Independent Auditor's Report

Broadway Bancshares, Inc. (BBI) 401k Committee
Broadway Bancshares, Inc. Profit Sharing 401(k) Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Broadway Bancshares, Inc. Profit Sharing 401(k) Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2022 and 2021, the related statement of changes in net assets available for benefits for the year ended December 31, 2022, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from qualified institution as of December 31, 2022 and 2021, and for the year ended December 31, 2022, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP).
- The information in the accompanying financial statements related to assets held by and certified to by qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with U.S. GAAP, and for the design, implementation and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of U.S. GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with U.S. GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter—Supplemental Schedule Required by ERISA

The supplemental schedule of assets (held at end of year) as of December 31, 2022, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meet the requirements of ERISA Section 103(a)(3)(C).

Broadway Bancshares, Inc. Profit Sharing 401(k) Plan

Notes to Financial Statements

Note 1. Description of Plan

The following description of Broadway Bancshares, Inc. Profit Sharing 401(k) Plan (the Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General: The Plan is a defined contribution plan that covers substantially all employees of Broadway Bancshares Inc., Broadway Wealth Solutions, Inc. and Broadway National Bank (collectively, the Company or Plan Sponsor) on their date of hire with entrance date beginning the first day of the following calendar month. "On-call," "peak-time" and other employees, as defined in the Plan agreement, are not eligible. The BBI 401k Committee is responsible for oversight of the Plan. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Plan amendment: The Plan was amended and restated effective February 28, 2022, to adopt the new volume submitter plan sponsored by Fidelity Management & Research Co. The Plan was amended effective August 1, 2022, to add commissions to eligible wages.

Contributions: Participants may contribute up to 90% of pretax annual compensation, as defined in the Plan. Participants are also permitted to contribute Roth after-tax deferrals to the Plan. Participants who have attained age 50 before the end of the plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans (rollovers). The Company contributes 50% of the first 6% of compensation, as defined in the Plan agreement, that a participant contributes to the Plan. Additional discretionary profit-sharing amounts may be contributed to all eligible employees who are employed on the last day of the plan year. No profit-sharing contributions were made for the year ended December 31, 2022. Contributions are subject to certain Internal Revenue Service (IRS) limitations.

Auto-enrollment: The Plan includes an auto-enrollment provision whereby all newly eligible employees are automatically enrolled in the Plan unless they affirmatively elect not to participate in the Plan. Automatically enrolled participants have their deferral rate set at 6% of eligible compensation and their contributions invested in a designated balanced fund until changed by the participant.

Auto increase: The Plan also includes an auto-escalation provision whereby participants are subject to an annual automatic deferral rate increase of 1% until their deferral rate reaches 10% of eligible compensation. Participants may elect to discontinue their participation in the automatic deferral rate increase at any time.

Participant accounts: Participants direct the investment of their contributions into various investment options offered by the Plan.

Each participant's account is credited with the participant's contributions and Company matching contributions, as well as allocations of profit-sharing contributions, if any, and Plan earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Broadway Bancshares, Inc. Profit Sharing 401(k) Plan

Notes to Financial Statements

Note 1. Description of Plan (Continued)

Vesting: Participants are vested immediately in their contributions and actual earnings thereon. Vesting in the Company's contribution portion of their accounts is based on years of continuous service. Company matching and profit-sharing contributions have a five-year graded vesting period as follows:

Completed Years of Service	Vested Percentage
Less than 2 years	0%
2 years	40%
3 years	60%
4 years	80%
5 years	100%

Payment of benefits: The Plan permits withdrawals when a participant terminates employment, reaches retirement age, or becomes permanently disabled or deceased. In-service withdrawals are also permitted for certain financial hardships or when a participant attains age 59½. Benefits are payable in lump-sum payments with certain exceptions allowed. Any balance under \$5,000 is automatically paid out as soon as administratively possible. Hardship withdrawals are also available subject to certain limitations.

