Part I Asset and Liability Statement

1 Current value of plan assets and liabilities at the beginning and end of the plan year. Combine the value of plan assets held in more than one trust. Report the value of the plan's interest in a commingled fund containing the assets of more than one plan on a line-by-line basis unless the value is reportable on lines 1c(9) through 1c(14). Do not enter the value of that portion of an insurance contract which guarantees, during this plan year, to pay a specific dollar benefit at a future date. **Round off amounts to the nearest dollar.** MTIAs, CCTs, PSAs, and 103-12 IEs do not complete lines 1b(1), 1b(2), 1c(8), 1g, 1h, and 1i. CCTs, PSAs, and 103-12 IEs also do not complete lines 1d and 1e. See instructions.

INDEPENDENT AUDITOR'S REPORT

To the Administrative Committee and the Participants of
Taghleef Industries, Inc. Savings and Profit Sharing Plan:

Opinion

We have audited financial statements of the Taghleef Industries Inc. Savings and Profit Sharing Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), which comprise the statements of net assets available for benefits as of December 31, 2022 and 2021, and the related statement of changes in net assets available for benefits for the year ended December 31, 2022, and the related notes to the financial statements.

In our opinion, the accompanying financial statements present fairly, in all material respects, the net assets available for benefits of the Taghleef Industries Inc. Savings and Profit Sharing Plan as of December 31, 2022 and 2021, and the changes in net assets available for benefits for the year ended December 31, 2022 in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America ("GAAS"). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Taghleef Industries Inc. Savings and Profit Sharing Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Taghleef Industries Inc. Savings and Profit Sharing Plan's ability to continue as a going concern for one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Taghleef Industries Inc. Savings and Profit Sharing Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Taghleef Industries Inc. Savings and Profit Sharing Plan's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter - Supplemental Schedule Required by ERISA

Our audits were conducted for the purpose of forming an opinion on the financial statements as a whole. The supplemental schedule, Schedule H, Part IV, Line 4i - Schedule of Assets (Held at End of Year) as of December 31, 2022, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS.

In our opinion, the information in the accompanying schedule is fairly stated, in all material respects, in relation to the financial statements as a whole, and the form and content are presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

1. DESCRIPTION OF PLAN

The following description of the Taghleef Industries, Inc. Savings and Profit Sharing Plan (the "Plan") provides only general information. Participants should refer to the plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a participant-directed defined contribution plan qualifying under Section 401(a) of the Internal Revenue Code ("IRC") and is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"). The Plan was established on October 10, 1986 to provide an incentive for employees of Taghleef Industries, Inc. (the "Company" or "Employer") and their beneficiaries funds for retirement. Effective May 1, 2022, employees of Derprosa Specialty Films are eligible to also participate in the Plan.

Eligibility

Employees are eligible to participate in the Plan on the first day of the next month following their date of hire.

Contributions

Participants may contribute up to the lesser of 75% of their pretax annual compensation or the maximum permitted under the Internal Revenue Code. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans. The Plan has elected to automatically enroll eligible employees under a qualified automatic contribution arrangement ("QACA"). Under the QACA, an initial pre-tax deferral contribution of 3% will be made for all newly eligible employees on their applicable entry date. Additionally, for automatically enrolled employees, the deferral rate will increase annually by 1% until a deferral rate of 6% is reached. The Company shall make a safe harbor matching employer contribution on behalf of each participant in an amount equal to 100% of the first 1% that a participant contributes to the Plan, and 50% of the next 5%. Additional profit sharing amounts may be contributed at the option of the Company's board of directors. Participants direct the investment of their contributions and the Company's contributions into various investment options offered by the Plan.

Participant Accounts

Each participant's account is credited with the participant's contribution and allocations of (a) the Company's contribution and (b) Plan earnings and charged an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are vested immediately in their contributions plus actual earnings thereon. Vesting in the matching and profit sharing Company contributions (including actual earnings thereon) is based on years of continuous service. For safe harbor matching contributions, participants are vested at 20% after one year and 100% after two years. Discretionary profit sharing employer contributions are vested ratably over a period of completion of five years of credited service at which point the participant is 100% vested. Participants will become 100% vested upon attainment of age 65 or their death or disability.

