REPORT OF INDEPENDENT AUDITORS

To the Participants and Trustees of
International Foundation
Employees' Thrift Plan

Opinion

We have audited the financial statements of International Foundation Employees' Thrift Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974, ERISA, which comprise the statements of net assets available for benefits as of December 31, 2022 and 2021, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

In our opinion, the accompanying financial statements present fairly, in all material respects, the net assets available for benefits of International Foundation Employees' Thrift Plan as of December 31, 2022 and 2021, and the changes in its net assets available for benefits for the years then ended, in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the *Auditors' Responsibilities for the Audit of the Financial Statements* section of our report. We are required to be independent of the Plan and to meet our ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are available to be issued.

Responsibilities of Management for the Financial Statements (continued)

Management is also responsible for maintaining a current Plan instrument, including all Plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit;
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements;
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed;
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements; and
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

INTERNATIONAL FOUNDATION EMPLOYEES' THRIFT PLAN

NOTES TO FINANCIAL STATEMENTS

DECEMBER 31, 2022 AND 2021

NOTE 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Method of Accounting - The accompanying financial statements of the International Foundation Employees' Thrift Plan (the Plan) have been prepared using the accrual basis of accounting.

Investments - The Plan investments are reported at fair value. The fair value of a financial instrument is the amount that would be received to sell that asset (or paid to transfer a liability) in an orderly transaction between market participants at the measurement date (the exit price). Net appreciation or depreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Purchases and sales of the investments are reflected on a trade-date basis.

Capital gains distributions on mutual funds are recorded as dividends. Dividend income is recorded on the ex-dividend date. Interest income is recorded on the accrual basis.

Notes Receivable from Participants - Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses when they are incurred. No allowance for credit losses has been recorded as of either December 31, 2022 or 2021. If a participant ceases to make loan repayments and the Plan administrator determines the participant loan to be in default, the participant loan balance is recorded as a deemed distribution.

Plan Administrator - The Plan is maintained under a trust agreement, effective January 1, 1997, by BMO Harris Bank N.A. (BMO) which had custody of the assets of the Plan and made payments to participants at the direction of the Plan sponsor. In May 2021, custody of the assets was transferred to the Matrix Trust Company who made payments to participants at the direction of the Plan sponsor. As of October 1, 2021, custody of the assets was transferred again to the John Hancock Trust Company LLC (John Hancock), who maintained custody of the assets at year end and made payments to participants for the period of October 1, 2021 through December 31, 2022.

Payment of Benefits - Benefit payments to participants are recorded upon distribution. There were no participants who elected to withdraw from the Plan but were not yet paid at either December 31, 2022 or 2021.

Expenses - Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Certain investment related expenses are included in net appreciation (depreciation) of fair value of investments.

Estimates - The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect certain reported amounts and disclosures in the financial statements. Actual results may differ from those estimates.

NOTE 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Subsequent Events - Subsequent events have been evaluated through October 13, 2023, which is the date the financial statements were available to be issued.

NOTE 2. DESCRIPTION OF THE PLAN

The Plan is a defined contribution plan covering all employees of the International Foundation of Employee Benefit Plans, Inc. (the Foundation) who have completed 1,000 hours of service in any period of 12 or fewer months. Once completing the requirements, participation begins the following January 1 or July 1. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended. Benefits under the Plan are not insured by the Pension Benefit Guaranty Corporation.

Participants may make both pretax contributions pursuant to section 401(k) of the Internal Revenue Code, after-tax Roth contributions as well as non-Roth after-tax contributions. Pretax deferred annuity contracts under IRC Section 401(k) authorize employees to direct pretax contributions pursuant to salary reduction arrangements, the actual limits of which are determined by the employee's annual compensation. Additionally, total annual additions are limited under Section 415 of the Internal Revenue. Under the Foundation's matching provisions, the Foundation contributes 75% of the employee's pre-tax and after-tax elective contributions to the Plan for such year up to 6% of an employee's base compensation. Participants may also contribute amounts representing rollover contributions from other qualified retirement plans.

The Foundation also makes non-elective contributions to the Plan on behalf of all eligible participants. Participants with less than 10 years of service receive a contribution of 3.25% of their eligible compensation into the Plan. Participants with more than 10 years of service receive a contribution of 6.50% of their eligible compensation. Participants are eligible for the contribution the next enrollment date following 1,000 hours of work.

Each participant's account is credited with the participant's contribution and allocations of (a) the Foundation's contributions and (b) Plan earnings, and are charged with an allocation of administrative expenses. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Participants are immediately vested in their contributions, rollovers and the Foundation's non-elective contributions plus actual earnings thereon. Vesting in the Foundation's matching contribution plus actual earnings thereon is based on years of continuous service.

NOTE 2. DESCRIPTION OF THE PLAN (CONTINUED)

Upon enrollment in the Plan, a participant may direct participant contributions among the available investment options in any whole percentage. In the absence of participant direction, contributions are invested in a default investment fund until changed by the participant. Participants must evaluate their own investment goals and objectives and choose investments best suited to achieve those goals and objectives. Poor investment performance by the investments selected by the participants may cause their vested balances to be lower than the amounts contributed to the Plan on their behalf. The Plan offers a choice of investment options with different degrees of risk and return. Participants may change their investment options based on the rules of the Plan.

Participants may borrow from their accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. The loans are secured by the balance in the participant's account and bear interest at rates ranging from 3.00% to 6.25 % which are commensurate with local prevailing rates as determined by the Plan Administrator. Principal and interest are generally repaid ratably through payroll deductions.

