INDEPENDENT AUDITORS' REPORT

October 16, 2023

Plan Administrator
Perstorp Retirement Plan
Toledo, Ohio

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of ***Perstorp Polyols, Inc. Retirement Plan*** (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C) audit"). The financial statements comprise the statements of net assets available for benefits as of December 31, 2022 and 2021, and the related statements of changes in net assets available for benefits for the years then ended, and the statements of accumulated plan benefits as of December 31, 2022 and 2021, and the related statements of changes in accumulated plan benefits for the years then ended, and the related notes to the financial statements (the "financial statements").

Management, having determined it is permissible in the circumstances, has elected to have the audits of the financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan ("investment information") by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA ("qualified institution").

Management has obtained certifications from a qualified institution as of December 31, 2022 and 2021, and for the years then ended, stating that the certified investment information, as described in Note 2 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the *Independent Auditors' Responsibilities for the Audit of the Financial Statements* section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America ("GAAS"). Our responsibilities under those standards are further described in the *Independent Auditors' Responsibilities for the Audit of the Financial Statements* section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current Plan instrument, including all Plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Independent Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the *Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the Financial Statements* section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an independent auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedules Required by ERISA

The supplemental schedules of assets (held at end of year) and of reportable transactions as of and for the year ended December 31, 2022, are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

PERSTORP RETIREMENT PLAN

Notes to Financial Statements

1. DESCRIPTION OF THE PLAN AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The following brief description of the **Perstorp Polyols, Inc. Retirement Plan** (the "Plan") is provided for general information purposes only. Additional information about the Plan agreement, vesting and benefit provisions, and the Pension Benefit Guaranty Corporation's ("PBGC") benefit guarantee is contained in the Summary Plan Description document. Copies of this document are available from the Plan Administrator.

Description of Plan

General

The Plan is a defined benefit, noncontributory plan which provides pension benefits to all eligible employees of **Perstorp Holdings (U.S.), Inc.** (the "Company") and former employees of **Vyncolit North America, Inc.** ("Vyncolit") and **Perstorp Coatings, Inc.** ("Coatings"). Employees are eligible to participate in the Plan upon completing 1,000 hours within the first 12 months of employment or any calendar year. The Plan does not cover employees compensated solely on a retainer or fee basis, foreign nationals covered under the retirement program of a foreign entity, or members of a collective bargaining unit. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

The Plan is administered by the Company's Plan management. Plan management has overall responsibility of the operation and administration of the Plan. They determine the appropriateness of the Plan's investment offerings and monitors investment performance.

Risks and Economic Uncertainties

The Plan invests in various investment securities with the underlying assets consisting of any combination of stocks, bonds, fixed income securities, and other investment securities. Investment securities are exposed to various risks, such as interest rate, market and credit risks. Market risks include global events which could impact the value of investment securities, such as a pandemic or international conflict. Due to the level of interest rate, market, and credit risks inherent with certain of the Plan's investment securities, it is at least reasonably possible that changes in the fair values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits and changes in net assets available for benefits.

Plan contributions are made and the actuarial present value of accumulated plan benefits are reported based on certain assumptions pertaining to interest rates, inflation rates, and employee demographics, all of which are subject to change. Due to uncertainties inherent in the estimations and assumptions process, it is at least reasonably possible that changes in these estimates and assumptions in the near term would be material to the financial statements.

PERSTORP RETIREMENT PLAN

Notes to Financial Statements

Funding Policy

The Plan's funding policy is for the Company to contribute such amounts that are greater than or equal to the amounts that are necessary to provide assets sufficient to meet the benefits to be paid to Plan participants. The Plan has met the minimum funding requirements prescribed by ERISA. The minimum funding requirement, which is determined by an independent actuary, is equal to the sum of the annual current service contribution attributable to a year's cost for continuous service and the prior service obligation. The Company's present intention is to make contributions sufficient to annually fund the Plan's current service cost and initial past service cost plus interest over a period of no more than 30 years.

Pension Benefits

Vested participants are entitled to monthly pension benefits beginning at normal retirement age equal to 1.6% of the average of the highest 3 years of compensation in the last 10 years of employment at the Company less 0.3% of the average compensation over the last 3 years of employment multiplied by the years of benefit service earned. Participants are eligible for normal retirement at age 65 and early retirement at age 55 with 3 years of vesting service. The standard form of benefit is a 50% survivor annuity for married participants and a single life annuity for unmarried participants. Other forms of annuities are also available. Benefits which have a present value of less than or equal to \$5,000 will be paid in a lump-sum. Lump-sums over \$1,000 will be made to an IRA on the participant's behalf unless the participant requests a different disposition of his or her account balance within the applicable election period.

