INDEPENDENT AUDITORS' REPORT

To the Plan Administrator and Participants
of the Siegfried USA, LLC Profit Sharing/401(k) Savings Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Siegfried USA, LLC Profit Sharing/401(k) Savings Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2022 and 2021, and the related statement of changes in net assets available for benefits for the year ended December 31, 2022, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2022 and 2021, and for the year ended December 31, 2022, stating that the certified investment information, as described in Note C to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section:

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America ("GAAS"). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current Plan instrument, including all Plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the Plan's financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter

Supplemental Schedules Required by ERISA

The supplemental schedules of assets (held at year end) as of December 31, 2022 and delinquent participant contributions for the year ended December 31, 2022 are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including the form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

SIEGFRIED USA, LLC PROFIT SHARING/401(k) SAVINGS PLAN

Notes to Financial Statements December 31, 2022 and 2021

NOTE A - DESCRIPTION OF THE PLAN

The following description of the Siegfried USA, LLC Profit Sharing/401(k) Savings Plan (the "Plan") provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

[1] General:

The Plan is a defined-contribution profit-sharing plan covering eligible employees of Siegfried USA, LLC (formerly Siegfried (USA), Inc.) (the "Company" or "Plan administrator") who have attained the age of 21. Employees who are covered by a collective bargaining agreement, leased employees or non-U.S. citizens are not eligible to participate. The Plan provides deferred compensation benefits and is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"), as amended. Participation in and entrance into the Plan are on the first day of each month. The trustee of the Plan is Fidelity Management Trust Company and the recordkeeper is Fidelity Workspace Services, LLC.

[2] Contributions:

Participants may make voluntary pre-tax, Roth and after-tax contributions to the Plan and may roll over funds from another qualified retirement plan in accordance with ERISA. Participants, who have attained age 50 before the end of the Plan year, are eligible to make catch-up contributions of up to \$6,500. Contributions are subject to statutory limitations. The Company makes a discretionary matching contribution of 50% of the first 6% of compensation contributed by a participant. Additional discretionary profit-sharing contributions may be made at the option of the Company's Board of Directors. To be eligible for discretionary profit-sharing contributions, a participant must work 1,000 hours in the given Plan year and be employed on the last day of the Plan year. Profit-sharing contributions totaled \$226,460, net of forfeitures of \$92,090, for the year ended December 31, 2022. Participants direct the investment of participant and employer contributions into various investment options offered by the Plan.

Upon attaining eligibility to participate in the Plan, any participant who does not make an affirmative election to the contrary shall be deemed to have elected participation in the Plan's automatic deferral program. Under this program, each eligible employee shall be deemed to have elected to make a deferral of 6% of compensation.

[3] Participant accounts:

Each participant's account is credited with the participant's contribution and allocations of (a) the Company's contributions and (b) Plan earnings (losses), and may be charged with an allocation of administrative expenses paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

SIEGFRIED USA, LLC PROFIT SHARING/401(k) SAVINGS PLAN

Notes to Financial Statements December 31, 2022 and 2021

NOTE A - DESCRIPTION OF THE PLAN (CONTINUED)

[4] Vesting:

Participants are immediately vested in their voluntary contributions and actual earnings thereon. Vesting in the Company's matching and profit-sharing contributions portion of their accounts, plus actual earnings thereon, is as follows:

<u>Years of Service</u>	<u>Vested Percentage Employer Matching Contributions</u>	<u>Vested Percentage Profit-Sharing Contributions</u>
1	None	10%
2	None	20%
3	100%	100%

[5] Notes receivable from participants:

Notes receivable from participants are measured at their unpaid principal balances, plus any accrued but unpaid interest. A participant may borrow from his or her fund account a minimum of \$1,000, up to a maximum equal to the lesser of \$50,000, or 50%, of the vested account balance. Loan terms range from one to five years; however, terms may exceed five years for the purchase of a primary residence. Each loan is secured by the balance in the participant's account and bears interest at a rate commensurate with local prevailing rates, as determined by the Plan administrator, currently ranging from 4.25% to 7.25% and 4.25% to 6.5% as of December 31, 2022 and 2021, respectively. Principal and interest are paid ratably through payroll deductions. Delinquent notes receivable from participants are reclassified as distributions based upon the terms of the Plan document.

[6] Payment of benefits:

On termination of service due to death, disability or retirement (age 65), a participant or beneficiary may elect to receive either a lump-sum amount or periodic installments equal to the value of the participant's vested interest in his or her account. For termination of service due to other reasons, a participant may receive the value of the vested interest in his or her account as a lump-sum distribution. In accordance with the Plan's cash-out provision, a participant with a vested balance less than \$1,000 will receive a lump-sum payment and a participant with a vested balance between \$1,000 and \$5,000 will have the balance rolled into an individual retirement account. Participants with balances in excess of \$5,000 may defer receipt of his or her distribution. Hardship withdrawals are available in accordance with Internal Revenue Service ("IRS") guidelines.

