Independent Auditor's Report

The Plan Administrator
Czarnowski Display Service, Inc.
401(k) Plan
Chicago, Illinois

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We were engaged to perform audits of the financial statements of Czarnowski Display Service, Inc. 401(k) Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C). The financial statements comprise the statements of net assets available for benefits as of December 31, 2022 and 2021, and the related statement of changes in net assets available for benefits for the year ended December 31, 2022, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA (ERISA Section 103(a)(3)(C) audit). As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency (qualified institution), provided that the investment information is prepared and certified to by the qualified institution in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Management has obtained a certification from a qualified institution as of December 31, 2022 and 2021, and for the year ended December 31, 2022, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and the procedures performed as described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (GAAP).
- The certified investment information in the accompanying financial statements agrees to, or is derived from, in all material respects, the information prepared and certified by a qualified institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is responsible for maintaining a current plan instrument, including all plan amendments. Management is also responsible for administering the Plan and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the *Scope and Nature of the ERISA Section 103(a)(3)(C) Audit* section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and, therefore, is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audits, significant audit findings, and certain internal control-related matters that we identified during the audits.

Other Matter - Supplemental Schedule Required by ERISA

The supplemental Schedule of Assets (Held at End of Year) is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and to certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and to other additional procedures in accordance with GAAS. For information included in the supplemental

schedule that agrees to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, are presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedules that agrees to or is derived from the certified investment information, are presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- The certified investment information in the supplemental schedule agrees to or is derived from, in all material respects, the information prepared and certified by a qualified institution that management determined meet the requirements of ERISA Section 103(a)(3)(C).

Czarnowski Display Service, Inc. 401(k) Plan

Notes to Financial Statements

1. Description of the Plan

The following description of Czarnowski Display Service, Inc. 401(k) Plan (the Plan) provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General

Czarnowski Display Service, Inc. (the Company) established the Plan, effective January 1, 1991, to provide retirement, disability, and death benefits for eligible employees and their beneficiaries. The Plan covers substantially all full-time employees of the Company who do not participate in a collective-bargaining unit. Participants become eligible to participate in the Plan on the first day of the month following his or her date of hire. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

The Plan is administered by the Czarnowski Display Service, Inc. 401(k) Plan Committee (the Committee) that serves at the discretion of the Company's Board of Directors. The Committee is responsible for all matters, including, but not limited to, determining eligibility, rights to benefits, interpreting Plan documents, and directing the Plan's trustee.

Contributions

Each year, participants may contribute up to 100% of their pretax annual compensation, as defined in the Plan document, subject to the Internal Revenue Code (IRC) limits. Participants who have attained age 50 before the end of the Plan-year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollover). The Plan allows participants to designate all or a portion of their deferrals as Roth contributions to the Plan on an after-tax basis.

The Plan provides for discretionary Company-matching contributions to the Plan based on a percentage of participant contributions, as determined by the Company each year. A participant must have completed 1,000 hours of service and worked one year for the Company to receive any discretionary Company-matching contributions. For the year ended December 31, 2022, the Company contributed 30% of a participant's contribution, up to the first 5% of a participant's eligible compensation.

The Company may also elect to make additional discretionary non-elective contributions. In order to receive any Company discretionary matching or non-elective contributions, a participant must have completed 1,000 hours of service, worked one year for the Company, and be employed on the last day of the Plan-year. The Company made an additional discretionary non-elective contribution of approximately \$37,500 for the year ended December 31, 2022.

Contributions are subject to certain IRC limitations.

Participants may direct all their contributions among one or more funds offered by the Plan (including self-directed brokerage accounts). Changes in allocation of future contributions and transfers among funds of presently invested contributions are permitted pursuant to the Plan's provisions. The Plan also allows for participants to self-direct and manage their own Plan investments rather than invest in the fund choices provided. Such investments are referred to as self-directed brokerage accounts in these financial statements.

