Independent Auditor's Report

Participants, Plan Committee and Plan Administrator
GeoSouthern Energy Corporation 401(k) Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of GeoSouthern Energy Corporation 401(k) Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2022 and 2021, the related statement of changes in net assets available for benefits for the year ended December 31, 2022 and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2022 and 2021, and for the year ended December 31, 2022, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP).

- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

RSM US LLP is the U.S. member firm of RSM International, a global network of independent audit, tax, and consulting firms. Visit rsmus.com/aboutus for more information regarding RSM US LLP and RSM International.

Basis for Opinion
We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements
Management is responsible for the preparation and fair presentation of the financial statements in accordance with U.S. GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements
Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of U.S. GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with U.S. GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter—Supplemental Schedule Required by ERISA
The supplemental schedule, schedule H, line 4i—schedule of assets (held at end of year) as of December 31, 2022, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Note 1. Description of Plan

The following description of GeoSouthern Energy Corporation 401(k) Plan (the Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General: The Plan is a defined contribution plan that covers all employees of GeoSouthern Energy Corporation; American Fluorite, Inc.; GeoSouthern South Texas Services, LLC: and MissArk Realty Advisors, LLC (collectively, the Company or Plan Sponsor) who have attained age 21 and have completed 60 days of service. The Plan Committee is responsible for oversight of the Plan. The Plan Administrator and custodian determine the appropriateness of the Plan's investment offerings, monitor investment performance and report to the Plan's Committee. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Effective January 1, 2023, the Plan was amended and restated to reinstate safe harbor provisions, which had been previously removed effective May 8, 2020.

Contributions: Participants may elect to contribute up to 100% of eligible compensation subject to certain maximum limitations. Employees will be automatically entered into the Plan with a 6% deferral, unless they affirmatively elect not to participate in the Plan or elect a different rate. Roth deferrals are permitted. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollovers).

Discretionary matching and nonelective contribution amounts are contributed at the option of the Company's Board of Directors. The Company made discretionary matching contributions of 100% of the first 10% of compensation, as defined in the Plan agreement, contributed to the Plan by the participants as deferral contributions during the Plan year ended December 31, 2022. For the year ended December 31, 2022, the Company's discretionary matching contributions totaled $1,411,165. No nonelective contributions were made for the year ended December 31, 2022. Contributions are subject to certain limitations.

Participant accounts: Participants direct the investment of their contributions into various investment options offered by the Plan. Each participant's account is credited with the participant's contributions and allocations of the Company's contributions, if any, Plan earnings, and charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting: Participants are vested immediately in their contributions, Company safe harbor matching contributions and actual earnings thereon. Vesting in the Company's discretionary matching and nonelective contribution portion of their accounts is based on years of continuous service. Company discretionary matching and nonelective contributions and actual earnings thereon have a three-year cliff vesting period as follows:

Completed Years of Service	Vested Percentage
Less than 3 years	0%
3 years	100%

Note 1. Description of Plan (Continued)

Notes receivable from participants: Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of their vested account balance. Note terms shall be no more than five years except when the proceeds of a loan are used to acquire a dwelling to be used as a participant's principal residence, then the Plan Administrator may permit a longer repayment period. The loans are secured by the balance in the participant's account and bear interest, as determined by the Plan Administrator. Principal and interest are paid through payroll deductions. As of December 31, 2022, interest rates ranged from 4.25% to 7.25%, with various maturities through February 2035.

Payment of benefits: Upon termination of service, a participant may elect to receive a lump-sum distribution equal to the value of the participant's vested interest in their account. Any balance under $1,000 is automatically paid out as soon as administratively possible. Any balance between $1,000 and $5,000 is automatically rolled over to an IRA if the participant does not elect to either receive or roll over the distribution. Participants with a vested account balance exceeding $5,000 may elect to receive a distribution in a single lump-sum payment in cash, installments over a period of not more than the assumed life expectancy of the participant, or an Ad-Hoc distribution. Hardship withdrawals are also available subject to certain limitations. Additionally, participants may receive a distribution prior to termination of employment if they have attained age 59 ½. Satisfying this condition allows the participant to receive distributions from all contribution accounts.