[7] Forfeitures:

Forfeited nonvested accounts are used to either reduce future contributions of the Company or pay Plan expenses. During the year ended December 31, 2022, forfeitures of approximately \$108,600 were used to reduce Company contributions. As of December 31, 2022 and 2021, forfeited nonvested accounts approximated \$9,800 and \$63,600, respectively.

Notes to Financial Statements December 31, 2022 and 2021

NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

[1] Basis of accounting:

The financial statements are prepared on the accrual basis of accounting.

[2] Use of estimates:

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America ("U.S. GAAP") requires the Plan administrator to make estimates and assumptions that affect the reported amounts of net assets and liabilities and, when applicable, disclosure of contingent assets and liabilities at the date of the financial statements and the changes in net assets available for benefits during the reporting period. Actual results could differ from those estimates.

[3] Investment valuation and income recognition:

The Plan's investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants as of the measurement date. See Note D for a discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net realized/unrealized depreciation in fair value of investments includes the Plan's gains and losses on investments bought and sold, as well as held during the year.

[4] Payment of benefits:

Benefits are recorded when paid.

[5] Plan expenses and administrative expenses:

Administrative costs of the Plan are to be deducted on a per capita basis from accounts of participants who are no longer actively employed by the employer. The employer pays costs on a per capita basis for participants that are still actively employed by the employer. Investment management fees are deducted from the fair value of the investments based upon an agreement with the Plan's trustee. Certain expenses incurred in connection with the administration of the Plan are paid by the Company. Expenses that are paid by the Company are excluded from these financial statements.

[6] Profit-sharing contributions:

The Plan Sponsor adopted a policy to record discretionary profit-sharing contributions to the Plan in the year in which the Plan Sponsor determines and deposits such contributions.

NOTE C - INVESTMENT CERTIFICATION

The Plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the U.S. Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, Fidelity Management Trust Company, the trustee of the Plan, has certified to the completeness and accuracy of all investments and related investment activity and notes receivable from participants and related activity in the accompanying statements of net assets available for benefits as of December 31, 2022 and 2021, the statement of changes in net assets available for benefits for the year ended December 31, 2022, and the supplemental schedule of assets (held at end of year) as of December 31, 2022.

SIEGFRIED USA, LLC PROFIT SHARING/401(k) SAVINGS PLAN

Notes to Financial Statements December 31, 2022 and 2021

NOTE D - FAIR VALUE MEASUREMENTS

The Financial Accounting Standards Board ("FASB") Accounting Standards Codification ("ASC") 820, *Fair Value Measurements and Disclosures*, provides the framework for measuring fair value. The framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements), and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are described as follows:

- Level 1* – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.
- Level 2* – Inputs to the valuation methodology include (a) quoted prices for similar assets or liabilities in active markets; (b) quoted prices for identical or similar assets or liabilities in inactive markets; (c) inputs other than quoted prices that are observable for the asset or liability; or (d) inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.
- Level 3* – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for investment assets measured at fair value. There have been no changes in the methodologies used as of December 31, 2022 or 2021.

Mutual funds - Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-ended mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value ("NAV") and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Self-directed brokerage accounts - Accounts consisting primarily of mutual funds, valued on the basis of readily determinable market prices and cash.

Common/collective trust - Valued at the unit value of the trust. Unit prices of the trust are based on the market value of the underlying assets. The trust investments primarily are comprised of U.S. government and government agency obligations, and short-term obligations, and are valued at their NAV, as a practical expedient, that is calculated by the investment manager of the trust. Participant transactions (purchases and sales) may occur daily. Were the Plan to initiate a full redemption of the collective trust, the trustee reserves the right to temporarily delay withdrawal from the trust in order to ensure that securities' liquidations will be carried out in an orderly business manner.

Collective trust funds – Valued at the NAV of units of a bank collective trust. The NAV, as provided by the trustee, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. This practical expedient is not used when it is determined to be probable that the Plan will sell the investment for an amount different than the reported NAV. Participant transactions (purchases and sales) may occur daily. Were the Plan to initiate a full redemption of the collective trust, the investment advisor reserves the right to temporarily delay withdrawal from the trust in order to ensure that securities liquidations will be carried out in an orderly business manner.

SIEGFRIED USA, LLC PROFIT SHARING/401(k) SAVINGS PLAN

Notes to Financial Statements December 31, 2022 and 2021

NOTE D - FAIR VALUE MEASUREMENTS (CONTINUED)

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth, by level, within the fair value hierarchy, the Plan's investment assets at fair value as of December 31, 2022 and 2021:

Investment Assets at Fair Value as of December 31, 2022				
	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 16,113,714	\$ -	\$ -	\$ 16,113,714
Self-directed brokerage accounts	1,598,610	-	-	1,598,610
Total investment assets in the fair value hierarchy	<u>\$ 17,712,324</u>	<u>\$ -</u>	<u>\$ -</u>	17,712,324
Investments measured at NAV (A):				
Common/collective trust				2,424,294
Collective trust funds				<u>3,520,897</u>
Total investment assets at fair value				<u>\$ 23,657,515</u>

Investment Assets at Fair Value as of December 31, 2020				
	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 28,593,068	\$ -	\$ -	\$ 28,593,068
Self-directed brokerage accounts	1,476,983	-	-	1,476,983
Total investment assets in the fair value hierarchy	<u>\$ 30,070,051</u>	<u>\$ -</u>	<u>\$ -</u>	30,070,051
Investments measured at NAV (A):				
Common/collective trust				<u>638,951</u>
Total investment assets at fair value				<u>\$ 30,709,002</u>

(A) Certain investments that are measured at fair value using the NAV per share (or its equivalent) as a practical expedient have not been classified in the fair value hierarchy. The fair value amounts presented in these tables are intended to permit reconciliation of the fair value hierarchy to the amounts presented in the statements of net assets available for benefits.

