INDEPENDENT AUDITOR'S REPORT

The Board of Directors and Trustees of
Compa Industries, Inc. 401(k) Plan
Los Alamos, New Mexico

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed an audit of the accompanying financial statements of Compa Industries, Inc. 401(k) Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit) for the year ended December 31, 2022.

The financial statements comprise the statement of net assets available for benefits as of December 31, 2022, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of Compa Industries, Inc. 401(k) Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certifications from a qualified institution as of and for the years ended December 31, 2022 and 2021, which was audited by another auditor (see Other Matter paragraph), stating that the certified investment information, as described in Note C to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section—

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Compa Industries, Inc. 401(k) Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Other Matter

The financial statements of Compa Industries, Inc. 401(k) Plan for the year ended December 31, 2021 were audited by another auditor who expressed an unmodified opinion for an audit performed in accordance with ERISA Section 103(a)(3)(C) and issued those statements on October 17, 2022.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Compa Industries, Inc. 401(k) Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audits of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Compa Industries, Inc. 401(k) Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Compa Industries, Inc. 401(k) Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter—Supplemental Schedules Required by ERISA

The supplemental schedule of Assets Held for Investment Purposes for the year ended December 31, 2022 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements

themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

NOTES TO FINANCIAL STATEMENTS

Compa Industries, Inc. 401(k) Plan

December 31, 2022

NOTE A--DESCRIPTION OF PLAN

The following brief description of Compa Industries, Inc. 401(k) Plan is provided for general information purposes only. Participants should refer to the Plan Agreement for more complete information.

General: The Plan was established January 1, 1993. The latest Plan amendment and restatement was effective January 31, 2022. The Plan is a defined contribution plan covering all employees of the Company that are 21 years of age or older, except leased employees, employees covered by a collective bargaining agreement, and non-resident aliens. Employees are eligible immediately upon achieving age 21 and completing 30 days of service. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions: Eligible employees may make pre-tax or after-tax (Roth) contributions to the plan up to the maximum percent of their eligible compensation as defined by the plan document. Such maximum contributions are subject to limitations imposed by the Internal Revenue Code (IRC).

The Company may make discretionary matching contributions. Participants must be employed on the last day of the plan year and have completed 1,000 hours of service during the plan year to be eligible to receive the matching contribution for that year. The Company matched 50% of each participant's contributions, including after-tax voluntary contributions and catchup deferrals, up to 5% of eligible compensation for 2022 and 2021.

The Company may also make discretionary non-elective contributions. Participants must be employed on the last day of the plan year and have completed 1,000 hours of service during the plan year to be eligible to receive the non-elective contribution for that year. There were no non-elective contributions in 2022 and 2021.

Eligible employees may also contribute amounts representing distributions from other qualified plans (rollovers).

Participants' Accounts: Each participant's account is credited with the participant's contributions and allocation of (a) the Company's matching contribution, (b) the Company's additional non-elective contributions, if applicable, (c) Plan earnings and (d) administrative expenses that are paid by the Plan. Allocations are based on the participant's qualified compensation, account balances, or specific participant transactions as defined in the Plan document. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting: Participants are immediately vested in their contributions, the Company's contributions, and any rollover contributions, plus actual earnings thereon.

Notes Receivable from Participants: Participants may borrow from their vested account balances with interest rates, terms and minimum loan balances in accordance to the plan document. The loans are secured by the balance in the participants' account. Principal and interest are paid ratably through payroll deductions. A participant loan is considered to be in default and/or past due when payments have ceased prior to being repaid-in-full.

Investment Options: Upon enrollment in the Plan, a participant may direct contributions to a selection of investments with the trustee of the Plan.

NOTES TO FINANCIAL STATEMENTS--Continued

Compa Industries, Inc. 401(k) Plan

December 31, 2022

Participants may change the allocation of their account in the different funds and other investments at any time.

Excess Contributions Payable: Amounts payable to participants totaling \$-0- and \$23,330 for 2022 and 2021 contributions in excess of amounts allowed by the Internal Revenue Service (IRS) and earnings thereon are recorded as a payable for the year of determination.