If a participant's employment terminates prior to normal retirement age for reasons other than death and the vested account balance is less than \$1,000, the Plan Administrator is required to make a lump-sum distribution to the participant. Participants with vested account balances that exceed \$1,000 must elect in writing to commence distribution. Such distributions may not commence prior to the participant's normal retirement age unless the participant consents, in writing, to the earlier distribution of the vested account. Unless a participant elects to defer distribution, distribution shall commence no earlier than thirty days from the date the Administrator provides notice of the right to elect payment in a direct rollover and no later than an administratively feasible date following the end of the Plan year in which the participant's employment terminates. All distributions from participants' accounts occur in a single lump sum.

The Plan shall distribute the vested account balance of a deceased participant to the beneficiary within a reasonable time after the participant's death, but no later than by the end of the calendar year that contains the fifth anniversary of the participant's death.

Forfeited nonvested account balances are applied to reduce future employer contributions. Matching contributions made by the Foundation were reduced for the years ended December 31, 2022 and 2021, by \$0 and \$3,724 in forfeited account balances, respectively. The balance of forfeited nonvested account balances was \$9,348 and \$3,091 at December 31, 2022 and 2021, respectively.

Participants should refer to the summary plan description for more information.

NOTE 3. PRIORITIES UPON TERMINATION

It is the intent of the Trustees to continue the Plan in full force and effect. However, the right to discontinue the Plan is reserved to the Trustees. Such termination shall not permit any part of the Plan to be used for or diverted to purposes other than the exclusive benefit of the participants and their beneficiaries. Provision may be made for the payment of necessary expenses resulting from the termination of the Plan.

In the event of termination, the net assets of the Plan will be allocated to pay benefits in priorities as prescribed by ERISA and its related regulations. Whether or not a particular participant will receive full benefits should the Plan terminate at some future time will depend on the sufficiency of the Plan's net assets at that time and the priority of those benefits.

NOTE 4. TAX STATUS

The Plan obtained its latest determination letter on December 5, 2017, in which the Internal Revenue Service stated that the Plan, as then designed, was in compliance with the applicable requirements under Section 401(a) of the Internal Revenue Code, and was, therefore, exempt from federal income taxes under provisions of Section 501(a). The Plan has been amended since receiving the determination letter. The Plan's Administrator and the Plan's legal counsel believe that the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code.

Accounting principles generally accepted in the United States of America require the Plan to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by tax authorities. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTE 5. RELATED PARTY TRANSACTIONS

Certain Plan investments are shares of common trust funds managed by BMO and John Hancock, who both served as custodian of the Plan for 2022 and 2021, and therefore, these transactions qualify as exempt party-in-interest transactions. Fees paid by the Plan for investment management and administrative services amounted to \$12,869 and \$21,948 for the years ended December 31, 2022 and 2021, respectively.

NOTE 6. RELATED ORGANIZATIONS

The Plan has several related entities which include the following: the Foundation, two other non-profit corporations, a defined benefit retirement plan and a health and welfare plan. All are separate tax-exempt entities.

NOTE 7. FAIR VALUE MEASUREMENTS

The *Fair Value Measurements and Disclosures* Topic of the FASB Accounting Standards Codification established a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are described below:

Basis of Fair Value Measurement

Level 1	Unadjusted quoted prices in active markets that are accessible at the measurement date for identical, unrestricted assets or liabilities
Level 2	Quoted prices in markets that are not considered to be active or financial instruments for which all significant inputs are observable, either directly or indirectly
Level 3	Prices or valuations that require inputs that are both significant to the fair value measurement and unobservable

The methods used to measure fair value may produce an amount that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth, by level within the fair value hierarchy, the Plan's investment assets at fair value as of December 31, 2022 and 2021. As required, assets and liabilities are classified in their entirety based on the lowest level of input that is significant to the fair value measurement.

Total	<u>\$21,999,394</u>	<u>\$20,590,448</u>	<u>\$ 1,408,946</u>	<u>\$ -</u>

Level 1 Measurements

The fair values of mutual funds are determined by reference to the funds' underlying assets which, are principally marketable equity and fixed income securities. Shares held in the mutual funds are traded on national and international securities exchanges and are valued at the net asset value as of the last business day of each period presented.

Level 2 Measurements

Units held in the common trust fund are valued at fair value based on a valuation model that includes various inputs including interest rate yield curves as determined by the investment manager. The common trust fund is considered a direct filing entity and files a Form 5500 with the U.S. Department of Labor (DOL). Redemptions are available on a daily basis but are limited to the contract value of the common trust fund and not the fair value.

NOTE 8. RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such change could materially affect the amounts reported in the statements of net assets available for benefits.

REPORT OF INDEPENDENT AUDITORS ON SUPPLEMENTAL SCHEDULES

To the Participants and Trustees of
International Foundation
Employees' Thrift Plan

We have audited the financial statements of International Foundation Employees' Thrift Plan (the Plan) as of and for the years ended December 31, 2022 and 2021, and our report thereon dated October 13, 2023, which expressed an unmodified opinion on those financial statements, appears on pages 1 and 2. Our audits were conducted for the purpose of forming an opinion on the financial statements as a whole. Supplemental Schedule 1 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion, the information in the accompanying schedules is fairly stated, in all material respects, in relation to the financial statements as a whole, and the form and content are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