Forfeitures: Participant forfeitures of nonvested balances will be used to pay future employer contributions and administrative expenses of the Plan. During 2022, Plan expenses of approximately \$109,000 were paid from forfeited nonvested accounts. At December 31, 2022 and 2021, unallocated forfeitures totaled approximately \$118,000 and \$127,000, respectively.

Notes receivable from participants: Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. Loan terms range up to five years or over a reasonable period of time for the purchase of a participant's primary residence. Participants may not borrow from the employer discretionary profit-sharing contributions or nonvested employer matching contributions. The loans are secured by the balance in the participant's account and bear interest at a reasonable rate determined by the Plan Administrator. These rates range from 3.25% to 7.00% on loans outstanding at December 31, 2022, and mature through 2041. Principal and interest are paid through payroll deductions.

Note 2. Summary of Significant Accounting Policies

Basis of accounting: The accompanying financial statements are prepared on the accrual basis of accounting.

Use of estimates: The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP) requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment valuation and income recognition: Investments are reported at fair value except for fully benefit-responsive investment contracts, which are reported at contract value. Fair value is the price that would be recognized to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's BBI 401(k) Committee determines the Plan's valuation policies, utilizing information provided by the investment trustee. See Note 4 for disclosure of the fair value measurements.

Broadway Bancshares, Inc. Profit Sharing 401(k) Plan

Notes to Financial Statements

Note 2. Summary of Significant Accounting Policies (Continued)

Investments held by a defined contribution plan are required to be reported at fair value, except for fully benefit-responsive investment contracts. Contract value is the relevant measurement for the portion of the net assets available for benefits attributable to fully benefit-responsive investment contracts because contract value is the amount participants normally would receive if they were to initiate permitted transactions under the terms of the Plan.

Purchases and sales of securities are recorded on a trade-date basis. Interest is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net depreciation includes the Plan's gains and losses on investments bought and sold, as well as held during the year.

Investment securities are exposed to various risks, such as interest rate, market, and credit risk. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the value of investment securities will occur in the near-term and such changes could materially affect participant account balances and the amounts reported in the 2022 statement of net assets available for benefits.

Notes receivable from participants: Notes receivable from participants are measured at their unpaid principal balance plus any accrued, but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. If a participant ceases to make loan repayments and the Plan Administrator deems the participant loan to be in default, the participant loan balance is reduced, and a benefit payment is recorded. No allowance for credit losses has been recorded as of December 31, 2022 or 2021.

Notes receivable from participants have been classified as an investment asset for Form 5500 reporting purposes and, accordingly, have been included as an investment in the supplemental schedule, Schedule H, line 4i—schedule of assets (held at end of year).

Contributions: Contributions from Plan participants and the matching contribution from the Plan Sponsor are recorded in the year in which the participant contributions are withheld from amounts paid. Profit sharing contributions are recognized upon authorization and in the year the underlying compensation is recognized under the Plan. All participant and employer contributions are participant directed. Participant contributions in excess of amounts allowed by the Internal Revenue Service (IRS) are recorded as a liability with a corresponding reduction in contributions.

Payment of benefits: Benefit payments to participants are recorded when paid.

Administrative expenses: Certain expenses of maintaining the Plan are paid directly by the Plan Sponsor and are excluded from these financial statements. Fees related to the administration of notes receivable from participants and benefits paid to participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included as an offset to net appreciation in fair value of investments.

Subsequent events: The Plan has evaluated subsequent events through October 16, 2023, the date the financial statements were available to be issued.

