Dear friends,

This letter accompanies our completed Form 5500 for the Fiscal Year Beginning February 1, 2021 and Ending December 31, 2021. National Indoor RV Centers (NIRVC) has been managed by a Professional Employer Organization (PEO) since its inception in 2009. The PEO ensured the timely completion of the required audits and filings of Form 5500 in past years. We terminated our relationship with the PEO December 31, 2020. The PEO completed the required filing for Form 5500 up to the termination of the Benefit Plan with them which was January 31, 2021. It was brought to my attention on September 27, 2022, that NIRVC is required to file externally audited financial statements for the newly created Benefit Plan accompanying Form 5500 by the filing deadline of October 15, 2022, for the stub period February 1, 2021, through December 31, 2021.

Prior to the 27th of September this requirement was not monitored or known by me due to the process of the audits and filings of Form 5500 being managed though the PEO. I immediately engaged an external firm, Cornwell Jackson, to complete the audit and assist with the filing of Form 5500. The audit is not complete as of the deadline for filing. Upon my review of the Form 5500, I do not anticipate any issues arising from the audit and will file an amendment upon completion of the audit to include the audited statements and opinion.

As this is our first year to independently file audited statements with our Form 5500 without the aid of a PEO, we ask as an organization that you accept our Form 5500 as filed by the October 15, 2022 deadline along with our commitment to you to that we will immediately file upon completion, our audited statements. We further ask that you waive any penalties or interest that may be assessed because of not filing the audited statements with the original Form 5500.

Thank you for your consideration.

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed an audit of the financial statements of National Indoor RV Centers 401(k) Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statement of net assets available for benefits as of December 31, 2021, and the related statement of changes in net assets available for benefits for the period from February 1, 2021 (plan inception) to December 31, 2021, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of National Indoor RV Centers 401(k) Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of December 31, 2021 and for the period from February 1, 2021 to December 31, 2021, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section—

- the amounts and disclosures in the financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audit in accordance with auditing standards generally accepted in the United States of America ("GAAS"). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of National Indoor RV Centers 401(k) Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about National Indoor RV Centers 401(k) Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of National Indoor RV Centers 401(k) Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about National Indoor RV Centers 401(k) Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.
Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter—Supplemental Schedules Required by ERISA
The supplemental schedules, including the Schedule H, Line 4i— Schedule of Assets (Held at End of Year) as of December 31, 2021, and the Schedule H, Line 4a— Schedule of Delinquent Participant Contributions for the period from February 1, 2021 to December 31, 2021, are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

NOTES TO FINANCIAL STATEMENTS
As of December 31, 2021 and for the Period from February 1, 2021 to December 31, 2021

1. Description of Plan

The following description of the National Indoor RV Centers 401(k) Plan ("the Plan") provides only general information. Participants should refer to the plan agreement for a more complete description of the Plan's provisions.

General
The Plan is a defined contribution retirement plan sponsored by National Indoor RV Centers, LLC ("the Company" or "Plan Sponsor") for the benefit of its employees. The Plan was established on February 1, 2021. The Plan is subject to the provisions of the Employee Retirement Income Security Act ("ERISA") of 1974.

SECURE Act
On December 20, 2019, the Setting Every Community Up for Retirement Enhancement ("SECURE") Act of 2019 was signed into law. Applicable provisions of the SECURE Act effective January 1, 2021, include eligibility for long-term part-time employees.

Transfer In
Effective February 1, 2021, in conjunction with a Plan spinoff, participants of a Multiple Employer Plan ("MEP") sponsored by Insperity, Inc., were transferred into the newly formed National Indoor RV Centers 401(k) Plan. These participants' balances, which were composed of assets and loans totaling $2,357,604, were transferred, on February 24, 2021, into the Plan. This transaction is reflected as "Transfer in" on the Statement of Changes in Net Assets Available for Benefits.

Eligibility
Employees who have attained the age of 21 and have completed three months of service are eligible to participate in the Plan. Employees may begin participating in the Plan immediately following their completion of the service requirement. Employees covered by a collective bargaining agreement, leased employees, and nonresident aliens are not eligible to participate in the Plan.

Contributions
Participants may elect to contribute up to 80% of their annual compensation, as defined by the Plan, subject to Internal Revenue Service ("IRS") limitations. Participants are permitted to contribute pre-tax or after-tax "Roth" contributions into the Plan. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other defined benefit or defined contribution plans. Participants direct the investment of their contributions into various investment options offered by the Plan. Newly eligible participants of the Plan and active participants without a deferral election on file, as of February 1, 2021, are automatically enrolled at a pre-tax deferral rate of 5%, unless a participant makes an affirmative election to the contrary.

