Report of Independent Auditors

To the Administrator of MyEyeDr. 401(k) Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed an audit of the accompanying financial statements of MyEyeDr. 401(k) Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2022 and 2021, and the related statement of changes in net assets available for benefits for the year ended December 31, 2022, including the related notes (collectively referred to as the "financial statements").

Management, having determined it is permissible in the circumstances, has elected to have the audit of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from qualified institutions as of December 31, 2022 and 2021 and for the year ended December 31, 2022, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audit and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (US GAAS). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with US GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with US GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter – Supplemental Schedules Required by ERISA

Form 5500, Schedule H, Line 4a – Schedule of Delinquent Participant Contributions for the year ended December 31, 2022 and Form 5500, Schedule H, Line 4i – Schedule of Assets (Held at End of Year) as of December 31, 2022 ("supplemental schedules"), are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with US GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. In our opinion

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information,

are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

- the information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

1. Description of the Plan

The following description of the MyEyeDr. 401(k) Plan (the "Plan") provides only general information. Participants should refer to the Principal Financial Group Pre-Approved Basic Saving Plan - Plus (the "Plan Document") as of June 30, 2020, and the most recent amendment effective November 11, 2022, for a more complete description of the Plan's provision.

General

The Plan, established on June 1, 2004, is a defined contribution plan covering all employees of Capital Vision Services, LP and its affiliated companies, which was converted to Capital Vision Services, LLC on August 29, 2019, and is collectively referred to as the "Company", "Employer", "Plan Administrator" or "Plan Sponsor." This Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended ("ERISA").

Plan Administration

The Company is the Plan's named fiduciary and Plan Administrator. Principal Trust Company ("Principal" or "Trustee") is the trustee of the Plan. Principal Life Insurance Company ("Insurance Company" or "PLIC") holds the investment contract discussed in Note 7.

Eligibility

All employees, regardless of age, but excluding part-time, temporary or seasonal employees whose regularly scheduled service is less than 1,000 hours of service within a consecutive twelve months, are eligible to participate in the Plan. An eligible employee will become a participant in the Plan on the date all the eligibility requirements are met and deferrals will commence as soon as administratively feasible following an employee's satisfaction of the eligibility requirements and election to contribute.

Contributions

Participants can contribute up to the maximum amount allowed by the Internal Revenue Code ("IRC"). Contributions are subject to certain limitations. Participants may designate all or a portion of their contributions as Roth contributions. When eligible, the Company will make matching contributions to participants each pay period, not to exceed 3% of the participant's compensation, plus 50% of the amount of the participant's elective deferrals that exceed 3% of the participant's compensation but do not exceed 5% of the participant's compensation. The Plan Sponsor can separately make discretionary contributions, which in each Plan Year are in an amount determined by the Plan Sponsor. No such discretionary contributions were made for the year ended December 31, 2022.

The Plan qualifies as a safe harbor plan.

Vesting

Participants are immediately vested in their contributions and company matching contributions plus earnings thereon at all times. Company discretionary contributions, plus actual earnings thereon, vest incrementally, based on years of continuous service as follows:

1 year	20 %
2 years	40
3 years	60
4 years	80
5 years	100

Participants will become fully vested upon reaching the age of 65, death or permanent disability.

Forfeitures
Upon withdrawal of a participant's vested balance, any nonvested balance is forfeited and is used to offset Plan expenses or to reduce future Company contributions. As of December 31, 2022 and 2021, there were no forfeited nonvested amounts. There were no forfeited participant's vested balance amounts available for allocation during December 31, 2022.

Investment Options
Each participant has the responsibility of determining how the funds in his or her account will be invested. Participants may invest their contributions in various mutual funds, a self-directed brokerage account, various pooled separate accounts and a fully benefit-responsive investment contract.

Participant Accounts
Each participant's account is credited with the participant's contributions and allocations of (a) the Company's contributions; and (b) Plan earnings (losses), net of administrative expenses. Allocations are based on the participant's eligible compensation, deferrals or account balances, as defined in the Plan agreement. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Notes Receivable from Participants
A participant may borrow a minimum of $1,000 up to a maximum of the lesser of $50,000 or 50% of the participant's vested account. No more than one loan can be outstanding at one time. The loans are secured by the balance in the participant's account and bear interest at rates equal to the Wall Street Journal Prime rate plus 2%. All loans must be repaid within five years, except those that are used for the purchase of a principal residence, in which case the loan repayment period may extend beyond five years from the date of the loan, but the extended period shall be consistent with commercial home loan practices. Repayment of the loan will be made through after-tax payroll deductions. At December 31, 2022, interest rates ranged from 3.25% to 9.50%. At December 31, 2021, interest rates ranged from 2.50% to 7.50%.

