Report of Independent Certified Public Accountants

To the Plan Administrator of
GFR Retirement Savings Plan:

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of **GFR Retirement Savings Plan** (f/k/a GFR Services, Inc. Retirement Savings Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 30, 2022 and 2021, and the related statement of changes in net assets available for benefits for the year ended December 30, 2022, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 30, 2022 and 2021, and for the year ended December 30, 2022, stating that the certified investment information, as described in Note (2) to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- the amounts and disclosures in the financial statements above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Kevane Grant Thornton LLP is a member firm of Grant Thornton International Ltd (GTIL). GTIL and each member firm are a separate legal entity. Services are delivered independently by the member firms. GTIL does not provide services to clients. GTIL and its member firms are not agents of, and do not obligate, one another and are not liable for one another's acts or omissions.

Basis for Opinion
We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of **GFR Retirement Savings Plan** and to meet other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management
Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about **GFR Retirement Savings Plan**'s ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements
Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of **GFR Retirement Savings Plan**'s internal control. Accordingly, no such opinion is expressed.

- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about **GFR Retirement Savings Plan**'s ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certifications, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audits.

Other Matter - Supplemental Schedules Required by ERISA
The supplemental schedules, Schedule H, Line 4(i) – Schedule of Assets (Held at End of Year) as of December 30, 2022 and Schedule H, Line 4(a) – Schedule of Delinquent Participant Contributions for the year ended December 30, 2022, are presented for purposes of additional analysis and are not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

Kevane Grant Thornton

- the information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

(1) Plan description and summary of significant accounting policies:

(a) Plan description -

The following description of the GFR Retirement Savings Plan (f/k/a GFR Services, Inc. Retirement Savings Plan) ("the Plan") provides only general information. Participants should refer to the Summary Plan Description or the Plan Document for a more complete description of the Plan's provisions and amendments.

i. General –
The Plan is a defined contribution plan that covers the administrative employees of the following affiliates: GFR Media, LLC (formerly known as El Día, Inc., and as successor sponsor for the employees of El Día, Inc. and Editorial Primera Hora, Inc.), Kingbird Property Management, LLC (previously known as CV, LLC) and GFR Services, LLC [(previously known as GFR Services, Inc. (on February 26, 2021, GFR Services, Inc. changed its name to GFR Services, LLC)] (together "the Employers"). Administrative employees with at least 90 days of service and 18 years of age are eligible to participate in the Plan.

The Plan qualifies under Section 1081 of the Internal Revenue Code for a New Puerto Rico ("IRC-NPR") and is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Effective January 1, 2020, the Plan was amended to designate eMotions Production, LLC, an affiliate of the Employers, as an Employing Company under the Plan and amend the Plan to add the specific provisions applicable to eMotions Production, LLC and its employees.

The Puerto Rico Treasury Department ("PRTD") issued Circular Letter of Internal Revenue No. 20-23 with the purpose of amending Circular Letter of Internal Revenue 20-09 to include under the definition of Eligible Expenses for the purpose of Special Disaster Distribution certain expenses incurred as a result of the state of emergency declared by the Governor of Puerto Rico because of the COVID-19 pandemic. Effective January 1, 2020, the Plan allows withdrawals up to $100,000 for special disaster distributions.

Effective January 1, 2021, the Plan was amended to designate Digo Hispanics Media, LLC, an affiliate of the Employers, as an Employing Company under the Plan and amend the Plan to add the specific provisions applicable to Digo Hispanics Media, LLC and its employees.

As of December 30, 2022, and 2021, there were 621 and 601 participants, respectively, with account balances in the Plan.

ii. Contributions –
Each year, participants may contribute up to $15,000 of pre-tax annual compensation, as established by Act No. 1 of January 31, 2011 of the Internal Revenue Code for a New Puerto Rico ("IRC-NPR"). Participants who have attained age fifty (50) before the end of the plan year are eligible to make additional catch-up contributions of $1,500 per year.

Total annual contributions made by the Employers and participants are limited to the lesser of $61,000 or the total compensation paid by the Employers to participants during the plan year.

Compensation for matching purposes means the total compensation, excluding bonuses, allowances, overtime pay, mid or long-term incentives, and payments for non-exhausted vacation or sick leave. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plan (rollover contributions). Participants may also make after-tax contributions to the Plan up to 10% of their total compensation. Compensation for after-tax contribution purposes excludes additional mid or long-term incentives and allowances.