The Plan also provides for a discretionary employer matching contribution and nonelective employer contribution that the Company may elect to contribute each year, for all eligible participants. No such contributions were made during the period from February 1, 2021 to December 31, 2021.

NOTES TO FINANCIAL STATEMENTS
As of December 31, 2021 and for the Period from February 1, 2021 to December 31, 2021

1. Description of Plan (continued)

Participant Accounts
Each participant's account is credited with the participant's contributions and any Company contributions. Earnings and losses are credited to each participants' account based on the performance of the underlying investments. Contributions and earnings are allocated among investment options, which include various mutual funds and a common collective trust fund, as selected by the participant.

Vesting
Participants are immediately vested in their voluntary contributions (including rollovers) plus any earnings thereon. Participants are immediately 100% vested in all Company contributions.

Investment Options
Participants direct both employee and employer contributions to be invested amongst various investment options as made available and determined by the plan administrator, which are more fully described in the Plan literature.

Notes Receivable from Participants
Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50 percent of their account balance. Participants may not have more than one loan outstanding at any time. Loans are secured by the balance in the participant's account and bear interest at a rate of Prime plus 1% at the time of inception. Principal and interest is paid ratably through payroll deductions. Upon separation with the Company, participants with account balances less than $5,000 are subject to an automatic cash-out provision whereby their vested account balance is distributed directly as a lump-sum distribution without their consent into an individual retirement account. The Plan further stipulates that balances less then $1,000 are to be automatically paid to the participant, without their consent.

Payment of Benefits
Upon termination of service due to death, disability, retirement or termination of employment, a participant may elect to receive a lump-sum distribution or a direct rollover distribution. A participant may withdraw part of the vested interest in his or her account upon attainment of age 59 ½, subject to Plan provisions.

2. Summary of Significant Accounting Policies

Basis of Accounting
The financial statements of the Plan are prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America ("GAAP").

Use of Estimates
The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires Plan management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

2. Summary of Significant Accounting Policies (continued)

Investment Valuation and Income Recognition
Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability (an exit price) in an orderly transaction between market participants at the measurement date. The Plan Sponsor determines the Plan's valuation policies utilizing information provided by the investment advisers and the trustee or custodian. Refer to Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants
Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2021. If a participant ceases to make loan repayments and the plan administrator deems the participant loan to be in default, the participant loan balance is reduced, and a benefit payment is recorded.

Administrative Expenses
The Company pays certain administrative expenses incurred by the Plan. Certain investment and administration fees are deducted directly from participant's investment returns. Transaction costs borne by the Plan are charged to the individual participant who initiated the transaction to which the charge relates by reducing the participant's account balance.

Benefit Payments
Benefits are recorded when paid.

Subsequent Events
Subsequent events have been evaluated through the date of the report of independent auditors, which is the date these financial statements were available to be issued. Other than the matters disclosed in Note 11, there were no material subsequent events that required recognition or additional disclosure in these financial statements.

3. Information Certified by the Trustee (unaudited)

Certain information related to investments and notes receivable from participants disclosed in the accompanying financial statements and ERISA-required supplementary information, including investments and notes receivable from participants held at December 31, 2021, and net appreciation (depreciation) in fair value of investments and interest and dividends for the period from February 1, 2021 to December 31, 2021, was obtained by management and agreed to or derived from information certified as complete and accurate by Fidelity Trust Company, the Trustee of the Plan.

4. Fair Value Measurements

The fair value hierarchy prioritizes the inputs used to measure fair value, giving the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements).

The three levels of the fair value hierarchy under FASB accounting guidance are described below:

Level 1 — Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 — Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 — Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2021.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value ("NAV") and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Common collective trust funds: The Plan invests in the Putnam Stable Value Fund and is measured at NAV. The NAV, as provided by the trustee, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund, less its liabilities. The practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different from the reported NAV.

4. Fair Value Measurements (continued)

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2021:

	Level 1	Level 2	Level 3	Total
Mutual funds	$ 3,674,242	$ -	$ -	$ 3,674,242
Total investments, at fair value	3,674,242	-	-	3,674,242
Investments measured at NAV(a):				5,207
Total Investments				$ 3,679,449

(a) In accordance with Subtopic 820-10, certain investments that were measured at net asset value per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statement of net assets available for benefits.

The following table summarizes investments for which fair value is measured using the net asset value per share practical expedient. There are no participant redemption restrictions for these investments; the redemption notice period is applicable only to the Plan.