Forfeitures: Forfeiture of the Company's contributions and actual earnings thereon may occur if a participant terminates employment prior to becoming vested in the Company's contributions. Forfeitures are retained in the Plan and used to fund future Company contributions or pay administrative fees. As of December 31, 2022 and 2021, forfeited unallocated accounts totaled $24,467 and $22,747, respectively. For the year ended December 31, 2022, $11,840 in forfeitures were used to fund Company contributions.

Note 2. Summary of Significant Accounting Policies

Basis of accounting: The accompanying financial statements are prepared on the accrual basis of accounting.

Use of estimates: The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP) requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities and changes therein and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Guaranteed investment contract: Contract value is the relevant measurement for the portion of the net assets available for benefits attributable to fully benefit-responsive investment contracts because contract value is the amount participants normally would receive if they were to initiate permitted transactions under the terms of the Plan.

Investment valuation and income recognition: Investments are reported at fair value except for fully benefit-responsive investment contracts, which are reported at contract value. Fair value is the price that would be recognized to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for disclosure of the fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net depreciation includes the Plan's gains and losses on investments bought and sold, as well as held, during the year.

Note 2. Summary of Significant Accounting Policies (Continued)

Notes receivable from participants: Notes receivable from participants are measured at their unpaid principal balance plus accrued, but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. If a participant ceases to make loan repayments and the Plan Administrator deems the participant loan to be in default, the participant loan balance is reduced, and a benefit payment is recorded. The interest rate is determined by the Plan Administrator based on market rates at the inception of the loan and is fixed for the term of the note. All interest paid to the Plan with respect to a note is credited to the borrower's account balance. No allowance for credit losses has been recorded as of December 31, 2022 or 2021.

Notes receivable from participants have been classified as an investment asset for Form 5500 reporting purposes and, accordingly, have been included as an investment in the supplemental schedule, schedule H, line 4i—schedule of assets (held at end of year).

Payment of benefits: Benefits are recorded when paid.

Administrative expenses: Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment-related expenses are included in net depreciation in fair value of investments.

Subsequent events: The Plan has evaluated subsequent events through October 16, 2023, the date the financial statements were available to be issued.

Note 3. Information Certified or Provided by Empower Annuity Insurance Company of America and Empower Trust Company, LLC; formerly Great-West Life & Annuity Insurance Company and Great-West Trust Company, LLC

The following is a summary of the Plan's asset information as of December 31, 2022 and 2021, and for the year ended December 31, 2022, included throughout the Plan's financial statements and ERISA-required supplemental schedule, obtained by management and agreed to or derived from information certified by Empower Annuity Insurance Company of America and Empower Trust Company, LLC; formerly Great-West Life & Annuity Insurance Company and Great-West Trust Company, LLC (collectively, Empower), the custodian and trustee. The Plan Administrator has obtained certifications from the custodian and trustee that the information provided to the Plan Administrator by the custodian and trustee related to the following assets is complete and accurate. Accordingly, as permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the Plan Administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to information that appears throughout the financial statements and ERISA-required supplemental schedule related to the following assets:

	December 31	
	2022	2021
Mutual funds at fair value	$ 19,684,433	$ 23,078,053
Guaranteed investment contract at contract value	1,419,280	1,232,294
	21,103,713	24,310,347
Notes receivable from participants	252,984	243,733
	$ 21,356,697	$ 24,554,080

Note 3. Information Certified or Provided by Empower Annuity Insurance Company of America and Empower Trust Company, LLC; formerly Great-West Life & Annuity Insurance Company and Great-West Trust Company, LLC (Continued)

Empower also certified to the completeness and accuracy of $5,087,650 of net depreciation in fair value of investments, $1,178,642 of interest and dividends income related to the aforementioned investments and $12,825 of interest income on notes receivable from participants for the year ended December 31, 2022.