SIEGFRIED USA, LLC PROFIT SHARING/401(k) SAVINGS PLAN

Notes to Financial Statements December 31, 2022 and 2021

NOTE D - FAIR VALUE MEASUREMENTS (CONTINUED)

Changes in Fair Value Levels

The availability of observable market data is monitored to assess the appropriate classification of financial instruments within the fair value hierarchy. Changes in economic conditions or model-based valuation techniques may require the transfer of financial instruments from one fair value level to another.

NOTE E - RELATED PARTY AND PARTY-IN-INTEREST TRANSACTIONS

Certain Plan investments are shares of mutual funds and a common/collective trust managed by Fidelity Management Trust Company. Fidelity Management Trust Company is the trustee of the Plan and, therefore, transactions related to these investments qualify as party-in-interest transactions. Fees paid by the Plan were \$2,626 for the year ended December 31, 2022.

NOTE F - TAX STATUS

The Plan has adopted a Prototype Standardized Plan sponsored by FMR, LLC. On June 30, 2020, the IRS stated in an opinion letter that the prototype adopted by the Plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code ("IRC") and, therefore, the related trust was exempt from taxation. The Plan has been amended since receiving the tax advisory letter. However, the Plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC. Therefore, the Plan administrator believes that the Plan is qualified and the related trust is tax-exempt.

U.S. GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by a government authority. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2022, there are no uncertain positions taken or expected to be taken that would require recognition of a liability or disclosure in the financial statements. The Plan is subject to routine examinations by taxing jurisdictions; however, there are currently no examinations for any tax periods in progress.

NOTE G - RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the participants' account balances and the amounts reported in the statements of net assets available for benefits.

Volatility in the financial markets may significantly impact the subsequent valuation of the Plan's investments. Accordingly, the valuation of investments as of December 31, 2022 may not necessarily be indicative of amounts that could be realized in a current market exchange.

SIEGFRIED USA, LLC PROFIT SHARING/401(k) SAVINGS PLAN

Notes to Financial Statements December 31, 2022 and 2021

NOTE H - MUTUAL FUND FEES

Certain investments in mutual funds are subject to sales charges in the form of front-end loads, back-end loads or 12b-1 fees. 12b-1 fees are ongoing fees allowable under Section 12b-1 of the Investment Company Act of 1940. These annual fees are used to pay for marketing and distribution costs of the funds. These fees are deducted prior to the allocation of the Plan's investment earnings activity, and thus not separately identifiable as an expense.

NOTE I - PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their Company contributions.

NOTE J - SUBSEQUENT EVENTS

The Plan has evaluated subsequent events through October 16, 2023, which is the date the financial statements were available to be issued.

INDEPENDENT AUDITORS' REPORT

To the Plan Administrator and Participants
of the Siegfried USA, LLC Profit Sharing/401(k) Savings Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Siegfried USA, LLC Profit Sharing/401(k) Savings Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2022 and 2021, and the related statement of changes in net assets available for benefits for the year ended December 31, 2022, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2022 and 2021, and for the year ended December 31, 2022, stating that the certified investment information, as described in Note C to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section:

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America ("GAAS"). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current Plan instrument, including all Plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the Plan's financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter

Supplemental Schedules Required by ERISA

The supplemental schedules of assets (held at year end) as of December 31, 2022 and delinquent participant contributions for the year ended December 31, 2022 are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including the form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

SIEGFRIED USA, LLC PROFIT SHARING/401(k) SAVINGS PLAN

Notes to Financial Statements December 31, 2022 and 2021

NOTE A - DESCRIPTION OF THE PLAN

The following description of the Siegfried USA, LLC Profit Sharing/401(k) Savings Plan (the "Plan") provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

[1] General:

The Plan is a defined-contribution profit-sharing plan covering eligible employees of Siegfried USA, LLC (formerly Siegfried (USA), Inc.) (the "Company" or "Plan administrator") who have attained the age of 21. Employees who are covered by a collective bargaining agreement, leased employees or non-U.S. citizens are not eligible to participate. The Plan provides deferred compensation benefits and is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"), as amended. Participation in and entrance into the Plan are on the first day of each month. The trustee of the Plan is Fidelity Management Trust Company and the recordkeeper is Fidelity Workspace Services, LLC.

