Plan, it currently contributes 25% of the first 6% of base compensation that a participant contributes to the Plan. Contributions are subject to certain IRS limitations.
3. *Participant Accounts.* Each participant’s account is credited with the participant’s contributions and Company matching contributions, as well as allocations of Plan earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant’s vested account.
4. *Vesting.* Participants are vested immediately in their contributions plus actual earnings thereon. Vesting in the Company’s contribution portion of their accounts is based on years of continuous service. To earn a year of service, the participant must be credited with at least 1,000 hours of service during the Plan year. A participant is 100% vested upon reaching four years of credited service. A 100% vesting applies as a result of death, disability and normal retirement age. Vesting percentages based on years of service are as follows;

Years of Service	Less than 1	1	2	3	4
Vested %	0%	40%	60%	80%	100%
5. *Notes Receivable from Participants.* Participants may borrow the lesser of \$50,000 reduced by the excess, if any, of the participant’s highest outstanding balance of loans from the Plan during the one-year period ending on the day before the date of the new loan over the participant’s current outstanding balance of loans as of the date of the new loan, or ½ of the participant’s vested interest in the Plan. No loan in an amount less than \$1,000 will be made. The maximum number of Plan loans that a participant may have outstanding at any one time is 5. The loans are secured by the balance in the participant’s account.

A – Description of Plan (continued)

5. *Notes Receivable from Participants (continued).* The participant will be charged an interest rate equal to 1% above the prime rate. The interest rate will be fixed for the duration of the loan.
6. *Payment of Benefits.* In-service withdrawals: Hardship withdrawals of employee deferral accounts only. Forms of distribution: Lump sum. Post-separation withdrawals:
 1. As soon as practicable after death, disability or Normal Retirement Age (NRA).
 2. As soon as practicable after employee terminates.
 3. Distributions are paid throughout the year.
7. *Forfeited Accounts.* At December 31, 2022 and 2021, forfeited nonvested accounts totaled \$1,038 and \$3,538, respectively. These accounts will be used to reduce future employer contributions. Also, in 2022, employer contributions were reduced by the forfeited nonvested accounts.
8. *Definition of Compensation.* Compensation that is subject to income tax and paid during the Plan year, including overtime and deferrals under Sections 401(k), 125 and 403(b) and excluding bonuses. Compensation for a new participant is recognized as of the first day of the plan year.
9. *Retirement Age and the Start of Benefits.* A participant's normal retirement age is the first of the month coincident with or next following the attainment of age 59½.
10. *Entry Dates.* The Plan's entry dates for open enrollment are on the first of the month following meeting eligibility requirements.

B – Summary of Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value (except for fully benefit-responsive investment contracts, which are reported at contract value, when applicable). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Investment Committee determines the Plan's valuation policies utilizing information provided by the investment advisers, custodians and insurance company. See Fair Value Measurements footnote for discussion of fair value measurements.

B – Summary of Accounting Policies (continued)

Investment Valuation and Income Recognition (continued)

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2022 or 2021.

Excess Contributions Payable

Amounts payable to participants for contributions in excess of amounts allowed by the IRS are recorded as a liability with a corresponding reduction to contributions. The Plan distributes the current year excess contributions to the applicable participants prior to March 15th, when applicable.

Payment of Benefits

Benefits are recorded when paid.

Expenses

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation of fair value of investments.

Subsequent Events

The Plan has evaluated subsequent events through **October 2, 2023**, the date the financial statements were available to be issued.

Effective for Plan year commencing January 27, 2023 the Plan changed to a new record keeper, trustee, and custodian and adopted a new Plan document. The new Plan document adds Roth deferrals to the contribution types offered by the Plan.

C – Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

C – Fair Value Measurements (continued)

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2022 and 2021.

Common Stocks: Valued at the closing price reported on the active markets on which the individual securities are traded.

