REPORT OF INDEPENDENT CERTIFIED PUBLIC ACCOUNTANTS

Plan Administrator and Plan Participants
The Philadelphia Zoo 401(k) Retirement Savings Plan

Scope and nature of the ERISA Section 103(a)(3)(C) audit

We have performed audits of the financial statements of The Philadelphia Zoo 401(k) Retirement Savings Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2022 and 2021, and the related statement of changes in net assets available for benefits for the year ended December 31, 2022, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2022 and 2021, and for the year ended December 31, 2022, stating that the certified investment information, as described in Note C to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (US GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of management for the financial statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's responsibilities for the audit of the financial statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with US GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with US GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other matter – supplemental schedules required by ERISA

The supplemental schedule of assets (held at end of year) as of December 31, 2022 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such supplementary information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to the auditing procedures applied in the audits of the financial statements and certain additional procedures. These additional procedures included comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with US GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

The Philadelphia Zoo 401(k) Retirement Savings Plan

NOTES TO FINANCIAL STATEMENTS

December 31, 2022 and 2021

NOTE A - DESCRIPTION OF THE PLAN

The following description of The Philadelphia Zoo 401(k) Retirement Savings Plan (the "Plan") provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions, including definitions of key terms.

General

The Plan sponsor is The Zoological Society of Philadelphia (the "Zoo"). The Plan is a defined-contribution plan covering all full-time employees of the Zoo, as well as seasonal employees who have completed one year of service, defined as 1,000 hours of service during a 12-month period. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"), as amended.

Contributions

Participants may contribute to the Plan up to 50% of their pre-tax annual eligible compensation as defined in the Plan document. Eligible non-union employees hired on or after July 1, 2007 are automatically enrolled with a 5% salary deferral unless they affirmatively opt out of participation in the Plan. Participants may also elect a deferral percentage other than 5%. Participants may elect to increase or reduce their rate of contribution at any time. Participants may also contribute amounts representing distributions from other qualified plans. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Contributions are subject to certain Internal Revenue Code (the "Code") limitations.

For non-union employees, the Zoo makes a safe-harbor matching contribution, dollar-for-dollar, on deferral contributions that do not exceed 5% of the participant's eligible compensation for the Plan year. For union employees, the Zoo makes a discretionary matching contribution subject to the terms of the collective bargaining agreement; for the year ended December 31, 2022, the Zoo matched, dollar-for-dollar, deferral contributions that did not exceed 5% of a union employee's eligible compensation for the Plan year.

Participant Accounts

Each participant's account is credited with the participant's contributions, the Zoo's matching contributions and an allocation of investment earnings. Participants' accounts are charged with investment losses and certain administrative expenses that are paid by the Plan. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account. Fund managers' fees are charged to participants' accounts as a reduction of the return earned on each investment option.

Participants direct the investment of their account balances in 1% increments into various mutual funds and a common collective trust offered by the Plan and may change their investment options at any time, subject to the terms of the funding vehicles. Plan investment earnings and losses are allocated to participants' accounts daily according to the type of funding vehicle in which balances are invested.

Vesting and Forfeitures

All participants of the Plan are immediately vested in their elective deferral contributions plus actual earnings thereon.

Effective February 28, 2006, all participants of the Plan are immediately vested in employer matching and profit-sharing contributions credited to their respective accounts, plus actual earnings thereon. Forfeitures, when applicable, may be used to reduce Zoo contributions or to pay administrative expenses of the Plan. The forfeiture balance was \$2,554 and \$1,794 at December 31, 2022 and 2021, respectively. During the year ended December 31, 2022, no forfeitures were used to reduce employer contributions or for administrative expenses.

Payment of Benefits

On termination of service due to death, total permanent disability, or retirement, a participant may elect to receive an amount equal to the value of the participant's vested interest in his or her account in either a lump-sum, or in installment payments over a period not to exceed the life expectancy of the participant or the joint and last survivor life expectancy of the participant and his or her designated beneficiary under the Plan.

In-service withdrawals of all or a portion of a participant's deferral-contributions account may be made by participants who have reached age 59½. Hardship withdrawals are permitted in cases of immediate and heavy financial need as defined in the Plan document. Subsequent to a hardship withdrawal, participants' contributions are suspended for a period of six months. Minimum required distributions for participants who have reached 72 also apply per Internal Revenue Service ("IRS") regulations.