Death Benefits

If an active employee dies at pre-retirement age with at least three years of service, a benefit is payable to the beneficiary equal to 50% of the vested portion of the employee's accrued benefit reduced by an early retirement factor. Additionally, if an active employee dies pre-retirement with at least three years of service and attains age 55, a benefit is payable to the beneficiary equal to 50% of the vested portion of the employee's accrued normal retirement benefit.

Vesting

A participant becomes fully vested upon completion of three years of vesting service or upon reaching age 65.

Administrative Expenses

The Plan's administrative expenses are paid either by the Plan or the Company, as provided by the Plan document. Certain administrative expenses, including an allocation of salaries related to Plan administration and legal, actuarial, and record keeping costs, are paid by the Company and qualify as party-in-interest transactions which are exempt from prohibited transaction rules. Expenses that are paid directly by the Company are excluded from these financial statements. Fees for trustee and investment management services are paid by the Plan.

PERSTORP RETIREMENT PLAN

Notes to Financial Statements

Summary of Significant Accounting Policies

Basis of Accounting

The accompanying financial statements are prepared in accordance with accounting principles generally accepted in the United States of America ("GAAP").

Use of Estimates

The preparation of financial statements in conformity with GAAP requires the Plan Administrator to make estimates and assumptions that affect the reported amounts of assets, liabilities and changes therein, disclosures of contingent assets and liabilities, and the actuarial present value of accumulated plan benefits at the date of the financial statements, and changes therein. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Plan management determines the Plan's valuation policies utilizing information provided by the investment advisors and trustee. See Note 3 for a discussion of fair value measurements.

Purchases and sales of investments are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net depreciation in fair value of investments includes the Plan's aggregate gains and losses on investments bought and sold as well as held during the year.

Management fees and operating expenses charged to the Plan for certain investments are deducted from income earned on a daily basis and are not separately reflected. Consequently, such management fees and operating expenses are reflected as an addition to net depreciation or as a reduction of net appreciation in the aggregate fair value of such investments.

Actuarial Present Value of Accumulated Plan Benefits

Accumulated plan benefits are those future periodic payments, including lump-sum distributions that are attributable under the Plan's provisions to the service participants have rendered. Accumulated plan benefits include benefits expected to be paid to (a) retired or terminated participants or their beneficiaries, (b) beneficiaries of participants who have died, and (c) present participants or their beneficiaries.

Benefits under the Plan are accumulated based on employees' compensation during each year of credited service. The accumulated plan benefits for active employees will equal the accumulation, with interest on the annual benefit accruals as of the benefit information date. Benefits payable under all circumstances - retirement, death, disability, and termination of employment - are included, to the extent such benefits are deemed attributable to participant service rendered to the valuation date.

PERSTORP RETIREMENT PLAN

Notes to Financial Statements

The actuarial present value of accumulated plan benefits is determined by USI Consulting Group, the Plan's independent actuary, and is the amount that results from applying actuarial assumptions to adjust the accumulated plan benefits to reflect the time value of money (through discounts for interest) and the probability of payment (by means of decrements such as for death, disability, withdrawal, or retirement) between the valuation date and the expected date of payment.

The actuarial valuations were performed as of January 1, 2023 and 2022, however, there are no material differences between the values determined as of either date and those presented as of December 31, 2022 and 2021, respectively. The significant actuarial assumptions used in the valuation as of and for the years ended December 31, 2022 and 2021, are as follows:

Investment return	4.0% as of December 31, 2022 and 2021	
Life expectancy of participants	Pri-2012 Total Dataset Amount-Weighted Mortality Projected with Scale MP-2021 as of December 31, 2022 and 2021	
Retirement age assumptions	Age Nearest Birthday	Probability of Retirement
	60	30%
	61-64	10%
	65	100%

These actuarial assumptions are based on the presumption that the Plan will continue. Were the Plan to terminate, different actuarial assumptions and other factors might be applicable in determining the actuarial present value of accumulated plan benefits.

Contributions

Employer contributions to the Plan are recorded in the period in which they become obligations of the Company, as determined by the Plan Administrator.

Payments of Benefits

Benefit payments to participants are recorded when paid.

