Independent Auditors' Report

Plan Administrator and Participants
Tivity Health, Inc. Retirement Savings Plan:

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of the Tivity Health, Inc. Retirement Savings Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2022 and 2021, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of and for the years ended December 31, 2022 and 2021, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the *Auditors' Responsibilities for the Audit of the Financial Statements* section of our report,

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America ("GAAP").
- the information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America ("GAAS"). Our responsibilities under those standards are further described in the *Auditors' Responsibilities for the Audit of the Financial Statements* section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audits of the Financial Statements

Except as described in the *Scope and Nature of the ERISA Section 103(a)(3)(C) Audit* section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certifications, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audits, significant audit findings, and certain internal control-related matters that we identified during the audits.

Other Matter - Supplemental Schedule Required by ERISA

The supplemental schedule of assets (held at end of year) as of December 31, 2022 is presented for the purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

TIVITY HEALTH, INC. RETIREMENT SAVINGS PLAN

Notes to the Financial Statements

December 31, 2022 and 2021

(1) Description of plan

The following description of the Tivity Health, Inc. Retirement Savings Plan (the "Plan"), provides only general information. Participants should refer to the plan agreement for a more complete description of the Plan's provisions.

(a) General

The Plan is a defined contribution plan which was adopted on September 1, 1990 to provide retirement benefits for employees of Tivity Health, Inc. (the "Plan Sponsor" or "Company") and its participating employers, as defined in the plan agreement. The Plan has a calendar plan year end. Union, leased employees and independent contractors are not eligible to participate in the Plan. The Plan covers substantially all other employees who are age twenty-one or older ("participants"). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

(b) Contributions

Participants may voluntarily make qualified retirement contributions to the Plan which are deductible by the participants for federal income tax purposes under Section 401(k) of the Internal Revenue Code ("IRC"). Participants may also make after-tax Roth contributions and contribute amounts representing distributions from other qualified defined benefit or defined contribution plans. In order to participate, participants make contributions up to 75% of compensation, subject to certain IRC limitations.

Employees are automatically enrolled in the Plan at a deferral rate of 3% of compensation unless the employee elects not to participate or chooses a different percentage to defer.

The Plan Sponsor made a discretionary match equal to 50% of each participant's contributions up to 6% of the participant's eligible compensation for the years ended December 31, 2022 and 2021. During 2021 and through June 23, 2022, the Plan included Company Stock, which allowed the Company to direct a portion of its matching contributions to purchase shares of the Company's common stock. During this time period, no match was allocated to Company stock. On June 23, 2022, the Plan liquidated all Company Stock. Plan Sponsor and participant contributions may not exceed the maximum amount allowable for federal income tax purposes.

(c) Participant accounts

Each participant's account is credited (charged) with the participant's contributions, allocations of Plan Sponsor contributions, investment earnings (losses) and administrative expenses. All participant and Plan Sponsor contributions are currently invested per participant direction. Allocations are based on the participants' compensation or account balances as defined in the plan agreement. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account balance.

TIVITY HEALTH, INC. RETIREMENT SAVINGS PLAN

Notes to the Financial Statements

December 31, 2022 and 2021

(d) Vesting

Participants are immediately vested in their elective salary deferral plus actual earnings (losses) thereon. Vesting in the Plan Sponsor's contribution is based on years of continuous service. Participants vest 33% each year and are fully vested after three years of credited service. A participant's vesting percentage increases to 100% if, while employed with the Company, the participant dies or becomes disabled. Certain participants whose account balances were merged into this Plan or terminated employment before May 1, 2000, and who still have funds in the Plan, may have different vesting schedules. See the plan agreement for these schedules.

(e) Notes receivable from participants

Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. The notes are secured by the balance in the participant's account and bear interest at rates ranging from 4.25% to 8.00%, which are commensurate with local prevailing rates as determined quarterly by the plan administrator. Principal and interest are paid ratably through payroll deductions.

(f) Payment of benefits

On termination of service due to retirement, death or disability (as defined in the Plan), a participant may elect to receive his/her entire account balance in a lump sum payment, installment payments over a specified period or time, or partial withdrawals upon request. For termination of service due to other reasons or upon reaching age 59½, a participant will be entitled to receive only the vested interest in their account in a lump sum payment, installment payments over a specified period or time, or partial withdrawals upon request.

(g) Forfeited accounts

Forfeitures are created when participants terminate employment prior to becoming fully vested in the Plan Sponsor contribution portion of their accounts. Such forfeitures may be first used to pay Plan administrative expenses. Any remaining forfeitures may be used to reduce the Plan Sponsor's contributions to the Plan. At December 31, 2022 and 2021, forfeited nonvested accounts totaled \$34,789 and \$52,954, respectively. Approximately \$100,000 and \$145,000 of forfeited nonvested accounts were used to reduce the Plan Sponsor contributions during the years ended December 31, 2022 and 2021, respectively.

(h) Hardship withdrawals

The Plan permits distributions in the event of a hardship, as defined in the plan agreement. These distributions are taxable and subject to a tax penalty equal to 10% of the hardship distribution amount if the participant is younger than age 59½. Hardship withdrawals are limited to the participant's elective account balance.

TIVITY HEALTH, INC. RETIREMENT SAVINGS PLAN

Notes to the Financial Statements

December 31, 2022 and 2021

(i) Administrative expenses

Certain expenses of maintaining the Plan are paid directly by the Plan Sponsor and are excluded from these financial statements. Investment related expenses are included in net appreciation (depreciation) in fair value of investments. Plan administration fees and transaction based fees are included in administrative expenses and charged directly to the participant's account.

(j) Plan termination

Although it has not expressed any intent to do so, the Plan Sponsor has the right under the plan agreement to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants will become 100% vested in their account balances.

(2) Summary of significant accounting policies

(a) Basis of accounting

The financial statements of the Plan are prepared using the accrual basis of accounting.

(b) Investment valuation and income recognition

Investments are stated at fair value as reported by Fidelity Management Trust Company ("Fidelity"). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for further discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividend income is recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

(c) Notes receivable from participants

Notes receivable from participants are measured at their unpaid principal balances plus any accrued but unpaid interest. Delinquent notes receivable from participants are reclassified as distributions based upon the terms of the plan document.

(d) Payment of benefits

Benefits are recorded when paid.

TIVITY HEALTH, INC. RETIREMENT SAVINGS PLAN

Notes to the Financial Statements

December 31, 2022 and 2021

(e) Use of estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of net assets available for benefits and changes therein and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

(f) Events occurring after reporting date

The management of the Plan Sponsor has evaluated events and transactions that occurred between December 31, 2022 and October 16, 2023, which is the date that the financial statements were available to be issued, for possible recognition or disclosure in the financial statements.

(3) Certified information

Certain information related to investments reported and disclosed in the accompanying financial statements and supplemental schedule of assets (held at end of year), including the fair value of investments and notes receivable from participants held at December 31, 2022 and 2021, and net appreciation (depreciation) in fair value of investments, interest and dividend income, and interest income on notes receivable from participants for the years ended December 31, 2022 and 2021, was obtained or derived from information supplied to the plan administrator and certified as complete and accurate by Fidelity.

(4) Fair value measurements

Financial Accounting Standards Board ("FASB") Accounting Standards Codification ("ASC") 820, *Fair Value Measurements*, provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described below:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 and Level 3 are not applicable to the Plan.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

TIVITY HEALTH, INC. RETIREMENT SAVINGS PLAN

Notes to the Financial Statements

December 31, 2022 and 2021

The following is a description of the valuation methodologies used for assets at fair value. There have been no changes in the methodologies used at December 31, 2022 and 2021.

- (i) *Money market fund and mutual funds:* Valued at the net asset value ("NAV") closing price reported on the last business day of the Plan year reported by the active market on which the security is traded.
- (ii) *Company stock:* Valued at the closing price reported on the active market on which the individual security is traded.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan's management believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2022 and 2021:

Fair Value Measurements as of December 31, 2022 using the following inputs				
	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total</u>
Money market fund	\$ 98,773	\$ -	\$ -	\$ 98,773

Investments at fair value				<u>\$ 131,415,416</u>

- (a) The pooled separate account is measured at NAV as a practical expedient to estimate fair value and, therefore, has not been classified in the fair value hierarchy. The following table summarizes the investments measured at fair value based on NAV as a practical expedient as of December 31, 2022 and 2021. There are no participant redemption restrictions for these investments; the redemption notice period is applicable only to the Plan.

<u>Description</u>	<u>Fair Value 12/31/2022</u>	<u>Fair Value 12/31/2021</u>	<u>Unfunded Commitments</u>	<u>Redemption Frequency (if currently eligible)</u>	<u>Redemption Notice Period</u>
Pooled separate account	\$ 3,875,232	\$ 4,302,511	n/a	Daily	12 months

(5) Income tax status

The Plan adopted a pre-approved profit sharing plan, which obtained a favorable opinion letter on June 30, 2020, in which the IRS stated that the pre-approved plan was in compliance with the applicable requirements of the IRC. The Plan is required to operate in conformity with the IRC to maintain its qualification. The pre-approved plan has been amended since receiving the opinion letter, and the Plan itself has not obtained a determination letter. However, the plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable provisions of the IRC.

TIVITY HEALTH, INC. RETIREMENT SAVINGS PLAN

Notes to the Financial Statements

December 31, 2022 and 2021

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability or asset if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2022 and 2021, there are no uncertain positions taken or expected to be taken that would require recognition of a liability or asset or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

(6) Related party transactions and party-in-interest transactions

Parties-in-interest are defined under Department of Labor ("DOL") regulations as any fiduciary of the Plan, any party rendering service to the Plan, the Plan Sponsor and certain others. The Plan held \$3,026,246 of Company stock consisting of 114,380 shares at December 31, 2021. During the year ended December 31, 2021, there were no dividends declared by the Company.

Certain Plan investments are shares of mutual funds and a money market fund managed by Fidelity and, therefore, these transactions qualify as party-in-interest transactions under ERISA. As described in Note 1, the Plan paid expenses to various service providers and holds notes receivable from participants which also qualify as party-in-interest transactions.

(7) Reconciliation of financial statements to Form 5500

The following is a reconciliation of net assets available for benefits per the financial statements to the Form 5500 as of December 31, 2021 and 2021:

	<u>2022</u>	<u>2021</u>
Net assets available for benefits per the financial statements	\$ 100,473,315	\$ 131,747,987

Change in net assets available for benefits per the Form 5500	\$ <u>(31,348,328)</u>	\$ <u>(6,806,611)</u>

(8) Risks and uncertainties

The Plan utilizes various investment instruments. Investment securities, in general, are exposed to various risks, such as interest rate, credit, and overall market volatility. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the statements of net assets available for benefits.
