## INDEPENDENT AUDITORS' REPORT

To the Administrative Committee of  
The Foresight MEP 401(k) Plan  
FBO Salmon Electrical Contractors, Inc., and Related Entities

### Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed an audit of the financial statements of The Foresight MEP 401(k) Plan FBO Salmon Electrical Contractors, Inc., and Related Entities, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C). The financial statements comprise the statements of net assets available for benefits as of December 31, 2022 and 2021, and the related statement of changes in net assets available for benefits for the year ended December 31, 2022, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of the financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of and for the years ended December 31, 2022 and 2021, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

### Opinion

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section—

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

## **Basis for Opinion**

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the The Foresight MEP 401(k) Plan FBO Salmon Electrical Contractors, Inc., and Related Entities and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

## **Responsibilities of Management for the Financial Statements**

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the The Foresight MEP 401(k) Plan FBO Salmon Electrical Contractors, Inc., and Related Entities' ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

## **Auditor's Responsibilities for the Audit of the Financial Statements**

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the The Foresight MEP 401(k) Plan FBO Salmon Electrical Contractors, Inc., and Related Entities' internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the The Foresight MEP 401(k) Plan FBO Salmon Electrical Contractors, Inc., and Related Entities' ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

**1. DESCRIPTION OF THE PLAN**

The following description of the Foresight MEP 401(k) Plan FBO Salmon Electrical Contractors, Inc., and Related Entities (the Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

**Plan Structure**

Foresight Wealth Management, LLC (FWM) is a registered investment advisor with the SEC and the sponsor of the Foresight MEP (Multiple Employer Plan) 401(k) Plan. Salmon Electrical Contractors, Inc. and related entities, Westside Equipment Co., LLC, and WireTech LLC, are part of a joinder agreement to legally adopt the plan and collectively are a co-sponsor. All co-sponsors of the plan lack 'nexus' or 'commonality' and therefore the plan is classified as an open MEP and co-sponsors are treated as separate plans for Form 5500 filings, annual plan audits, and ERISA bond purposes.

**General**

The Plan is designed to be a defined contribution plan covering employees of Salmon Electrical Contractors, Inc., Westside Equipment Co., LLC, and WireTech LLC (the "Company") who have completed one year of service, 1,000 hours of service and have elected to become participants. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended.

**Contributions**

Each year, participants may elect under a salary reduction agreement, to contribute to the Plan up to 100% of their compensation, as defined by the Plan agreement, through payroll deductions subject to certain limitations under the Internal Revenue Code (IRC). Salary deferrals can be pre-tax 401(k) deferrals or Roth 401(k) deferrals. In addition, the Company may make a discretionary matching contribution equal to a uniform percentage of participant salary deferrals. Each year the Company will determine the amount of the discretionary percentage. The Company may also make a discretionary profit-sharing contribution to participant accounts. Participants direct the investment of all contributions made on their behalf.

**Participant Accounts**

Each participant's account is credited with the participant's contributions and (a) the Company's contributions and, (b) Plan earnings, and charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the balance in the participant's vested account.

Notes to Financial Statements**

*Continued*

**1. DESCRIPTION OF THE PLAN - *Continued***

**Investment Options and Investment Trustees**

The Plan's investment options are managed by the trustee of the Plan. Upon enrollment in the Plan, a participant may direct employee contributions in any of the available funds managed by the trustee.

**Administrative Expenses**

The Plan's governing document allows administrative expenses to be paid by either the Plan or the sponsor. During the year ended December 31, 2022 all administrative expenses were paid by the Plan.

**Vesting**

Participants are vested immediately in their voluntary contributions plus actual earnings thereon. Vesting for employer profit sharing and match contributions plus earnings thereon is based on years of continuous service. A participant is 20% vested after 2 years of credited service and additional 20% vests each year thereafter until the participant is 100% vested after six years of credited service.

**Distribution of Benefits**

On termination of service due to death, disability, or retirement, a participant may elect to receive his or her contribution and the vested portion of the employer's contribution in a lump sum or annual installments over a reasonable period of time. For termination of service due to other reasons, participants with vested benefits less than \$5,000 will receive a lump sum distribution. Under certain circumstances, participants may withdraw their account balances prior to the occurrence of these events.

**Forfeitures**

Forfeitures of non-vested Company contributions are used to reduce future Company contributions. During 2022, the plan had forfeited amounts of \$7,678 and no forfeitures were used to reduce Company contributions. As of December 31, 2022, accumulated forfeitures totaled \$18,756.

