Independent Auditor's Report

To the Trustees of
Yates LLC Profit Sharing Plan
Atlanta, Georgia

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of Yates LLC Profit Sharing Plan (f/k/a Yates Insurance Agency, Inc. Profit Sharing Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) [ERISA Section 103(a)(3)(C) audit]. The financial statements comprise the statement of net assets available for benefits as of December 31, 2022 and 2021, and the related statement of changes in net assets available for benefits for the year ended December 31, 2022, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of Yates LLC Profit Sharing Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2022 and 2021, and for the year ended December 31, 2022, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section—

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Yates LLC Profit Sharing Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Yates LLC Profit Sharing Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such

procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Yates LLC Profit Sharing Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Yates LLC Profit Sharing Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedules Required by ERISA

The supplemental schedules of Schedule H, line 4i – Schedule of Assets (Held at End of Year) and Schedule H, line 4a – Schedule of Delinquent Participant Contributions are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplemental schedules, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

YATES LLC PROFIT SHARING PLAN
NOTES TO FINANCIAL STATEMENTS

1. Description of Plan

The following description of Yates LLC Profit Sharing Plan (the “Plan”) provides only general information. Participants should refer to the plan document for a more complete description of the Plan's provisions.

Effective January 1, 2022, the Plan was amended to have its name changed from Yates Insurance Agency, Inc. Profit Sharing Plan to Yates LLC Profit Sharing Plan.

- A. *General.* The Plan is a defined contribution 401(k) profit sharing plan covering employees of Yates LLC (f/k/a Yates Insurance Agency, Inc.) (the “Company”). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”).
- B. *Contributions.* Participants may contribute up to the maximum percentage allowable of pretax annual compensation, not to exceed the limits of Code Sections 401 and 402(g) as defined by the Plan. Employees are automatically enrolled at 3% of compensation for each payroll period at the next entry date after their date of hire, unless the participant elects to withdraw. Participants may also contribute amounts representing distributions from other qualified plans. The Plan can also receive discretionary matching and discretionary profit sharing contributions from the Company. The Company made a matching contribution of 25% for the year ended December 31, 2022.
- C. *Participant Accounts.* Each participant's account is credited with the participant's deferral contribution and allocations of (a) the Company's contribution, (b) plan earnings, and (c) plan expenses. Allocations are based on participant compensation, for participants with salary deferrals, or account balances, as defined by the Plan. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.
- D. *Vesting.* Participants are immediately vested in their salary deferral contributions, plus actual earnings thereon. Vesting in the Company's discretionary profit sharing and matching contributions, plus actual earnings thereon, is based on years of service using a six year graded vesting schedule. Participants become fully vested upon death or total and permanent disability.
- E. *Notes Receivable from Participants.* Participants may borrow from their accounts a minimum of \$1,000 up to a maximum of \$50,000 or fifty percent (50%) of their vested account balance, whichever is less. The notes are secured by the balance in the participant's account and bear interest at a rate charged for similar types of loans by other lenders. Principal and interest is paid ratably through payroll deductions.
- F. *Payment of Benefits.* On termination of services due to death, disability, or retirement, a participant becomes 100% vested in their account balance. For termination of service due to other reasons, a participant will receive the vested value in his or her account.

In the event of a hardship as defined by the Plan, participants may withdraw an amount not to exceed the total of all salary reductions, as provided for by the Plan.

- G. *Forfeited Accounts.* Forfeitures may be used to pay plan administrative expenses and to reduce employer contributions. As of December 31, 2022 and 2021, forfeited non-vested accounts that were available to pay future plan expenses or to reduce future employer contributions, totaled

Yates LLC Profit Sharing Plan
Notes to Financial Statements

\$2,562 and \$1,427, respectively. During the year ended December 31, 2022, no forfeited non-vested accounts were used to pay plan administrative expenses or reduce employer contributions.

2. Summary of Accounting Policies

- A. *Basis of Accounting.* The financial statements of the Plan are prepared using the accrual method of accounting.
- B. *Payment of Benefits.* Benefits are recorded when paid.
- C. *Investment Valuation and Recognition of Income.* Investments in pooled separate accounts represent a unit of account whose per unit value is the result of the accumulated values of the underlying investments. The underlying investments are public investment vehicles valued using the net asset value (“NAV”) per share, as determined by the value of the underlying assets owned by the fund, minus its liabilities, and then divided by the number of shares outstanding. The NAV is used as a practical expedient to estimate fair value. Investments in fully-benefit responsive insurance contracts are measured at contract value, which equals the value of deposits made to the contract plus earnings at guaranteed crediting rate, less withdrawals and fees.

Purchases of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. The net depreciation in the fair value of investments includes both realized and unrealized gains and losses on investments.

- D. *Notes Receivable from Participants.* Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2022 and 2021.
- E. *Use of Estimates.* The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.
- F. *Expenses.* Certain expenses of maintaining the Plan are paid directly by the Company and are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant’s account and are included in administrative expenses. Certain investment related expenses are included in net appreciation in fair value of investments.

