INDEPENDENT AUDITOR'S REPORT

To the Plan Administrator and Participants
Abrams Airborne Manufacturing, Inc.
401(k) Profit Sharing Plan and Trust
Tucson, Arizona

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of Abrams Airborne Manufacturing, Inc., 401(k) Profit Sharing Plan and Trust, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) [ERISA Section 103(a)(3)(C) audit]. The financial statements comprise the statements of net assets available for benefits as of December 31, 2022 and 2021, and the related statement of changes in net assets available for benefits for the year ended December 31, 2022, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of Abrams Airborne Manufacturing, Inc., 401(k) Profit Sharing Plan and Trust's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2022 and 2021, and for the year ended December 31, 2022, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section—

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Abrams

Airborne Manufacturing, Inc., 401(k) Profit Sharing Plan and Trust and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Abrams Airborne Manufacturing, Inc., 401(k) Profit Sharing Plan and Trust's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Abrams Airborne Manufacturing, Inc., 401(k) Profit Sharing Plan and Trust's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Abrams Airborne Manufacturing, Inc., 401(k) Profit Sharing Plan and Trust's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedules Required by ERISA

The supplemental schedule of Schedule H, Line 4(i) – Schedule of Assets (Held at End of Year), as of December 31, 2022 is presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

NOTES TO FINANCIAL STATEMENTS
December 31, 2022 and 2021

1. Plan description

The following description of Abrams Airborne Manufacturing, Inc. ("Company") 401(k) Profit Sharing Plan and Trust ("Plan") provides only general information. Participants should refer to the plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering all eligible employees of the Company. The Plan has been amended throughout the years to comply with tax legislation and most recently amended effective January 1, 2022.

Eligibility

Elective Deferral Contributions and Employer Matching Contributions - Employees will become eligible to make Elective Deferral Contributions and receive Employer Matching Contributions on the first day of the calendar month, coincident with or next following the date of the Employee attaining age 18 and the Employee completing sixth Days of Service, provided that the Employee is an Eligible Employee at the end of that period, as defined in the Plan document. If an Employee does not meet the requirement as specified, the Employee will also be eligible for the Plan if the Employee complete 1,000 hours of service in an Eligibility Computation Period, provided that the Employee is an Eligible Employee at the end of that period, as defined in the Plan document.

Non-Elective Contributions – An Employee will become a Participant with respect to Non-Elective Contributions on the first day of the calendar month coincident with or next following the date that the Employee attains age 18 and the Employee completes one (1) Year of Eligibility Service, provided that the Employee is an Eligible Employee on that date, as defined in the Plan document.

The Plan excludes employees covered by a collective bargaining agreement and non-resident aliens who do not receive any compensation from U.S. sources. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions

The Plan includes a salary deferral arrangement allowed under Section 401(k) of the Internal Revenue Code (IRC). Eligible participants are permitted to elect to have a percentage or stated dollar amount, limited by Plan provisions, of their compensation contributed as pre-tax 401(k) or as after-tax Roth contributions to the Plan. Participants who have attained aged 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans. Participants direct the investments of their contributions, rollover contributions, and Company matching and other company contributions into various investment options offered by the Plan. The Plan currently offers a selection of various pooled separate accounts with John Hancock Life Insurance Company. The Company may make matching contributions under the Plan at its discretion. For the years ended December 31, 2022 and 2021, the Company contributed 50 percent of the first 6 percent of base compensation that eligible participants contributed to the Plan. In addition, the Company may make an additional contribution to the Plan at its discretion. The Company did not elect to make any additional contributions to the Plan for the years ended December 31, 2022 or 2021. Contributions are subject to certain statutory limitations.

1. Plan description - continued

Participants' accounts

Each participant's account is credited with the participant's contributions, Company matching contributions and allocations of (a) the Company's contributions, (b) plan earnings and losses, and (c) administrative expenses paid by the Plan. Allocations are based on participant earnings or account balances, as defined in the plan agreement. Participants are entitled to the benefits that can be provided from their vested accounts.

Vesting

Participants are immediately vested in their voluntary contributions, including rollovers, plus actual earnings thereon. Vesting in the Company contributions portion of their accounts plus earnings thereon is based on years of continuous service. A participant is 100% vested after six years of credited service, upon reaching normal retirement age, or death while still employed with the Company.

Payment of benefits

Distributions upon termination of employment, death, and disability depend upon the amount of the participant's vested balance. For vested balances in excess of \$5,000, the participant may request a full or partial distribution of the vested balance or may elect to leave the vested balance in the Plan. Participants may elect to roll over all, or any portion, to an IRA or other qualified plan. In rare circumstances, a distribution in the form of a joint and survivor annuity may be allowed. A participant with a vested balance of \$5,000 or less may elect to receive a distribution in cash or rollover the distribution to an IRA or other qualified plan. If the participant does not consent to a distribution then the vested account balance will be rolled over to an IRA selected by the Plan administrator.