The Employers contribute an amount equal to 50% of the participant's pre-tax contribution for each payroll period. In addition, the Employers may contribute an additional amount ranging from 2.5% to 5.5% as individually determined by each Employer, of the participant's salary, which is determined based on a formula that considers both the participant's age and years of service. Effective January 2014, the Employers suspended these additional contributions indefinitely until their respective board of directors take action to restore these contributions.

Effective July 1, 2021, the Employers made contributions in an amount equal to 25% of the participant's pre-tax contribution up to a maximum of $3,750 per year. Effective October 1, 2022, the Plan Sponsor commenced to contribute an amount equal to 50% of the participant's pre-tax contribution up to a maximum of $7,500 per year.

Additional discretionary amounts may be contributed to active Plan participants who have been employed by the Employers as of December 30th of the Plan's year at the option of each Employers' board of directors. For employees of former El Día, Inc. to be eligible for the additional discretionary amounts, the employee should accumulate at least nine (9) months of service as of December 30th of the Plan's year for which the additional discretionary amount, if any, is made. No additional discretionary contributions were made to the Plan by any of the Employers during the year ended December 30, 2022.

iii. Investment options –
Upon enrollment in the Plan, a participant may direct contributions into various investment options. The Plan currently offers various mutual funds and fixed annuities as investment options for participants. Contributions to a participant account who has not chosen an investment option are invested in a default portfolio of funds, which may be changed by participants at any time thereafter. The Plan also allows participants to change their investments options.

iv. Participant accounts –
Individual accounts are maintained for each participant. Each participant's account is credited with the participant's contribution and allocations of (a) the Employers' contribution, (b) Plan earnings, and (c) at the discretion of the benefit committee as designated by each employer, forfeitures of terminated participants' non-vested accounts. Accounts are charged with withdrawals and an allocation of the Plan investment earnings, as well as, with an allocation of administrative expenses. Allocations are based on the proportion that each participant's account balance bears to the total of all participant account balances. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

v. Vesting –
Participants are immediately vested in their voluntary contributions plus actual earnings thereon. Vesting in the Employers' matching and discretionary contributions portion of their accounts is based on years of service. A participant is 100% vested after 5 years of credited service. The vesting schedule based on years of service is as follows:

Years of Service	Vested Percentage
Less than 1 year	0%
1 year	20%
2 years	40%
3 years	60%
4 years	80%
5 years or more	100%

vi. Payment of benefits –
Immediate distributions may be made at participants' election upon termination of employment or retirement in a lump sum payment or in monthly installments over a period certain to be determined by the participant without limitation, if the account's balance exceeds $5,000, as elected by the participants. Participants who have chosen to receive monthly installments may request a change in the installment amount once a year. The normal retirement age is the date a participant attains the sixty-fifth (65) birthday. For 100% vested balances, no pre-retirement distributions are permitted. A participant may withdraw amounts at any time from the salary after-tax contributions account, subject to uniform and nondiscriminatory standards established by the Plan administrator. Participants with account balances over $5,000 may elect to leave their funds at the Plan until the participant reaches the age of 70 ½ years or for an additional period if requested in writing after 60 days before end of the fiscal year in which the participant reaches such age.

Participants upon termination or resignation, or retirees, upon retirement, may elect to transfer their savings to/from other plans qualified by the Puerto Rico Treasury Department.

Under the provisions of the Plan, participants are permitted to make hardship withdrawals for an amount, not to exceed 50% of the balance of the participant's pre-tax, catch-up and rollover contributions, reduced by any loan outstanding as of the financial hardship distribution date. Hardship withdrawal is only permitted if: (a) financial hardship is demonstrated, (b) the withdrawal is approved by the Plan administrator and (c) the withdrawal is allowable under the Code. Hardship withdrawals for the purchase or construction of a participant's principal residence are limited to once in a lifetime.