Note 4. Fair Value Measurements

Accounting Standards Codification (ASC) Topic 820, Fair Value Measurements and Disclosures, establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements).

The three levels of the fair value hierarchy under ASC Topic 820, Fair Value Measurements and Disclosures, are described below:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets
- Quoted prices for identical or similar assets or liabilities in inactive markets
- Inputs other than quoted prices for the asset or liability that are observable
- Inputs that are derived principally from, or corroborated by, observable market data by correlation or other means

If the asset or liability has a specified (contractual) term, Level 2 inputs must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques that are used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodology used for assets measured at fair value. There has been no change in the methodology used at December 31, 2022 and 2021.

Mutual funds: Mutual funds are valued at the daily closing price, as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Note 4. Fair Value Measurements (Continued)

The method above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation method is appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth, by level within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2022 and 2021:

	December 31, 2022			
	Level 1	Level 2	Level 3	Total
Mutual funds	$ 19,684,433	$ -	$ -	$ 19,684,433

	December 31, 2021			
	Level 1	Level 2	Level 3	Total
Mutual funds	$ 23,078,053	$ -	$ -	$ 23,078,053

Note 5. Guaranteed Investment Contract

The Plan offers as an investment option a benefit-responsive guaranteed investment contract. Empower maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The guaranteed investment contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan. The crediting rate is based on a formula established by the contract issuer, but may not be less than 0%. The crediting rate is reviewed on a quarterly basis for resetting. The contract cannot be terminated before the scheduled maturity date.

The Plan's ability to receive amounts due in accordance with a fully benefit-responsive investment contract is dependent on the third-party issuer's ability to meet its financial obligations. The issuer's ability to meet its contractual obligations may be affected by future economic and regulatory developments.

Because the guaranteed investment contract is fully benefit-responsive, contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the guaranteed investment contract. Contract value, as reported to the Plan by Empower, represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

There are no reserves against contract value for credit risk of the contract issuer or otherwise.

Certain events limit the ability of the Plan to transact at contract value with the issuer. Such events include the following: (1) amendments to the Plan documents (including complete or partial Plan termination or merger with another plan), (2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the Plan Sponsor or other Plan Sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, or (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA. The Plan Administrator does not believe any events which would limit the Plan's ability to transact at contract value with participants are probable.

Note 5. Guaranteed Investment Contract (Continued)

In addition, certain events allow the issuer to terminate the contract with the Plan and settle at an amount different from contract value. Those events may be different under each contract and may include the following: (1) an uncured violation of the Plan's investment guidelines, (2) a breach of material obligation under the contract, (3) a material misrepresentation, or (4) a material amendment to the agreement without the consent of the issuer.

The guaranteed investment contract does not permit the insurance company to terminate the agreement prior to the scheduled maturity date.

Note 6. Party-in-Interest Transactions

Certain Plan investments are managed by Empower. Empower is the custodian and trustee, as defined by the Plan; therefore, these transactions qualify as party-in-interest transactions.

Note 7. Plan Termination

Although it has not expressed any intent to do so, the Plan Sponsor has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their accounts.

Note 8. Tax Status

Effective July 23, 2021, the Plan adopted a nonstandardized form of a prototype plan sponsored by Empower. The prototype plan has received an opinion letter from the Internal Revenue Service as to the prototype plan's qualified status. The prototype plan opinion letter has been relied upon by the Plan. The Plan Administrator believes the Plan is designed and is being operated in compliance with the applicable provisions of the Internal Revenue Code.

U.S. GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken uncertain tax positions that more likely than not would not be sustained upon examination by applicable taxing authorities. The Plan is subject to routine audits by taxing jurisdictions. Currently no audits for any tax periods are in progress.

Note 9. Risks and Uncertainties

The Plan invests in various investments. Investments are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investments will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the 2022 statement of net assets available for benefits.

