Independent Auditor's Report

To the Plan Administrator
Kelley Trucking Inc. 401(k) Savings Plan
Golden, Colorado

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Kelley Trucking Inc. 401(k) Savings Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2022 and 2021, and the related statement of changes in net assets available for benefits for the year ended December 31, 2022, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of Kelley Trucking Inc. 401(k) Savings Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2022 and 2021, and for the year ended December 31, 2022, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (GAAP).
- The information in the financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Kelley Trucking Inc. 401(k) Savings Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Kelley Trucking Inc. 401(k) Savings Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Kelley Trucking Inc. 401(k) Savings Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Kelley Trucking Inc. 401(k) Savings Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedule Required by ERISA

The supplemental Schedule H, Line 4i - Schedule of Assets (Held at End of Year) as of December 31, 2022, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Kelley Trucking Inc. 401(k) Savings Plan

Notes to Financial Statements

Note 1: Description of Plan

The following description of the Kelley Trucking Inc. 401(k) Savings Plan (the "Plan") provides only general information. Participants should refer to the plan document for a more complete description of the Plan's provisions.

General

The Plan became effective January 1, 1993, with approval of the Board of Directors of Kelley Trucking Inc. (the "Company") and restated effective January 1, 2022. The Plan is a defined contribution plan covering eligible employees of the Company that have completed at least one year of service during eligibility computation period and are age twenty-one or older. Plan entry date is the first day of the plan year quarter following eligibility. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

The Company is the plan administrator and is responsible for oversight of the Plan and Delaware Charter Guarantee and Trust Company d/b/a Principal Trust Company ("Principal Trust Company") serves as the asset custodian and recordkeeper. Futureplan by Ascensus "(formerly Goldleaf Partners") is the third party administrator (TPA) for the Plan. Plan management determines the appropriateness of the Plan's investment offerings and monitors investment performance.

Contributions

Each year, participants may contribute up to 92% of pretax annual compensation, as defined in the Plan, on a pretax basis or through Roth contributions. Deferral contributions and Roth contributions shall not exceed certain limits set forth by the Internal Revenue Service (IRS). In addition to the annual contributions, participants who have attained age 50 before the end of the plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollovers). The Company makes prevailing wage contributions based on the the hourly contribution rate required under the applicable prevailing wage law. Participants direct the investment of their contributions into various investment options offered by the Plan. Participants must complete one year of service during which 1,000 hours are completed to be eligible for the Company matching contributions. The Company utilizes a safe-harbor match to contribute 100% of the first 3% of eligible compensation, plus 50% of the amount of deferral contributions that exceed 3% of eligible compensation not to exceed 5% of compensation. Additional profit sharing amounts may also be contributed at the discretion of the Company. During the year ended December 31, 2022, the Company made matching contributions of \$421,488 and no profit sharing contribution to the Plan.

Participant Accounts

Each participant's account is credited with the participant's contributions, Company matching contributions, and allocations of (a) the Company's profit sharing contribution, (b) plan earnings (losses), and (c) forfeitures of terminated participants' nonvested accounts. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Kelley Trucking Inc. 401(k) Savings Plan

Notes to Financial Statements

Note 1: Description of Plan (Continued)

Vesting

Participant contributions, rollovers, qualified non-elective contributions, safe harbor matching contributions, and net earnings on these contributions are fully vested when made or earned. Discretionary Company contributions, if any, as well as all earnings on these contributions vest as follows:

<i>Years of Service</i>	<i>Vesting Percentage</i>
Less than 1	0 %
1 - 2	20 %
2 - 3	40 %
3 - 4	60 %
4 - 5	80 %
5 or more	100 %

Participants are fully vested upon retirement, death, disability, or plan termination.