Notes Receivable from Participants

The Plan permits participant loans up to the lesser of 50% of the vested balance of a participant's account balance or \$50,000. The minimum loan amount permitted is \$1,000. Loan terms may extend to a period not to exceed five years, or for a reasonable period of time over five years, for the purchase of a primary residence. The loans are secured by balances in the participants' accounts and bear interest at 4.25% to 8% at both December 31, 2022 and 2021, which is based on local prevailing rates for similar loans at the date the loan is issued. Principal and interest are paid ratably through periodic payroll deductions. All participant loans are considered party-in-interest transactions which are exempt from the prohibited transaction rules.

NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

A summary of the Plan's significant accounting policies consistently applied in the preparation of the accompanying financial statements follows.

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting in conformity with accounting principles generally accepted in the United States of America ("U.S. GAAP").

Use of Estimates

The preparation of financial statements in conformity with U.S. GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the amount that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Plan management determines the Plan's valuation policies, utilizing information provided by the trustee. See Note D for discussion of fair value measurements and investment valuation.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net depreciation includes the Plan's gains and losses on investments bought and sold, as well as held, during the year.

The Philadelphia Zoo 401(k) Retirement Savings Plan

NOTES TO FINANCIAL STATEMENTS - CONTINUED

December 31, 2022 and 2021

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued, but unpaid, interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2022 or 2021.

Payment of Benefits

Benefits are recorded when paid.

Administrative Expenses

At the Zoo's discretion, administrative expenses may be paid with Plan assets or by the Zoo. The Zoo pays all administrative expenses except loan origination and loan administration fees, which are paid by the participant borrowers.

NOTE C - INVESTMENTS AND INFORMATION CERTIFIED BY THE TRUSTEE

The Plan sponsor has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Vanguard Fiduciary Trust Company ("Vanguard"), the trustee, has certified that the following information included in the accompanying financial statements and supplemental schedule is complete and accurate:

- Investments, at fair value, and notes receivable from participants, as shown in the statements of net assets available for benefits as of December 31, 2022 and 2021;
- Net investment loss and interest income on notes receivable from participants, as shown in the statement of changes in net assets available for benefits for the year ended December 31, 2022; and
- Schedule H, Line 4i - schedule of assets (held at end of year) as of December 31, 2022.

The Plan's independent certified public accountants did not perform audit procedures with respect to information certified by the trustee, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of U.S. GAAP.

NOTE D - FAIR VALUE MEASUREMENTS

Financial Accounting Standards Board Accounting Standards Codification 820, *Fair Value Measurements*, provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to the valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable pricing inputs (Level 3). The three levels of the fair value hierarchy are described below:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability; and
- inputs that are derived principally from, or corroborated by, observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value:

Mutual funds - Valued at the net asset value ("NAV") of shares held by the Plan at year end based upon quoted market prices (Level 1).

Common collective trust - Valued using the NAV as a practical expedient to fair value provided by the administrator of the fund. The NAV is based on the value of the assets owned by the fund, less the liabilities at year end. While the underlying assets are actively traded on an exchange, the fund is not.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The Philadelphia Zoo 401(k) Retirement Savings Plan

NOTES TO FINANCIAL STATEMENTS - CONTINUED

December 31, 2022 and 2021

The following tables present information about the Plan's investments measured at fair value on a recurring basis as of December 31, 2022 and 2021, and indicate the fair value hierarchy of the valuation techniques utilized by the Plan to determine such value:

Assets at Fair Value as of December 31, 2022				
	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 20,445,336	\$ -	\$ -	\$ 20,445,336
Investments measured at NAV ⁽¹⁾				459,133
Investments, at fair value				\$ 20,904,469

Assets at Fair Value as of December 31, 2021				
	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 25,065,810	\$ -	\$ -	\$ 25,065,810
Investments measured at NAV ⁽¹⁾				437,302
Investments, at fair value				\$ 25,503,112

⁽¹⁾ Certain investments that are measured at fair value using the NAV per share (or its equivalent) practical expedient have not been categorized in the fair value hierarchy. The fair value amounts presented in these tables are intended to permit reconciliation of the fair value hierarchy to the amounts presented in the statements of net assets available for benefits.

