Independent Auditor's Report

To the Plan Administrator and Plan Participants of the
Lawry's Restaurant, Inc. Profit Sharing and 401(k) Plan

We have performed audits of the financial statements of Lawry's Restaurant, Inc. Profit Sharing and 401(k) Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C) audit"). The financial statements comprise the statements of net assets available for benefits as of December 31, 2022 and 2021, and the related statement of changes in net assets available for benefits for the year ended December 31, 2022, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of Lawry's Restaurant, Inc. Profit Sharing and 401(k) Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan ("investment information") by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA ("qualified institution").

Management has obtained certification from the qualified institutions as of December 31, 2022 and 2021 and for the year ended December 31, 2022, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

- the information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (“GAAS”). Our responsibilities under those standards are further described in the Auditor’s Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Lawry’s Restaurant, Inc. Profit Sharing and 401(k) Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management’s election of the ERISA Section 103(a)(3)(C) audit does not affect management’s responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Lawry’s Restaurant, Inc. Profit Sharing and 401(k) Plan’s ability to continue as a going concern for one year after the date that the financial statements are issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan’s transactions that are presented and disclosed in the financial statements are in conformity with the plan’s provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor’s Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor’s report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Lawry's Restaurant, Inc. Profit Sharing and 401(k) Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Lawry's Restaurant, Inc. Profit Sharing and 401(k) Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matters

2022 Supplemental Schedule Required by ERISA

The supplemental schedules of Form 5500 Schedule H, Line 4i – Schedule of Assets (Held at End of Year) as of December 31, 2022 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived

from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Lawry's Restaurant, Inc. Profit Sharing and 401(k) Plan - 2022
Notes to Financial Statements
December 31, 2022 and 2021

Note 1. Description of the Plan

The following description of the Lawry's Restaurant, Inc. Profit Sharing and 401(k) Plan - 2022 (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan was established January 1, 1953, and is a defined contribution plan which is qualified under Section 401(k) of the Internal Revenue Code ("IRC"). The Plan provides for a qualified cash or deferred arrangement, as described in Section 401(k) of the IRC, for the benefit of eligible employees of Lawry's Restaurant, Inc. (the "Sponsor", "Company" or "Employer"). The Plan is administered by the Sponsor and is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

Participant Eligibility

The Plan covers substantially all salaried and other non-bargaining employees of the Sponsor who are U.S. citizens or resident aliens. Employees who complete six (6) months of service are eligible to join the Plan. The eligible employee has the option to enter the Plan as a participant on the first day of the month after the employee first becomes eligible.

Contributions

The Company's eligible employees may contribute up to 100% of their compensation, subject to the limitations as defined by the IRC, each year on a pre-tax basis by salary reduction. The Plan also allows employees to make contributions on a post-tax, Roth 401(k) basis. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions, also subject to IRC limitations. Participants may also roll over amounts representing distributions from other qualified plans. The Plan has established an automatic elective deferral rate equal to 6% of compensation for eligible employees who do not make an election on their eligible entry date. The automatic elective deferral rate is subject to escalation increases of 1% up to a maximum of 10% of compensation to be made annually on November 1. Participants can opt-out or choose a different deferral rate upon request.

The Company may make a discretionary matching contribution as determined on a yearly basis. In 2022, the Company made a discretionary matching contribution totaling approximately \$70,000.

Note 1. Description of the Plan (continued)

Vesting

Participants are immediately 100% vested in their employee contributions, plus actual earnings thereon.

Participants become vested in their discretionary matching contributions and earnings thereon as follows:

<u>Years of Vesting Service</u>	<u>Percent Vested</u>
Less than one year	0%
At least one year	20%
At least two years	40%
At least three years	60%
At least four years	80%
At least five years or more	100%

Forfeitures

Amounts forfeited from terminating participants' non-vested portion of their discretionary matching contributions and earnings on those contributions are used to first pay reasonable Plan expenses and then to reduce future employer matching contributions. For the year ended December 31, 2022, approximately \$400 of forfeitures were used to pay for expenses. As of December 31, 2022 and 2021, there were approximately \$21,900 and \$19,300 of forfeitures available, respectively.

Participant Accounts

Each participant's account is credited with the participant's contribution and allocations of (a) the Company's discretionary contribution and (b) Plan earnings and (c) forfeitures of terminated participants' non-vested accounts. Company discretionary contributions are based upon the ratio that each eligible participant's compensation bears to the total compensation of all eligible participants. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Notes Receivable from Participants

Participants may borrow from their accounts at a minimum of \$1,000 and up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. The loans are secured by the balance in the participant's account and must be repaid at a fixed interest rate which is commensurate with local prevailing rates as determined by the Plan. Generally, loans must be repaid within five years, unless the loan was for the purchase of a principal residence. In this case, the repayment period may be extended.

