INDEPENDENT AUDITOR'S REPORT

To the Trustee of
Smith Industrial Service, Inc. 401(k) Retirement Investment Plan
Mobile, Alabama

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Smith Industrial Service, Inc. 401(k) Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2022 and 2021, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of Smith Industrial Service, Inc. 401(k) Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from qualified institutions as of and for the years ended December 31, 2022 and 2021, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Smith Industrial Service, Inc. 401(k) Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Smith Industrial Service, Inc. 401(k) Plan's ability to continue as a going concern for one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users made on the basis of these financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Smith Industrial Service, Inc. 401(k) Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Smith Industrial Service, Inc. 401(k) Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter — Supplemental Schedules Required by ERISA

The supplemental schedule of assets held at end of year and schedule of delinquent participant contributions as of December 31, 2022 are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

NOTES TO FINANCIAL STATEMENTS

NOTE 1 - DESCRIPTION OF THE PLAN

The following brief description of the Smith Industrial Service, Inc. 401(k) Plan (the Plan) is provided for general information purposes only. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution 401(k) plan covering substantially all full-time employees of Smith Industrial Service, Inc. (the Company) who have completed the minimum service requirement and are age twenty-one or older. The Plan was amended on March 11, 2022 to change the minimum service requirement from one year of employment to six months of employment. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). Smith Industrial Service, Inc. is the Plan Administrator.

Contributions and Funding

The Plan provides for the following four methods of funding for each participant's account:

i) Elective Contributions

Eligible employees may contribute up to 100 percent of their pre-tax annual compensation, as defined by the Plan, not to exceed the maximum allowed by law. Additionally, those participants who have attained age 50 before the close of the Plan year shall be eligible to make catch-up contributions in amounts subject to the limitations as specified by law. Participants are always 100 percent vested in their elective contributions.

ii) Employer Matching Contributions

The Company may make a matching contribution equal to 50 percent of the deferral that a participant contributes to the Plan, up to six percent of the participant's eligible pay, as defined in the Plan documents. Matching contributions will vest in accordance with the Plan's vesting schedule.

iii) Profit Sharing Contributions

Each year, the Company may elect to contribute a profit sharing contribution. In the event that the Company elects to make a profit sharing contribution, the contribution will be allocated among all eligible employees, whether or not they are contributing to the Plan. Profit sharing contributions will vest in accordance with the Plan's vesting schedule. No profit sharing contributions were made during the years ended December 31, 2022 and 2021.

NOTE 1 - DESCRIPTION OF THE PLAN (continued)

Contributions and Funding (continued)

iv) Rollover Contributions

Employees may transfer amounts to the Plan which were distributed from another tax-qualified retirement plan (rollover). Participants are always 100 percent vested in their rollover contributions and any investment earnings thereon.

Participant Accounts

Each participant's account is credited with the participant's contributions, the Company's matching and profit-sharing contributions, if applicable, and allocations of Plan earnings. Participant accounts are charged with an allocation of administrative expenses. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their contributions and any rollover contributions. Vesting in the Company's matching and discretionary profit-sharing portion of their accounts plus actual earnings thereon is based on years of credited service, as defined by the Plan. A participant is 100 percent vested after six years of credited service. A participant will always be 100 percent vested if employed on or after meeting the normal retirement age of 65, becoming disabled, or upon death.

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50 percent of their entire vested interest in the Plan. Loan terms cannot exceed five years, unless they qualify as a home loan, as defined in the Plan documents. The loans are secured by the balance in the participant's account and are treated as participant directed investments which bear interest at a reasonable rate commensurate with the prevailing interest rate charged on similar loans under like circumstances by persons in the business of lending money. Interest rates were 4.25% - 8.25% for the years ended December 31, 2022 and 2021. Principal and interest are paid ratably through regular payroll deductions.

Payment of Benefits

On termination of service due to death, disability, or retirement, a participant may elect to receive a lump-sum amount equal to the value of the participant's vested interest in his or her account. The normal retirement age is 65. For termination of service due to other reasons, a participant may receive the value of the vested interest in his or her account. Benefits are recorded when paid.

NOTE 1 - DESCRIPTION OF THE PLAN (continued)

Forfeited Accounts

Forfeitures of terminated or withdrawing participants' non-vested Company matching and profit sharing contributions are first used to pay Plan expenses, and then used to reduce future employer contributions, if applicable. At December 31, 2022 and 2021, forfeited non-vested accounts totaled \$17,517 and \$15,048, respectively. During the years ended December 31, 2022 and 2021, forfeitures of \$9,924 and \$7,483, respectively, were used to pay administrative expenses.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The Plan's financial statements are prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan Administrator to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes in those assets and liabilities, and disclosure of contingent assets and liabilities. Accordingly, actual results could differ from those estimates.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when incurred. If a participant ceases to make loan repayments and the Plan Administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded. No allowance for credit losses has been recorded as of December 31, 2022 or 2021.

Investment Valuation and Income Recognition

The Plan's investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 3 for a discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividend income is recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

Payment of Benefits

Benefits are recorded when paid.