[2] Contributions:

Participants may make voluntary pre-tax, Roth and after-tax contributions to the Plan and may roll over funds from another qualified retirement plan in accordance with ERISA. Participants, who have attained age 50 before the end of the Plan year, are eligible to make catch-up contributions of up to \$6,500. Contributions are subject to statutory limitations. The Company makes a discretionary matching contribution of 50% of the first 6% of compensation contributed by a participant. Additional discretionary profit-sharing contributions may be made at the option of the Company's Board of Directors. To be eligible for discretionary profit-sharing contributions, a participant must work 1,000 hours in the given Plan year and be employed on the last day of the Plan year. Profit-sharing contributions totaled \$226,460, net of forfeitures of \$92,090, for the year ended December 31, 2022. Participants direct the investment of participant and employer contributions into various investment options offered by the Plan.

Upon attaining eligibility to participate in the Plan, any participant who does not make an affirmative election to the contrary shall be deemed to have elected participation in the Plan's automatic deferral program. Under this program, each eligible employee shall be deemed to have elected to make a deferral of 6% of compensation.

[3] Participant accounts:

Each participant's account is credited with the participant's contribution and allocations of (a) the Company's contributions and (b) Plan earnings (losses), and may be charged with an allocation of administrative expenses paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

SIEGFRIED USA, LLC PROFIT SHARING/401(k) SAVINGS PLAN

Notes to Financial Statements December 31, 2022 and 2021

NOTE A - DESCRIPTION OF THE PLAN (CONTINUED)

[4] Vesting:

Participants are immediately vested in their voluntary contributions and actual earnings thereon. Vesting in the Company's matching and profit-sharing contributions portion of their accounts, plus actual earnings thereon, is as follows:

<u>Years of Service</u>	<u>Vested Percentage Employer Matching Contributions</u>	<u>Vested Percentage Profit-Sharing Contributions</u>
1	None	10%
2	None	20%
3	100%	100%

[5] Notes receivable from participants:

Notes receivable from participants are measured at their unpaid principal balances, plus any accrued but unpaid interest. A participant may borrow from his or her fund account a minimum of \$1,000, up to a maximum equal to the lesser of \$50,000, or 50%, of the vested account balance. Loan terms range from one to five years; however, terms may exceed five years for the purchase of a primary residence. Each loan is secured by the balance in the participant's account and bears interest at a rate commensurate with local prevailing rates, as determined by the Plan administrator, currently ranging from 4.25% to 7.25% and 4.25% to 6.5% as of December 31, 2022 and 2021, respectively. Principal and interest are paid ratably through payroll deductions. Delinquent notes receivable from participants are reclassified as distributions based upon the terms of the Plan document.

[6] Payment of benefits:

On termination of service due to death, disability or retirement (age 65), a participant or beneficiary may elect to receive either a lump-sum amount or periodic installments equal to the value of the participant's vested interest in his or her account. For termination of service due to other reasons, a participant may receive the value of the vested interest in his or her account as a lump-sum distribution. In accordance with the Plan's cash-out provision, a participant with a vested balance less than \$1,000 will receive a lump-sum payment and a participant with a vested balance between \$1,000 and \$5,000 will have the balance rolled into an individual retirement account. Participants with balances in excess of \$5,000 may defer receipt of his or her distribution. Hardship withdrawals are available in accordance with Internal Revenue Service ("IRS") guidelines.

[7] Forfeitures:

Forfeited nonvested accounts are used to either reduce future contributions of the Company or pay Plan expenses. During the year ended December 31, 2022, forfeitures of approximately \$108,600 were used to reduce Company contributions. As of December 31, 2022 and 2021, forfeited nonvested accounts approximated \$9,800 and \$63,600, respectively.

Notes to Financial Statements December 31, 2022 and 2021

NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

[1] Basis of accounting:

The financial statements are prepared on the accrual basis of accounting.

[2] Use of estimates:

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America ("U.S. GAAP") requires the Plan administrator to make estimates and assumptions that affect the reported amounts of net assets and liabilities and, when applicable, disclosure of contingent assets and liabilities at the date of the financial statements and the changes in net assets available for benefits during the reporting period. Actual results could differ from those estimates.

[3] Investment valuation and income recognition:

The Plan's investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants as of the measurement date. See Note D for a discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net realized/unrealized depreciation in fair value of investments includes the Plan's gains and losses on investments bought and sold, as well as held during the year.

[4] Payment of benefits:

Benefits are recorded when paid.

[5] Plan expenses and administrative expenses:

Administrative costs of the Plan are to be deducted on a per capita basis from accounts of participants who are no longer actively employed by the employer. The employer pays costs on a per capita basis for participants that are still actively employed by the employer. Investment management fees are deducted from the fair value of the investments based upon an agreement with the Plan's trustee. Certain expenses incurred in connection with the administration of the Plan are paid by the Company. Expenses that are paid by the Company are excluded from these financial statements.

[6] Profit-sharing contributions:

The Plan Sponsor adopted a policy to record discretionary profit-sharing contributions to the Plan in the year in which the Plan Sponsor determines and deposits such contributions.