Related loan administration fees are recorded as administrative expenses and are expensed when they are incurred

Payment of Benefits
Benefits may be paid to the participant or beneficiary upon death, disability, retirement, financial hardship, qualified domestic relation order, or termination of employment, as defined in the Plan agreement. The Plan provides for normal retirement at age 65. The total vested portion of a participant's account balance is generally distributed in the form of a lump-sum payment. The Plan also has a cash-out provision. Any account balance less than $1,000 will be automatically cashed out upon a distribution event.

Partial withdrawals or installments are only permitted for required minimum distributions under IRC 401(a)(9). In-service distributions can be made to participants who have not separated from service provided that the participant attained the age of 59 1/2. Participants experiencing financial hardship may withdraw a portion of their account balance as defined in the Plan agreement.

Administrative Expenses
The Company provides certain accounting and administrative services to the Plan for which no fees are charged. All such services qualify as party-in-interest transactions and are exempt from the prohibited transaction rules. The Company did not pay any of the Plan's administrative expenses.

Plan Termination
Although it has not expressed any intent to do so, the Company has the right under the Plan to reduce or discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in any unvested amounts.

2. Summary of Significant Accounting Policies

Basis of Accounting
The financial statements are prepared using the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America ("U.S. GAAP").

Use of Estimates
The preparation of financial statements in conformity with U.S. GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results may differ from management's estimates.

Investment Valuation and Income Recognition
Investments are reported at fair value except for the Plan's direct investment in the fully benefit-responsive investment contract which is reported at contract value. The Plan Administrator determines the Plan's valuation policies utilizing information provided by Principal. Fair value of a financial instrument is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Contract value is the amount Plan participants would receive if they were to initiate permitted transactions under the terms of the Plan (Note 7). See Note 5 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Risks and Uncertainties
The Plan provides for various investment options to its participants. Investment securities, in general, are exposed to various risks, such as interest rate risk, credit risk, and overall market volatility. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Contributions
Contributions from Plan participants and the matching contributions from the Employer are recorded in the year in which participant compensation is earned. No allowance for credit losses has been recorded as of December 31, 2022 or 2021.

Notes Receivable from Participants
Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Delinquent notes receivable from participants are reclassified as distributions based upon the terms of the Plan agreement. Delinquent amounts reclassified as distributions were $280,779 for the year ended December 31, 2022.

Payment of Benefits
Benefit payments are recorded when paid.

3. Information Provided and Certified by Trustee and Insurance Company

The following is a summary of the information regarding the Plan as of December 31, 2022 and 2021, and for the year ended December 31, 2022, included in the Plan's financial statements, notes to financial statements and the supplemental schedule of assets (held at end of year) that were obtained or derived from information provided by the Trustee and Insurance Company and furnished to the Plan Administrator. The Plan Administrator has obtained certifications from the Trustee and the Insurance Company that such information is complete and accurate.

Notes receivable from participants - defaulted loans	(9,348)	(16,838)
Net assets per the Form 5500	$135,533,691	$138,618,012

The following is a reconciliation of the net increase in assets per the financial statements to net income per the Form 5500 for the year ended December 31, 2022:

		2022
Net decrease in assets per financial statements	$	(2,985,629)
Minus: Participant contributions receivable increase		(97,253)
Minus: Employer contributions receivable increase		(9,862)
Add: Accrued interest loss		933
Add: Change in notes receivable from participants - defaulted loans		7,490
Net loss per the Form 5500	$	(3,084,321)

The Form 5500 is prepared on the modified cash basis; therefore, for Form 5500 purposes contributions are only accrued for pay periods ended before the end of the plan year and received after year-end Loans to participants per the statement of net assets available for benefits differs from loans to participants per the Form 5500 as of December 31, 2022, because for Form 5500 purposes defaulted loans are not considered distributions until there is a distributable event defined by the plan document.

5. Fair Value Measurements

ASC 820. *Fair Value Measurements and Disclosures,* provides a framework for measuring fair value. Fair value of a financial instrument is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques that maximizes the use of observable inputs and minimizes the use of unobservable inputs by requiring the use of observable inputs when available. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy are described as follows:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from, or corroborated by, observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement.

Asset Valuation Techniques
Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs. The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2022 and 2021.

Mutual Funds
Valued at the daily closing price as reported by the fund, if available. Mutual funds held by the Plan are open-end mutual funds that are registered with the United States Securities and Exchange Commission ("SEC"). These funds are required to publish their daily net asset value ("NAV") and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Self-Directed Brokerage Account
All holdings in this account are publicly traded securities. This account is valued at the aggregated fair value of its underlying securities.