Subsequent Events

In preparing these financial statements, Plan management has evaluated, for potential recognition or disclosure, significant events or transactions that occurred during the period subsequent to December 31, 2022, the most recent statement of net assets available for benefits presented herein, through October 16, 2023, the date these financial statements were available to be issued. No such significant events or transactions of this nature were identified.

PERSTORP RETIREMENT PLAN

Notes to Financial Statements

2. INVESTMENTS

The Plan Administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, BOA, the Plan trustee, has certified the completeness and accuracy of all investment information reflected in (1) the accompanying statements of net assets available for benefits as of December 31, 2022 and 2021, (2) the December 31, 2022, supplemental schedule of assets (held at end of year) and the schedule of reportable transactions for the year then ended, and (3) the related investment activity reflected in the statements of changes in net assets available for benefits during 2022 and 2021.

3. FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are described as follows:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability; and
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurements. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. For financial assets recorded at fair value, the description includes an indication of the level of the fair value hierarchy in which the assets are classified. There have been no changes in the methodologies used at December 31, 2022 and 2021.

PERSTORP RETIREMENT PLAN

Notes to Financial Statements

Mutual funds: Shares held in mutual funds are valued at quoted market prices that represent the net asset value ("NAV") of shares held by the Plan at year end and are classified as Level 1. The NAV is based on the value of the underlying assets owned by the fund, less its liabilities, then divided by the number of shares outstanding. Mutual funds held by the Plan are open-end mutual funds that are registered with the SEC. These funds are required to publish their daily NAV and to transact at that price and, therefore, are deemed to be actively traded.

Common and preferred stocks and exchange traded funds: Level 1 fair value measurement is based upon the closing price reported by the active market on which the individual securities are traded.

Money market funds: Level 2 fair value measurement is determined by using pricing models maximizing the use of observable inputs for similar securities.

The preceding methods may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although Plan management believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's investments at fair value at December 31:

2022	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 212,644	\$ -	\$ -	\$ 212,644
Exchange traded funds	38,704,088	-	-	38,704,088
Money market funds	-	2,408,493	-	2,408,493
Total investments, at fair value	\$ 38,916,732	\$ 2,408,493	\$ -	\$ 41,325,225

2021	Level 1	Level 2	Level 3	Total

Total investments, at fair value	\$ 53,335,531	\$ 1,676,822	\$ -	\$ 55,012,353

PERSTORP RETIREMENT PLAN

Notes to Financial Statements

The availability of observable market data is monitored to assess the appropriate classification of financial instruments within the fair value hierarchy. Changes in economic conditions or model-based valuation techniques may require the transfer of financial instruments from one fair value level to another. Plan management evaluates the significance of transfers between levels based upon the nature of the financial instrument and size of the transfer relative to total net assets available for benefits. There were no transfers of assets into or out of Level 3 during 2022 and 2021.

4. RELATED PARTY AND PARTY-IN-INTEREST TRANSACTIONS

BOA is the trustee of the Plan and, therefore, transactions with BOA and its affiliates qualify as party-in-interest transactions. Fees paid by the Plan to BOA for trustee services and other investment managers for their services amounted to \$140,422 and \$176,008 in 2022 and 2021, respectively. Certain other fees paid by the Plan for investment management services are included in net depreciation in the fair value of investments, as they are paid directly through revenue sharing, rather than a direct payment.

5. TAX STATUS

The Internal Revenue Service has determined and informed the Company by a letter dated February 28, 2018, that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code ("IRC"). Although the Plan has been amended since receiving the determination letter, the Plan Administrator and the Plan's legal counsel believe that the Plan is designed in compliance with the applicable requirements of the IRC. Additionally, the Plan Administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC and, therefore, believe that the Plan is qualified and the related trust is tax-exempt.

The Plan Administrator has analyzed the tax positions taken by the Plan, and has concluded that, as of December 31, 2022, there are no uncertain positions taken or expected to be taken that would require recognition of a liability or asset or disclosure in the financial statements. While the Plan may be subject to routine audits by taxing jurisdictions, there are currently no audits for any tax periods in progress. The Plan Administrator believes it is no longer subject to income tax examinations for years prior to 2019.

6. PLAN TERMINATION

Although it has not expressed any intention to do so, the Company has the right to terminate the Plan subject to certain provisions set forth in ERISA. In the event the Plan terminates, the net assets of the Plan would be allocated, as prescribed by ERISA and its related regulations, generally to provide the following benefits in the order indicated:

- A. Annuity benefits that former employees or their beneficiaries have been receiving for at least three years, or that employees eligible to retire for that three-year period would have been receiving if they had retired with benefits in the normal form of annuity under the Plan. The priority amount is limited to the lowest benefit that was payable (or would have been payable) during those three years. The amount is further limited to the lowest benefit that would be payable under Plan provisions in effect at any time during the five years preceding Plan termination.