Any participant who makes a hardship withdrawal cannot contribute to their participant tax-deferred contribution account for a period of one year thereafter.

vii. Notes receivable from participants –
Under the terms of the Plan, participants may borrow from their accounts a maximum of 25% of deferred contributions up to $25,000 adjusted for the previous higher loan amount during the last twelve months before the date of the new loan. The loans are collateralized by the balance in the participants' accounts and bear interest at a rate commensurate with local market rates for similar loans. The interest rate will be fixed and will not change for the duration of the loan. Interest rates are within a range from

3.25% to 5.50% at December 30, 2022. Principal and interest is paid through payroll deductions. A $25 loan origination fee is charged to the participant's account.

viii. Forfeitures –
The portion of a participants' account not vested at the date of his/her termination of employment is forfeited immediately. Forfeitures of non-vested account balances in any given year are used to reduce future employer contributions. At the Employers' discretion, forfeitures may also be redistributed to active participants in the Plan as of December 30th of the year in which forfeitures were made. As of December 30, 2022 and 2021, forfeitures of non-vested accounts amounted to $26,076 and $49,919, respectively. During the year ended December 30, 2022, forfeitures used to reduce employer matching contributions amounted to $46,589.

ix. Administrative expenses –
Administrative expenses are assumed by the Plan and by the Employers. Custody, recordkeeping and investment advisory fees are paid by the Plan. Other costs for administering the Plan such as audit, legal advice, use of other specialists, among other charges are paid by the Employers.

(b) Summary of significant accounting policies -

i. Basis of accounting –
The accompanying financial statements are prepared on the accrual basis of accounting, in accordance with accounting principles generally accepted in the United States of America ("US GAAP").

ii. Basis of presentation –
The Plan's fiscal year ends of December 30th of each year. All references to years in these notes to financial statements represent years ended on December 30th unless otherwise noted. The Plan has evaluated subsequent events through October 16, 2023, the date the financial statements were available to be issued.

iii. Use of estimates –
The preparation of financial statements in conformity with US GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

iv. Investments valuation and income recognition –
The Plan's investments are reported at fair value (except for the fully benefit-responsive investment contract, which is reported at contract value). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note (3) for discussion of fair value measurements.

For investments in mutual funds that are registered with the Securities and Exchange Commission, fair value is determined using net asset values (NAV). The NAV per share of the registered investment companies is published daily and is calculated by each fund based on the market value of the underlying securities within each fund.

The fully benefit-responsive guaranteed investment contract is reported and presented in the face of the statements of net assets available for benefits at contract value.

Net depreciation in the fair value of investments includes the plan's gains and losses on investments bought and sold, as well as, held during the year. Realized gains or losses on the disposal of investments are determined by specific identification and recognized on the trade date basis. Purchases and sales are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date.

v. Notes receivable from participants –
Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 30, 2022 and 2021. Delinquent participant loans are reclassified as distributions based upon the terms of the plan document.

vi. Risks and uncertainties –
The Plan invests in various investments securities. Investments securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

vii. Benefits –
Benefit payments to participants are recorded when paid.

viii. Administrative expenses –
The Plan's expenses are either paid by the Plan or the Employers, as provided by the plan document. Expenses that are paid directly by the Employers are excluded from these financial statements.

Certain administrative expenses were paid by the Plan for the year ended December 30, 2022. Administrative expenses that are allocable to a participant account are paid from that account. Investment related expenses are included in administrative expenses in the accompanying statement of changes in net assets available for benefits.

(2) Information certified by qualified institution:

The Plan Administrator having determined that it is permissible in the circumstances elected to have the audits of the Plan performed in accordance with ERISA section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, the investments and notes receivable from participants' information included in the accompanying financial statements and ERISA-required supplemental schedule of assets (held at end of year) were obtained or derived from information obtained by the Plan Administrator and certified as complete and accurate by Great-West Trust Company, LLC, qualified institution, and in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

Great-West Trust Company, LLC, the trustee of the Plan, held the Plan's investment assets and executed investment transactions as of December 30, 2022 and for the period from December 31, 2021 to December 30, 2022.

Information obtained or derived from information supplied to the Plan Administrator and certified as complete and accurate by Great-West Trust Company, LLC:

- Investments (at fair value and contract value), and notes receivable from participants, as shown in the statements of net assets available form benefits as of December 30, 2022 and 2021.
- Investment activity, as shown in the statements of changes in net assets available for benefits for the year ended December 30, 2022, as follows:
  - Interest and dividend income in the amount of $1,975,771
  - Net depreciation in fair value of investments in the amount of $11,819,652
  - Interest income on notes receivable from participants in the amount of $21,373
- The information for all investments and the participant loans listed in the schedule of assets (held at end of year) as of December 30, 2022 as shown in the ERISA-required supplemental schedule.

(3) Fair value measurements:

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 – Inputs to the valuation methodology include:

(a) Quoted prices for similar assets or liabilities in active markets;

(b) Quoted prices for identical or similar assets or liabilities in inactive markets;

(c) Inputs other than quoted prices that are observable for the asset or liability; and

(d) Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 30, 2022 and 2021.