NOTE C - INVESTMENT CERTIFICATION

The Plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the U.S. Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, Fidelity Management Trust Company, the trustee of the Plan, has certified to the completeness and accuracy of all investments and related investment activity and notes receivable from participants and related activity in the accompanying statements of net assets available for benefits as of December 31, 2022 and 2021, the statement of changes in net assets available for benefits for the year ended December 31, 2022, and the supplemental schedule of assets (held at end of year) as of December 31, 2022.

SIEGFRIED USA, LLC PROFIT SHARING/401(k) SAVINGS PLAN

Notes to Financial Statements December 31, 2022 and 2021

NOTE D - FAIR VALUE MEASUREMENTS

The Financial Accounting Standards Board ("FASB") Accounting Standards Codification ("ASC") 820, *Fair Value Measurements and Disclosures*, provides the framework for measuring fair value. The framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements), and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are described as follows:

- Level 1* – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.
- Level 2* – Inputs to the valuation methodology include (a) quoted prices for similar assets or liabilities in active markets; (b) quoted prices for identical or similar assets or liabilities in inactive markets; (c) inputs other than quoted prices that are observable for the asset or liability; or (d) inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.
- Level 3* – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for investment assets measured at fair value. There have been no changes in the methodologies used as of December 31, 2022 or 2021.

Mutual funds - Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-ended mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value ("NAV") and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Self-directed brokerage accounts - Accounts consisting primarily of mutual funds, valued on the basis of readily determinable market prices and cash.

Common/collective trust - Valued at the unit value of the trust. Unit prices of the trust are based on the market value of the underlying assets. The trust investments primarily are comprised of U.S. government and government agency obligations, and short-term obligations, and are valued at their NAV, as a practical expedient, that is calculated by the investment manager of the trust. Participant transactions (purchases and sales) may occur daily. Were the Plan to initiate a full redemption of the collective trust, the trustee reserves the right to temporarily delay withdrawal from the trust in order to ensure that securities' liquidations will be carried out in an orderly business manner.

Collective trust funds – Valued at the NAV of units of a bank collective trust. The NAV, as provided by the trustee, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. This practical expedient is not used when it is determined to be probable that the Plan will sell the investment for an amount different than the reported NAV. Participant transactions (purchases and sales) may occur daily. Were the Plan to initiate a full redemption of the collective trust, the investment advisor reserves the right to temporarily delay withdrawal from the trust in order to ensure that securities liquidations will be carried out in an orderly business manner.

Notes to Financial Statements December 31, 2022 and 2021

NOTE D - FAIR VALUE MEASUREMENTS (CONTINUED)

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth, by level, within the fair value hierarchy, the Plan's investment assets at fair value as of December 31, 2022 and 2021:

Investment Assets at Fair Value as of December 31, 2022				
	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 16,113,714	\$ -	\$ -	\$ 16,113,714
Self-directed brokerage accounts	1,598,610	-	-	1,598,610
Total investment assets in the fair value hierarchy	<u>\$ 17,712,324</u>	<u>\$ -</u>	<u>\$ -</u>	17,712,324
Investments measured at NAV (A):				
Common/collective trust				2,424,294
Collective trust funds				<u>3,520,897</u>
Total investment assets at fair value				<u>\$ 23,657,515</u>

Investment Assets at Fair Value as of December 31, 2020				
	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 28,593,068	\$ -	\$ -	\$ 28,593,068
Self-directed brokerage accounts	1,476,983	-	-	1,476,983
Total investment assets in the fair value hierarchy	<u>\$ 30,070,051</u>	<u>\$ -</u>	<u>\$ -</u>	30,070,051
Investments measured at NAV (A):				
Common/collective trust				<u>638,951</u>
Total investment assets at fair value				<u>\$ 30,709,002</u>

(A) Certain investments that are measured at fair value using the NAV per share (or its equivalent) as a practical expedient have not been classified in the fair value hierarchy. The fair value amounts presented in these tables are intended to permit reconciliation of the fair value hierarchy to the amounts presented in the statements of net assets available for benefits.

SIEGFRIED USA, LLC PROFIT SHARING/401(k) SAVINGS PLAN

Notes to Financial Statements December 31, 2022 and 2021

NOTE D - FAIR VALUE MEASUREMENTS (CONTINUED)

Changes in Fair Value Levels

The availability of observable market data is monitored to assess the appropriate classification of financial instruments within the fair value hierarchy. Changes in economic conditions or model-based valuation techniques may require the transfer of financial instruments from one fair value level to another.

NOTE E - RELATED PARTY AND PARTY-IN-INTEREST TRANSACTIONS

Certain Plan investments are shares of mutual funds and a common/collective trust managed by Fidelity Management Trust Company. Fidelity Management Trust Company is the trustee of the Plan and, therefore, transactions related to these investments qualify as party-in-interest transactions. Fees paid by the Plan were \$2,626 for the year ended December 31, 2022.