Note 3. Information Certified or Provided by Fidelity Management Trust Company

The following is a summary of the Plan's asset information as of December 31, 2022 and 2021, and for the year ended December 31, 2022, included throughout the Plan's financial statements and ERISA-required supplemental schedule, obtained by management and agreed to or derived from information provided by Fidelity Management Trust Company, the trustee of the Plan. The Plan Administrator has obtained certifications from the trustee that information provided to the Plan Administrator by the trustee related to the following assets is complete and accurate. Accordingly, as permitted by 29 CFR 2520.103-8 of the Department of Labor's (DOL's) Rules and Regulations for Reporting and Disclosure under ERISA, the Plan Administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to the information that appears throughout the financial statements and ERISA-required supplemental schedule related to the following assets:

	December 31	
	2022	2021
Investments at fair value:		
Mutual funds	\$ 46,542,083	\$ 63,043,292
Collective trusts	39,132,695	48,886,424
Pooled separate account	13,200,176	12,879,428
Notes receivable from participants	1,324,949	1,196,174
	<u>\$ 100,199,903</u>	<u>\$ 126,005,318</u>

Fidelity Management Trust Company, the trustee of the Plan, also certified the completeness and accuracy of \$19,969,698 of net depreciation in fair value of investments, interest and dividends of \$2,711,606 related to the above-mentioned investments and \$45,079 of interest income on notes receivable from participants for the year ended December 31, 2022.

Note 4. Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy are described below.

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets
- Quoted prices for identical or similar assets or liabilities in inactive markets
- Inputs other than quoted prices that are observable for the asset or liability
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means

If the asset or liability has a specific (contractual) term, the Level 2 inputs must be observable for substantially the full term of the asset or liability.

Broadway Bancshares, Inc. Profit Sharing 401(k) Plan

Notes to Financial Statements

Note 4. Fair Value Measurements (Continued)

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following are descriptions of the valuation methodology used for investments measured at fair value. There have been no changes in the methodology used at December 31, 2022 and 2021.

Mutual funds: Mutual funds are valued at the daily closing price, as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Collective trusts: Valued at NAV of shares in each account held by the Plan at year end. The net asset value is not a public-quoted price in an active market. The NAV, as provided by the trustee, is used as a practical expedient to estimating fair value.

Pooled separate account: Valued at the NAV of shares in account held by the Plan at year end. The net asset value is not a publicly quoted price in an active market. The NAV, as provided by the trustee, is used as a practical expedient to estimating fair value.

To assess the appropriate classification of investments within the fair value hierarchy, the availability of market data is monitored. Changes in economic conditions or valuation techniques may require the transfer of investments from one fair value level to another.

The following tables set forth, by level within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2022 and 2021:

Assets at Fair Value as of December 31, 2022				
	Level 1	Level 2	Level 3	Total
Investments at fair value:				
Mutual funds	\$ 46,542,083	\$ -	\$ -	\$ 46,542,083
Investments measured at NAV (a)				52,332,871
				<u>\$ 98,874,954</u>
Assets at Fair Value as of December 31, 2021				
	Level 1	Level 2	Level 3	Total
Investments at fair value:				
Mutual funds	\$ 63,043,292	\$ -	\$ -	\$ 63,043,292
Investments measured at NAV (a)				61,765,852
				<u>\$ 124,809,144</u>

(a) In accordance with the Fair Value Measurement topic, certain investments that were measured at NAV per share (or its equivalent) as a practical expedient have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statement of net assets available for benefits.

*These funds are filing as direct filing entities (DFEs)

Note 5. Related Party and Party-in-Interest Transactions

Fidelity Management Trust Company is the trustee of the Plan; therefore, transactions with the trustee qualify as party-in-interest transactions. Certain Plan investments are mutual funds managed by the trustee as defined by the Plan and, therefore, these transactions and investments qualify as party-in-interest transactions. The Plan Sponsor paid certain administrative expenses related to the Plan for the year ended December 31, 2022.

Note 6. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their Company contributions.

Note 7. Tax Status

The Plan has adopted a volume submitter plan sponsored by Fidelity Management & Research Co. The volume submitter plan provider has received an advisory letter from the Internal Revenue Service as to the volume submitter plan's qualified status. The volume submitter plan advisory letter has been relied upon by the Plan. The Plan has been amended since the volume submitter received the advisory letter. The Plan Administrator believes the Plan is designed and is being operated in compliance with the applicable provisions of the Internal Revenue Code.