Pooled Separate Accounts
Valued at NAV per unit based on quoted market prices of underlying investments. The NAV as provided by the Trustee is used as a practical expedient to estimate fair value. The net asset value is based on the fair value of the underlying investments held by the fund less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported net asset value. Participant transactions (purchases and sales) may occur daily. Were the Plan to initiate a full redemption of the pooled separate account, the investment advisor reserves the right to temporarily delay withdrawal from the trust in order to confirm that securities liquidations will be carried out in an orderly business manner.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value:

	Assets at Fair Value as of December 31, 2022			
	Level 1	**Level 2**	**Level 3**	**Total**
Mutual funds	$ 104,012,858	$ -	$ -	$104,012,858
Self-directed brokerage account	1,196,529	-	-	1,196,529
Pooled separate accounts measured at net asset value*	-	-	-	992,043
Total investments, at fair value	$ 105,209,387	$ -	$ -	$106,201,430

	Assets at Fair Value as of December 31, 2021			
	Level 1	**Level 2**	**Level 3**	**Total**
Mutual funds	$ 108,403,260	$ -	$ -	$108,403,260
Self-directed brokerage account	$ 1,501,837	-	-	1,501,837
Pooled separate accounts measured at net asset value*	-	-	-	756,462
Total investments, at fair value	$ 109,905,097	$ -	$ -	$110,661,559

* In accordance with ASC 820-10, certain investments that are measured at fair value using the net asset value per share (or its equivalent) practical expedient have not been categorized in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the amounts presented in the statements of net assets available for benefits.

6. Net Asset Value Per Share

The following tables represent investments calculated on the basis of NAV per share as of December 31, 2022 and 2021:

	Plan Year	**Fair Value**	**Redemption Frequency**	**Unfunded Commitment**	**Trade to Settlement Terms (if Currently Eligible)**
Pooled separate accounts	2022	$ 992,043	Daily	-	Daily
Pooled separate accounts	2021	$ 756,462	Daily	-	Daily

7. Traditional Guaranteed Investment Contract with Principal Life Insurance Company

The Plan holds a fully benefit-responsive guaranteed investment contract (GIC) with PLIC. PLIC maintains the contributions in a general account, which is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The GIC is included in the financial statements at contract value. Contract value represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. The guaranteed investment contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

There are no reserves against contract value for credit risk of the contract issuer or otherwise. Certain events limit the ability of the Plan to transact at contract value with the issuer. Such events include the following: (1) amendments to the Plan documents (including complete or partial plan termination or merger with another plan), (2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the Plan Sponsor or other Plan Sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, or (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA. The Plan Administrator believes that any events that would limit the Plan's ability to transact at contract value with participants are not probable of occurring.

8. Tax Status

An individually designed plan ("IDP") was created with Principal effective January 1, 2016. Effective January 2017, the staggered five-year determination letter amendment cycles for IDPs were eliminated as announced in the Internal Revenue Service ("IRS") Revenue Procedure (Rev. Proc.) 2016-37. The scope of the determination letter program of IDPs is limited to initial plan qualification, qualification upon plan termination and special exceptions. Off-cycle determination letter applications (except with respect to new and terminating plans) are no longer accepted by the IRS.

In December 2016, the IRS began publishing a Required Amendments List for individually designed plans to be amended for each item on the list, as applicable, to retain its tax exempt status and since the Plan did not meet the criteria for a new determination letter management has followed this protocol. Management believes the Plan is currently designed in compliance with the applicable requirements of the IRC.

Accounting principles generally accepted in the United States of America require the Plan Sponsor to evaluate tax positions taken by the Plan and to recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the taxing authorities. The Plan Sponsor has determined that, as of December 31, 2022 and 2021, there are no uncertain tax positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. Therefore, no provision for income tax has been included in the Plan's financial statements. The Plan Sponsor believes it is no longer subject to income tax examinations for the years prior to 2019.

9. Related Party and Party-in-Interest Transactions

Certain Plan investments are units of investments managed by the Trustee or an investment contract managed by the Insurance Company, and therefore, these transactions qualify as party-in-interest transactions. Accordingly, fees paid by the Plan for investment management services by the Trustee and Insurance Company are party-in-interest transactions. The Plan incurred administrative expenses of $387,676 for the year ended December 31, 2022 that are permissible party-in-interest transactions under ERISA. The Plan also issues loans to participants under the deferred arrangement portion of the Plan, which are secured by the vested balances in the participants' accounts.

10. Prohibited Transactions

During the year ended December 31, 2016, the Company failed to segregate and remit in a timely manner, certain participant contributions (salary reduction amounts and loan repayments) in the amounts of $6,067, including interest, from its assets within the required time period as specified by the Department of Labor. Failure to segregate and remit contributions within the specified time period is a prohibited transaction according to the provisions of ERISA and the IRC. The Company is required to deposit lost earnings related to these late contributions, file Form 5330, and pay applicable excise taxes related to such late deposits. In October 2022, the Company fully corrected the late contributions in accordance with the IRC.

11. Subsequent Events

The Plan evaluated subsequent events through October 16, 2023, the date the financial statements were available to be issued. During this period, no material recognizable subsequent events beyond that stated below were identified that would require adjustment to or disclosure in these financial statements.