Note 10. Reconciliation of Financial Statements to Form 5500

The following is a reconciliation of net assets available for benefits per the financial statements to Form 5500:

	December 31	
	2022	2021
Net assets available for benefits per the financial statements	$ 21,654,728	$ 25,109,280
Less participant contributions receivable	(70,970)	(230,966)

Less deemed distributions	(1,876)	(1,814)
Net assets available for benefits per Form 5500	$ 21,354,821	$ 24,552,266

The following is a reconciliation of the net decrease in net assets available for benefits for the year ended December 31, 2022, per the financial statements to Form 5500:

Net decrease in net assets available for benefits per the financial statements	$ (3,454,552)
Plus prior-year contributions receivable	555,200
Less participant contributions receivable	(70,970)
Less employer contributions receivable	(227,061)

Dear Recipient:

RE: 939795-01 GeoSouthern Energy Corporation 401(k) Plan

Plan Year Ending December 31, 2022

Enclosed please find a Summary Report for GeoSouthern Energy Corporation 401(k) Plan to assist in the preparation of annual reporting requirements.

We hereby certify that the statement of transactions and list of securities, which are being furnished pursuant to 29 C.F.R. 2520.103-5(c) are complete and accurate. This information has been prepared on a cash basis method of accounting. During this Plan Year the sales and purchase transactions were conducted using the appropriate market values.

For Plans that invest in certain trusts or separate accounts that file as a Direct Filing Entity, a filing pursuant to 29 C.F.R. 2520.103-9 will be made for the trusts or separate accounts for the year ending December 31, 2022, on or before the filing due date for such accounts in accordance with the Form 5500 filing instructions.

If you have any questions on the information included please contact Plan Services at 1-877-694-4015.

Sincerely,

Michael B. Harger
Senior Vice President Client Services

If the Plan utilizes an insurance product and the contract was sold in a state other than New York, this certification is provided by Empower Annuity Insurance Company of America. If trustee or custodial services are provided by Empower Trust Company, LLC, this certification is provided by Empower Trust Company, LLC. If trustee or custodial services are provided along with an insurance product, this certification is provided by both Empower Annuity Insurance Company of America and Empower Trust Company, LLC.

Empower refers to the products and services offered by Empower Annuity Insurance Company of America and its subsidiaries, including Empower Retirement, LLC.

FAIR VALUE INFORMATION NOTICE FOR PLAN NUMBER 939795-01

SOP 94-4-1 reporting is required for large plan filings (generally defined as plans with more than 100 participants at the beginning of the plan year) which are required to file a Schedule H and where independent audits are required to be performed.

The values reported in this annual plan summary are contract values.

The **Guaranteed Portfolio Fund** in your plan is benefit responsive for participant-initiated transactions. However SOP 94-4-1 includes a definition of benefit responsiveness that pertains to benefit responsiveness at the plan level .Your contract may not be considered fully benefit responsive at the plan level based upon this definition. The definition is as follows:

An event that limits the ability of the plan to transact at contract value with the issuer (for example, premature termination of the contracts by the plan, plant closings, layoffs, plan termination, bankruptcy, mergers, and early retirement incentives) and that also limits the ability of the plan to transact at contract value with the participants in the plan must be probable of not occurring.

You have a provision in your investment contract that prevents the immediate and full payout of the contract value for plan-initiated transactions. Because of this definition, it is our opinion that the plan must determine which benefit responsive provisions are appropriate for the plan.

If you determine that your investment contract is benefit responsive, you will need to provide the following disclosures on your financial statements:

1) A general description of how the investment contract operates - please refer to your contract for this information. The methodology for calculating interest crediting rate - please use the following:

The **Guaranteed Portfolio Fund** is a general account product. The methodology for calculating the interest crediting rate is based on the earnings of the underlying assets in the entire medium-long term new portfolio compared to the minimum interest crediting rate, as stated in the contract, and prevailing market conditions. Interest crediting rate is reset quarterly.

2) The average yield earned by the fund - please use the following:

The average yield earned by the plan for the benefit responsive fund can be derived by averaging the quarterly gross interest rates for the fund over the year. The average for 2021 is .90% and for 2022 is .93%

3) The actual average yield earned by the plan for the benefit responsive fund - this can be derived by averaging the plan's quarterly interest rates. That average for 2021 is .90% and for 2022 is .93%

4) A description of the events that limit the fund's ability to transact at contract value - please refer to your contract for this information.

5) A description of the events that permit the issuer to terminate the contract - please refer to your contract for this information.

If you determine that your contract is not benefit responsive, you will need to report the Fair Value of the investment contract on your financial statements. Using a discounted cash flow valuation methodology where the interest rate for this portfolio investment contract is reset at least as frequently as annually, Fair Value of the investment contract, prior to contract termination, equals the Contract Value (Ending Balance) presented in your Annual Plan Summary.

FAIR VALUE MEASUREMENTS FOR FASB ASC 820

GeoSouthern Energy Corporation 401(k) Plan

01-JAN-22 to 31-DEC-22

Inv Option Type	Valuation Methodology/Source	Observable Input	Unobservable Input	Suggested FASB ASC 820 Category Code
Mutual Funds	Share Prices/Net Asset Values (NAVs) reported on the Plan Summary Reports for NAV mutual funds are generally obtained from a file feed from the National Securities Clearing Corporation, and/or directly from the fund house, or a secondary pricing source, such as Interactive Data Corporation (IDC)	An attempt is made to receive share prices from more than one source, and before the share price is entered into the recordkeeping system, a systematic comparison is performed and any difference in quoted share prices for the same fund is resolved by contacting the fund house directly to ensure the correct share price is recorded Variance reports are also reviewed showing percentage of share price changes from the prior day The internal pricing analyst and management will review the overall movement of market indices and will apply judgment in determining whether any further research with fund houses will be pursued for share price variances from the prior day Daily, after all research and validation has been performed, and variances have been resolved, share prices are closed and loaded to the recordkeeping system	None	1
Fixed Annuities	The reported values for fixed annuity options are reported daily based on the valuation method disclosed in the annuity contract, as calculated by the annuity provider	Plan sponsors should evaluate the general financial condition of the issuer of the annuity contract that is owned by the plan sponsor as a component of validating whether the calculated contract value of the guaranteed contract is an accurate value All of these inputs are generally considered obtainable/observable through the review of existing contracts and readily available financial information on the Web sites of the issuing financial institutions Information related to Empower Annuity Insurance Company of America financial results can be found at: www empower com/about/financial-strength	None	2
Participant Loans	The stated value of participant loans represents the outstanding principal balance of the loan, taking into account the applicable interest rate, amortization schedule and repayments made for each loan Loans are notes receivable from the participants	The loan agreement is a contract which indicates that the mortgagee (plan participant) will pay a certain cash flow stream at an agreed upon interest rate Participant loans must operate within the structure of the plan's written loan program, are generally repaid via payroll deduction, are generally collateralized using the participant's vested account balance in the plan (limited to no more than 50% of the participant's vested balance, or $50,000 if less, at the date of the loan application) and are generally segregated investments of the participants borrowing the money	Each plan fiduciary will need to consider specifics of the plan's loan policies, and default rates of its participants for determining fair value In the 'normal' loan market, the interest rate environment moves daily, and values of a fixed income security fluctuate based on the relationship of the stated face interest rate on the security vs the current rate a new loan would have However, participant loans in retirement plans cannot be readily 're-sold' into a secondary market in the manner a bond or mortgage can	Review Required by Plan Sponsor

Level 1: Valuations are based on quoted prices in active markets for identical assets or liabilities Example: NYSE closing prices used to value mutual funds and publicly traded stocks

Level 2: Valuations are based on observable inputs (assumptions obtained from independent sources) for the asset or liability, either directly or indirectly Example: Quoted prices used to value similar instruments in active markets such as bonds

Level 3: Valuations are based on unobservable inputs (assumptions based on the best information available) that are significant to the fair value of the assets or liabilities Example: Situations where there is little, if any, market activity for the asset or liability
