INDEPENDENT AUDITOR'S REPORT

To the Plan Participants and Administrator of the
ARC-Imperial Valley 401K Plan
El Centro, California

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of the ARC-Imperial Valley 401K Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2022 and 2021, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to Section 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with Section 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2022 and 2021, and for the years then ended, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP).
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with U.S. GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.

- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of U.S. GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with U.S. GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter - Supplemental Schedules Required by ERISA

The supplemental Schedule of Assets (Held at End of Year) as of December 31, 2022 and Schedule of Delinquent Participant Contributions for the year ended December 31, 2022 are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including its form and content, are presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

ARC - IMPERIAL VALLEY 401K PLAN

Notes to Financial Statements
December 31, 2022 and 2021

NOTE 1. DESCRIPTION OF THE PLAN

The following description of the ARC-Imperial Valley 401K Plan (the Plan) is provided for general information purposes only. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General: The Plan is a defined contribution plan covering all full-time employees of ARC Imperial Valley, Inc. (the Employer) who are age twenty one or older. There are no minimum service requirements to make salary reduction contributions. There is a one year service requirement to receive Employer base contributions. Each plan year, the Board of Directors will determine the amount of the Employer discretionary base contribution (if any). Contributions are allocated to all participants based on the participant's compensation.

The Plan is intended to satisfy all of the requirements for a qualified retirement plan under the appropriate provisions of the Internal Revenue Code (IRC). Additionally, the Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Chief Executive Director acts as the administrator of the Plan and Mutual of America serves as the Plan's custodian.

Employee Contributions: Eligible employees may elect to defer from 1% to 100% of their pre-tax annual compensation as defined in the Plan. Full-time employees are automatically enrolled in the Plan at 1% once they become eligible. If an employee does not wish to contribute to the Plan, they must sign a waiver electing not to make contributions. The maximum employee deferral permitted by the Internal Revenue Service (IRS) was \$20,500 and \$19,500 for the years 2022 and 2021, respectively. In addition, participants who had attained age 50 by the end of the Plan year were eligible to make catch-up contributions of up to \$6,500 for the years ended December 31, 2022 and 2021.

Employer Base Contributions: At the discretion of the Board of Directors, the Employer can make an Employer base contribution for all eligible participants who are actively employed on the last day of the Plan year. Contribution will be allocated to the accounts of eligible participants on the basis of the ratio that each eligible participant's compensation bears to the total compensation of all eligible participants for the Plan year. Employer contributions were \$0 and \$28,483 for the years ended December 31, 2022 and 2021, respectively.

Participant Accounts: Each participant's interest in the Plan is maintained in three sub-accounts within one main account. These sub-accounts are: an employee deferral for the participant's own contributions, an Employer base contributions, and rollover contributions from an employee's previous plan(s). The sub-accounts are credited with the appropriate contributions and any earnings and/or losses resulting from the investment of those contributions.

NOTE 1. DESCRIPTION OF THE PLAN (Continued)

Vesting: Participants are immediately vested in their voluntary contributions plus actual earnings thereon. Vesting in the Employer's contributions portion of their account plus actual earnings thereon is based on years of continuous service and is vested as follows:

<u>Years of Service</u>	<u>Vested Percentage</u>
Less than 2 years	0%
2 years	20%
3 years	40%
4 years	60%
5 years	100%

Notwithstanding the above, if a participant (1) attains the age of 65, (2) dies or (3) terminates employment by reason of permanent disability, the employer contribution amounts become 100% vested without regard to years of service.

Notes Receivable from Participants: Participants may borrow from their accounts, a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. The loans are secured by the balance in the participant's account and bear an interest rate which is commensurate with the local prevailing rate. Principal and interest is paid ratably through payroll deductions. Loans must be repaid over a period not to exceed five years. Loans made for the purchase of a primary residence may be for a longer term.

Investment Options: Participants direct the investment of their contributions into various investment options offered by the Plan.

Payment of Benefits: Upon termination of service due to death, disability or retirement, a participant or their beneficiary may elect to receive either a lump-sum amount equal to the value of the participant's vested interest in his or her account, or purchase a life annuity under different options.