Corporate Bonds: Valued using pricing models maximizing the use of observable inputs for similar securities. This includes basing value on yields currently available on comparable securities of issuers with similar credit ratings.

Mutual Funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the SEC. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

U.S. Government Securities: Valued using pricing models maximizing the use of observable inputs for similar securities.

C – Fair Value Measurements (continued)

The following table sets forth, by level within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2022 and 2021:

State St S&P 500 IDX IX				<u>217,445</u>
				<u>\$ 6,413,927</u>

Gains and losses included in changes in net assets available for benefits for the years ended December 31, 2022 and 2021 are reported as net appreciation (depreciation) in fair value of investments.

The Plan's policy is to recognize transfers between Levels 1 and 2 and into and out of Level 3 as of the date of the event or change in circumstances that caused the transfer. For the year ended December 31, 2022, there were no significant transfers between Levels 1 and 2 and no transfers into or out of Level 3.

D – Nonparticipant-Directed Investments

Information about the net assets and the significant components of the changes in net assets relating to the nonparticipant-directed investments is not required in these financial statements as all Plan investments are participant directed.

E – Investments in Common/Collective Trusts

Through a Collective Investment Trust (CIT), participating plan contributions are deposited into a Group Annuity Contract issued by MetLife, a guaranteed investment contract. The Contract simulates the performance of a guaranteed investment contract through the guarantee of a specific interest rate and a portfolio of financial instruments that are owned by MetLife. The participating plan's assets are the unit ownership interests in the Contract. The Contract provides that the Trust execute transactions at contract value. MetLife guarantees the contract value, which represents contributions, plus interest, less participant-initiated withdrawals or transfers. This is the Contract's guaranteed value. The Contract's fair value equals the Contract's proportionate share of the fair value of the separate accounts.

E – Investments in Common/Collective Trusts (continued)

A participating plan's fair value in each contract equals the Contract's fair value times the ratio of the plan's guaranteed value to the respective Contract's guaranteed value. If a participating plan terminates participation in the Trust, the lesser of the guaranteed value or the fair value will be received. Defined contribution plans can invest in fully benefit-responsive contracts either directly or indirectly through common/collective trusts (CCTs) or pooled separate accounts (PSAs).

Professional standards state that contract value is the relevant measure for the portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts. Professional standards also state that fully benefit-responsive investment contracts are limited to direct investments between the plan and the issuer.

Plans holding fully benefit-responsive investment contracts through beneficial ownership of common collective trusts or pooled separate accounts are not considered fully benefit-responsive investment contracts and the plan's investments in the CCT are not considered fully-benefit responsive investment contracts and should be reported at fair value. The Contract is reported at fair value determined using level 2 inputs.

The Plan also invests in the State Street S&P 500 Index IX Fund, a Collective Investment Fund measured at fair value using the net asset value per unit practical expedient and accordingly has not been classified in the fair value hierarchy. The fair value total amount presented for the aforementioned category in the table above is intended to permit reconciliation of the fair value hierarchy to the amounts presented in the Statements of Net Assets Available for Benefits.

Net investment income (loss) per unit is calculated based upon an average of daily units outstanding. The calculation is based on the value of a single unit of participation outstanding throughout the year. It represents the percentage change in the net asset value per unit between the beginning and end of the year. The Calculation include only those expenses charged directly to the Class. The result may be reduced by any administrative or other fees which are incurred in the management or maintenance of the individual participant accounts. Calculation include only those expenses charged directly to the Fund and do not include expenses charged to the funds in which the Fund invests.

The Fund seeks an investment return that approximates as closely as practical, before expenses, the performance of the S&P 500 (the "Index") over the long term. The Fund is managed using a "passive" or "indexing" investment approach by which State Street Global Advisors Trust Company ("SSGA") attempts to match, before expenses, the performance of the Index. SSGA will typically attempt to invest in securities comprising the Index in similar proportions as held in the Index. SSGA will not hold each security in Index because of the small size and low liquidity of securities at the tail of Index. As such SSGA may employ sampling or optimization techniques to construct Fund.