U.S. GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Independent Auditor's Report

Broadway Bancshares, Inc. (BBI) 401k Committee
Broadway Bancshares, Inc. Profit Sharing 401(k) Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Broadway Bancshares, Inc. Profit Sharing 401(k) Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2022 and 2021, the related statement of changes in net assets available for benefits for the year ended December 31, 2022, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from qualified institution as of December 31, 2022 and 2021, and for the year ended December 31, 2022, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP).
- The information in the accompanying financial statements related to assets held by and certified to by qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with U.S. GAAP, and for the design, implementation and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of U.S. GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with U.S. GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter—Supplemental Schedule Required by ERISA

The supplemental schedule of assets (held at end of year) as of December 31, 2022, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meet the requirements of ERISA Section 103(a)(3)(C).

Broadway Bancshares, Inc. Profit Sharing 401(k) Plan

Notes to Financial Statements

Note 1. Description of Plan

The following description of Broadway Bancshares, Inc. Profit Sharing 401(k) Plan (the Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General: The Plan is a defined contribution plan that covers substantially all employees of Broadway Bancshares Inc., Broadway Wealth Solutions, Inc. and Broadway National Bank (collectively, the Company or Plan Sponsor) on their date of hire with entrance date beginning the first day of the following calendar month. "On-call," "peak-time" and other employees, as defined in the Plan agreement, are not eligible. The BBI 401k Committee is responsible for oversight of the Plan. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Plan amendment: The Plan was amended and restated effective February 28, 2022, to adopt the new volume submitter plan sponsored by Fidelity Management & Research Co. The Plan was amended effective August 1, 2022, to add commissions to eligible wages.

Contributions: Participants may contribute up to 90% of pretax annual compensation, as defined in the Plan. Participants are also permitted to contribute Roth after-tax deferrals to the Plan. Participants who have attained age 50 before the end of the plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans (rollovers). The Company contributes 50% of the first 6% of compensation, as defined in the Plan agreement, that a participant contributes to the Plan. Additional discretionary profit-sharing amounts may be contributed to all eligible employees who are employed on the last day of the plan year. No profit-sharing contributions were made for the year ended December 31, 2022. Contributions are subject to certain Internal Revenue Service (IRS) limitations.

Auto-enrollment: The Plan includes an auto-enrollment provision whereby all newly eligible employees are automatically enrolled in the Plan unless they affirmatively elect not to participate in the Plan. Automatically enrolled participants have their deferral rate set at 6% of eligible compensation and their contributions invested in a designated balanced fund until changed by the participant.

Auto increase: The Plan also includes an auto-escalation provision whereby participants are subject to an annual automatic deferral rate increase of 1% until their deferral rate reaches 10% of eligible compensation. Participants may elect to discontinue their participation in the automatic deferral rate increase at any time.

Participant accounts: Participants direct the investment of their contributions into various investment options offered by the Plan.

Each participant's account is credited with the participant's contributions and Company matching contributions, as well as allocations of profit-sharing contributions, if any, and Plan earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Broadway Bancshares, Inc. Profit Sharing 401(k) Plan

Notes to Financial Statements

Note 1. Description of Plan (Continued)

Vesting: Participants are vested immediately in their contributions and actual earnings thereon. Vesting in the Company's contribution portion of their accounts is based on years of continuous service. Company matching and profit-sharing contributions have a five-year graded vesting period as follows:

Completed Years of Service	Vested Percentage
Less than 2 years	0%
2 years	40%
3 years	60%
4 years	80%
5 years	100%

Payment of benefits: The Plan permits withdrawals when a participant terminates employment, reaches retirement age, or becomes permanently disabled or deceased. In-service withdrawals are also permitted for certain financial hardships or when a participant attains age 59½. Benefits are payable in lump-sum payments with certain exceptions allowed. Any balance under \$5,000 is automatically paid out as soon as administratively possible. Hardship withdrawals are also available subject to certain limitations.

Forfeitures: Participant forfeitures of nonvested balances will be used to pay future employer contributions and administrative expenses of the Plan. During 2022, Plan expenses of approximately \$109,000 were paid from forfeited nonvested accounts. At December 31, 2022 and 2021, unallocated forfeitures totaled approximately \$118,000 and \$127,000, respectively.

