Dallas, Texas

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of the Glasfloss Industries, L.P. 401(k) Retirement Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C). The financial statements comprise the statements of net assets available for benefits as of December 31, 2022 and 2021, and the related statement of changes in net assets available for benefits for the year ended December 31, 2022, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA (ERISA Section 103(a)(3)(C) audit). As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency (qualified institution), provided that the investment information is prepared and certified to by the qualified institution in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Management has obtained a certification from a qualified institution as of December 31, 2022 and 2021, and for the year ended December 31, 2022, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and the procedures performed as described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (GAAP).
- The certified investment information in the accompanying financial statements agrees to, or is derived from, in all material respects, the information prepared and certified by a qualified institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is responsible for maintaining a current plan instrument, including all plan amendments. Management is also responsible for administering the Plan and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the *Scope and Nature of the ERISA Section 103(a)(3)(C) Audit* section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter - Supplemental Schedule Required by ERISA

The supplemental Schedule H, Line 4i, Schedule of Assets (Held at End of Year) as of December 31, 2022, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- The certified investment information in the supplemental schedule agrees to, or is derived from, in all material respects, the information prepared and certified by a qualified institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Glasfloss Industries, L.P. 401(k) Retirement Plan

Notes to Financial Statements

1. Description of the Plan

The following description of the Glasfloss Industries, L.P. 401(k) Retirement Plan (the Plan) is provided for general information purposes only. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan was adopted effective January 1, 1996, by Glasfloss Industries L.P. (the Partnership or Employer), the sponsor of the Plan. The Plan is a contributory defined contribution plan covering all eligible employees of the Partnership. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (ERISA).

Custodian and Administration of the Plan

The custodian and recordkeeper of the Plan is VOYA Retirement Insurance and Annuity Company (VOYA or the Custodian). The administrator of the Plan is the Partnership. The custodian holds all assets of the Plan in accordance with the service provider contract with the Partnership. The Partnership determines the appropriateness of the Plan's investment offerings and monitors investment performance.

Eligibility

There is no age requirement to enter the Plan. The participant must complete three months of service to participate in the Plan. All employees are eligible to participate unless they are unionized employees and/or non-resident aliens. The entry date is 30 days after the date coinciding with the date the eligibility requirements are met.

Contributions

Participants may contribute up to the maximum percentage allowable under the Internal Revenue Code (IRC) and may also contribute amounts representing rollover distributions from other qualified plans. The Plan includes an auto-enrollment provision whereby all newly eligible employees are automatically enrolled in the Plan unless they affirmatively elect not to participate in the Plan. Automatically enrolled participants have their deferral rate set at 3% of eligible compensation until changed by the participant.

The Plan provides that the Partnership may contribute, for its active participants who have elected to make salary deferrals, a matching contribution not to exceed a percentage of the employee's compensation, as determined by the Partnership. Effective September 27, 2021, the Partnership matched \$0.30 for every \$1 contributed by the participant, up to 10% of the participant's eligible compensation for the period.

The Plan also provides for additional discretionary and qualified non-elective contributions, all of which are at the option of the Partnership's Board of Directors. The Partnership did not make any discretionary or qualified non-elective contributions during 2022 and 2021.

Glasfloss Industries, L.P. 401(k) Retirement Plan

Notes to Financial Statements

Participant Accounts and Allocations

Each participant's account is credited with the participant's contribution, the Partnership's matching contribution, an allocation of any other discretionary Partnership contributions, and an allocation of net Plan earnings or losses. Allocations of the Partnership's contributions are based on each participant's compensation compared to the total compensation of all participants, as defined by the Plan agreement. Earnings are allocated to individual participant fund accounts based on the earnings of the individual investment options selected by the participant. Terminated participants do not share in allocations of discretionary and qualified non-elective contributions.

Vesting

Participants are immediately vested in their own contributions, the Partnership's matching contributions and any other Partnership discretionary or qualified, non-elective contributions from which the participants are entitled to receive an allocation, plus actual earnings thereon.

Payment of Benefits

On retirement, death, disability, or termination of service, a participant (or participant's beneficiary in the event of death) may elect to receive a lump-sum distribution equal to the participant's vested account balance. Distributions may also be made for hardship withdrawals, which are authorized by the Plan Administrator and conform to the "deemed hardship" standards set forth in Treasury Regulation Section 1.401(k)(d)(2). Such hardship distributions are subject to certain limitations.