PERSTORP RETIREMENT PLAN

Notes to Financial Statements

- B. Other vested benefits insured by the Pension Benefit Guaranty Corporation ("PBGC", a U.S. government agency) up to the applicable limitations (discussed subsequently).
- C. All other vested benefits (that is, vested benefits not insured by the PBGC).
- D. All nonvested benefits.

Certain benefits under the Plan are insured by the PBGC if the Plan terminates. Generally, the PBGC guarantees most vested normal age retirement benefits, early retirement benefits, and certain disability and survivor's pensions. However, the PBGC does not guarantee all types of benefits under the Plan, and the amount of benefit protection is subject to certain limitations. Vested benefits under the Plan are guaranteed at the level in effect on the date of the Plan's termination.

Whether all participants receive their benefits should the Plan terminate at some future time will depend on the sufficiency, at that time, of the Plan's net assets to provide for accumulated benefit obligations, and may also depend on the financial condition of the Plan Sponsor and the level of benefits guaranteed by the PBGC.

Appendix B

Statement of Actuarial Assumptions and Methods

Minimum Funding Annual Interest Rates 24-month segment rates averaged through the end of August 2021 and published in September 2021 (as prescribed by IRC 430) and adjusted to reflect ARPA:

- | | |
|----------------------------------|-------|
| • Segment 1 (0 – 5 years) | 4.75% |
| • Segment 2 (5 to 20 years) | 5.18% |
| • Segment 3 (more than 20 years) | 5.92% |
| • Effective Interest Rate | 5.45% |

Maximum Deductible Annual Interest Rates 24-month segment rates averaged through the end of August 2021 and published in September 2021 (as prescribed by IRC 430) as follows:

- | | |
|----------------------------------|-------|
| • Segment 1 (0 – 5 years) | 1.07% |
| • Segment 2 (5 to 20 years) | 2.68% |
| • Segment 3 (more than 20 years) | 3.36% |
| • Effective Interest Rate | 2.95% |

PBGC Annual Interest Rates 24-month segment rates averaged through the end of August 2021 and published in September 2021 using the Alternative Method (as prescribed by IRC 430) as follows:

- | | |
|----------------------------------|-------|
| • Segment 1 (0 – 5 years) | 1.07% |
| • Segment 2 (5 to 20 years) | 2.68% |
| • Segment 3 (more than 20 years) | 3.36% |
| • Effective Interest Rate | 2.95% |

Mortality Funding: Mortality as provided in Notice 2020-85 male and female, with combined rates for annuitants and nonannuitants (as prescribed by IRC 430).

Salary Scale Future salaries are projected using 4.0%
Rationale: as selected by the Plan Sponsor.

Rates of Retirement

Based on age as follows:

Age(s)	Rate
60	30%
61	10%
62	10%
63	10%
64	10%
65+	100%

Deferred Vested participants are all assumed to retire at age 63.

Rates of Turnover

Rates based on age as follows:

Age	Rate
25	.0772
30	.0722
35	.0627
40	.0515
45	.0397
50	.0256
55	.0094
60	.0009
65	.0000

Rates of Disability

None

Optional Form Selection

100% of employees are assumed to elect the life annuity form of benefit.

Assumptions Made In Valuing Spouse's Benefit

85% of employees included in the valuation are assumed to be married. This percentage is used as the probability that survivor benefits will be payable due to preretirement deaths. The wife is assumed to be three years younger than the husband.

Rate of Inflation

1.25%

Rationale: Based on the current CPI-W rate.

Provision for Expenses

The expected non-investment related expenses expected to be paid from plan assets for the upcoming year were included in the Target Normal Cost for Minimum Required Contribution purposes.