The availability of observable market data is monitored to assess the appropriate classification of financial instruments within the fair value hierarchy. Changes in economic conditions or model-based valuation techniques may require the transfer of financial instruments from one fair value level to another. In such instances, the transfer is reported at the beginning of the reporting period.

For the years ended December 31, 2022 and 2021, there were no transfers in or out of Levels 1, 2 or 3.

The Philadelphia Zoo 401(k) Retirement Savings Plan

NOTES TO FINANCIAL STATEMENTS - CONTINUED

December 31, 2022 and 2021

In accordance with the fair value measurements and disclosures guidance, the following table presents the category, fair value redemption frequency, and redemption notice period for plan investments, the fair values of which are estimated using the NAV per share as of December 31, 2022 and 2021.

	2022 Fair Value	2021 Fair Value	Redemption Frequency (If Currently Eligible)	Redemption Notice Period
Vanguard Retirement Savings Trust Fund*	\$ 459,133	\$ 437,302	Daily	Daily

* In the event of a full redemption, Vanguard reserves the right to temporarily delay, for up to 12 months, withdrawal from the trust.

NOTE E - COMMON COLLECTIVE TRUST

The Vanguard Retirement Savings Trust Fund (the "Trust") is a collective investment trust fund that invests solely in the Vanguard Retirement Savings Master Trust (the "Master Trust"). The Plan is applying the practical expedient as of December 31, 2022 and 2021 to its investment in the Trust, a common collective trust fund. Participants' ownership of the Trust is represented as units. Units are issued and redeemed daily at the Trust's constant NAV of \$1 per unit. The Trust allows for daily liquidity, with no additional days' notice required for redemption. It is the policy of the Trust to use its best efforts to maintain a stable NAV of \$1 per unit, although there is no guarantee that the Trust will be able to maintain this value. There are no unfunded commitments as of December 31, 2022 and 2021.

The underlying investments of the Master Trust are primarily in a pool of investment contracts that are issued by insurance companies and commercial banks and in contracts that are backed by high-quality bonds, bond trusts and bond mutual funds. Investment contracts include traditional Guaranteed Investment Contracts ("GICs"), Synthetic Investment Contracts ("SICs") and wrapper contracts. GICs are valued based on estimated fair value, computed using discounted cash flows. SICs are valued based on the aggregate market value of the applicable bond trusts, mutual funds, and other investments. Wrapper contracts are valued at estimated fair value based on a replacement cost approach.

NOTE F - PLAN TERMINATION

Although it has not expressed any intent to do so, the Zoo has the right under the Plan to discontinue its contributions at any time and to terminate the Plan for non-union participants subject to the provisions of ERISA. Discontinuing contributions or terminating the Plan for union participants is subject to the provisions of a collective-bargaining agreement; the current agreement expired on June 30, 2022 and was renewed until June 30, 2025. In the event of plan termination, all participants would become 100% vested in all employer contributions.

NOTE G - TAX STATUS

The underlying non-standardized volume submitter plan has received an opinion letter from the IRS dated February 29, 2019, stating that the form of the Plan is qualified under Section 401 of the Code and, therefore, the related trust is tax exempt. The Plan sponsor has determined that it is eligible to, and has chosen to rely on, the current IRS volume submitter plan opinion letter. Once qualified, the Plan is required to operate in conformity with the Code to maintain its qualification. The Plan administrator believes the Plan,

The Philadelphia Zoo 401(k) Retirement Savings Plan

NOTES TO FINANCIAL STATEMENTS - CONTINUED

December 31, 2022 and 2021

as amended, is being operated in compliance with the applicable requirements of the Code and, therefore, believes that the Plan is qualified, and the related trust is tax exempt.

U.S. GAAP requires the Plan's management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2022 and 2021, there are no material uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTE H - RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near-term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

NOTE I - RELATED-PARTY TRANSACTIONS

Certain plan investments are shares of mutual funds and a common collective trust managed by affiliates of Vanguard. Vanguard is the trustee, as defined by the Plan. The Plan also allows notes receivable from participants. Fees paid by the Plan for the investment management services are included in the net depreciation in fair value of investments. Therefore, these transactions qualify as party-in-interest transactions that are exempt from the prohibited transaction rules.

NOTE J - SUBSEQUENT EVENTS

Subsequent events have been evaluated through October 16, 2023, which is the date the financial statements were available to be issued. There were no subsequent events that would require recognition or disclosure in the Plan's financial statements.