Administrative Expenses

Certain administrative fees are generally charged to each participant's account on a pro rata basis. Likewise, loan fees are charged to the participant's account requesting the loan. As such, these expenses are a component of the statement of changes in net assets available for benefits. In 2022, the Plan paid administrative expenses of \$43,427. All other expenses incurred in administering the Plan, other than the administrative fees paid from the Plan's assets, are paid by the Partnership which are not a component of the statement of changes in net assets available for benefits.

Notes Receivable from Participants

Participants may borrow from their individual accounts a minimum of \$1,000 up to the lesser of \$50,000 or 50% of their vested account balance. Loans are secured by the participant's account and bear an interest rate at prime rate plus 1%. Principal and interest are paid ratably through payroll deductions. Loan terms range from one to five years unless the loan is for the purchase of a primary residence. Any loan balance owed by a participant upon termination of employment with the Partnership is treated as a distribution to the participant. Also, each participant may not have more than five loans outstanding at any time.

Glasfloss Industries, L.P. 401(k) Retirement Plan

Notes to Financial Statements

Excess Contributions Payable

At December 31, 2022 and 2021, liabilities of \$0 and \$20,142, respectively, were recorded for amounts payable by the Plan to participants for contributions made in excess of amounts allowed by the Internal Revenue Service (IRS). The Plan distributed the 2021 excess contributions to the applicable participants prior to March 15, 2022.

2. Summary of Accounting Policies

Basis of Accounting

The accompanying financial statements of the Plan are prepared on the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America (GAAP) requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities, and changes therein and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

The Plan's investments are stated at fair value with the exception of the fully benefit-responsive investment contracts. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Partnership determines the Plan's valuation policies utilizing information provided by the investment advisor and Custodian. See Note 5 for a discussion of fair value measurements.

The Plan's fully benefit-responsive investment contract (see Note 4) is valued at contract value.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) in the fair value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Contributions Receivable

Participant contributions and any related employer matching contributions are recognized in the period during which the Partnership makes the respective payroll deduction from the participant's compensation. Non-elective/profit sharing contributions are recorded in the relevant period in accordance with the terms in the Plan document.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance. Any accrued but unpaid interest is de minimis. No allowance for credit losses has been recorded as of December 31, 2022 or 2021 as the loans are fully collateralized by the participants' accounts. If a participant ceases to make loan repayments and the Plan Administrator deems the participant loan to be in default, the participant loan balance is reduced, and a benefit payment is recorded.

Glasfloss Industries, L.P. 401(k) Retirement Plan

Notes to Financial Statements

Payment of Benefits

Benefits are recorded when paid.

Forfeitures

The Plan may elect to use forfeited non-vested accounts, if any, to reduce administrative expenses or for future employer contributions. Investments as of December 31, 2022 and 2021, respectively, include \$7,004 and \$5,379 of forfeited funds available for future use. Forfeitures during the years ended December 31, 2022 and 2021 totaled \$614 and \$4,770, respectively.

3. Certified Investment Information

The Plan Administrator has elected the method of annual reporting compliance permitted by ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, VOYA, a qualified institution, has certified that the following investment information included in the accompanying financial statements and ERISA-required supplemental schedule is complete and accurate:

- Investments, as shown in the statements of net assets available for benefits as of December 31, 2022 and 2021.
- Investment loss, as shown in the statement of changes in net assets available for benefits for the year ended December 31, 2022.
- Investment information included in the supplemental Schedule H, Line 4i - Schedule of Assets (Held at End of Year) as of December 31, 2022, as shown in the ERISA-required supplemental schedule.

At the request of the Plan Administrator, the Plan's independent auditors did not perform auditing procedures with respect to this certified investment information, except for comparing such certified investment information to the related investment information in the financial statements, including reading the disclosures related to the investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP, and in the ERISA-required supplemental schedule, including assessing whether the supplemental schedule are in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

4. Fully Benefit-Responsive Guaranteed Investment Contracts

As of December 31, 2022, the Plan invests in a fully benefit-responsive fixed interest account, the VOYA Fixed Account (Fixed Account), which is available through a group funding contract issued by VOYA. The Fixed Account is an obligation of VOYA's general account which supports all of the company's insurance and annuity commitments. It is not a portfolio of contracts whose yields are based on changes in fair value of underlying assets as would be found in a stable value fund. As of December 31, 2022 and 2021, the value of the Fixed Account was \$2,607,460 and \$2,281,390, respectively.