As of December 31, 2021:

Investment	Fair Value	Unfunded Commitments	Redemption Frequency (If Currently Eligible)	Redemption Notice Period
Common collective trust	$5,207	N/A	Daily	N/A

5. Related-Party and Party in Interest Transactions

Fees incurred by the Plan for the investment management services are included in net appreciation (depreciation) in fair value of the investment, as they are paid through revenue sharing, rather than a direct payment. The plan also made direct payments to the recordkeeper totaling $28,311. These costs incurred by the Plan are included in administrative expenses on the statement of changes in net assets available for benefits. The Plan Sponsor pays directly any other fees related to the Plan's operations.

6. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100 percent vested in their employer contributions.

7. Income Tax Status

Effective February 1, 2021, the Plan adopted a volume submitter profit sharing plan with cash or deferral arrangement sponsored by Fidelity Management & Research Company ("Fidelity"), which received a favorable opinion letter from the IRS dated June 30, 2020, stating that the Plan, as then designed, was acceptable under Section 401(a) of the Code ("IRC"), and therefore, the related trust is exempt from taxation. The Plan itself has received a determination letter from the IRS and has been amended since receiving the letter. However, Plan management believes the Plan, as adopted and amended, is operating within the guidelines of the IRC. Accordingly, no provision for federal income taxes has been provided in the accompanying financial statements.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the organization has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan remains subject to income tax considerations since the Plan's formation effective February 1, 2021.

8. Risk and Uncertainties

The Plan offers a variety of investment options to participants. These investment options are exposed to various risks, such as interest rate, credit, and overall volatility risk. Due to the level of risk associated with certain investments, and the level of uncertainty related to changes in the value of investment securities, it is at least reasonably possible that changes in the values of investments in the near term could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

On March 11, 2020, the World Health Organization declared the novel strain of coronavirus ("COVID-19") a global pandemic and recommended containment and mitigation measures worldwide. The pandemic and these containment and mitigation measures have led to economic uncertainties which have resulted in significant volatility in the financial markets, impacting some of the investments held by the Plan. The duration of these uncertainties and volatility, and the ultimate financial effects of COVID-19 on the national and global economies and investment markets, cannot be reasonably estimated at this time.

9. Reconciliation of Financial Statements to Form 5500

The following is a reconciliation of net assets available for plan benefits per the financial statements to the Form 5500:

As of December 31,		**2021**
Net assets available for benefits per the financial statements	**$**	**3,767,438**
Less: current year employee receivable		**(22,335)**
Net assets available for benefits per Form 5500	**$**	**3,745,103**

9. Reconciliation of Financial Statements to Form 5500 (continued)

The following is a reconciliation of the net increase in net assets available for benefits per the financial statements to the Form 5500:

For the Period from February 1, 2021 to December 31,		**2021**
Net change per the financial statements	**$**	**1,409,834**
Less: current year employee receivable		**(22,335)**
Net change per the Form 5500	**$**	**1,387,499**

10. Administrative Failure

Delinquent Participant Contributions
During the period from February 1, 2021 to December 31, 2021, the Company failed to remit certain participant contributions to the Plan within the time frame required by the Department of Labor's Regulation 29 CFR 2510.3-102, thus constituting a non-exempt (prohibited) transaction between the Plan and the Company. Delinquent remittances of participant contributions, including loan repayments amounted to $370,270. The delinquent participant contributions were remitted to the Plan during the period from February 1, 2021 to December 31, 2021; however, the Plan Sponsor did not calculate the applicable lost earnings and therefore did not credit participant accounts with any lost earnings, as applicable. The Company has implemented controls to prevent such an error from occurring in the future. Plan management intends to correct this administrative failure by calculating the lost earnings through the IRS Voluntary Fiduciary Correction Program ("VFCP").

11. Subsequent Events

Effective January 19, 2022, the Plan was amended and restated to bring the Plan into compliance with requirements of the 2017 Cumulative List (Notice 2017-237).

Effective June 26, 2022, the Plan was amended to change vesting percentages of nonelective employer contributions and matching employer contributions from participants becoming 100% vested immediately upon eligibility, to participants vesting at a rate of 20% each year after one year of service up to 100% after 5 years. Employees first hired prior to June 26, 2022 continue to be 100% vested in all employer contributions.

Effective January 1, 2023, as part of the SECURE 2.0 Act of 2022, the age requirement for minimum distributions was raised to 73 from 72 for any participant who turns 72 on or after January 1, 2023.

Effective April 17, 2023, the plan was amended to change the age requirement for eligibility from 21 to 18.