**Notes Receivable from Participants**

Participants may borrow from their fund accounts. Loans cannot be greater than 50% of the vested account balance under the Plan. Additionally, the loan cannot exceed \$50,000 minus the difference between the highest outstanding balance of loans in the past 12 months and the outstanding balance of loans from the Plan on the date the loan is made. The loans are secured by the balance in the participant's account and bear interest at prime plus 1% per annum, which is commensurate with local prevailing rates as determined quarterly by the plan administrator.

Effective January 3, 2023, the plan was transferred to the 401(k) Simplified Flexible Plan. See Note 6 for a more detailed description of this transfer.

**2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES**

**Basis of Accounting and Use of Estimates**

The financial statements of the Plan are prepared using the accrual method of accounting based on accounting principles generally accepted in the United States of America, which requires the plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

**Payment of Benefits**

Benefits are recorded when paid.

**Investment Valuation and Income Recognition**

The Plan's investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See the fair value measurements footnote below.

Net appreciation or depreciation of investments included in the accompanying statement of changes in net assets available for benefits includes realized gains or losses from the sale of investments and unrealized appreciation or depreciation in fair value of investments. Net unrealized appreciation or depreciation in the fair value of investments represents the net change in the fair value of the investments held during the year. The net realized gains or losses on the sale of investments represent the difference between the sale proceeds and the fair value of the investment as of the beginning of the year or the cost of the investment if purchased during the year.

Purchase and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date.

**Notes Receivable from Participants**

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant loans are reclassified as distributions based upon the terms of the plan document.

**Risks and Uncertainties**

The Plan provides for investments in securities that are exposed to various risks, such as interest rate, currency exchange rate, credit, and overall market fluctuation. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

**Fair Value Measurements**

FASB ASC 820, *Fair Value Measurements and Disclosures* establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described below:

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 – Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2022.

**Fair Value Measurements - *Continued***

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

**Tax Status and Uncertain Tax Position**

The Plan has an original effective date of January 1, 2017, and through joinder agreements was adopted by Salmon Electric Contractors, Inc. on January 24, 2019 and amended to include Westside Equipment Co., LLC, and WireTech LLC (commonly controlled entities) on April 7, 2020, and September 21, 2020 respectively. The plan obtained its latest determination letter on June 30, 2020 in which the Internal Revenue Service stated that the Plan, as then designed, was tax-exempt and in compliance with the applicable requirements of the Internal Revenue Code. The Plan has not applied for a subsequent determination letter. However, the Plan administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code. Therefore, no provisions for income taxes have been made in the financial statements.

**Subsequent Events**

The plan administrator has evaluated events and transactions subsequent to the statements of net assets available for benefits date through the date of the independent auditor's report (the date the financial statements were available to be issued) for potential recognition or disclosure in the financial statements. The plan administrator has not identified any items requiring recognition or disclosure in the financial statements.

**3. INFORMATION PREPARED AND CERTIFIED BY TRUSTEE**

**4. FAIR VALUE MEASUREMENTS**

The following table sets forth by level, within the fair value hierarchy, the Plan's investments at fair value.

As of December 31, 2022, all assets of the plan were not held for investment but were held in cash and cash equivalents to be transferred to the successor plan.

**December 31, 2021**

	<b>Level 1</b>	<b>Level 2</b>	<b>Level 3</b>	<b>Total</b>
Mutual funds	\$ 1,153,096	\$ -	\$ -	\$ 1,153,096
Total assets at fair value	<u>\$ 1,153,096</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 1,153,096</u>

**5. PARTY-IN-INTEREST TRANSACTIONS**

Certain Plan investments are shares of mutual funds managed by Fidelity. Fidelity is the custodian as defined by the Plan and, therefore, these transactions qualify as exempt party-in-interest transactions. Fees paid by the plan to Fidelity and other parties for investment management services amounted to \$12,689 for the year ended December 31, 2022.

**6. PLAN TRANSFER**

Effective January 3, 2023, the Plan was transferred into the 401(k) Simplified Flexible Plan (the Successor Plan). A total of \$1,321,347 of plan assets were sold with a trade date of December 30, 2022. The trades were settled, and assets transferred to the Successor Plan's custodian on January 3, 2023. Dividends in the amount of \$248 with an ex-dividend date of December 30, 2022 were included in the total plan assets at year-end. The dividends were received and immediately liquidated and were transferred to the Successor Plan on January 9, 2023.