NOTE F - TAX STATUS

The Plan has adopted a Prototype Standardized Plan sponsored by FMR, LLC. On June 30, 2020, the IRS stated in an opinion letter that the prototype adopted by the Plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code ("IRC") and, therefore, the related trust was exempt from taxation. The Plan has been amended since receiving the tax advisory letter. However, the Plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC. Therefore, the Plan administrator believes that the Plan is qualified and the related trust is tax-exempt.

U.S. GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by a government authority. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2022, there are no uncertain positions taken or expected to be taken that would require recognition of a liability or disclosure in the financial statements. The Plan is subject to routine examinations by taxing jurisdictions; however, there are currently no examinations for any tax periods in progress.

NOTE G - RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the participants' account balances and the amounts reported in the statements of net assets available for benefits.

Volatility in the financial markets may significantly impact the subsequent valuation of the Plan's investments. Accordingly, the valuation of investments as of December 31, 2022 may not necessarily be indicative of amounts that could be realized in a current market exchange.

SIEGFRIED USA, LLC PROFIT SHARING/401(k) SAVINGS PLAN

Notes to Financial Statements December 31, 2022 and 2021

NOTE H - MUTUAL FUND FEES

Certain investments in mutual funds are subject to sales charges in the form of front-end loads, back-end loads or 12b-1 fees. 12b-1 fees are ongoing fees allowable under Section 12b-1 of the Investment Company Act of 1940. These annual fees are used to pay for marketing and distribution costs of the funds. These fees are deducted prior to the allocation of the Plan's investment earnings activity, and thus not separately identifiable as an expense.

NOTE I - PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their Company contributions.

NOTE J - SUBSEQUENT EVENTS

The Plan has evaluated subsequent events through October 16, 2023, which is the date the financial statements were available to be issued.

INDEPENDENT AUDITORS' REPORT

To the Plan Administrator and Participants
of the Siegfried USA, LLC Profit Sharing/401(k) Savings Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Siegfried USA, LLC Profit Sharing/401(k) Savings Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2022 and 2021, and the related statement of changes in net assets available for benefits for the year ended December 31, 2022, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2022 and 2021, and for the year ended December 31, 2022, stating that the certified investment information, as described in Note C to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section:

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America ("GAAS"). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current Plan instrument, including all Plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the Plan's financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter

Supplemental Schedules Required by ERISA

The supplemental schedules of assets (held at year end) as of December 31, 2022 and delinquent participant contributions for the year ended December 31, 2022 are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including the form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

SIEGFRIED USA, LLC PROFIT SHARING/401(k) SAVINGS PLAN

Notes to Financial Statements December 31, 2022 and 2021

NOTE A - DESCRIPTION OF THE PLAN

The following description of the Siegfried USA, LLC Profit Sharing/401(k) Savings Plan (the "Plan") provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

[1] General:

The Plan is a defined-contribution profit-sharing plan covering eligible employees of Siegfried USA, LLC (formerly Siegfried (USA), Inc.) (the "Company" or "Plan administrator") who have attained the age of 21. Employees who are covered by a collective bargaining agreement, leased employees or non-U.S. citizens are not eligible to participate. The Plan provides deferred compensation benefits and is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"), as amended. Participation in and entrance into the Plan are on the first day of each month. The trustee of the Plan is Fidelity Management Trust Company and the recordkeeper is Fidelity Workspace Services, LLC.

[2] Contributions:

Participants may make voluntary pre-tax, Roth and after-tax contributions to the Plan and may roll over funds from another qualified retirement plan in accordance with ERISA. Participants, who have attained age 50 before the end of the Plan year, are eligible to make catch-up contributions of up to \$6,500. Contributions are subject to statutory limitations. The Company makes a discretionary matching contribution of 50% of the first 6% of compensation contributed by a participant. Additional discretionary profit-sharing contributions may be made at the option of the Company's Board of Directors. To be eligible for discretionary profit-sharing contributions, a participant must work 1,000 hours in the given Plan year and be employed on the last day of the Plan year. Profit-sharing contributions totaled \$226,460, net of forfeitures of \$92,090, for the year ended December 31, 2022. Participants direct the investment of participant and employer contributions into various investment options offered by the Plan.

Upon attaining eligibility to participate in the Plan, any participant who does not make an affirmative election to the contrary shall be deemed to have elected participation in the Plan's automatic deferral program. Under this program, each eligible employee shall be deemed to have elected to make a deferral of 6% of compensation.