Notes Receivable From Participants

Participants may borrow under one loan agreement at a time between $1,000 and $50,000 from their account balances; however, the loan may not exceed 50% of their vested account balance. The loans are secured by the balance in the participant's account and bear interest rates commensurate with local prevailing rates, as determined by the Plan administrator ranging from 4.25% to 6.50% as of December 31, 2022, and the term may not exceed five years (ten years where the loan proceeds are used toward the purchase of the borrower's principal residence).

Payment of Benefits
On termination of service due to death, disability, retirement or other reasons a participant may elect to receive a lump-sum cash distribution of the balance credited to their account, subject to their vested interest in the Plan, as soon as administratively feasible following the receipt of notice of the withdrawal. The Plan also provides that participants may request hardship withdrawals from their account to meet the needs of a financial hardship arising from (i) non-reimbursed medical expenses, (ii) costs directly related to the purchase of a primary residence; (iii) payment of tuition; and (iv) payments necessary to prevent eviction or foreclosure from a principal residence. Participants must have exhausted all other means to satisfy the financial needs, including requesting a loan from the Plan. The amount of the withdrawal cannot exceed the participant's vested interest in their account. No withdrawal shall be made from any income allocable to employer elective contributions or profit sharing contributions.

Forfeited Accounts
Any portion of a participant's account balance that is not vested upon separation from service will be forfeited. Forfeited amounts credited during the Plan year will be applied to reduce employer contributions and Plan administrative expenses. At December 31, 2022 and 2021, forfeited nonvested accounts totaled $2,109 and $10,474, respectively. During the year ended December 31, 2022, $28,198 of forfeitures were used for employer match and $10,185 of forfeitures were used for Plan administrative expenses.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting
The financial statements of the Plan have been prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America.

Use of Estimates
The preparation of financial statements in conformity with U.S. generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosures of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition
Investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 3 for a discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable From Participants
Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2022 or 2021. Delinquent notes receivable from participants are reclassified as distributions based upon the terms of the Plan document.

Payment of Benefits
Benefits are recorded when paid.

Administrative Expenses
The Company absorbs the fees for any legal services provided to the Plan. Annual audit fees, recordkeeping fees, distribution related fees, short term trading fees, and loan origination fees associated with notes receivable from participants are charged to individual accounts.

3. FAIR VALUE MEASUREMENTS

Financial Accounting Standards Board ("FASB") Accounting Standards Codification ("ASC") 820, *Fair Value Measurements and Disclosures* provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability; and
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs. Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2022 and 2021.

Mutual Funds - Valued at the daily closing price as reported by the fund. These funds are required to publish their daily net asset value ("NAV") and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Common Collective Trust - Valued at the NAV of units of a bank collective trust, which approximates fair value. The NAV, as provided by the trustee, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV. Participant transactions (purchases and sales) may occur daily. Were the Plan to initiate a full redemption of the collective trust, the investment advisor reserves the right to temporarily delay withdrawal from the trust in order to ensure that securities liquidations will be carried out in an orderly business manner.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's fair value measurements:

	2022			
	Total	**Level 1**	**Level 2**	**Level 3**
Mutual funds	$ 56,771,771	$ 56,771,771	$ -	$ -
Investments measured at net asset value*	6,911,619			
Investments at fair value	$ 63,683,390			

	2021			
	Total	**Level 1**	**Level 2**	**Level 3**
Mutual funds	$ 69,809,790	$ 69,809,790	$ -	$ -
Investments measured at net asset value *	6,021,118			
Investments at fair value	$ 75,830,908			

*In accordance with subtopic 820-10, certain investments that were measured at NAV per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits.

The following table summarizes investments measured at fair value based on NAVs per share as of December 31, 2022 and 2021:

Common Collective Trust	Fair Value	Unfunded Commitments	Redemption Frequency (If Currently Applicable)	Redemption Notice Period
December 31, 2022				
Fidelity Advisor Stable Value Portfolio[1]	$ 6,632,364	n/a	Daily	see below
Managed Income Portfolio CL 1[1]	279,255	n/a	Daily	see below
	$ 6,911,619			
December 31, 2021				
Fidelity Advisor Stable Value Portfolio[1]	$ 6,021,118	n/a	Daily	see below

1) The portfolio invests in assets (typically fixed income securities or bond funds and may include derivative instruments such as futures contracts and swap agreements) and enters into wrap contracts issued by third-parties and invests in cash equivalents represented by shares in money market funds. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value. Contract value represents contributions made to the fund, plus earnings, less participant withdrawals. The trustee reserves the right to defer withdrawals initiated by the Plan sponsor until as soon as practicable, within twelve months following written notice.