Mutual funds – Valued at the net asset value of shares held by the Plan at year end, based on quoted market prices in active markets, adjusted for fees and expenses.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 30, 2022 and 2021:

Assets at fair value as of December 30, 2022

	Level 1	Level 2	Level 3	Total
Mutual funds	$ 39,052,950	$ -	$ -	$ 39,052,950

Assets at fair value as of December 30, 2021

	Level 1	Level 2	Level 3	Total
Mutual funds	$ 50,869,165	$ -	$ -	$ 50,869,165

The availability of observable market data is monitored to assess the appropriate classification of financial instruments within the fair value hierarchy. Changes in economic conditions or model–based valuation techniques may require transfer of financial instruments from one fair value level to another. In such instances, the transfer is reported at the beginning of the period.

The Plan evaluates the significance of transfers between levels based upon the nature of the financial instrument and size of the transfer relative to total net assets available for benefits. For the years ended December 30, 2022 and 2021, there were no transfers in or out of levels 1, 2, or 3.

(4) Guaranteed investment contract with insurance company:

The Plan entered into a fully benefit-responsive guaranteed investment contract with Great-West Life & Annuity Insurance Company (the Insurance Company). It covers its Key Guaranteed Portfolio Fund, which is a general account product. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The average interest earned by the Plan was 1.05% and 1.15% for the years ended December 30, 2022 and 2021, respectively. The guaranteed investment contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan.

Because the guaranteed investment contract meets the fully benefit-responsive contract criteria, contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the guaranteed investment contract. Contract value, as reported to the Plan by Great-West Trust Company, LLC, represents contributions made under the contract, plus earnings, less participant withdrawals, and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

There are no reserves against contract value for credit risk of the contract issuer or otherwise. The contract value of the investment contract at December 30, 2022 and 2021 was $5,014,413 and $6,390,244, respectively. The crediting interest rate is compounded daily to the effective annual interest rate. The interest rate to be credited

during the calendar year will be determined by Great-West Trust Company, LLC prior to the last day of the previous calendar year and shall be reset annually. The effective annual interest rate will never be less than 1%.

Certain events might limit the ability of the Plan to transact at contract value with the insurance company. Such events include the following: (i) amendments to the Plan documents (including complete or partial Plan termination or merger with another plan), (ii) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (iii) bankruptcy of the Employers or other Employers' events that cause a significant withdrawal from the Plan, (iv) premature termination of the contract, among others. Plan management believes that the occurrence of events that would cause the Plan to transact at less than contract value is not probable. The Insurance Company may not terminate the contract at any amount less than the contract value.

(5) Tax status:

The Plan has received its latest determination letter from the PRTD dated March 18, 2019, stating that the Plan is qualified under section 1081 of the IRC-NPR, and therefore, the related trust is exempt from taxation.

The Plan's administrator and the Plan's tax counsel believe that the Plan is designed and is currently being operated in compliance with the applicable requirements of the Internal Revenue Code.

Management has evaluated the Plan's tax positions and concluded that the Plan had maintained its tax-exempt status and had taken no uncertain tax positions that require adjustment to the financial statements. Therefore, no provision or liability for income taxes has been included in the accompanying financial statements.

(6) Plan termination:

Although it has not expressed any intent to do so, the Employers have the right under the Plan to reduce, suspend or discontinue its contributions at any time and to terminate the Plan subject to compliance with certain ERISA provisions. In the event of Plan termination, the interest of each participating employee in the Plan will become 100% vested and such termination shall not reduce the interest of any participating employee or their beneficiaries accrued under the Plan up to the date of termination.

(7) Non-exempt transactions:

In accordance with the Department of Labor's Regulation 2510.3-102, an employer is required to segregate participants' contributions from its general assets as soon as practical but no later than 15 business days, when amounts are contributed by participants or withheld from their wages for a pension benefit plan such as the Plan.

During the year ended December 30, 2021, there were unintentional delays in the remittance of participants' contributions withheld and loans amounting to $1,123,384 and $896, respectively. The Plan Sponsor absorbed the costs incurred by the Plan as a result of the untimely remittances of participants' contributions. On January 21, 2021, the Plan Sponsor remitted $680 in lost earnings in order to correct 2020 late remittances in the amount of $342,489.