Notes Receivable From Participants

Participants are allowed two notes receivable at any time and may borrow from their fund accounts a minimum of \$1,000, up to 50% of the value of their account balance or \$50,000, whichever is less. Note receivable terms range from one to five years, except for notes receivable used to purchase a primary residence, which can be in excess of 5 years at the discretion of the administrator. The notes receivable are secured by no more than 50% of the balance in the participant's account and bear interest at a rate commensurate with local prevailing rates, currently Prime Rate plus 1%, at the time the note receivable originated. Interest rates on notes receivable from participants as of December 31, 2022, ranged from 5.25% to 9.00% per annum. Principal and interest are paid in equal installments through payroll deductions, personal checks from employees on leave, or cashier's checks for the full payoff of the notes receivable.

Payment of Benefits

On termination of service due to reasons other than death, vested interest will be received by the participant as a lump distribution or equal installment payments commencing as soon as administratively feasible after employment is terminated. Distributions upon death can be elected, by the beneficiary, as a lump sum or equal installment payments. The Plan also allows for in-service distributions upon attaining age 59 1/2.

A participant may receive a distribution on account of hardship except from a Qualified Non-Elective Contributions account (QNEC) or the matching contribution account to the extent such an account has been used to satisfy the safe harbor requirements. Hardship distributions may be used for certain qualified expenses as defined by the plan.

Kelley Trucking Inc. 401(k) Savings Plan

Notes to Financial Statements

Note 1: Description of Plan (Continued)

Investment Options

Upon enrollment in the Plan, a participant may direct his or her contributions in percentage increments into a series of common investment trusts, pooled separate accounts, mutual funds, and a guaranteed investment contract fund offered by the Plan. Participants may change their investment options at any time.

Withholding Taxes

The Plan is required to withhold 20% of distributions not directly transferred to another qualified plan or IRA account. Additionally a 10% penalty will be withheld if the distribution does not meet IRC distribution guidelines. These funds are then remitted to the Internal Revenue Service.

Forfeitures

At December 31, 2022 and 2021, forfeited nonvested accounts totaled \$7 and \$99, respectively. These accounts are used to reduce future Company contributions or to pay administrative expenses of the Plan in accordance with the plan document. Also, during the year ended December 31, 2022, Company contributions were reduced by \$117 due to forfeitures.

Note 2: Summary of Significant Accounting Policies

Basis of Accounting

The accompanying financial statements of the Plan are prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States (GAAP).

Use of Estimates

The preparation of financial statements in accordance with GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results may differ from these estimates.

Investment Valuation and Income Recognition

The Plan's investments are reported at fair value (except for fully benefit-responsive investment contracts - FBRICs). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year. The plan administrator determines the Plan's valuation policies utilizing information provided by the investment advisors, the custodian, and the insurance company. See Note 4 for discussion of fair value measurements. FBRICs are reported at contract value, which is the amount participants would normally receive if they were to initiate permitted transactions under the terms of the Plan.

Kelley Trucking Inc. 401(k) Savings Plan

Notes to Financial Statements

Note 2: Summary of Significant Accounting Policies (Continued)

Notes Receivable From Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2022 and 2021. Delinquent participant notes receivable are recorded as benefit payments on the basis of the terms of the plan document.

Payment of Benefits

Benefits are recorded when paid.

Administrative Expenses

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment-related expenses are allocated proportionately to plan participants based on their respective account balances and are included in net investment income.

Subsequent Events

The Plan has evaluated subsequent events through October 12, 2023, which is the date the financial statements were available to be issued.

Note 3: Information Prepared and Certified by the Trustee

The plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Certain information disclosed in the accompanying financial statements and supplemental schedule, including total investments and notes receivable from participants held at December 31, 2022 and 2021, and net depreciation in fair value of investments, interest and dividends, and interest income on notes receivable from participants for the year ended December 31, 2022, was obtained or derived from information supplied to the plan administrator and certified as complete and accurate by Principal Trust Company, the custodian of the Plan.

Note 4: Fair Value Measurements

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2022 and 2021.

