Independent Auditors' Report

To the Trustee of
FDM Group, Inc. 401(K) Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of FDM Group, Inc. 401(K) Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2022, and the related statement of changes in net assets available for benefits for the year ended December 31, 2022, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2022 and 2021 and for the year ended December 31, 2022, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section:

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedule Required by ERISA

The supplemental schedule of assets (held at end of year) as of December 31, 2022, is presented for purposes of additional analysis and are not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Auditors' Report on the 2021 Financial Statements

Other auditors, who joined Mazars USA LLP, performed an audit of the 2021 financial statements of the Plan. In accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the prior year audit did not extend to any statements or information related to assets held for investment of the plan that were certified by a qualified institution. Their report dated December 31, 2021 indicated that (a) the amounts and disclosures in the 2021 financial statements, other than those agreed to or derived from the certified investment information, were presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America, and (b) the information in the 2021 financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C). Their report also indicated that the form and content of the 2021 supplemental schedules, other than the information in the 2021 supplemental schedules that agreed to or is derived from the certified investment information, were presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA; and the information in the 2021 supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determines meets the requirements of ERISA Section 103(a)(3)(C).

FDM GROUP, INC. 401(K) Plan

Notes to Financial Statements December 31, 2022 and 2021

1. Description of Plan

The following brief description of FDM Group Inc 401(k) Plan (the “Plan”) provides only general information. Participants should refer to the plan document for a complete description of the Plan’s provisions.

General

The Plan is a defined contribution plan established on August 1, 2016 to provide eligible employees of FDM Group, Inc. (the “Company”) with retirement benefits in accordance with Sections 401(a) and 401(k) of the Internal Revenue Code (“IRC”). The Plan is subject to the provisions of the Employer Retirement Income Security Act of 1974 (“ERISA”). On February 1, 2020, the Plan was amended and restated under an Automatic Data Processing non-standardized prototype plan. The Plan has been further amended and restated effective August 1, 2022 to bring the Plan into compliance with the legislative and regulatory changes set forth in the 6-year pre-approved plan restatement cycle.

Eligibility

All Company employees hired prior to February 11, 2020, other than nonresident aliens, are eligible to participate in the Plan after completing 14 days of service. All Company employees hired after February 11, 2020, other than nonresident aliens, are eligible to participate in the Plan after completing one month of service. Employees of the Company who were employed on or before August 1, 2016 were immediately eligible to participate in the plan.

Contributions

Effective February 1, 2020, eligible participants may make voluntary pre-tax contributions through salary reductions from 1% to 90% of eligible compensation, as defined by the Plan, limited to the maximum amount allowable under the provisions of the IRC (\$20,500 in 2022). Further, participants who are 50 years of age or older as of December 31, 2022 may contribute an additional “catch up” contribution (\$6,500 in 2022). The Plan also allows for participants to defer funds into a “Roth 401(k).” These deferrals are subject to federal and state income taxes, and the maximum allowable participant contribution is \$20,500 combined between both the Roth and pre-tax deferral. Effective February 1, 2020, the Plan added provisions for an automatic deferral arrangement. All participants who become eligible on or after February 1, 2020 will be automatically enrolled at 5% of eligible compensation, as defined. Additionally, the Plan provides for an automatic escalation, to be effective on the first day of each plan year, of 1% per year up to a maximum of 10%.

Participants direct the investment of their contributions into various investment options offered by the Plan. The Plan currently offers various mutual funds and a stable value fund as investment options for participants..

Participant Accounts

Each participant’s account is credited with their contributions, employer contributions and the earnings thereon. Contributions to the Plan are invested by the custodians as directed by the participants. Each participant may elect from one or more of the investment vehicles offered pursuant to the provision of the Plan.