The Plan's ability to receive amounts due is dependent on the issuer's ability to meet its financial obligations. The issuer's ability to meet its contractual obligations may be affected by future economic and regulatory developments.

E – Investments in Common Collective Trusts (continued)

Investments Measured Using the Net Asset Value per Share Practical Expedient

The following table summarizes the investments for which fair value is measured using the net asset value per share practical expedient as of December 31, 2022 and 2021. There are no participant redemption restrictions for these investments; the redemption notice period is applicable only to the Plan.

<u>December 31, 2022</u>	<u>Fair Value</u>	<u>Unfunded Commitments</u>	<u>Redemption Frequency (if currently eligible)</u>	<u>Redemption Notice Period</u>
State Street S&P 500 Index IX	\$ 171,991	N/A	Daily	Daily
<u>December 31, 2021</u>	<u>Fair Value</u>	<u>Unfunded Commitments</u>	<u>Redemption Frequency (if currently eligible)</u>	<u>Redemption Notice Period</u>
State Street S&P 500 Index IX	\$ 217,445	N/A	Daily	Daily

F – Related-Party Transactions and Party in Interest Transactions

Certain Plan investments are managed by Reliance Trust Company, an FIS Company. Reliance Trust Company is the trustee and record keeper for the Plan and, therefore, these transactions qualify as party in interest transactions.

Fees paid by the Plan amounted to \$39,447 as reflected in the Statement of Changes in Net Assets Available for Benefits for the year ended December 31, 2022.

All of these party in interest transactions are exempt from the prohibited transaction rules of ERISA.

G – Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their employer contributions.

H – Tax Status

The Plan sponsor has adopted the ADP, LLC Prototype Non-standardized Profit Sharing Plan. ADP, LLC has been informed by the Internal Revenue Service by letter dated April 2, 2012 that the form of the plan identified above is acceptable under section 401 of the Internal Revenue Code for use by employers for the benefit of their employees.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the plan and recognize a tax liability if the plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Notes to Financial Statements

I – Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

J – Reconciliation of Financial Statements to Form 5500

The following is a reconciliation of net assets available for benefits per the financial statements at December 31, 2022 and 2021 to Form 5500:

	<u>2022</u>	<u>2021</u>
Net assets available for benefits per the financial statements	\$ 6,399,089	\$ 6,781,011
Amounts allocated to withdrawing participants	-	-
Net assets available for benefits per the Form 5500	<u>\$ 6,399,089</u>	<u>\$ 6,781,011</u>

The following is a reconciliation of benefits paid to participants per the financial statements for the year ended December 31, 2022 to Form 5500:

Benefits paid to participants per the financial statements	\$ 723,407
Add: Amounts allocated to withdrawing participants at December 31, 2022	-
Less: Amounts allocated to withdrawing participants at December 31, 2021	(-)
Benefits paid to participants per Form 5500	<u>\$ 723,407</u>

Amounts allocated to withdrawing participants are recorded on the Form 5500 for benefit claims that have been processed and approved for payment prior to year-end, but not yet paid as of that date.

K – Changes in Classification

The financial statements may include changes in classification made to previously issued financial statements to conform to the current year presentation.

L – Certified Investments

The Plan administrator has elected to restrict the audit with respect to assets held and transactions executed by certain qualifying institutions, as permitted by Title 29 U.S. Code of Federal Regulations (CFR) Part 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. Certain information related to investments disclosed in the accompanying financial statements and supplemental schedule, including investments held at December 31, 2022 and 2021, and net appreciation (depreciation) in fair value of investments, interest and dividends for the year ended December 31, 2022, was obtained or derived from information supplied to the plan administrator and certified as complete and accurate by Reliance Trust Company, an FIS Company (the trustee of the Plan).