3. Information Certified by the Plan’s Custodian

The plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor’s Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Empower Annuity Insurance Company of America, Inc. (“EAIC”), in its capacity as attorney-in-fact of Talcott Resolution Life Insurance Company (“TRLIC”), the custodian of the Plan, has certified to the completeness and accuracy of all investments and the notes receivable from participants reflected on the accompanying statements of net assets available for benefits as of December 31, 2022 and 2021, the related investment activity and interest on notes receivable from participants reflected in the statement of changes in net assets available for benefits for the year ended

Yates LLC Profit Sharing Plan
Notes to Financial Statements

December 31, 2022, and the investments and notes receivable on the schedule of assets (held at year end) as of December 31, 2022.

4. Fair Value Measurements

FASB ASC 820, *Fair Value Measurements*, provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Basis of Fair Value Measurement:

- | | |
|---------|--|
| Level 1 | Unadjusted quoted prices in active markets that are accessible at the measurement date for identical, unrestricted assets or liabilities; |
| Level 2 | Quoted prices in markets that are not considered to be active or financial instruments for which all significant inputs are observable, either directly or indirectly; |
| Level 3 | Prices or valuations that require inputs that are both significant to the fair value measurement and unobservable. |

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodology used for assets measured at fair value. There have been no changes in the methodology used as of December 31, 2022 and 2021.

Pooled Separate Accounts – Pooled Separate Accounts are divided into investment divisions called “Sub-Accounts”. Each Sub-Account invests in shares of an underlying mutual fund. Sub-Account values are measured in terms of “Accumulation Units”. The Accumulation Units of a Sub-Account are assigned a unit value on a daily basis, at the end of each day the New York Stock Exchange (“NYSE”) is open for trading, as of the close of the NYSE on that day (called a “Valuation Day”). To determine the current Accumulation Unit Value for a Sub-Account the prior Valuation Day’s Accumulation Unit Value is multiplied by the Net Investment Factor. The “Net Investment Factor” is used to measure the investment performance of a Sub-Account from one Valuation Day to the next. The Net Investment Factor for each Sub-Account equals the net asset value (NAV) per share of the underlying Fund held in the Sub-Account at the end of the current Valuation Day, divided by the net asset value (NAV) per share of the underlying Fund held in the Sub-Account at the end of the prior Valuation Day, minus any daily mortality and expense risk and administration charges, if applicable. The shares of the underlying Fund are valued at net asset value (NAV) on a daily basis.

The preceding method described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation method is appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Yates LLC Profit Sharing Plan
Notes to Financial Statements

In accordance with ASC 820-10, the pooled separate accounts which are measured at fair value using the NAV per share (or its equivalent) practical expedient have not been classified in the fair value hierarchy.

The following table summarizes investments measured at fair value based on NAV per share:

Talcott Resolution Life Insurance		Unfunded Commitment	Redemption Frequency	Redemption Notice
Company Pooled Separate Accounts	Fair Value			
December 31, 2022	\$ 18,484,332	N/A	Daily	None
December 31, 2021	\$ 24,404,532	N/A	Daily	None

5. Guaranteed Investment Contract with Insurance Company

In 2011, the Plan entered into a benefit-responsive guaranteed investment contract, the Fixed Income Account, with TRLIC. The contributions are maintained in its general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The guaranteed investment contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan.

This contract meets the fully benefit-responsive investment contract criteria and therefore is reported at contract value. Contract value is the relevant measure for fully-benefit responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value, as reported to the Plan by TRLIC, represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value. However, under certain conditions, transfers from the Fixed Income Account may be limited or deferred, and distributions may be subject to a market value adjustment. TRLIC's general account is subject to its creditors. There are no reserves against contract value for credit risk of the contract issuer or otherwise. The crediting interest rate is based on a formula agreed upon with the issuer, but it may not be less than 3.00%. Such interest rates are reviewed on a quarterly basis for resetting.

6. Related-Party Transactions and Party in Interest Transactions

The Plan invests in shares of funds managed by an affiliate of Empower, the custodian of the Plan. Therefore, transactions in such investments qualify as party in interest transactions.

Fees charged to the Plan directly for custodial, recordkeeping and investment advisory services totaled \$142,544 for the year ended December 31, 2022. Certain other administrative expenses of the Plan are absorbed by the Plan Sponsor; therefore, these administrative expenses are not reflected in these statements.

7. Plan Termination

Although it has not expressed intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, all participants' accounts will become fully vested.

Yates LLC Profit Sharing Plan
Notes to Financial Statements

8. Tax Status

The Plan adopted a prototype plan document, effective June 1, 2010. The IRS confirmed in an opinion letter dated September 30, 2014, that the prototype plan is designed in accordance with applicable sections of the Internal Revenue Code (IRC). Although the Plan has been amended since receiving an opinion letter, the plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC and therefore believes that the Plan is qualified and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

9. Risk and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risks associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

10. Delinquent Participant Contributions

In 2022, the plan sponsor failed to timely deposit amounts contributed by employees and participant loan repayments totaling \$160,563. The plan sponsor is in the process of calculating the lost earnings due to participants.

In 2021, the plan sponsor failed to timely deposit amounts contributed by employees and participant loan repayments totaling \$174,443. The plan sponsor is in the process of calculating the lost earnings due to participants.

In 2020, the plan sponsor failed to timely deposit amounts contributed by employees and participant loan repayments totaling \$36,087. The plan sponsor is in the process of calculating the lost earnings due to participants.