A participant may request in-service distributions. Participants that are at least 59 and one-half at the time of the distribution may request a withdrawal of amounts from their salary deferrals, employer matching contributions, and employer contributions in which they are 100% vested. In addition, employees who have not attained the age of 59 and one-half may request a distribution due to a "hardship", as defined in the Plan, from their salary deferrals only.

Participants must begin taking distributions by April 1st of the year following the year that they attain the age of 72 or terminate employment, whichever is later. For 5% or more owners, distributions must begin by April 1st of the year following the year that they attain the age of 70 and one-half, even if still employed.

Forfeitures

Forfeitures may be used first to pay any Plan expenses. If any forfeitures remain after paying Plan expenses, such forfeited amounts are used to offset Employer Contributions under the Plan. For the years ended December 31, 2022 and 2021, 401(k) forfeited non-vested accounts of \$2,255 and \$390, respectively, were used to reduce employer matching contributions.

1. Plan description - continued

Notes receivable from participants

Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. The loans are secured by the balance in the participant's account and bear interest at rates ranging from 4.25% to 8.50%, which are commensurate with local prevailing rates at the time of the loan as determined by the Plan administrator. Principal and interest is paid ratably through monthly payroll deductions.

2. Summary of significant accounting policies

Basis of accounting

The financial statements of the Plan are prepared using the accrual basis of accounting in accordance with U.S. Generally Accepted Accounting Principles (U.S. GAAP).

Use of estimates

The preparation of financial statements in conformity with generally accepted accounting principles in the United States of America ("GAAP") requires the Plan administrator to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosures of contingent assets and liabilities. Accordingly, actual results may differ from those estimates.

Notes receivable from participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are charged directly to the borrowing participant's account and are included in administrative expenses when incurred. As of December 31, 2022 and 2021, no allowance for credit losses has been reported. If a participant does not make loan repayments and the Plan administrator considers the participant loan to be in default, the loan balance is reduced, and the delinquent participant note receivable is recorded as a benefit payment based on the terms of the Plan document. During 2022 the plan incorrectly allowed two participants to receive distributions in excess of available funds for distribution, the balances for these two participant loans at December 31, 2022 totaled \$15,248.

Investment valuation and income recognition

Investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 3, "Fair Value Measurements" for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments purchased and sold as well as held during the year.

December 31, 2022 and 2021

2. Summary of significant accounting policies - continued

Cash and cash equivalents

The Plan considers all short-term debt securities purchased with a maturity of three months or less to be cash equivalents. At December 31, 2022 and 2021, cash and cash equivalents consisted solely of cash on deposit with John Hancock Life Insurance Company.

Payment of benefits

Benefits are recorded as an expense when paid.

Expenses

All expenses of maintaining the Plan are paid by the Company and are therefore excluded from these financial statements.

3. Fair value measurements

The fair value measurement accounting literature establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. This hierarchy consists of three broad levels: Level 1 inputs consist of unadjusted quoted prices in active markets for identical assets and have the highest priority. Level 2 inputs consist of observable inputs other than quoted prices for identical assets (Level 1). Level 3 inputs are unobservable and have the lowest priority. The Plan uses appropriate valuation techniques based on the available inputs to measure the fair value of its investments. When available, the Plan measures fair value using Level 1 inputs because they generally provide the most reliable evidence of fair value. Level 2 inputs are used for investments for which Level 1 inputs were not available. Level 3 inputs would only be used if Level 1 or Level 2 inputs were not available. There are no plan assets requiring the use of Level 1, 2, or Level 3 inputs for the periods presented. The three levels of the fair value hierarchy are described as follows:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

ABRAMS AIRBORNE MANUFACTURING, INC.

NOTES TO FINANCIAL STATEMENTS - continued
December 31, 2022 and 2021

3. Fair value measurements - continued

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair market value measurement.

The Plan had \$5,722,752 and \$7,347,409 of investments in participation units held in pooled separate accounts through sub-accounts of an insurance company at December 31, 2022 and 2021, respectively. The net asset value is used as a practical expedient to estimate fair value. This practical expedient would not be used if it is determined to be probable that the fund will sell the investment for an amount different from the reported net asset value.

Included in the pooled separate accounts, is a stable value fund which represents participation units of a collective investment trust for which the net asset value is based on the market value of the underlying investments. The stable value fund is composed primarily of fully benefit-responsive investment contracts that are valued at the net asset value of units of the bank collective trust.

The underlying securities in other pooled separate accounts are listed on national securities exchanges and valued on the basis of yearend closing prices. The Plan has concluded that the net asset value as adjusted (for mutual fund dividends, mutual fund splits and administrative maintenance charges and other items) and reported by the insurance company approximates fair value of the investments. The investments are redeemable at the adjusted net asset value under agreements with the insurance company.

It is possible that the redemption rights may be restricted or eliminated in the future. Due to the nature of the investments, changes in market conditions, liquidity requirements, and the economic environment may significantly affect the net asset value of the pooled separate accounts and, consequently, the fair value of the Plan's investments.