The value of the Fixed Account is determined by the daily crediting of interest which is subject to minimum contractual guarantees. The Fixed Account does not have a maturity date. Investment transfers to and from the Fixed Account, and withdrawals to pay participant benefits (as defined in the contract) are made at book (i.e., contract) value. Non-benefit surrenders from the Fixed

Glasfloss Industries, L.P. 401(k) Retirement Plan

Notes to Financial Statements

Account would either be subject to a market value adjustment or paid in installments as elected by the contract holder. A contract surrender charge may also be applicable, depending on the terms of the contract.

The guaranteed investment contract earned a fixed rate of return of 1.00% in 2022 and 2021, respectively.

5. Investments Measured Using the NAV Per Share Practical Expedient

Pooled Separate Accounts

As of December 31, 2022 and 2021, the Plan held investments in pooled separate accounts. The variable funds are pooled separate accounts that invest directly in designated mutual funds or, in some cases, collective investment trusts. The separate account owns and holds the underlying mutual fund or collective trust shares which are valued daily at their net asset values (NAV). Plans and participants hold "units of participation" in the separate account. The NAV, as provided by Voya Institutional Trust Company, is used as a practical expedient to estimate fair value.

The following table summarizes investments for which fair value is measured using the NAV per share practical expedient:

December 31,

	Fair Value		Unfunded Commitments	Redemption Frequency (if Currently Eligible)	Redemption Notice Period
	2022	2021			
Pooled separate accounts	\$15,343,446	\$ 19,120,792	N/A	Daily	None

6. Related Party and Party-in-Interest Transactions

Certain Plan investments are in funds and accounts that are managed by VOYA. Participant loan and distribution processing fees are paid to VOYA by participants. The Plan paid for third party administrator fees, investment advisory, and plan audit fees which qualify as party-in-interest transactions. The Plan also issues loans to participants which are secured by the vested balance of the participants' accounts. Certain management fees in the form of an expense ratio charged to each investment option are paid by the Plan and deducted from earnings on investments. These transactions are party-in-interest transactions, which are exempt from prohibited transaction rules.

7. Plan Termination

Although it has not expressed any intent to do so, the Partnership has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event that the Plan is terminated, participants would remain 100% vested in their accounts.

Glasfloss Industries, L.P. 401(k) Retirement Plan

Notes to Financial Statements

8. Income Tax Status

The Plan uses a pre-approved plan document sponsored by VOYA. VOYA received an opinion letter from the IRS, dated June 30, 2020, which states that the pre-approved plan document, as then designed, satisfies the applicable provisions under the IRC. Plan management believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC.

GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no IRS examinations for any tax periods in progress.

9. Risks and Uncertainties

The Plan holds various investment securities. Investment securities, in general, are exposed to various risks, such as interest rate risk, credit risk and overall market volatility. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the financial statements and participant account balances.

10. Reconciliation of Financial Statements to Form 5500

The following is a reconciliation of net assets available for benefits per the financial statements to Form 5500:

<i>December 31,</i>	<i>2022</i>	<i>2021</i>
Net Assets Available for Benefits, per the financial statements	\$ 18,805,020	\$ 22,101,258

Less: Employer contributions receivable	-	(8,163)
Net Assets, per Form 5500	\$ 18,805,020	\$ 22,082,919

The following is a reconciliation of net change in net assets per the financial statements to Form 5500:

<i>Year ended December 31,</i>	<i>2022</i>
Net Decrease in Net Assets Available for Benefits, per the financial statements	\$ (3,296,238)
Add: Prior year participant contributions receivable	30,318
Add: Prior year employer contributions receivable	8,163
Less: Current year participant contributions receivable	-
Less: Current year employer contributions receivable	-
Less: Prior year corrective distributions	(20,142)
Net Loss, per Form 5500	\$ (3,277,899)
