Independent Auditor's Report

To the Plan Administrator of
CARE Retirement Savings Plan
Atlanta, Georgia

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of CARE Retirement Savings Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statement of net assets available for benefits as of December 31, 2022 and 2021, and the related statement of changes in net assets available for benefits for the year ended December 31, 2022, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of CARE Retirement Savings Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of December 31, 2022 and 2021 and for the year ended December 31, 2022, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section—

- the amounts and disclosures in the financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of CARE Retirement Savings Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about CARE Retirement Savings Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of the financial statements of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of CARE Retirement Savings Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about CARE Retirement Savings Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter - Supplemental Schedules Required by ERISA

The supplemental schedule of assets (held at end of year) and the schedule of delinquent participant contributions as of December 31, 2022 are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards ("GAAS"). For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

CARE RETIREMENT SAVINGS PLAN

NOTES TO FINANCIAL STATEMENTS

1. Plan Description

The following description of the CARE Retirement Savings Plan (the “Plan”) provides only general information. Participants should refer to the plan agreement for a more complete description of the Plan’s provisions.

- A. *General.* The Plan is a defined contribution plan covering substantially all employees with the exception of nonresident alien employees of CARE USA (“CARE”). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”). To receive an employer contribution, a participant must have one year of service. The Plan makes an annual discretionary QNEC to eligible employees and a 100% matching contribution up to 4% of eligible employees’ compensation.
- B. *Employer Contributions.* CARE matches 100% of participant deferral contributions up to 4% of eligible compensation. CARE made matching contributions of \$1,158,954 in 2022. CARE may also make a discretionary QNEC for each eligible participant. In 2022, the QNEC was 4% of eligible compensation. The QNEC contribution for 2022 was \$1,398,802.

Supplemental contributions are provided to ensure that those who were previously participants in the CARE Retirement Plan receive contributions to their accounts that are comparable to those which they would have received under the CARE Retirement Plan. CARE contributes a supplemental amount to the accounts of these participants, as determined by the Recordkeeper. The level of supplemental contribution varies by individual based on how each individual is affected by the change from the CARE Retirement Plan. There were no supplemental contributions for the year ended December 31, 2022.

- C. *Participant Contributions.* Participants are allowed to contribute up to 100% of their salaries on a before-tax and after-tax basis, subject to IRS limitations. Participants are also allowed to make rollover contributions to the Plan from other qualified defined benefit and defined contribution plans.
- D. *Participant Accounts.* Each participant’s account is credited with the participant’s contribution and allocations of the employer’s contribution, plan earnings, and forfeitures and may be charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant’s vested account.
- E. *Vesting.* Participants are fully vested in all contributions plus actual earnings thereon at all times.
- F. *Notes Receivable from Participants.* Participants are permitted to borrow from the Plan using their own accounts as collateral. Notes are limited to the participant’s own contributions to the Plan. Notes bear interest at rates determined by the plan administrator and must be repaid within five years, unless the note pertains to the purchase of a primary residence, in which case the term may be over a ten-year period. Only one note may be outstanding at a time. Notes to participants are limited to a minimum note amount of \$1,000; the maximum amount is the lesser of \$50,000 or 50% of participant contributions, including earnings. Principal and interest are paid ratably through payroll deductions.

CARE RETIREMENT SAVINGS PLAN
Notes to Financial Statements

- G. *Payment of Benefits.* The benefit to which a plan participant is entitled is the benefit that can be provided by the contributions and income thereon (including net realized and unrealized investment gains and losses) allocated proportionately to the participant's individual account. Any benefits provided by the Plan are paid by the trustee, upon instructions of the plan administrator, from net assets available for benefits.

Upon the death of a participant the value of his account is to be distributed to his beneficiary in the form of a lump-sum payment. Upon termination of service for any reason other than death, participants receive their distribution in the form of a lump-sum payment.

- H. *Transfers from Related Plan.* Transfers from related plan are transfers of participant balances resulting from change in U.S. residency status. No such transfers occurred in 2022.

2. Summary of Significant Accounting Policies

The following is a summary of accounting policies utilized in the financial statements, which were prepared in accordance with accounting principles generally accepted in the United States of America.

- A. *Basis of Accounting.* The accompanying financial statements and schedule are prepared using the accrual basis of accounting.
- B. *Use of Estimates.* The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.
- C. *Investment Valuation and Income Recognition.* Investments are reported at fair value, except for the fully benefit-responsive Guaranteed Pooled Fund, which is reported at contract value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Administrative Committee determines the Plan's valuation policies utilizing information provided by investment advisers and the plan trustee (see Note 4).

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. The net appreciation in the fair value of investments includes both realized and unrealized gains and losses on investments.

- D. *Notes Receivable from Participants.* Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant loans are reclassified as distributions based upon the term of the plan document. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2022 or 2021.