Mutual Funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the U.S. Securities and Exchange Commission. These funds are required to publish their daily Net Asset Value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Kelley Trucking Inc. 401(k) Savings Plan

Notes to Financial Statements

Note 4: Fair Value Measurements (Continued)

Pooled Separate Accounts: Each pooled separate account invests in assets solely in the shares or units of an underlying mutual fund, and the investment objective of each sub-account corresponds to the investment objective of the underlying fund. The value of each pooled separate account is determined using various inputs, such as the NAV of the shares of the underlying mutual fund held at year-end, adjusted for administrative expenses and other charges.

Common Collective Trusts: Valued at the NAV of units of the common collective trust. The NAV is used as a practical expedient to estimate fair value. This practical expedient would not be used if it is determined to be probable that the fund will sell the investment for an amount different from the reported NAV. Participant transactions (purchases and sales) may occur daily. If the Plan initiates a full redemption of the collective trust, the issuer reserves the right to require 12 month's notification in order to ensure that the securities' liquidations will be carried out in an orderly business matter. There were no unfunded commitments.

The following tables set forth by level, within the fair value hierarchy, the Plan's investment assets at fair value as of December 31, 2022 and 2021. Classification within the fair value hierarchy table is based on the lowest level of any input that is significant to the fair value measurement:

Assets at Fair Value as of December 31, 2022				
	Level 1	Level 2	Level 3	Total
Mutual Funds	\$ 8,666,098	\$ -	\$ -	\$ 8,666,098
Pooled Separate Accounts	-	756,900	-	756,900
Total Investment Assets at Fair Value	\$ 8,666,098	\$ 756,900	\$ -	9,422,998

Kelley Trucking Inc. 401(k) Savings Plan

Notes to Financial Statements

Note 5: Guaranteed Investment Contract with Insurance Company

The Plan invests in a fully benefit-responsive investment contract ("FBRIC") with Principal Life Insurance Company ("Principal") in the form of a guaranteed investment contract (GIC) that invests in traditional investment contracts. Principal maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. Principal is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan. The GIC is carried at contract value. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

There are no reserves against contract value for credit risk of the contract issuer or otherwise. The crediting interest rate is based on a formula agreed upon with the issuer but may not be less than 1.00%. Such interest rates are reviewed on a semi-annual basis for resetting.

Certain events limit the Plan's ability to transact at contract value with Principal including plan termination and other events as specified in the GIC. The plan administrator does not believe that any events which would limit the Plan's ability to transact at contract value with participants or the issuer are probable of occurring. The GIC does not permit Principal to terminate the agreement prior to the scheduled maturity date.

Note 6: Related-Party Transactions and Party-in-Interest Transactions

Certain plan investments are managed by Principal Trust Company. Principal Trust Company is the asset custodian and record keeper of the Plan and therefore transactions with Principal Trust Company qualify as party-in-interest transactions. The Plan utilizes Futureplan by Ascensus (formerly Goldleaf Partners) as investment advisors and Wipfli LLP as the auditor. For the year ended December 31, 2022, the Plan made direct payments totaling \$69,799 which were not covered by revenue sharing. The Company pays directly any other fees related to the Plan's operations.

Notes receivable from participants also qualify as party-in-interest transactions, which are exempt from the prohibited transaction rules of ERISA.

Note 7: Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants would become 100% vested in their Company contributions.

Note 8: Tax Status

The Company adopted a non-standardized pre-approved plan document with an IRS notification letter which states the pre-approved plan document is in compliance with the applicable sections of the Internal Revenue Code (IRC). The Plan has been amended since receiving the notification letter, however, the Plan Administrator believes the Plan is designed and being operated in compliance with the applicable provisions of the IRC and has no income subject to unrelated business income tax. Therefore, no provision for income taxes has been included in the Plan's financial statements.

Note 9: Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the Statements of Net Assets Available for Benefits.