Expenses

Certain expenses of maintaining the Plan are paid directly by the Company and are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment-related expenses are included in net appreciation (depreciation) in fair value of investments. At December 31, 2021, the Plan recorded a payable of \$586 for administrative expenses.

Subsequent Events

Effective January 1, 2023, the Plan was amended to adjust employer contributions. Under this amendment, the Company will contribute a safe harbor match equal to 100 percent of the deferrals that a participant contributes to the Plan, up to three percent of the participant's eligible compensation, and 50 percent of the deferrals that a participant contributes to the Plan that are between three and five percent of the participant's eligible compensation.

Management has evaluated subsequent events through October 16, 2023, the date at which the financial statements were available to be issued, and noted no material events requiring disclosure, except the aforementioned.

NOTE 3 - FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

NOTE 3 - FAIR VALUE MEASUREMENTS (continued)

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2022 and 2021.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the U.S. Securities and Exchange Commission. These funds are required to publish their daily net asset value and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2022 and 2021.

Assets at Fair Value as of December 31, 2022				
	(Level 1)	(Level 2)	(Level 3)	Total
Mutual Funds	\$ 5,912,776	\$ -	\$ -	\$ 5,912,776
Investments at fair value	\$ 5,912,776	\$ -	\$ -	\$ 5,912,776

Assets at Fair Value as of December 31, 2021				
	(Level 1)	(Level 2)	(Level 3)	Total
Mutual Funds	\$ 7,203,641	\$ -	\$ -	\$ 7,203,641
Investments at fair value	\$ 7,203,641	\$ -	\$ -	\$ 7,203,641

NOTE 4 - ALTERNATIVE METHOD OF COMPLIANCE

Certain information related to investments disclosed in the accompanying financial statements and ERISA-required supplemental schedule, including investments and participant notes receivable held at December 31, 2022, investments held at December 31, 2021, and net appreciation (depreciation) in fair value of investments and dividends for the years then ended, was obtained by management and agreed to or derived from information certified as complete and accurate by Matrix Trust Company (Matrix) and Newport Trust Company (Newport). Matrix served as custodian from January 1, 2021 through March 10, 2022. Newport served as trustee and custodian from March 11, 2022 through December 31, 2022. This information has not been audited by the Plan's independent auditors. The information certified by Newport or Matrix is summarized on the following page.

NOTE 4 - ALTERNATIVE METHOD OF COMPLIANCE (continued)

v. Information included in supplemental schedule on page 14.		

NOTE 5 - INCOME TAX STATUS

The Company adopted a non-standardized pre-approved money purchase/profit sharing plan. The Internal Revenue Service has determined and informed the Company by a letter dated November 30, 2020, that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code (the Code). The Plan has been amended since receiving the determination letter. However, the Plan Administrator and the Plan's tax counsel believe that the Plan is designed and is currently being operated in compliance with the applicable requirements of the Code and, therefore, believe that the Plan is qualified and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

The Plan's management is aware of certain operational, plan document, or demographic issues that, if not properly corrected, could be treated by the IRS as qualification failures. Management is taking steps to correct these issues. If necessary, the tax qualification issues will be resolved directly with the IRS. Accordingly, management believes that the Plan will retain its tax-qualified status.

NOTE 6 - PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants will become 100 percent vested and non-forfeitable in their accounts. Plan assets will be allocated to provide benefits to participants based on their individual account balances.

NOTE 7 - RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term, and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

NOTE 8 - RELATED PARTY AND PARTY-IN-INTEREST TRANSACTIONS

The Plan was serviced by Matrix Trust Company as its custodian, Employee Fiduciary as its record-keeper, and Economic Group Pension Services, Inc. as its third-party administrator until March 10, 2022. Effective March 11, 2022, Newport Trust Company serves as the Plan's trustee and custodian, and Newport Group, Inc. serves as record-keeper. Mitchell, McLeod, Pugh & Williams, Inc. is the Plan's investment advisor.

During 2022 and 2021, the Plan made direct payments to these parties totaling \$47,506 and \$31,110, respectively. These transactions qualify as party-in-interest transactions. Certain fees incurred by the Plan for investment management and custodian services are paid through revenue sharing, rather than direct payment, and are included in net appreciation (depreciation) in fair value of investments.

Certain administrative functions are performed by officers or employees of the Company. No such officer or employee receives compensation from the Plan.

NOTE 9 - DELINQUENT CONTRIBUTIONS

During 2022, the Company failed to remit employee deferrals and loan repayments aggregating \$118,005 to the Plan within the timeframe required by the Department of Labor. The employee deferrals and loan repayments have been remitted to the Plan. The Company will compute lost earnings on these deposits and make a contribution for lost earnings to the Plan.

During 2021, the Company failed to remit employee deferrals aggregating \$5,940 to the Plan within the timeframe required by the Department of Labor. The employee deferrals have been remitted to the Plan, along with a contribution for lost earnings.

This information is shown in the supplemental schedule of delinquent participant contributions on page 15.