Pre-retirement distributions are allowed upon either attaining age 59-1/2 or experiencing a financial hardship as defined by the IRC. Such withdrawals are subject to applicable excise and income taxes, and may only be made with the approval of the Plan Administrator.

Forfeiture: Participants who are not 100% vested will forfeit the non-vested portion of the Employer base contributions upon termination of employment. Forfeitures will first be used to pay certain Plan expenses and any remaining forfeitures will be reallocated to the accounts of currently active participants. Forfeitures included in the net assets available for benefits were \$48 and \$15,986 at December 31, 2022 and 2021, respectively.

Administrative Expenses: According to the Plan agreement with Mutual of America, the cost of administering the Plan has been waived by Mutual of America for all chapters of ARC Imperial Valley Inc., except for the \$2 monthly participant charge. This charge is waived for participants who elect to use Mutual of America's electronic document delivery system. Auditing fees are paid by the Employer.

NOTE 2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting: The financial statements of the Plan are prepared using the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America.

Use of Estimates: The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan Administrator to make estimates and assumptions that affect the reported amounts and disclosures at the date of the financial statements and reported amounts during the reporting period. Actual results could differ from those estimates.

Notes Receivable from Participants: Participant loans are classified as notes receivable from participants and measured at their unpaid principal balance, plus any accrued but unpaid interest.

Accounting for Fully Benefit-Responsive Investments: Investments held by a defined contribution plan are required to be reported at fair value, except for fully benefit-responsive investment contracts. Contract value is the relevant measurement attribute for that portion of the net assets attributable to fully benefit-responsive investment contracts, because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan.

Risks and Uncertainties: The Plan provides for various investment options in various combinations of investment securities. Investment securities are exposed to various risk factors including, but not limited to, interest rates, market conditions and credit risks. Due to the level of risk associated with certain investment securities and the level of uncertainty related to changes in the value of investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amount reported in the statement of net assets available for benefits.

Investments Valuation and Income (Loss) Recognition: The Plan's investments are stated at fair value (except for fully-benefit investment contracts). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value.

The group annuity contract value is estimated by Mutual of America. Contract value represents contributions made, plus interest at the contract rate, less funds used to pay participants' benefits.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. The Plan presents in the statement of changes in net assets the net appreciation (depreciation) in the fair value of its investments, which consists of the realized gains or losses and the unrealized appreciation (depreciation) on those investments.

NOTE 3. CERTIFIED FINANCIAL INFORMATION

The Plan Administrator has elected the method of compliance permitted by Section 29 CFR 2520.103-8 of the Department of Labor (DOL)'s Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, the financial information included in the Plan's financial statements as it relates to investment assets, investment transactions, investment income (loss), notes receivable from participants and the schedule of assets held at end of year have been derived from information certified as complete and accurate by Mutual of America, the custodian of the Plan. This information was not audited, in accordance with the Plan Administrator's instructions and, as permitted by Section 29 CFR 2520.103-8 of the DOL Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

NOTE 4. FAIR VALUE MEASUREMENTS

The fair value measurement topic of the Financial Accounting Standards Board (FASB) Accounting Standards Codification establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy are described below:

- Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.
- Level 2 Inputs to the valuation methodology include:
- quoted prices for similar assets or liabilities in active markets
 - quoted prices for identical or similar assets or liabilities in inactive markets
 - inputs other than quoted prices that are observable for the asset or liability
 - inputs that are derived principally from or corroborated by observable market data by correlation or other means
- Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2022 and 2021.

Pooled separate accounts: The underlying investments are shares of mutual funds. The shares of mutual funds are valued at quoted market prices, which represent the net asset values of shares on the last business day of the Plan year.