Notes receivable from participants: Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. Loan terms range up to five years or over a reasonable period of time for the purchase of a participant's primary residence. Participants may not borrow from the employer discretionary profit-sharing contributions or nonvested employer matching contributions. The loans are secured by the balance in the participant's account and bear interest at a reasonable rate determined by the Plan Administrator. These rates range from 3.25% to 7.00% on loans outstanding at December 31, 2022, and mature through 2041. Principal and interest are paid through payroll deductions.

Note 2. Summary of Significant Accounting Policies

Basis of accounting: The accompanying financial statements are prepared on the accrual basis of accounting.

Use of estimates: The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP) requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment valuation and income recognition: Investments are reported at fair value except for fully benefit-responsive investment contracts, which are reported at contract value. Fair value is the price that would be recognized to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's BBI 401(k) Committee determines the Plan's valuation policies, utilizing information provided by the investment trustee. See Note 4 for disclosure of the fair value measurements.

Broadway Bancshares, Inc. Profit Sharing 401(k) Plan

Notes to Financial Statements

Note 2. Summary of Significant Accounting Policies (Continued)

Investments held by a defined contribution plan are required to be reported at fair value, except for fully benefit-responsive investment contracts. Contract value is the relevant measurement for the portion of the net assets available for benefits attributable to fully benefit-responsive investment contracts because contract value is the amount participants normally would receive if they were to initiate permitted transactions under the terms of the Plan.

Purchases and sales of securities are recorded on a trade-date basis. Interest is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net depreciation includes the Plan's gains and losses on investments bought and sold, as well as held during the year.

Investment securities are exposed to various risks, such as interest rate, market, and credit risk. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the value of investment securities will occur in the near-term and such changes could materially affect participant account balances and the amounts reported in the 2022 statement of net assets available for benefits.

Notes receivable from participants: Notes receivable from participants are measured at their unpaid principal balance plus any accrued, but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. If a participant ceases to make loan repayments and the Plan Administrator deems the participant loan to be in default, the participant loan balance is reduced, and a benefit payment is recorded. No allowance for credit losses has been recorded as of December 31, 2022 or 2021.

Notes receivable from participants have been classified as an investment asset for Form 5500 reporting purposes and, accordingly, have been included as an investment in the supplemental schedule, Schedule H, line 4i—schedule of assets (held at end of year).

Contributions: Contributions from Plan participants and the matching contribution from the Plan Sponsor are recorded in the year in which the participant contributions are withheld from amounts paid. Profit sharing contributions are recognized upon authorization and in the year the underlying compensation is recognized under the Plan. All participant and employer contributions are participant directed. Participant contributions in excess of amounts allowed by the Internal Revenue Service (IRS) are recorded as a liability with a corresponding reduction in contributions.

Payment of benefits: Benefit payments to participants are recorded when paid.

Administrative expenses: Certain expenses of maintaining the Plan are paid directly by the Plan Sponsor and are excluded from these financial statements. Fees related to the administration of notes receivable from participants and benefits paid to participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included as an offset to net appreciation in fair value of investments.

Subsequent events: The Plan has evaluated subsequent events through October 16, 2023, the date the financial statements were available to be issued.

Broadway Bancshares, Inc. Profit Sharing 401(k) Plan

Notes to Financial Statements

Note 3. Information Certified or Provided by Fidelity Management Trust Company

The following is a summary of the Plan's asset information as of December 31, 2022 and 2021, and for the year ended December 31, 2022, included throughout the Plan's financial statements and ERISA-required supplemental schedule, obtained by management and agreed to or derived from information provided by Fidelity Management Trust Company, the trustee of the Plan. The Plan Administrator has obtained certifications from the trustee that information provided to the Plan Administrator by the trustee related to the following assets is complete and accurate. Accordingly, as permitted by 29 CFR 2520.103-8 of the Department of Labor's (DOL's) Rules and Regulations for Reporting and Disclosure under ERISA, the Plan Administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to the information that appears throughout the financial statements and ERISA-required supplemental schedule related to the following assets:

	December 31	
	2022	2021
Investments at fair value:		
Mutual funds	\$ 46,542,083	\$ 63,043,292
Collective trusts	39,132,695	48,886,424
Pooled separate account	13,200,176	12,879,428
Notes receivable from participants	1,324,949	1,196,174
	<u>\$ 100,199,903</u>	<u>\$ 126,005,318</u>

Fidelity Management Trust Company, the trustee of the Plan, also certified the completeness and accuracy of \$19,969,698 of net depreciation in fair value of investments, interest and dividends of \$2,711,606 related to the above-mentioned investments and \$45,079 of interest income on notes receivable from participants for the year ended December 31, 2022.

Note 4. Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy are described below.

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets
- Quoted prices for identical or similar assets or liabilities in inactive markets
- Inputs other than quoted prices that are observable for the asset or liability
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means

If the asset or liability has a specific (contractual) term, the Level 2 inputs must be observable for substantially the full term of the asset or liability.

Broadway Bancshares, Inc. Profit Sharing 401(k) Plan

Notes to Financial Statements

Note 4. Fair Value Measurements (Continued)

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following are descriptions of the valuation methodology used for investments measured at fair value. There have been no changes in the methodology used at December 31, 2022 and 2021.

Mutual funds: Mutual funds are valued at the daily closing price, as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Collective trusts: Valued at NAV of shares in each account held by the Plan at year end. The net asset value is not a public-quoted price in an active market. The NAV, as provided by the trustee, is used as a practical expedient to estimating fair value.

Pooled separate account: Valued at the NAV of shares in account held by the Plan at year end. The net asset value is not a publicly quoted price in an active market. The NAV, as provided by the trustee, is used as a practical expedient to estimating fair value.

To assess the appropriate classification of investments within the fair value hierarchy, the availability of market data is monitored. Changes in economic conditions or valuation techniques may require the transfer of investments from one fair value level to another.

The following tables set forth, by level within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2022 and 2021:

Assets at Fair Value as of December 31, 2022				
	Level 1	Level 2	Level 3	Total
Investments at fair value:				
Mutual funds	\$ 46,542,083	\$ -	\$ -	\$ 46,542,083
Investments measured at NAV (a)				52,332,871
				<u>\$ 98,874,954</u>
Assets at Fair Value as of December 31, 2021				
	Level 1	Level 2	Level 3	Total
Investments at fair value:				
Mutual funds	\$ 63,043,292	\$ -	\$ -	\$ 63,043,292
Investments measured at NAV (a)				61,765,852
				<u>\$ 124,809,144</u>

(a) In accordance with the Fair Value Measurement topic, certain investments that were measured at NAV per share (or its equivalent) as a practical expedient have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statement of net assets available for benefits.

Note 4. Fair Value Measurements (Continued)

The following table summarizes investments for which fair value is estimated using NAV per share (or its equivalent) as a practical expedient as of December 31, 2022 and 2021:

Note 5. Related Party and Party-in-Interest Transactions

Fidelity Management Trust Company is the trustee of the Plan; therefore, transactions with the trustee qualify as party-in-interest transactions. Certain Plan investments are mutual funds managed by the trustee as defined by the Plan and, therefore, these transactions and investments qualify as party-in-interest transactions. The Plan Sponsor paid certain administrative expenses related to the Plan for the year ended December 31, 2022.

Note 6. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their Company contributions.

Note 7. Tax Status

The Plan has adopted a volume submitter plan sponsored by Fidelity Management & Research Co. The volume submitter plan provider has received an advisory letter from the Internal Revenue Service as to the volume submitter plan's qualified status. The volume submitter plan advisory letter has been relied upon by the Plan. The Plan has been amended since the volume submitter received the advisory letter. The Plan Administrator believes the Plan is designed and is being operated in compliance with the applicable provisions of the Internal Revenue Code.

U.S. GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.
