INDEPENDENT AUDITORS' REPORT

To the Plan Administrator
Griffin Faculty Practice, Inc. 401(k) Retirement Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2022 Financial Statements

We have performed an audit of the 2022 financial statements of the Griffin Faculty Practice, Inc. 401(k) Retirement Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statement of net assets available for benefits as of December 31, 2022, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements (2022 Financial Statements).

Management, having determined it is permissible in the circumstances, has elected to have the audit of the Plan's 2022 financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of December 31, 2022 and for the year then ended stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion on the 2022 Financial Statements

In our opinion, based on our audit and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the 2022 Financial Statements section

- the amounts and disclosures in the accompanying 2022 financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

- the information in the accompanying 2022 financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the 2022 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the 2022 Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion on the 2022 financial statements.

Responsibilities of Management for the 2022 Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a period of one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the 2022 Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2022 Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the 2022 financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter - Compilation Report on the 2021 Financial Statements

We performed a compilation engagement with respect to the 2021 financial statements and our report thereon, dated October 16, 2023, stated we did not audit or review those financial statements and, accordingly, express no opinion or other form of assurance on them.

Other Matter - 2022 Supplemental Schedule Required by ERISA

The supplemental Schedule H, Line 4i – Schedule of Assets (Held at End of Year) as of December 31, 2022 is presented for the purpose of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor’s Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor’s Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor’s Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

DECEMBER 31, 2022 AND 2021 (UNAUDITED)

NOTE 1 - DESCRIPTION OF THE PLAN

The following description of the Griffin Faculty Practice 401(k) Retirement Plan (the Plan), which was formed on July 1, 2001, provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

GENERAL

The Plan is a defined contribution plan covering all eligible employees of Griffin Faculty Physicians, Inc. (GFP or Employer) under Section 401(k) of the Internal Revenue Code (IRC). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

GFP's management is responsible for oversight of the Plan. GFP's management determines the appropriateness of the Plan's investment offerings, and monitors investment performance.

ELIGIBILITY

Employees are eligible to become participants in the Plan upon their date of hire.

CONTRIBUTIONS

Each year, participants may elect to contribute a specific percentage of their compensation in pre-tax deferrals. Elective deferrals may not exceed the established IRC limitations. The elective deferral limit was \$20,500 and \$19,500 in 2022 and 2021, respectively. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions; the maximum catch-up deferral for 2022 and 2021 was \$6,500. Participants may also contribute amounts representing distributions from other qualified plans (rollovers).

Participants direct the investment of their and Employer contributions into various investment options offered by the Plan.

The Plan provides a discretionary match for those employees who choose to contribute to the Plan. In 2022 the discretionary Employer match is 3% of the eligible compensation.

NOTE 1 - DESCRIPTION OF THE PLAN (CONTINUED)

PARTICIPANT ACCOUNTS

Each participant's account is credited with the participant's and Employer contributions and allocations of the Plan's earnings and charged with an allocation of administrative expenses and withdrawals. Allocations are based on participant account balances, as defined. The benefit to which a participant is entitled is the vested benefit that can be provided from the participant's account.

VESTING

Participants are immediately vested in their contributions plus actual earnings thereon. Vesting in GFP's contribution portion of their account and earnings thereon is based on credited years of service, as defined in the Plan, according to the following schedule.

<u>Years of Service</u>	<u>Vested Percentage</u>
Less than 1	0%
1 but less than 2	20%
2 but less than 3	40%
3 but less than 4	60%
4 but less than 5	80%
5 or more	100%

Forfeitures result from non-vested Employer matching contributions remaining in the Plan for terminated employees. Forfeitures are available to first restore participant accounts, offset Plan expenses and then reduce Employer contributions. The forfeitures balance was \$678 and \$668 at December 31, 2022 and 2021, respectively. No forfeitures were used during the year ended December 31, 2022.

NOTES RECEIVABLE FROM PARTICIPANTS

The Plan allows participants to borrow a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their employee contribution and rollover contribution account balances. The loans are collateralized by the balances in the participant's account and bear interest based on the Prime Rate plus 1% (interest rates ranged from 3.25% to 6.50% at December 31, 2022 and 2021). Principal and interest are paid ratably through payroll deductions and loans must be paid back within five years.

NOTE 1 - DESCRIPTION OF THE PLAN (CONTINUED)

PAYMENT OF BENEFITS

Upon termination of service due to death, disability or retirement, a participant may elect to receive either a lump-sum amount equal to the value of the participant's vested interest in his or her account, or annual installments. For termination of service for other reasons, a participant will receive the value of the vested interest in his or her account as a lump-sum distribution.