Distributions: Upon retirement or death, a participant or beneficiary may receive the entire amount credited to the participant's account under various distribution options as defined by the plan. Required minimum distributions must begin within a prescribed period after the participant attains the age designated by the current U.S. Internal Revenue Code. On termination of service, the participant's vested balance will be paid to the participant in any manner permitted by the Plan and agreed-upon by the participant and Plan administrator. If the participant's account balance is less than the designated amount defined in the plan that is subject to IRC limitations, the account may be distributed on behalf of the participant without participant agreement. In service distributions are permitted for a participant who is 59 1/2 years or older, for hardship reasons, disability, or from after-tax deferrals and rollover funds.

NOTE B--SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting: The financial statements of the Plan are prepared using the accrual method of accounting.

Estimates: The preparation of financial statements in conformity with generally accepted accounting principles requires the Plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Investment Valuation and Income Recognition: Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Administrator determines the Plan's valuation policies utilizing information provided by the investment advisers, custodians, and insurance company. See Note D for discussion of fair value measurement.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants: Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. No allowance for credit losses is recorded as loans are fully secured by the participant account. Delinquent participant loans are reclassified as distributions based upon the terms of the plan document. Principal and interest is paid ratably through payroll deductions.

Payment of Benefits: Benefits are recorded when paid.

Expenses: Certain expenses of maintaining the Plan are paid either by the Plan or the Plan Sponsor. Expenses that are paid directly by the Plan Sponsor are excluded from these financial statements. Any funds received from the Plan Sponsor in the

Compa Industries, Inc. 401(k) Plan

Plan to pay plan expenses have been netted against the investment and administrative fees on these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included with administrative expenses. Certain investment-related expenses may be included in net appreciation (depreciation) of fair value of investments. Third Party Administrator fees paid directly from plan assets are included as administration expenses.

NOTE C--INVESTMENTS

Certain information related to investments and notes receivable from participants disclosed in the accompanying financial statements and ERISA-required supplemental schedule, including investments and notes receivable from participants held at December 31, 2022 and 2021, and net appreciation (depreciation) in fair value of investments, interest and dividends, and interest income on notes receivable from participants for the year ended December 31, 2022 and 2021 was obtained by management and agreed to or derived from information certified as complete and accurate by qualified custodians of the Plan. Principal Life Insurance Company certification was provided for the period January 1, 2021 through February 22, 2022 when the assets were transferred to a new custodian. Nationwide Trust Company provided certification for the period January 1, 2022 through December 31, 2022.

NOTE D--FAIR VALUE MEASUREMENTS

Certain Plan investments are reported at fair value in the accompanying Statements of Net Assets Available for Benefits. The methods used to measure fair value may produce an amount that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy consists of three broad levels: Level 1 inputs consist of unadjusted quoted prices in active markets for identical assets and have the highest priority, and Level 3 inputs are unobservable and have the lowest priority. Next, Level 2 inputs are used when identical assets cannot be identified, but quoted prices for similar assets in active markets are available. Level 3 inputs were only used when Level 1 or Level 2 inputs were not available. The Plan uses appropriate valuation techniques based on the available inputs to measure the fair value of its investments.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2022 and 2021.

Mutual Funds Assets are valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily NAV and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Pooled Separate Accounts (PSA) The fair value of the pooled separate accounts is based on publicly quoted pricing inputs of underlying assets that are used in

NOTES TO FINANCIAL STATEMENTS--Continued

Compa Industries, Inc. 401(k) Plan

December 31, 2022

determining the Net Asset Value (NAV) of the each PSA, which does not have a publicly quoted value, but the NAVs for each fund are available to participants. Each pooled separate account invests in a single Principal Funds, Inc. mutual fund.

Collective Investment Trust(CIT) These investments are held by the custodian. These funds invest in equity, fixed income, and target date funds managed by a trust company. Plan participants do not own shares of the individual underlying assets, but a proportionate interest identified as "units". The custodian values the assets based on a daily calculated unit values. The factors used to determine the unit value include observable fair market values of the underlying investments but adjusted for asset fees that are unobservable. The unit value, considered the net asset value, is used as a practical expedient to estimate fair value and the value in which the units are traded.

Participant transactions (purchased and sales) may occur daily. Were the Plan to initiate a full redemption of the funds, the investment advisor reserves the right to temporarily delay withdrawal from the trust in order to ensure that securities liquidations will be carried out in an orderly business manner. There are no additional sales charges, commissions, or trading restrictions related to funds.

The following table sets forth, by level within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2022 and 2021.