The methods described previously may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the end of the reporting date.

The following table presents the fair value of the Plan's investments at December 31, 2022 and 2021, classified using the fair value hierarchy:

Fair value measurements at December 31, 2022

3. Fair value measurements - continued

(a) Certain investments that are measured at fair value using the net asset value per share practical expedient have not been classified in the fair value hierarchy. The net asset value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits.

The following table summarizes investments for which fair value is measured using the net asset value per share practical expedient as of December 31, 2022 and 2021, respectively.

<u>December 31, 2022</u>	<u>Fair Value</u>	<u>Unfunded Commitments</u>	<u>Redemption Frequency (b)</u>	<u>Redemption Notice Period</u>
Stable value fund, pooled separate accounts	\$ 371,060	N/A	Daily	Up to 12 Months (C)
Other Pooled Separate accounts	5,351,692	N/A	Daily	None
Totalled pooled separate accounts	<u>\$ 5,722,752</u>			

<u>December 31, 2021</u>	<u>Fair Value</u>	<u>Unfunded Commitments</u>	<u>Redemption Frequency (b)</u>	<u>Redemption Notice Period</u>
Stable value fund, pooled separate accounts	\$ 69,716	N/A	Daily	Up to 12 Months (C)
Other Pooled Separate accounts	7,277,693	N/A	Daily	None
Totalled pooled separate accounts	<u>\$ 7,347,409</u>			

(b) Participant transactions (purchases and sales) may occur daily subject to the short-term trading policies of the Plan Sponsor. Additional restrictions may be imposed at the request of the fund company of an underlying fund as outlined in their prospectus.

(c) Participant transactions (purchases and sales) may occur daily. However, participant withdrawals may be subject to a delay of up to 7 to 30 additional calendar days if it is determined, respectively, that such delay is necessary to maintain adequate liquidity for, or to avoid an adverse impact on, the underlying trust or investment vehicle. In addition, the fund's declaration of trust provides that withdrawals for purposes other than normal benefit payments or plan permitted investment option transfers are subject to either a market value adjustment or without a market value adjustment and effected no later than 12 months. These events may include, but are not limited to, the following: mergers, layoffs, plan termination, implementation of early retirement incentive programs, additional investment options are established that constitute a competing fund, or other events within the control of the Plan Sponsor resulting in a material and adverse financial impact on the issuer's obligations under the contract.

4. Information certified by the John Hancock Life Insurance Company

The Plan Administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, the Plan Administrator instructed the Plan's independent auditor not to perform any auditing procedures with respect to the following information certified by the custodians of the Plan (John Hancock life Insurance Company), except for comparing such information to the information included in the Plan's financial statements and supplemental schedule as of December 31, 2022 and 2021, and for the year ended December 31, 2022.

- Investments and cash and cash equivalents as shown in the Statements of Net Assets Available for Benefits as of December 31, 2022 and 2021.

4. Information certified by the John Hancock Life Insurance Company - continued

- Net appreciation in fair value and contract value of investments, interest and dividends, and administrative expense, as shown in the Statement of Changes in Net Assets Available for Benefits for the year ended December 31, 2022.
- Schedule H, Line 4i – Schedule of Assets (Held at End of Year) as of December 31, 2022.

5. Agreements and transactions with parties-in-interest and plan administration costs

The Plan investments are managed by John Hancock Life Insurance, the insurance company and, therefore, the investment transactions qualify as party-in-interest transactions. Fees incurred by the Plan for the investment management services are included in net appreciation in fair value of the investment, as they are paid through revenue sharing, rather than a direct payment.

The Plan made direct payments to RBC Capital Markets, LLC the Plan's investment advisor, of \$25,006 and \$28,966 for the years ended December 31, 2022 and 2021, respectively.

In addition, for the years ended December 31, 2022 and 2021, the Plan paid \$3,900 and \$2,850 respectively, in fees to the third party administrator.

The Plan also allows for the issuance of notes receivable to participants in accordance with the related regulations.

The above transactions qualify as party-in-interest transaction for which there are statutory exemptions.

6. Plan termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants will become 100% vested in their accounts. Distributions made will cover plan expenses first, with remaining participant balances paid out subsequently.

7. Tax status

The Internal Revenue Service has determined by a letter dated March 31, 2014 that the volume submitter Plan, adopted effective January 1, 2015 is designed in accordance with applicable sections of the Internal Revenue Code (IRC). Therefore, no provision for income taxes has been included in the Plan's financial statements.

Accounting principles generally accepted in the United States of America require the plan administrator to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) for any uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan administrator believes that the Plan has not taken any uncertain tax positions. The Plan administrator believes the Plan is no longer subject to income tax examinations for years prior to 2018.

8. Risks and uncertainties

Plan participants invest in pooled separate accounts maintained by John Hancock Life Insurance Company under a group annuity contract. The underlying investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

9. Subsequent events and date of management's review

Management's review

Management has reviewed the financial statements through October 12, 2023 which is the date the financial statements were available to be issued.