Note 1. Description of the Plan (continued)

Notes Receivable from Participants (continued)

Principal and interest are paid ratably through payroll deductions. Delinquent or defaulted notes receivables from participants are written off as “deemed” distributions at the end of the quarter following the quarter in which the default occurs.

Payment of Benefits

Upon termination of service, death, disability, or reaching retirement age, a participant may elect to receive a lump sum payment equal to the value of the participant’s vested interest in their account. Normal retirement under the Plan is age 65.

Terminated participants with a total vested benefit of less than \$5,000 are subject to an involuntary cash-out distribution even if the participant does not consent to a distribution. Any distribution greater than \$1,000 but less than \$5,000 that is made without the participant’s consent will be rolled over to an individual retirement plan with an affiliate of the Plan’s trustee.

In-service withdrawals are permitted at any time from a participant’s rollover contribution account. Upon attainment of age 59 ½, in-service withdrawals are permitted from all of a participant’s vested account balances. In the event of undue financial hardship, in-service withdrawals are permitted from a participant’s deferral contribution account as well as the vested portion of their profit sharing and match accounts.

Contribution Funding

The Company makes contributions to the Plan for employee contributions concurrent with each pay period. Company discretionary contributions, if any, are funded subsequent to year end.

Plan Administrative Expenses

The Company provides or pays for certain accounting, legal, administrative and management services without charge to the Plan. Fees related to the administration of notes receivable from participants and certain fees related to distributions are charged directly to participant’s accounts are included in administration expenses. Investment related expenses are included in net appreciation (depreciation) of fair value of investments.

Note 2. Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared under the accrual method of accounting in accordance with accounting principles generally accepted in the United States of America and present the net assets available for benefits and the changes in those net assets. Other than unallocated forfeitures discussed in Note 1, the net assets of the Plan are allocated entirely to individual participants' accounts.

Accounting Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

All investments are carried at fair value except for fully benefit-responsive investment contracts which are reported at contract value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 5 for discussion of fair value measurements. Purchases and sales of securities are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date. Interest income is recorded as earned. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Non-Distributed Benefits

The Plan does not accrue non-distributed benefits related to participants who have withdrawn from the Plan before the Plan's year end, but recognizes such benefits as a deduction from net assets in the period in which such benefits are paid.

Concentrations

As of December 31, 2022 and 2021, one investment accounted for approximately 28% and 32%, respectively, of the Plan's net assets.

Subsequent Events

The Company has evaluated all events subsequent to December 31, 2022, the date of the statement of net assets available for benefits, through the date of the Independent Auditor's Report, the date which the financial statements were available for issuance.

Note 3. Insurance Contracts

Group Annuity Contract

As of December 31, 2022 and 2021, the Plan held assets in group annuity investment contracts with Transamerica Life Insurance Company (“Transamerica”). These investment contracts meet the fully benefit-responsive criteria and therefore are reported at contract value. Contract value is the relevant measure for the fully-benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value represents contributions made under the contract, plus earnings, less participant withdrawals, and administrative expenses.

Net deposits invested in the investment contracts become part of Transamerica’s general account. Contract value is guaranteed by the full faith and credit of Transamerica. The Plan’s ability to receive amounts due in accordance with fully benefit-responsive contracts is dependent on the third-party issuer’s ability to meet its financial obligations. The issuer’s ability to meet its contractual obligations may be affected by future economic and regulatory developments.

There are no reserves against contract value for credit risk of the contract issuer or otherwise. The crediting interest rate is based on a formula agreed upon with the contract issuer, but it may not be less than 0%. As of December 31, 2022 and 2021, the crediting interest rate was 1.10% and 1.10%, respectively. The crediting interest rate is reset quarterly. The contract cannot be terminated before the scheduled maturity date.

Certain events limit the ability of the Plan to transact at contract value with the issuer. Such events include the following; (1) amendments to the Plan documents (including complete or partial plan termination or merger with another plan), (2) changes to the Plan’s prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the Company, or (4) the failure of the trust to qualify for exemption from Federal income taxes or any required prohibited transaction exemption under ERISA. The plan administrator does not believe that any events that would limit the Plan’s ability to transact at contract value with the plan participants are probable of occurring.

In addition, certain events allow the contract issuer to terminate the contracts with the Plan and settle at an amounts different from contract value. Examples of such events include the following: (1) an uncured violation of the Plan’s investment guidelines, (2) a breach of material obligation under the contract, (3) a material misrepresentation, or (4) a material amendment to the agreements without the consent of the contract issuer.