Compa Industries, Inc. 401(k) Plan

December 31, 2022

NOTE E--GUARANTEED INVESTMENT CONTRACTS
WITH INSURANCE COMPANIES

The Plan has a traditional fully benefit-responsive guaranteed investment contract with Nationwide Life Insurance Company totaling \$141,871 for 2022 and with Principal Life Insurance Company totaling \$122,307 for 2021. The insurance companies maintain the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The guaranteed investment contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan. The crediting rate is based on a formula established by the contract issuer. The crediting rate is reviewed on a quarterly basis for resetting. The guaranteed investment contract does not permit the insurance company to terminate the agreement prior to the scheduled maturity date.

The contracts meet the fully benefit-responsive investment contract criteria and therefore are reported at contract value. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. The Contract values, as reported to the Plan by Nationwide in 2022 and Principal in 2021, represent contributions made under the contracts, plus earnings, less participant withdrawals, and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

The Plan's ability to receive amounts due is dependent on the issuer's ability to meet its financial obligations. The issuer's ability to meet its contractual obligations may be affected by future economic and regulatory developments.

Certain events might limit the ability of the Plan to transact at contract value with the issuer and a surrender charge may apply. Such events include (1) amendments to the Plan documents (including complete or partial Plan termination or merger with another plan), (2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the Plan sponsor or other Plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, or (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA, (5) premature termination of the contract.

The Company paid the surrender charge for the 2022 transfer from Principal to Nationwide. No events are probable of occurring that might limit the ability of the Plan to transact at contract value with the contract issuers and that also would limit the ability of the plan to transact at contract value with the participants.

In addition, certain events allow the issuer to terminate the contract with the Plan and settle at an amount different from contract value. Such events include (1) an uncured violation of the Plan's investment guidelines, (2) a breach of material obligation under the contract, (3) a material misrepresentation, (4) a material amendment to the agreement without the consent of the issuers.

	<u>Nationwide</u> <u>2022</u>
Average yield:	
Based on actual earnings	0.98%
Based on interest rate credited to participants	1.58%

December 31, 2022

NOTE F--PLAN STATUS

Although it has not expressed any intent to do so, the Plan Sponsor has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. At the time of Plan termination, participants will become 100% vested in their account balances.

NOTE G--TAX STATUS

The Plan is qualified under the appropriate section of the Internal Revenue Code (IRC) and, accordingly, the Plan's net investment income is exempt from income taxes. The Plan operates under the Prototype Plan of its trustees. A determination letter dated June 30, 2020 has been obtained for the Prototype Plan. Although the Plan has been amended since receiving the determination letter, the Plan sponsor believes that the Plan as designed is currently being operated in compliance with the applicable requirements of the IRC and continues to be tax-exempt.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken uncertain tax positions that more-likely-than-not would not be sustained upon examination by applicable taxing authorities. The Plan has concluded that, as of December 31, 2022, there are no uncertain tax positions taken, or expected to be taken, that would require recognition of a liability or that would require disclosure in the financial statements.

The Plan is subject to routine audits by taxing jurisdictions. However, currently, no audits for any tax periods are in progress. The Plan is subject to income tax examinations for plan years ended December 31, 2020 through 2022.

NOTE H--TRANSACTIONS WITH PARTIES-IN-INTEREST

The Plan invests in assets managed by the Plan's custodian, as defined by the Plan, therefore, these transactions qualify as party-in-interest transactions. Notes receivable from Plan participants and the related interest income are also considered party-in-interest transactions.

Other administrative expenses, including the audit fee, were paid by the Plan Sponsor. The Plan Sponsor has the option, but not the obligation, to pay any of the Plan's administrative expenses. The payments received from the employer for this purpose and these expenses are not included in these financial statements. In addition, certain administrative functions are performed by officers or employees of the Plan Sponsor for which the officer or employee receives no compensation from the Plan nor is the Plan charged by the Plan Sponsor for these services.

NOTE I--PROHIBITED TRANSACTIONS

The Company made one late remittance of participant contributions and loan payments for 2021. The Company has corrected the remittance, filed IRS Form 5330, and deposited lost earnings in the plan.

NOTE I--RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risk. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the Statement of Net Assets Available for Benefits.

NOTE J--SUBSEQUENT EVENTS

The Plan has evaluated subsequent events through October 13, 2023, the date which the financial statements were available to be issued.