[3] Participant accounts:

Each participant's account is credited with the participant's contribution and allocations of (a) the Company's contributions and (b) Plan earnings (losses), and may be charged with an allocation of administrative expenses paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

SIEGFRIED USA, LLC PROFIT SHARING/401(k) SAVINGS PLAN

Notes to Financial Statements December 31, 2022 and 2021

NOTE A - DESCRIPTION OF THE PLAN (CONTINUED)

[4] Vesting:

Participants are immediately vested in their voluntary contributions and actual earnings thereon. Vesting in the Company's matching and profit-sharing contributions portion of their accounts, plus actual earnings thereon, is as follows:

<u>Years of Service</u>	<u>Vested Percentage Employer Matching Contributions</u>	<u>Vested Percentage Profit-Sharing Contributions</u>
1	None	10%
2	None	20%
3	100%	100%

[5] Notes receivable from participants:

Notes receivable from participants are measured at their unpaid principal balances, plus any accrued but unpaid interest. A participant may borrow from his or her fund account a minimum of \$1,000, up to a maximum equal to the lesser of \$50,000, or 50%, of the vested account balance. Loan terms range from one to five years; however, terms may exceed five years for the purchase of a primary residence. Each loan is secured by the balance in the participant's account and bears interest at a rate commensurate with local prevailing rates, as determined by the Plan administrator, currently ranging from 4.25% to 7.25% and 4.25% to 6.5% as of December 31, 2022 and 2021, respectively. Principal and interest are paid ratably through payroll deductions. Delinquent notes receivable from participants are reclassified as distributions based upon the terms of the Plan document.

[6] Payment of benefits:

On termination of service due to death, disability or retirement (age 65), a participant or beneficiary may elect to receive either a lump-sum amount or periodic installments equal to the value of the participant's vested interest in his or her account. For termination of service due to other reasons, a participant may receive the value of the vested interest in his or her account as a lump-sum distribution. In accordance with the Plan's cash-out provision, a participant with a vested balance less than \$1,000 will receive a lump-sum payment and a participant with a vested balance between \$1,000 and \$5,000 will have the balance rolled into an individual retirement account. Participants with balances in excess of \$5,000 may defer receipt of his or her distribution. Hardship withdrawals are available in accordance with Internal Revenue Service ("IRS") guidelines.

[7] Forfeitures:

Forfeited nonvested accounts are used to either reduce future contributions of the Company or pay Plan expenses. During the year ended December 31, 2022, forfeitures of approximately \$108,600 were used to reduce Company contributions. As of December 31, 2022 and 2021, forfeited nonvested accounts approximated \$9,800 and \$63,600, respectively.

Notes to Financial Statements December 31, 2022 and 2021

NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

[1] Basis of accounting:

The financial statements are prepared on the accrual basis of accounting.

[2] Use of estimates:

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America ("U.S. GAAP") requires the Plan administrator to make estimates and assumptions that affect the reported amounts of net assets and liabilities and, when applicable, disclosure of contingent assets and liabilities at the date of the financial statements and the changes in net assets available for benefits during the reporting period. Actual results could differ from those estimates.

[3] Investment valuation and income recognition:

The Plan's investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants as of the measurement date. See Note D for a discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net realized/unrealized depreciation in fair value of investments includes the Plan's gains and losses on investments bought and sold, as well as held during the year.

[4] Payment of benefits:

Benefits are recorded when paid.

[5] Plan expenses and administrative expenses:

Administrative costs of the Plan are to be deducted on a per capita basis from accounts of participants who are no longer actively employed by the employer. The employer pays costs on a per capita basis for participants that are still actively employed by the employer. Investment management fees are deducted from the fair value of the investments based upon an agreement with the Plan's trustee. Certain expenses incurred in connection with the administration of the Plan are paid by the Company. Expenses that are paid by the Company are excluded from these financial statements.

[6] Profit-sharing contributions:

The Plan Sponsor adopted a policy to record discretionary profit-sharing contributions to the Plan in the year in which the Plan Sponsor determines and deposits such contributions.

NOTE C - INVESTMENT CERTIFICATION

The Plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the U.S. Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, Fidelity Management Trust Company, the trustee of the Plan, has certified to the completeness and accuracy of all investments and related investment activity and notes receivable from participants and related activity in the accompanying statements of net assets available for benefits as of December 31, 2022 and 2021, the statement of changes in net assets available for benefits for the year ended December 31, 2022, and the supplemental schedule of assets (held at end of year) as of December 31, 2022.

SIEGFRIED USA, LLC PROFIT SHARING/401(k) SAVINGS PLAN

Notes to Financial Statements December 31, 2022 and 2021

NOTE D - FAIR VALUE MEASUREMENTS

The Financial Accounting Standards Board ("FASB") Accounting Standards Codification ("ASC") 820, *Fair Value Measurements and Disclosures*, provides the framework for measuring fair value. The framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements), and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are described as follows:

- Level 1* – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.
- Level 2* – Inputs to the valuation methodology include (a) quoted prices for similar assets or liabilities in active markets; (b) quoted prices for identical or similar assets or liabilities in inactive markets; (c) inputs other than quoted prices that are observable for the asset or liability; or (d) inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.
- Level 3* – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for investment assets measured at fair value. There have been no changes in the methodologies used as of December 31, 2022 or 2021.

Mutual funds - Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-ended mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value ("NAV") and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Self-directed brokerage accounts - Accounts consisting primarily of mutual funds, valued on the basis of readily determinable market prices and cash.

Common/collective trust - Valued at the unit value of the trust. Unit prices of the trust are based on the market value of the underlying assets. The trust investments primarily are comprised of U.S. government and government agency obligations, and short-term obligations, and are valued at their NAV, as a practical expedient, that is calculated by the investment manager of the trust. Participant transactions (purchases and sales) may occur daily. Were the Plan to initiate a full redemption of the collective trust, the trustee reserves the right to temporarily delay withdrawal from the trust in order to ensure that securities' liquidations will be carried out in an orderly business manner.