ARC - IMPERIAL VALLEY 401K PLAN

Notes to Financial Statements
December 31, 2022 and 2021

NOTE 4. FAIR VALUE MEASUREMENTS (Continued)

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value:

	December 31, 2022			
	Level 1	Level 2	Level 3	Total
Mutual funds held in pooled separate accounts	\$ 748,724	\$ --	\$ --	\$ 748,724
Total assets at fair value	<u>\$ 748,724</u>	<u>\$ --</u>	<u>\$ --</u>	<u>\$ 748,724</u>
	December 30, 2021			
	Level 1	Level 2	Level 3	Total
Mutual funds held in pooled separate accounts	\$ 972,489	\$ --	\$ --	\$ 972,489
Total assets at fair value	<u>\$ 972,489</u>	<u>\$ --</u>	<u>\$ --</u>	<u>\$ 972,489</u>

NOTE 5. INVESTMENT CONTRACT WITH INSURANCE COMPANY

The Plan participates in an unallocated insurance contract with Mutual of America's Group Annuity Contract. The Group Annuity Contract is included in the statements of net assets available for benefits at contract value.

The issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan. The crediting interest rate is determined by Mutual of America from time to time, and Mutual of America reserves the right to change the interest rates at their discretion, but not below the minimum guaranteed interest rate. The minimum guaranteed crediting interest rate will be set pursuant to National Association of Insurance Commissioners (NAIC) standard nonforfeiture law. The NAIC minimum rate is determined in accordance with a formula, and cannot be less than 1.00% nor more than 3.00% in any event. Mutual of America determines whether the application of the formula will change the minimum guaranteed rate each November, and any change is effective the following January 1 for that calendar year. Mutual of America, may credit a higher rate of interest to contract amounts in the General Account, although it is not obligated to credit interest in excess of the minimum guaranteed rate.

In the event that the Plan terminates its contract with Mutual of America, transfers to other funding vehicles will be made within six complete months following Mutual of America's receipt of a written direction. The average yield on the contract (the "Group Annuity Contract") was 1% for the years ended December 31, 2022 and 2021, respectively.

Notes to Financial Statements
December 31, 2022 and 2021

NOTE 6. PARTY-IN-INTEREST TRANSACTIONS

The Plan's investments at December 31, 2022 and 2021, are invested in funds managed by Mutual of America, the Plan's Custodian. These transactions are party-in-interest transactions under ERISA.

NOTE 7. FEDERAL INCOME TAX STATUS

The Plan obtained its latest determination letter on March 11, 2011, in which the IRS stated that the Plan, as then designed, was in compliance with the applicable requirements of the IRC and is not subject to tax. The Plan has been amended since receiving the determination letter. However, the Plan Administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code. Therefore, no provision for income taxes has been included in the Plan's financial statements.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the organization has taken an uncertain position that more-likely-than-not would not be sustained upon examination by the taxing authority. The Plan Administrator has analyzed the tax positions taken by the Plan and has concluded that as of December 31, 2022 and 2021, there are no uncertain tax positions taken or expected to be taken that would require recognition of a liability or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions, however, there are currently no audits for any tax periods in progress.

NOTE 8. PLAN TERMINATION

Although it has not expressed any intent to do so, the Employer has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of a Plan termination, participants will become 100% vested in their employer contribution accounts. Any unallocated assets of the Plan shall be allocated to participant accounts and distributed in such a manner as the Employer may determine.

NOTE 9. PARTICIPANT WITHDRAWALS AND DISTRIBUTIONS

At December 31, 2022 and 2021, there were no distributions outstanding on accounts of participants who have elected to withdraw from participation in the Plan.

NOTE 10. TRANSFER TO ANOTHER PLAN

Effective January 2021, all employees of the Company that work on government contracts, moved to a new plan established just for that class of employees. As a result, Plan assets of \$734,082 were transferred out of the Plan into the new plan.

NOTE 11. LATE REMITTANCES

During the year ended December 31, 2021, participant contributions and loan repayments in the amount of \$12,064 were not remitted to the Plan in a timely manner in accordance with the DOL's Rules and Regulations. The Company has self-corrected the delinquencies in 2022.

NOTE 12. SUBSEQUENT EVENTS

Management has evaluated subsequent events for recognition and disclosure through October 11, 2023, which is the date the financial statements were available to be issued.