CARE RETIREMENT SAVINGS PLAN
Notes to Financial Statements

E. *Benefit Payments.* Benefits are recorded when paid.

F. *Expenses.* Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by CARE. Expenses that are paid by the CARE are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net depreciation of fair value of investments.

3. Information Certified by the Custodian and by the Trustee

The plan administrator has elected to have the audit of CARE Retirement Savings Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Transamerica Financial Life Insurance Company Inc., a custodian of the plan assets, and State Street Bank and Trust Company, the trustee of the Plan, have certified to the completeness and accuracy of all investments and notes receivable from participants reflected in the accompanying statements of net assets available for benefits as of December 31, 2022 and 2021, and the related investment activity and interest on notes receivable from participants reflected in the statement of changes in net assets available for benefits for the year ended December 31, 2022, and the investments and notes receivable from participants on the schedule of assets (held at end of year).

4. Fair Value Measurements

Financial Accounting Standards Board (FASB) *Accounting Standards Codification* (ASC) 820, *Fair Value Measurements*, provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Basis of Fair Value Measurement:

- Level 1 Unadjusted quoted prices in active markets that are accessible at the measurement date for identical, unrestricted assets or liabilities.
- Level 2 Quoted prices in markets that are not considered to be active or financial instruments for which all significant inputs are observable, either directly or indirectly.
- Level 3 Prices or valuations that require inputs that are both significant to the fair value measurement and unobservable.

A financial instrument's level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement.

The following discussion describes the valuation methodologies used for assets measured at fair value on a recurring basis. The techniques utilized in estimating the fair values of financial instruments are reliant on the assumptions used. Care should be exercised in deriving conclusions based on the fair

CARE RETIREMENT SAVINGS PLAN
Notes to Financial Statements

value information of financial instruments presented below.

Fair value estimates are made as of a specific point in time, based on available market information and judgments about the financial instrument. Such estimates do not consider the tax impact of the realization of unrealized gains or losses. In addition, the disclosed fair values may not be realized in the immediate settlement of the financial instrument. No significant changes were made to the valuation process during 2022.

Mutual Funds - The mutual funds are held as individual plan assets. The mutual funds have publicly available prices that are quoted daily in active markets. Multi-asset funds are managed based on a target date. Due to similar valuation techniques, they are classified as mutual funds.

Collective Trusts - The collective trusts are valued based on the net asset values ("NAV") reported by the Trustee of the funds, which are based on the value of the underlying assets owned by the fund, minus its liabilities and then divided by the number of shares outstanding. The NAV is used as a practical expedient to estimate fair value.

Self-Directed Brokerage Account – The self-directed brokerage account is invested in mutual funds that have publicly available prices that are quoted daily in active markets.

Interest-Bearing Cash – Cash held on deposit with the Plan trustee in general account.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Investments measured at fair value using net asset value per share (or its equivalent) as a practical expedient have not been classified in the fair value hierarchy. The fair value amounts presented in this table for such investments are intended to permit reconciliation of the fair value hierarchy to the investments at fair value line item presented in the statement of net assets available for benefits.

The following tables present by level, within the fair value hierarchy, the Plan investment assets at fair value, as of December 31, 2022 and 2021. As required by ASC 820, investment assets are classified in their entirety based upon the lowest level of input that is significant to the fair value measurement.

CARE RETIREMENT SAVINGS PLAN
Notes to Financial Statements

5. Related Party Transactions and Party-in-Interest Transaction

Certain administrative fees are paid by the plan sponsor and are not reflected in these financial statements. Fees incurred by the Plan for investment management services are included in the net appreciation in fair value of investments, as they are paid through revenue sharing, rather than direct payment. Fees charged directly to the Plan by the trustee for custodial, recordkeeping and investment advisory services totaled \$93,217 for the year ended December 31, 2022.

In addition, revenue sharing income of \$36,972 is included in net depreciation of investments.

6. Plan Termination

Although it has not expressed any intent to do so, CARE has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. However, should the Plan be terminated, the net assets available for benefits would be distributed to the participants in accordance with the plan document.

7. Tax Status

The Plan obtained its latest determination letter on February 26, 2016, in which the Internal Revenue Service stated that the Plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code ("IRC"). The plan administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income taxes has been included in the Plan's financial statements.

Accounting principles generally accepted in the United States of America require plan management to value tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2022, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

8. Risk and Uncertainties

The Plan provides various investment options. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risks associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

9. Delinquent Participant Contributions

In 2022, the plan sponsor failed to timely deposit deferral contributions and participant loan repayments totaling \$269,246. All contributions and loan repayment amounts have been remitted to the Plan. The Plan Sponsor is calculating the amount of lost earnings to deposit into the affected participant's accounts.

10. Reconciliation of Financial Statements to Schedule H of Form 5500

The following is a reconciliation of net assets available for benefits per the Statements of Net Assets Available for Benefits as of December 31, 2022 and 2021, to Schedule H of Form 5500:
