Independent Auditors' Report

Administrative Committee
The R & R Retirement Plan
Las Vegas, Nevada

Scope And Nature Of The ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of The R & R Retirement Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statement of net assets available for benefits as of December 31, 2022 and 2021, and the related statement of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of The R & R Retirement Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-12 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of and for the years ended December 31, 2022 and 2021, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditors' Responsibilities For The Audit Of The Financial Statements section:

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis For Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditors' Responsibilities For The Audit Of The Financial Statements section of our report. We are required to be independent of The R & R Retirement Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities Of Management For The Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about The R & R Retirement Plan's ability to continue as a going concern for one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities For The Audit Of The Financial Statements

Except as described in the Scope And Nature Of The ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with auditing standards generally accepted in the United States of America will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with auditing standards generally accepted in the United States of America, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of The R & R Retirement Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about The R & R Retirement Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control related matters that we identified during the audit.

Other Matter Supplemental Schedule Required by ERISA

The supplemental schedule of assets held at end of year as of December 31, 2022 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

THE R & R RETIREMENT PLAN

NOTES TO FINANCIAL STATEMENTS

December 31, 2022 And 2021

1. Description Of The Plan

The following description of The R & R Retirement Plan (the Plan) provides only general information. Participants should refer to the Plan Document for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan established on January 1, 1989 that provides retirement benefits for eligible employees for the following companies: R&R Partners, California, Inc., R&R/CRR Holdings, LLC dba b&p Advertising, R&R Resources+ Nevada, LLC, and R&R Partners, Inc., which includes R&R Public Affairs, LLC, V, LLC, and R&R Utah Government Affairs, LLC (the "Participating Employers").

Eligibility

An employee is eligible to become a participant in the Plan on the first day of the month coinciding with the completion of three consecutive months of service or a total of one year of service, whichever comes first.

Contributions

Each participant who is eligible is subject to an automatic deferral provision of 6%, unless otherwise elected by the participant. Each year, participants may contribute up to the maximum dollar amount not to exceed the annual permissible dollar limit under the Internal Revenue Service (IRS), as defined in the Plan. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans (rollovers). All employees who are eligible to make salary-deferral contributions under the Plan and who have attained age 50 before the close of the Plan year are eligible to make catch-up contributions.

Except for R&R/CRR Holdings, LLC dba b&p Advertising, the Participating Employers match 25% of salary-deferrals for employees with less than 10 years of service and 50% for employees with 10 or more years of service. The employer match is limited to a salary-deferral rate of 12% of compensation or the IRS maximum 402(g) limit of \$20,500 for 2022 and \$19,500 for 2021. Management, at its discretion, may elect an additional matching contribution of a discretionary percentage not to exceed 12% of compensation. R&R/CRR Holdings, LLC dba b&p Advertising is not required to match salary-deferrals for its employees, but may make matching contributions based on a discretionary percentage. The Participating Employers did not elect to make discretionary contributions during the years ended December 31, 2022 or 2021.

THE R & R RETIREMENT PLAN

Notes To Financial Statements *(Continued)*

On June 4, 2021, Amendment No. 4 was executed to reinstate the Participating Employers matching contributions, effective June 1, 2021.

On November 30, 2021, Amendment No. 5 was executed to allow salary deferrals that are catch-up contributions to be matched, effective June 1, 2021.

Payment Of Benefits

For termination of service due to death, disability or retirement, a participant may elect to receive either a lump-sum amount equal to the value of his or her account, or payments over a certain period in monthly, quarterly, semiannual or annual cash installments. For termination of service for other reasons, a participant may receive the value in his or her account as a lump sum distribution.

Participant Accounts

Each participant's account is credited with the participant's salary deferral contribution, any participant's rollover contributions, the Participating Employer's matching contribution, allocation of administrative expenses, and an allocation of Plan earnings (losses). Investment earnings (losses) are allocated based on the participant's earnings (losses). Participants direct the investment of their contributions into various investment options offered by the Plan. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account balance less any loans outstanding.

Notes Receivable From Participants

Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum of \$50,000 or 50 percent of their vested account balance, whichever is less. The loans are secured by the vested balance in the participant's account. Loans are repaid through semi-monthly payroll withholdings, including principal and interest. Loans other than loans for a primary residence must be repaid within a five year period.

Vesting

Participants are immediately vested 100% in their contributions plus actual earnings (losses) thereon. Vesting in the employer's contributions is based on years of continuous service as follows:

Years Of Service	Vesting Percentage
1	20%
2	40%
3	60%
4	80%
5	100%

THE R & R RETIREMENT PLAN

Notes To Financial Statements *(Continued)*

Forfeitures

Forfeitures may be used by the Plan to pay future employer contributions or pay administrative expenses. Forfeitures which reduced employer contributions for the years ended December 31, 2022 and 2021 were \$50,049 and \$53,029, respectively. Forfeitures which reduced administrative expenses for the years ended December 31, 2022 and 2021 were \$2,858 and \$27,673, respectively. At December 31, 2022 and 2021, available forfeited nonvested accounts totaled \$9,591 and \$20,432, respectively.

In-Service Withdrawals

Active participants who reach age 59-½ may withdraw all or a minimum of \$1,000 of their fully vested accounts. Participants' employee and rollover contributions balance may be withdrawn at any time.

Active participants who experience a qualifying financial hardship may withdraw all or part of their fully vested account balance. Hardship withdrawals will be approved only if they conform to Plan and established Internal Revenue Code (IRC) safe harbors.

Administrative Expenses

The Participating Employers pay a portion of the administrative fees incurred. Only those fees paid from the Plan's assets are reflected in these financial statements.

2. Summary Of Significant Accounting Policies

Basis Of Accounting

The accompanying financial statements of the Plan are prepared on the accrual basis of accounting.

Estimates And Assumptions

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities, disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of additions to and deductions from net assets during the reporting period. Actual results could differ from those estimates.

THE R & R RETIREMENT PLAN

Notes To Financial Statements *(Continued)*

Investment Valuation And Income Recognition

The Plan's investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 5 for a discussion of fair value measurements. Net appreciation represents the difference between the aggregate fair value of investments at year end and the values at the beginning of the year, and includes any realized gains and losses in shares that were bought and sold during the year.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable From Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2022 or 2021. Delinquent notes receivable from participants are reclassified as distributions upon the occurrence of a distributable event, based on the terms of the Plan Document.

Payment Of Benefits

Benefit payments are recorded when paid.

3. 103-12 Investment Entity

Use of the 103-12 investment entity permits the commingling of the Plan's assets with the assets of approximately 70 other member agencies as of December 31, 2022 and 2021. Each agency signs a joinder agreement and operates through the AAAA Fund's Volume Submitter Plan and Trust. The Plan's interest in the AAAA Fund as a percentage of net assets of the AAAA Fund was 10.09% and 9.25% as of December 31, 2022 and 2021 respectively. Although the assets are commingled in the AAAA Fund, AAAA maintains supporting records for the purpose of allocating the net gain (loss) of the investment accounts to the various participating plans based on the Plan's percentage of net assets of the AAAA Fund.

THE R & R RETIREMENT PLAN

Notes To Financial Statements *(Continued)*

The AAAA Fund's investments as of December 31, 2022 and 2021, are as follows:

	<u>2022</u>	<u>2021</u>
103-12 Investment Entity Assets:		
Mutual funds	\$ 339,436,739	\$ 454,621,935
Collective trust fund	36,462,879	37,652,210
Total AAAA Fund Investments	\$ 375,899,618	\$ 492,274,145

The increases or decreases in the AAAA Fund's net assets derived from investment activities for the Plan year ended December 31, 2022 are as follows:

Dividends and interest	\$ 16,521,228
Net change in fair value of investments	(104,758,748)
Administrative expenses	<u>(391,289)</u>
Decrease In AAAA Fund Net Assets	
Derived From Investment Activities	<u>\$ (88,628,809)</u>