A participant may request an in-service distribution upon reaching age 59 ½. Additionally, a participant may request an in-service distribution on account of a financial hardship, which includes certain medical expenses, purchase of a principal residence, payment of tuition and prevention of eviction from principal residence. Minimum distributions to Plan participants will commence by the April 1st of the calendar year following the later of the calendar year in which the Participant reaches age 72 or the calendar year in which the employee retires.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

BASIS OF ACCOUNTING

The financial statements of the Plan are prepared under the accrual basis of accounting.

ADMINISTRATIVE EXPENSES

Certain administrative expenses of the Plan are paid directly by GFP and are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net depreciation in fair value of mutual fund investments.

USE OF ESTIMATES

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the amounts reported in the financial statements and accompanying notes. Actual results could differ from those estimates.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

NOTES RECEIVABLE FROM PARTICIPANTS

Notes receivable from participants are stated at their outstanding balances, plus accrued and unpaid interest. Interest income is recorded on the accrual basis. No allowance for credit losses has been recorded as of December 31, 2022 and 2021. If a participant ceases to make loan repayments and the plan administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

RISKS AND UNCERTAINTIES

The Plan invests in various investments securities. Investment securities are exposed to various risks such as interest rate, financial market and credit risks. Market risks included global events which could impact the value of investment securities, such as a pandemic or international conflict. Due to the level of risk associated with investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

CARES ACT

On March 27, 2020, Congress passed the Coronavirus Aid, Relief, and Economic Security Act (CARES Act) which included several relief provisions to tax qualified plans and their participants that were put into operation by the Plan at that time. Formal adoption of such provisions of the CARES Act is required to occur on or before December 31, 2025.

PAYMENT OF BENEFITS

Benefits are recorded when paid.

CONTRIBUTIONS

Contributions from employees are recorded in the period in which GFP makes the payroll deductions from the participants' earnings. Contributions from the Employer are recorded in the same payroll period that the employee contributions are recorded.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

INVESTMENT VALUATION AND INCOME RECOGNITION

Investments are valued at fair value, except for the guaranteed investment option, which is reported at contract value. Fair value is the price that would be received to sell an asset in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements. Dividends are recorded on the ex-dividend date. Interest income is recorded on the accrual basis. Purchases and sales of securities are recorded on a trade-date basis. Net depreciation in fair value of mutual fund investments includes the Plan's gains and losses on investments bought and sold as well as held during the year.

The Plan invests in a group annuity contract with Voya Retirement Insurance and Annuity Company (Voya) (the Guaranteed Investment Option). The Guaranteed Investment Option, which is supported by Voya's general account, is a stable value product that guarantees principal and interest. The Guaranteed Investment Option has a portfolio interest rate design in which all deposits are credited with the same interest rate, credited on a daily basis, and there is no set maturity. The effective credited interest rate is set in accordance with the group annuity contract's provisions. The Guaranteed Investment Option is included in the financial statements at contract value, as reported to the Plan, because it meets the criteria of a fully benefit-responsive contract.

Contract value represents contributions made under contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value. Unrealized gains (losses) from the Guaranteed Investment Option are not included in the statement of changes in net assets available for benefits as the contract is recorded at contract value for purposes of the net assets available for benefits. Reference is made to Note 5.

NOTE 3 - INFORMATION CERTIFIED BY THE CUSTODIAN

Certain information related to investments disclosed in the accompanying financial statements and ERISA-required supplemental schedule, including investments and notes receivable from participants held at December 31, 2022, and net depreciation in fair value of mutual fund investments and interest and dividend income and interest income on notes receivable from participants for the year then ended, was obtained by management and agreed to, or derived, from information certified as complete and accurate by Voya Retirement Insurance and Annuity Company, the custodian of the Plan. This information has not been audited by the Plan's independent auditors.

NOTES TO FINANCIAL STATEMENTS

NOTE 4 - FAIR VALUE MEASUREMENTS

The Plan establishes a framework for measuring fair value. That framework provides a three-level fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy are described as follows:

Level 1: Quoted prices in active markets for identical assets or liabilities.

Level 2: Observable inputs other than quoted prices included in Level 1, such as quoted prices for markets that are not active or other inputs that are observable or can be corroborated by observable market data.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Unobservable inputs that are supported by little or no market activity and that are significant to the fair value of the assets or liabilities. This includes certain pricing models, discounted cash flow methodologies and similar techniques that use significant unobservable inputs.

The asset's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. In determining fair value, the Plan utilizes valuation techniques that maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2022 and 2021.