4. TAX STATUS

The Plan adopted the Fidelity Advisor 401(k) Premium Service Plan, which received a favorable opinion from the Internal Revenue Service ("IRS"), dated June 30, 2020, stating that the Plan is designed in accordance with applicable sections of the Internal Revenue Code ("IRC"). The Plan has been amended, however, the Plan's management believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan has no uncertain tax positions as of December 31, 2022 and 2021. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

5. PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their employer contributions.

6. RELATED PARTY TRANSACTIONS

All Plan investments consist of mutual funds or a common collective trust either issued through or managed by Fidelity Management Trust Company ("FMTC"). FMTC is the custodian of the Plan's investments and, therefore, these transactions qualify as party-in-interest transactions. Additionally, the Plan utilizes CapTrust Financial Advisors as an investment advisor separate from the Fidelity related entities. For the year ended December 31, 2022, the Plan received net reimbursements from these parties-in-interest of $82,102 for Plan administration, advisory fees, and commissions. Additionally, the Plan has notes receivable from participants of $1,046,288 and $1,208,967 as of December 31, 2022 and 2021, respectively.

7. RECONCILIATION OF FINANCIAL STATEMENTS TO FORM 5500

The following is a reconciliation of net assets available for benefits as of December 31, 2022 and 2021 to Form 5500:

	2022	2021
Net assets available for benefits per the financial statements	$ 64,812,740	$ 77,205,006
Adjust common collective trusts from contract value to fair value	(465,323)	62,410
Receivable for participants' contributions	-	(88,700)
Receivable for employer's contributions	(83,062)	(76,431)
Net assets available for benefits per Form 5500	$ 64,264,355	$ 77,102,285

The following is a reconciliation of net change in net assets available for benefits for the year ended December 31, 2022 to Form 5500:

Net change in net assets for benefits per the financial statements	$ (12,392,266)
Change in contributions receivable	82,069
Change in adjustment to common collective trust from contract value to fair value	(527,733)
Net change in net assets available for benefits per Form 5500	$ (12,837,930)

8. RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

9. SUBSEQUENT EVENTS

Subsequent events were evaluated through October 16, 2023, which is the date the financial statements were available to be issued. Based on that evaluation, the Plan has determined that no subsequent events have occurred which would require adjustment to or disclosure in the financial statements.

INDEPENDENT AUDITOR'S REPORT

To the Administrative Committee and the Participants of
Taghleef Industries, Inc. Savings and Profit Sharing Plan:

Opinion

We have audited financial statements of the Taghleef Industries Inc. Savings and Profit Sharing Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), which comprise the statements of net assets available for benefits as of December 31, 2022 and 2021, and the related statement of changes in net assets available for benefits for the year ended December 31, 2022, and the related notes to the financial statements.

In our opinion, the accompanying financial statements present fairly, in all material respects, the net assets available for benefits of the Taghleef Industries Inc. Savings and Profit Sharing Plan as of December 31, 2022 and 2021, and the changes in net assets available for benefits for the year ended December 31, 2022 in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America ("GAAS"). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Taghleef Industries Inc. Savings and Profit Sharing Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Taghleef Industries Inc. Savings and Profit Sharing Plan's ability to continue as a going concern for one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Taghleef Industries Inc. Savings and Profit Sharing Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Taghleef Industries Inc. Savings and Profit Sharing Plan's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter - Supplemental Schedule Required by ERISA

Our audits were conducted for the purpose of forming an opinion on the financial statements as a whole. The supplemental schedule, Schedule H, Part IV, Line 4i - Schedule of Assets (Held at End of Year) as of December 31, 2022, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS.

In our opinion, the information in the accompanying schedule is fairly stated, in all material respects, in relation to the financial statements as a whole, and the form and content are presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

1. DESCRIPTION OF PLAN

The following description of the Taghleef Industries, Inc. Savings and Profit Sharing Plan (the "Plan") provides only general information. Participants should refer to the plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a participant-directed defined contribution plan qualifying under Section 401(a) of the Internal Revenue Code ("IRC") and is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"). The Plan was established on October 10, 1986 to provide an incentive for employees of Taghleef Industries, Inc. (the "Company" or "Employer") and their beneficiaries funds for retirement. Effective May 1, 2022, employees of Derprosa Specialty Films are eligible to also participate in the Plan.