4. Information Prepared and Certified By The Trustee

The trustee has certified to the plan administrator that it has made a direct filing with the DOL as required under 29 CFR 2520.103-12 for the AAAA Fund. Accordingly, the plan administrator has elected the alternative method of compliance permitted by 29 CFR 2520.103-12 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. AAAA Retirement Fund for Member Agencies, c/o AAAA Benefits, Inc., the trustee of the Plan, has certified that the following data included in the accompanying financial statements and supplemental schedule are complete and accurate with respect to:

- Investments at fair value
- Notes receivable from participants
- Net appreciation in fair value of investments
- Interest income on notes receivable from participants
- Schedule of assets (held at end of year)

At the request of Plan management, the Plan's independent public accountants did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements and supplemental schedule.

5. Fair Value Measurements

The Plan utilizes an established framework for measuring fair value. The framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are described below:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets
- Quoted prices for identical or similar assets or liabilities in inactive markets
- Inputs other than quoted prices that are observable for the asset or liability
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

THE R & R RETIREMENT PLAN

Notes To Financial Statements *(Continued)*

Following is a description of the valuation methodology used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2022 and 2021.

Mutual Funds

Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily Net Asset Value ("NAV") and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Common Collective Trust

Valued at the NAV of units, or NAV equivalent, of the individual funds. The NAV, as provided by the trustee of each of the invested funds, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investment held by the fund less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV. The common collective trust held by the Plan files an annual report on Form 5500 as a direct filing entity. There were no unfunded commitments at December 31, 2022 and 2021.

The methods described above may produce fair value calculations that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table provides the amounts and their corresponding level of hierarchy of the Plan's assets measured at fair value on a recurring basis as of December 31, 2022:

	Level 1	Level 2	Level 3	Total
103-12 Investment Entity:				
Mutual funds	\$ 35,416,377	\$ —	\$ —	\$ 35,416,377
Investments measured at net asset value {a}				2,138,273
Total Assets At Fair Value				\$ 37,554,650

THE R & R RETIREMENT PLAN

Notes To Financial Statements *(Continued)*

The following table provides the amounts and their corresponding level of hierarchy of the Plan's assets measured at fair value on a recurring basis as of December 31, 2021:

	Level 1	Level 2	Level 3	Total
103-12 Investment Entity:				
Mutual funds	\$ 43,417,695	\$ —	\$ —	\$ 43,417,695
Investments measured at net asset value {a}				2,342,718
Total Assets At Fair Value				\$ 45,760,413

{a} Certain investments that are measured at fair value using the net asset value per share (or its equivalent) as a practical expedient have not been categorized in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the amounts presented in the statement of net assets available for benefits.

6. Income Tax Status

The IRS has determined and informed the Plan by a letter dated June 30, 2020, that the Plan is designed in accordance with applicable sections of the Internal Revenue Code (IRC). The Plan was restated effective January 1, 2022, however, the Plan's management believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability or asset if the Plan has taken an uncertain position that more likely than not would be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

7. Party In Interest Transactions

Certain Plan investments are managed by AAAA Benefits, Inc. who is the Trustee and record keeper and, therefore, these transactions qualify as party in interest transactions.

Certain employees have outstanding loans with the Plan as of December 31, 2022 and 2021. These loans are considered party in interest transactions.

THE R & R RETIREMENT PLAN

Notes To Financial Statements *(Continued)*

8. Plan Termination

Although none of the Participating Employers have expressed any intent to do so, they have the right under the Plan to discontinue their contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100 percent vested in their employer contributions. If the contract had been discontinued as of the last day of the reporting period a contract surrender charge and certain market value adjustments may be applied to the amount withdrawn.

9. Risks And Uncertainties

The Plan invests in various investment securities, which are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and such changes could materially affect the amounts reported in the statement of net assets available for benefits.

10. Subsequent Events

Management evaluates subsequent events through the date the financial statements are available for issue, which is the date of the Independent Auditors' Report.