Czarnowski Display Service, Inc. 401(k) Plan

Notes to Financial Statements

Participant Accounts

Each participant's account is credited with the participant's contributions and discretionary Company-matching contributions, as well as allocations of (a) any additional discretionary non-elective Company contributions, and (b) Plan earnings or losses. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined in the Plan document. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. The loans are secured by the balance in the participant's account and bear interest at the prime rate plus 1%. Interest rates on outstanding loans currently range from 4.25% to 8.00%. Principal and interest are paid ratably through payroll deductions over a term not exceeding five years, or a term not to exceed ten years for loans used for the purchase of a primary residence.

Payments of Benefits

Upon termination of service due to retirement, death, permanent disability, separation from service, or attainment of age 59½, a participant may elect to receive the value of their vested interest in his or her account in the form of a lump-sum amount, installment payments, partial payments, annuities, or a rollover to another entity. If the participant's vested interest in the Plan is less than \$1,000, a mandatory lump-sum distribution may be made to the participant. Withdrawals from the Plan may also be made upon circumstances of financial hardship, in accordance with provisions specified in the Plan document.

Vesting and Forfeitures

Participants are immediately vested in their contributions plus actual earnings thereon. Vesting in the discretionary Company matching and additional discretionary non-elective contributions, plus actual earnings thereon, is based on years of continuous service. A participant becomes 20% vested after two years of service, 40% vested after three years of service, 60% vested after four years of service, 80% vested after five years of service, and 100% vested after six years of service.

Forfeitures resulting from non-vested portions of participant accounts are used to reduce any Company contributions and pay any Plan administrative expenses. At December 31, 2022 and 2021, approximately \$41,000 and \$19,000, respectively, of forfeitures were available to pay Plan expenses or to reduce future Company contributions. During 2022, forfeited non-vested accounts amounting to approximately \$22,000 were used to reduce Company contributions.

2. Summary of Significant Accounting Policies

Basis of Accounting

The accompanying financial statements of the Plan are prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America (GAAP).

Czarnowski Display Service, Inc. 401(k) Plan

Notes to Financial Statements

Use of Estimates

The preparation of financial statements in conformity with GAAP requires Plan management to make estimates and assumptions that affect the reported amounts of assets and liabilities at the date of the financial statements and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability (an exit price) in an orderly transaction between market participants at the measurement date in the principal or most advantageous market for the asset or liability. The Committee determines the Plan's valuation policies, utilizing information provided by the investment advisors and the trustee. See Note 3 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net depreciation in fair value of investments includes the Plan's gains and losses on investments bought and sold, as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2022 or 2021. If a participant ceases to make loan repayments and the Plan administrator deems the participant loan to be in default, the participant loan balance is reduced, and a benefit payment is recorded.

Benefit Payments

Benefit payments are recorded when paid.

Administrative Expenses

Certain expenses of maintaining the Plan are paid directly by the Company and are excluded from these financial statements. Fees related to the administration of notes receivable and distribution requests from participants are charged directly to the participant's account and are included in administrative expenses.

Risks and Uncertainties

The Plan provides for various investment options with various investment objectives. Investment securities are exposed to various risks, such as interest risk, market risk, and credit risk. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

3. Fair Value Measurements

Accounting Standards Codification (ASC) Topic 820, *Fair Value Measurements and Disclosures*, establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are described as follows:

Level 1 - Inputs are unadjusted quoted prices in active markets for identical assets or liabilities that the reporting entity has the ability to access at the measurement date. An active market for the asset or liability is a market in which transactions for the asset or liability occur with sufficient frequency and volume to provide pricing information on an ongoing basis.

Level 2 - Inputs are other than quoted prices included within Level 1 that are observable for the asset or liability, either directly or indirectly, including:

- Quoted prices for similar assets or liabilities in active markets.
- Quoted prices for identical or similar assets or liabilities in inactive markets.
- Inputs other than quoted prices that are observable for the asset or liability.
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs are unobservable for the asset or liability (including the entity's own assumptions about the assumptions that market participants would use in pricing the asset or liability) and significant to the fair value measurement.