Eligibility

Employees are eligible to participate in the Plan on the first day of the next month following their date of hire.

Contributions

Participants may contribute up to the lesser of 75% of their pretax annual compensation or the maximum permitted under the Internal Revenue Code. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans. The Plan has elected to automatically enroll eligible employees under a qualified automatic contribution arrangement ("QACA"). Under the QACA, an initial pre-tax deferral contribution of 3% will be made for all newly eligible employees on their applicable entry date. Additionally, for automatically enrolled employees, the deferral rate will increase annually by 1% until a deferral rate of 6% is reached. The Company shall make a safe harbor matching employer contribution on behalf of each participant in an amount equal to 100% of the first 1% that a participant contributes to the Plan, and 50% of the next 5%. Additional profit sharing amounts may be contributed at the option of the Company's board of directors. Participants direct the investment of their contributions and the Company's contributions into various investment options offered by the Plan.

Participant Accounts

Each participant's account is credited with the participant's contribution and allocations of (a) the Company's contribution and (b) Plan earnings and charged an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are vested immediately in their contributions plus actual earnings thereon. Vesting in the matching and profit sharing Company contributions (including actual earnings thereon) is based on years of continuous service. For safe harbor matching contributions, participants are vested at 20% after one year and 100% after two years. Discretionary profit sharing employer contributions are vested ratably over a period of completion of five years of credited service at which point the participant is 100% vested. Participants will become 100% vested upon attainment of age 65 or their death or disability.

Notes Receivable From Participants

Participants may borrow under one loan agreement at a time between $1,000 and $50,000 from their account balances; however, the loan may not exceed 50% of their vested account balance. The loans are secured by the balance in the participant's account and bear interest rates commensurate with local prevailing rates, as determined by the Plan administrator ranging from 4.25% to 6.50% as of December 31, 2022, and the term may not exceed five years (ten years where the loan proceeds are used toward the purchase of the borrower's principal residence).

Payment of Benefits
On termination of service due to death, disability, retirement or other reasons a participant may elect to receive a lump-sum cash distribution of the balance credited to their account, subject to their vested interest in the Plan, as soon as administratively feasible following the receipt of notice of the withdrawal. The Plan also provides that participants may request hardship withdrawals from their account to meet the needs of a financial hardship arising from (i) non-reimbursed medical expenses, (ii) costs directly related to the purchase of a primary residence; (iii) payment of tuition; and (iv) payments necessary to prevent eviction or foreclosure from a principal residence. Participants must have exhausted all other means to satisfy the financial needs, including requesting a loan from the Plan. The amount of the withdrawal cannot exceed the participant's vested interest in their account. No withdrawal shall be made from any income allocable to employer elective contributions or profit sharing contributions.

Forfeited Accounts
Any portion of a participant's account balance that is not vested upon separation from service will be forfeited. Forfeited amounts credited during the Plan year will be applied to reduce employer contributions and Plan administrative expenses. At December 31, 2022 and 2021, forfeited nonvested accounts totaled $2,109 and $10,474, respectively. During the year ended December 31, 2022, $28,198 of forfeitures were used for employer match and $10,185 of forfeitures were used for Plan administrative expenses.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting
The financial statements of the Plan have been prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America.

Use of Estimates
The preparation of financial statements in conformity with U.S. generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosures of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition
Investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 3 for a discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable From Participants
Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2022 or 2021. Delinquent notes receivable from participants are reclassified as distributions based upon the terms of the Plan document.

Payment of Benefits
Benefits are recorded when paid.

Administrative Expenses
The Company absorbs the fees for any legal services provided to the Plan. Annual audit fees, recordkeeping fees, distribution related fees, short term trading fees, and loan origination fees associated with notes receivable from participants are charged to individual accounts.

3. FAIR VALUE MEASUREMENTS

Financial Accounting Standards Board ("FASB") Accounting Standards Codification ("ASC") 820, *Fair Value Measurements and Disclosures* provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability; and
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs. Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2022 and 2021.