Collective trust funds – Valued at the NAV of units of a bank collective trust. The NAV, as provided by the trustee, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. This practical expedient is not used when it is determined to be probable that the Plan will sell the investment for an amount different than the reported NAV. Participant transactions (purchases and sales) may occur daily. Were the Plan to initiate a full redemption of the collective trust, the investment advisor reserves the right to temporarily delay withdrawal from the trust in order to ensure that securities liquidations will be carried out in an orderly business manner.

SIEGFRIED USA, LLC PROFIT SHARING/401(k) SAVINGS PLAN

Notes to Financial Statements December 31, 2022 and 2021

NOTE D - FAIR VALUE MEASUREMENTS (CONTINUED)

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth, by level, within the fair value hierarchy, the Plan's investment assets at fair value as of December 31, 2022 and 2021:

Investment Assets at Fair Value as of December 31, 2022				
	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 16,113,714	\$ -	\$ -	\$ 16,113,714
Self-directed brokerage accounts	1,598,610	-	-	1,598,610
Total investment assets in the fair value hierarchy	<u>\$ 17,712,324</u>	<u>\$ -</u>	<u>\$ -</u>	17,712,324
Investments measured at NAV (A):				
Common/collective trust				2,424,294
Collective trust funds				<u>3,520,897</u>
Total investment assets at fair value				<u>\$ 23,657,515</u>

Investment Assets at Fair Value as of December 31, 2020				
	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 28,593,068	\$ -	\$ -	\$ 28,593,068
Self-directed brokerage accounts	1,476,983	-	-	1,476,983
Total investment assets in the fair value hierarchy	<u>\$ 30,070,051</u>	<u>\$ -</u>	<u>\$ -</u>	30,070,051
Investments measured at NAV (A):				
Common/collective trust				<u>638,951</u>
Total investment assets at fair value				<u>\$ 30,709,002</u>

(A) Certain investments that are measured at fair value using the NAV per share (or its equivalent) as a practical expedient have not been classified in the fair value hierarchy. The fair value amounts presented in these tables are intended to permit reconciliation of the fair value hierarchy to the amounts presented in the statements of net assets available for benefits.

SIEGFRIED USA, LLC PROFIT SHARING/401(k) SAVINGS PLAN

Notes to Financial Statements December 31, 2022 and 2021

NOTE D - FAIR VALUE MEASUREMENTS (CONTINUED)

Changes in Fair Value Levels

The availability of observable market data is monitored to assess the appropriate classification of financial instruments within the fair value hierarchy. Changes in economic conditions or model-based valuation techniques may require the transfer of financial instruments from one fair value level to another.

NOTE E - RELATED PARTY AND PARTY-IN-INTEREST TRANSACTIONS

Certain Plan investments are shares of mutual funds and a common/collective trust managed by Fidelity Management Trust Company. Fidelity Management Trust Company is the trustee of the Plan and, therefore, transactions related to these investments qualify as party-in-interest transactions. Fees paid by the Plan were \$2,626 for the year ended December 31, 2022.

NOTE F - TAX STATUS

The Plan has adopted a Prototype Standardized Plan sponsored by FMR, LLC. On June 30, 2020, the IRS stated in an opinion letter that the prototype adopted by the Plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code ("IRC") and, therefore, the related trust was exempt from taxation. The Plan has been amended since receiving the tax advisory letter. However, the Plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC. Therefore, the Plan administrator believes that the Plan is qualified and the related trust is tax-exempt.

U.S. GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by a government authority. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2022, there are no uncertain positions taken or expected to be taken that would require recognition of a liability or disclosure in the financial statements. The Plan is subject to routine examinations by taxing jurisdictions; however, there are currently no examinations for any tax periods in progress.

NOTE G - RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the participants' account balances and the amounts reported in the statements of net assets available for benefits.

Volatility in the financial markets may significantly impact the subsequent valuation of the Plan's investments. Accordingly, the valuation of investments as of December 31, 2022 may not necessarily be indicative of amounts that could be realized in a current market exchange.

SIEGFRIED USA, LLC PROFIT SHARING/401(k) SAVINGS PLAN

Notes to Financial Statements December 31, 2022 and 2021

NOTE H - MUTUAL FUND FEES

Certain investments in mutual funds are subject to sales charges in the form of front-end loads, back-end loads or 12b-1 fees. 12b-1 fees are ongoing fees allowable under Section 12b-1 of the Investment Company Act of 1940. These annual fees are used to pay for marketing and distribution costs of the funds. These fees are deducted prior to the allocation of the Plan's investment earnings activity, and thus not separately identifiable as an expense.

NOTE I - PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their Company contributions.

NOTE J - SUBSEQUENT EVENTS

The Plan has evaluated subsequent events through October 16, 2023, which is the date the financial statements were available to be issued.