Mutual Funds: Mutual funds are valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

NOTE 4 - FAIR VALUE MEASUREMENTS (CONTINUED)

The following table sets forth by level, within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2022 and 2021:

	December 31, 2022			Total
	Level 1	Level 2	Level 3	
Mutual funds	<u>\$ 13,043,249</u>	<u>\$ --</u>	<u>\$ --</u>	<u>\$ 13,043,249</u>
	December 31, 2021			Total
	Level 1	Level 2	Level 3	
Mutual funds	<u>\$ 13,260,563</u>	<u>\$ --</u>	<u>\$ --</u>	<u>\$ 13,260,563</u>

For the year ended December 31, 2022, there were no transfers in or out of Levels 1, 2, or 3.

NOTE 5 - GUARANTEED INVESTMENT OPTION

As disclosed in Note 2, the Plan has a fully benefit-responsive group annuity contract with Voya. Voya is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan.

There are no reserves against contract value for credit risk of Voya or otherwise. The contract contains minimum guaranteed interest rates. At the beginning of each calendar year, Voya determines the declared interest rate (portfolio rate) which will be applicable to all monies invested in the Guaranteed Investment Option during such calendar year. Assets under the group annuity contract will be credited with the greater of the declared interest rate or the applicable minimum guaranteed interest rate.

Participants cannot transfer their Guaranteed Investment Option balances to competing fixed income funds. Balances transferred from the Guaranteed Investment Option to non-competing funds cannot then be transferred to a competing fixed income funds for 90 days. Balances transferred to non-competing funds may be transferred back to the Guaranteed Investment Option at any time. Participants can withdraw their Guaranteed Investment Option balances at contract value without restriction or charge on account of any of the following events (if also permitted by the Plan): death, disability, retirement, termination of employment, hardship, loans, attainment of age 59 ½, or the purchase of an annuity from Voya.

**GRIFFIN FACULTY PRACTICE

NOTES TO FINANCIAL STATEMENTS

NOTE 5 - GUARANTEED INVESTMENT OPTION (CONTINUED)

If a participant makes a withdrawal for any other reason, the participant's account will be charged a fee equal to 5% of the withdrawal amount unless the participant elects a fixed annuity benefit. A 5% charge will also be imposed if aggregate withdrawals of the total Plan exceed certain thresholds outlined in the contract.

There are no events or circumstances under which Voya would terminate its guarantee to the Guaranteed Investment Option, nor does GFP believe that there are any events which are probable of occurring that would limit the Guaranteed Investment Option's ability to transact at contract value with participants.

NOTE 6 - PLAN TERMINATION

Although it has not expressed any intent to do so, GFP has the right to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. As disclosed above, participants are fully vested at all times with respect to their contributions and earnings thereon and would be fully vested with respect to Employer contributions and earnings thereon in the event that the Plan is terminated.

NOTE 7 - PARTY-IN-INTEREST TRANSACTIONS

Parties-in-interest are defined under Department of Labor regulations as any fiduciary of the Plan, any party rendering service to the Plan, the Employer and certain others. These transactions qualify as party-in-interest transactions. The Plan allows participants to take loans against their account balances, which also qualify as exempt party-in-interest transactions.

NOTE 8 - INCOME TAX STATUS

The underlying non-standardized pre-approved profit sharing plan has received an opinion letter from the Internal Revenue Service dated June 30, 2020 stating that the plan has been designed to qualify under Section 401 of the IRC. The terms of the Plan have been prepared to conform with the sample language provided by the Internal Revenue Service. The Plan is required to operate in conformity with the IRC to maintain the tax-exempt status for plan participants under Section 401. The plan administrator believes that the Plan has been designed to comply with and is operating in accordance with the applicable requirements of the IRC, and, therefore believes the Plan is qualified and the related trust is tax-exempt.

NOTE 8 - INCOME TAX STATUS (CONTINUED)

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more-likely-than not would not be sustained upon examination by the applicable taxing authorities. For 2022 and 2021, no uncertain tax positions were taken by the Plan. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods pending or in progress.

NOTE 9 - SUBSEQUENT EVENTS

Management has evaluated subsequent events through October 16, 2023, the date which the financial statements were available to be issued. Except as noted below, there were no other events identified that required recognition or disclosure in these financial statements.

The SECURE 2.0 Act of 2022 was signed into law on December 29, 2022. This legislation includes a vast array of provisional changes to retirement plans, becoming effective in 2023 and beyond. Plan management is evaluating the impact of the adoption and implementation of this legislation on the Plan.