Mutual Funds - Valued at the daily closing price as reported by the fund. These funds are required to publish their daily net asset value ("NAV") and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Common Collective Trust - Valued at the NAV of units of a bank collective trust, which approximates fair value. The NAV, as provided by the trustee, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV. Participant transactions (purchases and sales) may occur daily. Were the Plan to initiate a full redemption of the collective trust, the investment advisor reserves the right to temporarily delay withdrawal from the trust in order to ensure that securities liquidations will be carried out in an orderly business manner.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's fair value measurements:

	2022			
	Total	**Level 1**	**Level 2**	**Level 3**
Mutual funds	$ 56,771,771	$ 56,771,771	$ -	$ -
Investments measured at net asset value*	6,911,619			
Investments at fair value	$ 63,683,390			

	2021			
	Total	**Level 1**	**Level 2**	**Level 3**
Mutual funds	$ 69,809,790	$ 69,809,790	$ -	$ -
Investments measured at net asset value *	6,021,118			
Investments at fair value	$ 75,830,908			

*In accordance with subtopic 820-10, certain investments that were measured at NAV per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits.

The following table summarizes investments measured at fair value based on NAVs per share as of December 31, 2022 and 2021:

Common Collective Trust	Fair Value	Unfunded Commitments	Redemption Frequency (If Currently Applicable)	Redemption Notice Period
December 31, 2022				
Fidelity Advisor Stable Value Portfolio[1]	$ 6,632,364	n/a	Daily	see below
Managed Income Portfolio CL 1[1]	279,255	n/a	Daily	see below
	$ 6,911,619			
December 31, 2021				
Fidelity Advisor Stable Value Portfolio[1]	$ 6,021,118	n/a	Daily	see below

1) The portfolio invests in assets (typically fixed income securities or bond funds and may include derivative instruments such as futures contracts and swap agreements) and enters into wrap contracts issued by third-parties and invests in cash equivalents represented by shares in money market funds. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value. Contract value represents contributions made to the fund, plus earnings, less participant withdrawals. The trustee reserves the right to defer withdrawals initiated by the Plan sponsor until as soon as practicable, within twelve months following written notice.

4. TAX STATUS

The Plan adopted the Fidelity Advisor 401(k) Premium Service Plan, which received a favorable opinion from the Internal Revenue Service ("IRS"), dated June 30, 2020, stating that the Plan is designed in accordance with applicable sections of the Internal Revenue Code ("IRC"). The Plan has been amended, however, the Plan's management believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan has no uncertain tax positions as of December 31, 2022 and 2021. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

5. PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their employer contributions.

6. RELATED PARTY TRANSACTIONS

All Plan investments consist of mutual funds or a common collective trust either issued through or managed by Fidelity Management Trust Company ("FMTC"). FMTC is the custodian of the Plan's investments and, therefore, these transactions qualify as party-in-interest transactions. Additionally, the Plan utilizes CapTrust Financial Advisors as an investment advisor separate from the Fidelity related entities. For the year ended December 31, 2022, the Plan received net reimbursements from these parties-in-interest of $82,102 for Plan administration, advisory fees, and commissions. Additionally, the Plan has notes receivable from participants of $1,046,288 and $1,208,967 as of December 31, 2022 and 2021, respectively.

7. RECONCILIATION OF FINANCIAL STATEMENTS TO FORM 5500

The following is a reconciliation of net assets available for benefits as of December 31, 2022 and 2021 to Form 5500:

	2022	2021
Net assets available for benefits per the financial statements	$ 64,812,740	$ 77,205,006
Adjust common collective trusts from contract value to fair value	(465,323)	62,410
Receivable for participants' contributions	-	(88,700)
Receivable for employer's contributions	(83,062)	(76,431)
Net assets available for benefits per Form 5500	$ 64,264,355	$ 77,102,285

The following is a reconciliation of net change in net assets available for benefits for the year ended December 31, 2022 to Form 5500:

Net change in net assets for benefits per the financial statements	$ (12,392,266)
Change in contributions receivable	82,069
Change in adjustment to common collective trust from contract value to fair value	(527,733)
Net change in net assets available for benefits per Form 5500	$ (12,837,930)

8. RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

9. SUBSEQUENT EVENTS

Subsequent events were evaluated through October 16, 2023, which is the date the financial statements were available to be issued. Based on that evaluation, the Plan has determined that no subsequent events have occurred which would require adjustment to or disclosure in the financial statements.