In some cases, a valuation technique used to measure fair value may include inputs from multiple levels of the fair value hierarchy. The lowest level of significant input determines the placement of the entire fair value measurement in the hierarchy.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2022 and 2021.

Shares of Registered Investment Companies - These assets are valued at the daily closing prices, as reported by the fund. Registered investment companies held by the Plan are open-ended funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The shares of registered investment companies held by the Plan are deemed to be actively traded.

Self-Directed Brokerage Accounts - The self-directed brokerage accounts hold investments in securities that have publicly quoted pricing inputs. These accounts have shares of registered investment companies and corporate stocks as the underlying assets. Corporate stocks are valued on the basis of the closing price per unit on each business day, as reported on the active market.

Czarnowski Display Service, Inc. 401(k) Plan

Notes to Financial Statements

Common Collective Trust - These assets are valued using the NAV provided by the administrator of the fund. The NAV is based on the value of the underlying assets owned by the fund, minus its liabilities, and then divided by the number of shares outstanding. The NAV's unit price is quoted on a private market that is not active; however, the unit price is based on underlying investments that are traded on an active market.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's investment assets at fair value:

* In accordance with Subtopic 820-10, certain investments that were measured at NAV per share (or its equivalent) as a practical expedient have not been classified in the fair value hierarchy. The fair value amounts presented in these tables are intended to permit reconciliation of the fair value hierarchy to the amounts presented in the statements of net assets available for benefits. Investments in the common collective trust can be redeemed immediately at the participant level. The Plan is required to provide a 12-month notice to the fund in order to terminate its entire investment interest at the current NAV per share based on the fair value of the underlying assets. If the Plan offers a competing fund, participants are required to invest in a noncompeting fund for at least 90 days before transferring into the competing fund option. There were no unfunded commitments, liquidity, or redemption restrictions related to the common collective trust.

4. Certified Investment Information

The Plan administrator has elected the method of annual reporting compliance permitted by ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, the Plan's trustee, Fidelity Management Trust Company (Fidelity), has certified that the following data included in the accompanying financial statements and ERISA-required supplemental schedule is complete and accurate:

- Investments, at fair value and notes receivable from participants, as shown in the accompanying statements of net assets available for benefits as of December 31, 2022 and 2021.
- Net investment loss and interest income on notes receivable from participants, as shown in the accompanying statement of changes in net assets available for benefits for the year ended December 31, 2022.
- Schedule H (Form 5500), Line 4i - Schedule of Assets (Held at End of Year) as of December 31, 2022.

At the request of the Plan administrator, the Plan's independent auditors did not perform auditing procedures with respect to this information, except for comparing such certified information provided by the trustee to the related information included in the financial statements and ERISA-required supplemental schedule.

5. Tax Status

The Plan adopted a volume-submitter plan document from Fidelity Management & Research Company, which received an opinion letter from the Internal Revenue Service (IRS) on June 30, 2020, stating that the volume-submitter plan document, as then-designed, was in compliance with the applicable requirements of the IRC. Although the Plan has been amended since the date of the opinion letter, the Plan administrator believes that the Plan is designed and currently being operated in compliance with the applicable requirements of the IRC and, therefore, believes that the Plan is qualified, and that the related trust is tax-exempt.

GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

6. Related Party and Party-in-Interest Transactions

Certain Plan investments are managed by Fidelity or its affiliates. Fidelity is the trustee, as defined by the Plan; therefore, these transactions qualify as party-in-interest transactions. Notes receivable from participants qualify as party-in-interest transactions. Certain employees of the Company provide administrative services to the Plan. These employees are not paid by the Plan for their services.

7. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their Company contributions.

8. Subsequent Events

The financial statements and related disclosures include evaluation of events up through and including October 16, 2023, which is the date the financial statements were available to be issued.

Effective January 1, 2023, the Plan was amended to provide for a fixed 3% non-discretionary matching employer contribution to all eligible participants, which will vest immediately.