Vesting

Participants’ voluntary contributions and any earnings thereon vest immediately. Participants become fully vested in Company contributions after completing two years of service. Upon reaching normal retirement, disability, or death, a participant shall become 100% vested in their account. Vesting in the Company’s discretionary matching contributions, plus actual earnings thereon is as follows:

<u>Years of Service</u>	<u>Vesting</u>
1 year	0%
2 years	100%

FDM GROUP, INC. 401(K) Plan

Forfeitures

Forfeitures may be used to reduce future employer contributions or pay Plan expenses, at the discretion of the plan administrator. Forfeited non-vested account balances totaled approximately \$32,500 and \$4,600 as of December 31, 2022 and 2021, respectively. During the year ended December 31, 2022, the Company used approximately \$93,000 of forfeitures to reduce employer contributions.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2022 or 2021. If a participant ceases to make loan repayments and the plan administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

Effective February 1, 2020, the Plan began to permit participant loans. Participants may borrow up to 50% of their vested account balance up to a maximum of \$50,000. The minimum loan amount is \$500. Participant loans are subject to approval by the plan administrator at interest rates set periodically. Loan terms range from one to five years. However, the term may be extended up to 30 years if the loan was made for the purpose of acquiring the primary residence of the participant.

Loans are secured by the balance in the participant's account. Principal and interest is paid ratably through payroll deductions.

Benefits

A participant's vested interest in the Plan's assets is distributable upon termination, disability, retirement or death. Participants may withdraw from their individual accounts pursuant to specific guidelines as set forth in the plan document.

Refundable Contributions Due to Participants

Amounts payable to participants for contributions in excess of amounts allowed by the IRS are recorded as a liability with a corresponding reduction to contributions. The Plan distributes the excess contributions to the applicable participants prior to April 15th of the subsequent year.

Administrative Expenses

All transaction fees for loans and distribution requests and recordkeeping fees are paid from participants' accounts. All other administrative expenses are paid by the Company.

2. Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities and changes therein, when applicable, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value as determined by the Plan's Management (see Notes 3 and 4). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements.

Realized gains and losses on investments sold and the unrealized appreciation and depreciation of investments held are reported on an average current cost basis, based on fair market value of the investments at the beginning of the Plan year or at the time of the purchase during the Plan year.

FDM GROUP, INC. 401(K) Plan

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net depreciation includes the Plan's gains on investments bought and sold as well as held during the year.

Payment of Benefits

Benefits are recorded when paid.

Subsequent Events

The Plan has evaluated subsequent events through October 13, 2023, the date the financial statements were available for issuance.

3. Information Certified by the Custodian

The Company, acting in its capacity as the plan administrator, has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. The following is a summary of the investments and notes receivable from participants for the Plan as of December 31, 2022 and 2021, and for the year ended December 31, 2022, included in the Plan's financial statements and supplemental schedule that was prepared or derived from information provided by Reliance Trust Company (the "Trustee") and furnished to the plan administrator (Company). The plan administrator has obtained the certification from the Trustee that such information is complete and accurate.

Information relating to investments and notes receivable from participants held by the Trustee at December 31, is as follows:

	2022	2021
Investments at fair value	\$ 6,747,818	\$ 6,675,217
Notes receivable from participants	12,348	11,319
	<u>\$ 6,760,166</u>	<u>\$ 6,686,536</u>

The following was also certified by the Trustee for the year ended December 31, 2022:

Net depreciation in the fair value of investments	<u>\$ (1,321,184)</u>
Interest and dividend income	<u>\$ 148,648</u>
Interest income on notes receivable from participants	<u>\$ 498</u>

4. Fair Value Measurements

The Plan's investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques need to maximize the use of observable inputs and minimize the use of unobservable inputs. Valuation techniques used to measure fair value are defined as follows:

- Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.
- Level 2 - Inputs to the valuation methodology include: (a) quoted prices for similar assets or liabilities in active markets; (b) quoted prices for identical or similar assets or liabilities in inactive markets; (c) inputs other than quoted prices that are observable for the assets or liabilities; and (d) inputs that are derived principally from or corroborated by observable market data by correlation or

FDM GROUP, INC. 401(K) Plan

other means. If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

- Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2022 and 2021:

- **Common collective trust:** The fair value of the common collective trust is determined by the trustee of the common collective trust based on the underlying assets, which represent the net asset value of units held by the Plan. Participant-directed redemptions can be made on any business day and do not have a redemption notice period.
- **Mutual funds:** Shares held by the Plan at year-end are valued at unadjusted quoted prices in an active market.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Investments at fair value as of December 31, 2022 are as follows:

	Level 1	Level 2	Level 3	Total
Common collective trust (a)	\$ -	\$ -	\$ -	\$ 76,034
Mutual funds	6,671,784	-	-	6,671,784
Total investments at fair value	<u>\$ 6,671,784</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 6,747,818</u>

Investments at fair value as of December 31, 2021 are as follows:

	Level 1	Level 2	Level 3	Total
Common collective trust (a)	\$ -	\$ -	\$ -	\$ 11,527
Mutual funds	6,663,690	-	-	6,663,690
Total investments at fair value	<u>\$ 6,663,690</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 6,675,217</u>

- (a) In accordance with Subtopic 820-10, certain investments that were measured at net asset value per share (or its equivalent) as a practical expedient to fair value have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the Statements of Net Assets Available for Benefits.

5. Related-Party Transactions

ADP is the third-party administrator of the Plan and therefore, these transactions qualify as party-in-interest transactions. Fees paid by the Plan to ADP and the Trustee for recordkeeping, administrative, and trustee services amounted to approximately \$25,000 and \$15,000 for the year ended December 31, 2022.

FDM GROUP, INC. 401(K) Plan

6. Plan Termination

Although it has not expressed any intent to do so, the Company has the right to terminate the Plan at any time by resolution of the Board of Directors, subject to the provisions of ERISA. In the event that the Plan and the related trust fund terminate, participants will be 100% vested in their accounts. All accounts will be valued as of the termination date and account balances will be distributed in full to participants.

7. Income Tax Status

The Financial Accounting Standards Board has issued a standard regarding the accounting and recognition of income tax positions taken or expected to be taken by the Plan. The plan administrator assesses the tax positions taken by the Plan and has concluded that as of December 31, 2022 and 2021, there are no uncertain tax positions taken or expected to be taken that would require recognition or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

8. Risks and Uncertainties

The Plan utilizes various investment instruments. Investment securities, in general, are exposed to various risks, such as interest rate, credit and overall market volatility. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in market conditions in the near term could materially affect participants' account balances and the value of investments reported in the financial statements.

9. Reconciliation to the Form 5500

The following is a reconciliation between the statements of net assets available for benefits per the accompanying financial statements and the Form 5500 as of December 31,:

	2022	2021
Net assets available for benefits per the financial statements	\$ 6,919,582	\$ 6,679,673
Less: participants' contributions receivable	(126,032)	-

Plus: excess contribution payable	3,601	-
Net assets available for benefits per the Form 5500	<u>\$ 6,760,166</u>	<u>\$ 6,679,673</u>

The following is a reconciliation between the statements of changes in net assets available for benefits per the accompanying financial statements and the Form 5500 for the year ended December 31, 2022:

Net increase in net assets available for benefits per the financial statements	\$ 239,909
Less: participants' contributions receivable as of December 31, 2022	(126,032)
Less: employer contributions receivable as of December 31, 2022	(36,985)
Plus: Refundable contributions due to participants as of December 31, 2022	<u>3,601</u>
Changes in net assets available for benefits per the Form 5500	<u>\$ 80,493</u>

FDM GROUP, INC. 401(K) Plan

10. Corrective Distributions

Upon review of results from previous non-discrimination testing, the Plan discovered that there were corrective distributions needed for failed actual deferral percentage ("ADP") and actual contribution percentage ("ACP") testing related to the 2020 and 2021 plan years. These corrective distributions, totaling approximately \$152,000, were issued in 2022 and included in benefits paid to participants on the statement of changes in net assets available for benefits.