Appendix B (Continued)

Asset Method	Market Value of Assets plus interest adjusted accrued but unpaid contributions as of the valuation date.
Funding Method	<p>Pure Unit Credit</p> <p>The actuarial liabilities shown in this report are determined using software purchased from an outside vendor which was developed for this purpose. Certain information is entered into this model in order to generate the liabilities. These inputs include economic and non-economic assumptions, plan provisions, and census information. We rely on the coding within the software to value the liabilities using the actuarial methods and assumptions selected. Both the input to and the output from the model are checked for accuracy and reviewed for reasonableness.</p>
Employees Valued	Only participants as of the valuation date were valued.
Changes in Assumptions and Methods since the Last Actuarial Valuation	<p>The interest rates used for determining the funding target were 4.75%, 5.36% and 6.11%. These rates were updated to the rates required for the current plan year.</p> <p>The mortality table for the funding target was changed as required under PPA '06.</p>
Justification for Changes in Actuarial Assumptions	The only assumption changes were to prescribed actuarial assumptions or as a result of At-Risk status. Therefore, the plan did not need IRS approval to change assumptions and there is no need to disclose any "Change in Actuarial Assumptions."

Statement by Enrolled Actuary

To the best of my knowledge, the information supplied in this schedule and accompanying schedules, statements and attachments, if any, is complete and accurate. Each prescribed assumption was applied in accordance with applicable law and regulations. In my opinion, each other assumption is reasonable (taking into account the experience of the plan and reasonable expectations) and such other assumptions, in combination, offer my best estimate of anticipated experience under the plan.

Final Average Earnings	The average of the highest thirty-six consecutive months within the last one hundred twenty months of compensation.																						

Appendix A (Continued)

Social Security Covered Compensation The average of the taxable wage base for the thirty-five calendar years ending with the calendar year the Participant attains Social Security Retirement age.

Accrued Benefit The amount of the monthly benefit to be paid for life is equal to:

- 1) 1.60% of Final Average Earnings multiplied by Benefit Service, less
- 2) 0.35% of the Final Average Compensation up to Social Security Covered Compensation multiplied by Benefit Service (maximum 35 years), less
- 3) The amount of any vested benefit earned under any prior plan.

Normal Retirement Benefit Eligibility:

Age 65.

Monthly Benefit:

The Accrued Benefit.

Early Retirement Benefit Eligibility:

Age 55 and 3 years of Vesting Service.

Monthly Benefit:

The Accrued Benefit at early retirement reduced by 5% for each year that the Early Retirement Date precedes age 65. For former National Plastics Hourly Employees, the reduction is 6% per year.

Early Retirement Benefit – Manchester Union Eligibility:

10 years of Vesting Service and employee of the Manchester Union.

Monthly Benefit:

The Accrued Benefit based on the union contract in effect at early retirement reduced by 7.2% for each of the first five years that the Early Retirement Date precedes age 65 and 3.6% for the next five years.

Appendix A (Continued)

Delayed Retirement Benefit

Eligibility:

Retirement after the Normal Retirement Date.

Monthly Benefit:

The accrued benefit at retirement.

Termination Benefit

Eligibility:

Termination of employment prior to retirement after three years of service.

Monthly Benefit:

The benefit commences in full at age 65 or, in a reduced amount, as early as age 55, in accordance with the early retirement provisions.

Death Benefit

Eligibility:

100% vested and married at the time of death.

Monthly Benefit:

In the event of the death of a vested participant the spouse, if married throughout the 12-month period immediately preceding death, will be entitled to a Survivor's Benefit. If the death occurred after attaining the earliest Early Retirement Date the Survivor's Benefit is equal to the amount he/she would have received under the 50% Joint and Survivor form of payment calculated as if the participant had retired and began receiving benefits on the day before death.

If the death occurred prior to attaining the earliest Early Retirement Date the Survivor's benefit is equal to the amount he/she would have received under the 50% Joint and Survivor form of payment calculated as if the participant had survived to the earliest Early Retirement Date and began receiving benefits on that date.

Optional Forms of Benefit

Single Life Annuity – This form provides monthly payments during the participant's lifetime.

Joint & Survivor 25%, 50%, 75% and 100% Annuity – This form provides reduced monthly payments during the participant's lifetime with monthly payments to the surviving spouse after the participant's death equal to 25%, 50%, 75% and 100%, respectively, of the amount paid during the participant's lifetime. The payments are the Actuarial Equivalent value of the Life Annuity Form of Benefit.

Appendix A (Continued)

Optional Forms of Benefit (Continued)	<p>Life Annuity with 120 payments guaranteed – This form provides reduced monthly payment during the participant's lifetime with 120 payments guaranteed to the participant's beneficiary. The payments are the Actuarial Equivalent Value of the Life Annuity Form of Benefit.</p> <p>All Optional Forms are based on conversion factor from Schedule 1 of the Plan Document.</p>
Benefits Available as Lump Sum	<p>Lump sums less than \$5,000 are payable as a small benefit cash out.</p>