Note 4. Information Certified by the Trustee and Investment Contract Issuers

The plan administrator has elected the method of compliance as permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, the plan administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to the following information certified by Reliance Trust Company, the trustee, and Transamerica Life Insurance Company, the investment contract issuer, as of December 31, 2022 and for the year then ended, as complete and accurate, except for comparing such information certified by the trustee and investment contract issuer to information included in the Plan's financial statements and supplemental schedule:

**Notes receivables from participants are participant loans allowed under the related regulations. The participant loans are certified by the investment contract issuer and trustee, and are included as investments on the supplemental schedule, Schedule H, Line 4i – Schedule of Assets (Held at End of Year) as required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.*

Note 5. Fair Value Measurements

Fair value measurements are based on a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are described as follows:

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets.

Level 2 – Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means;

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used as of December 31, 2022 and 2021.

Mutual funds: These investments are valued at the closing quoted market price reported on the active market on which the public investment securities are traded.

Collective investment trusts: These investment are valued using Net Asset Value ("NAV") as a practical expedient provided by the investment custodian. The NAV is quoted on a private market that is not active; however, the unit price is based on the underlying investments held by each fund. A majority of the investments held by each fund are traded on an active market.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Note 5. Fair Value Measurements (continued)

The following tables set forth by level within the fair value hierarchy the investments held by the Plan as of December 31, 2022 and 2021:

	Fair Value Measurements Using Input Type			
<u>December 31, 2022</u>	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total</u>
Mutual funds	\$ 248,146	\$ ---	\$ ---	\$ 248,146
Total investments categorized in the fair value hierarchy	<u>\$ 248,146</u>	<u>\$ ---</u>	<u>\$ ---</u>	248,146
Collective investment trust funds measured at NAV*				<u>9,875,897</u>
Total investments at fair value				<u>\$ 10,124,043</u>

	Fair Value Measurements Using Input Type			
<u>December 31, 2021</u>	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total</u>
Mutual funds	\$ 340,838	\$ ---	\$ ---	\$ 340,838
Total investments categorized in the fair value hierarchy	<u>\$ 340,838</u>	<u>\$ ---</u>	<u>\$ ---</u>	340,838
Collective investment trust funds measured at NAV*				<u>12,073,173</u>
Total investments at fair value				<u>\$ 12,414,011</u>

**Certain investments that are measured at fair value using the NAV per share (or its equivalent) as a practical expedient have not been categorized in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the amounts presented on the Statements of Net Assets Available for Benefits.*

Certain collective investment trust funds restrict transfers in to the investment fund to once in any rolling 30 day period once a transfer out has been made. There are no other redemption restrictions, redemption notice requirements, or unfunded commitments related to the collective investment trust fund as of December 31, 2022 and 2021.

Note 6. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Market risks include global events which could impact the value of investment securities, such as a pandemic or international conflict. Due to the level of risk associated with certain investment securities, it is possible that changes in the values of investment securities will occur in the near term and such changes could materially affect the amounts reported in the statements of net assets available for benefits.

Note 7. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, the account of each participant shall be fully vested and non-forfeitable at the time of termination.

Note 8. Tax Status

The Plan has adopted a volume submitter plan and trust which received a favorable opinion letter on June 30, 202 from the Internal Revenue Service stating that the volume submitter plan document as then designed was in compliance with the applicable requirements of the Internal Revenue Code. The Plan has been amended and restated since receiving the advisory letter. However, the plan administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code. Therefore, no provision for income taxes has been included in the Plan's financial statements.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the plan and recognize a tax liability (or asset) if the plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The plan administrator has analyzed the positions taken by the Plan, and has concluded that as of December 31, 2022 and 2021, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan has recognized no interest or penalties related to uncertain tax positions. The plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan's tax returns generally remain open for Federal tax audits for three years from the filing date.

Note 9. Party-In-Interest Transactions

The Plan holds investments in a group annuity contract which is managed by Transamerica Life Insurance Company (“Transamerica”). Transamerica is the investment contract issuer as defined by the Plan.

Fees incurred by the Plan for investment management services are included in net appreciation (depreciation) in fair value of investments. These fees are paid to the investment fund manager and may include certain revenue sharing fees that are paid to Transamerica, Reliance Trust Company, other investment custodians and investment advisors.

Additionally, certain administrative expenses are paid directly to Transamerica and other service providers that are considered parties-in-interest under ERISA and these fees are included in administration fees.

The Plan also allows for the issuance of notes receivable to participants in accordance with the related regulations.

These transactions qualify as party-in-interest transactions for which there are statutory exemptions.

Note 10. Excess Contributions

Contributions received from participants for the plan year ended December 31, 2021 include \$4,169, of excess contributions (net of corresponding gains and losses) that was distributed in March 2022 to certain active participants. The excess deferral contributions, originally contributed in the year ended December 31, 2021, was returned to comply with the participants’ applicable maximum annual contributions permitted under the IRC. The excess contributions amount is included in the Plan’s statements of net assets available for benefits as excess contributions payable at December 31, 2021.
