Independent Auditor's Report

The Trustees
Kitsap Mental Health Services 403(b) Retirement Plan
Bremerton, Washington

We were engaged to perform audits of the financial statements of Kitsap Mental Health Services 403(b) Retirement Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C). The financial statements comprise the statements of net assets available for benefits as of December 31, 2022 and 2021, and the related statement of changes in net assets available for benefits for the year ended December 31, 2022, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA (ERISA Section 103(a)(3)(C) audit). As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency (qualified institution), provided that the investment information is prepared and certified to by the qualified institution in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Management has obtained certifications from qualified institutions as of December 31, 2022 and 2021, and for the year ended December 31, 2022, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Disclaimer of Opinion

We do not express an opinion on the accompanying financial statements of the Plan. Because of the significance of the matter described in the *Basis for Disclaimer of Opinion* section of our report, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion on the financial statements.

Basis for Disclaimer of Opinion

Prior to January 1, 2009, records were maintained at a contract, not a plan level; therefore, management has not maintained, and The Variable Annuity Life Insurance Company and The Lincoln National Life Insurance Company did not provide, sufficient accounting records and supporting documentation relating to certain annuity contracts and custodial accounts issued to current and former employees, and supporting documentation is not adequate to assure the completeness and accuracy of the amounts included in the financial statements. Accordingly, we were unable to apply auditing procedures sufficient to determine the extent to which the financial statements have been affected by these conditions.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America (GAAP), and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is responsible for maintaining a current plan instrument, including all plan amendments. Management is also responsible for administering the Plan and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Our responsibility is to conduct an audit of the Plan's financial statements in accordance with auditing standards generally accepted in the United States of America (GAAS) and to issue an auditor's report. However, because of the matter described in the *Basis for Disclaimer of Opinion* section of our report, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion on these financial statements.

We are required to be independent of the Plan, and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits.

Other Matter – Supplemental Schedule Required by ERISA

The supplemental Schedule H, Line 4i - Schedule of Assets (Held at End of Year) as of December 31, 2022, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. Because of the significance of the matter described in the *Basis for Disclaimer of Opinion* section of our report, it is inappropriate to and we do not express an opinion on the supplemental schedule referred to above.

Notes to Financial Statements

1. Description of Plan

The following description of the Kitsap Mental Health Services 403(b) Retirement Plan (the Plan) provides only general information. Participants should refer to the Plan document for a more complete description of Plan provisions.

General

The Plan was adopted effective January 1, 1988, by Kitsap Mental Health Services (the Employer). The Employer is the sponsor of the Plan. The Plan is a qualified defined contribution retirement plan covering substantially all employees of the Employer, as defined below. The Plan is subject to the applicable provisions of the Internal Revenue Code (IRC) and the provisions of the Employee Retirement Income Security Act of 1974, as amended (ERISA).

Custodians and Administration of the Plan

The custodians and recordkeepers of the Plan are Principal Trust Company (Principal), The Variable Annuity Life Insurance Company (VALIC), and The Lincoln National Life Insurance Company (Lincoln) and their affiliates. The administrator of the Plan is the Employer. Certain employees of the Employer serve as trustees for the Plan. The third-party administrator of the Plan is Definiti. Subsequent to year-end, the Employer changed its third-party administrator to Cascade 401(k) Consultants. The custodians hold all assets of the Plan in accordance with the service provider contracts with the Employer. The trustees determine the appropriateness of the Plan's investment offerings and monitor investment performance.

Eligibility

All employees are immediately eligible to participate in the Plan unless they are non-resident aliens or students performing services described in IRC section 410(b)(3)(C). Employees that are expected to work less than 20 hours per week are excluded from the Plan until such time that they reach 1,000 hours in a Plan year. To participate in the Employer non-elective contributions, employees must be employed on the last day of the Plan year and complete one year of service, which consists of at least 1,000 service hours. The last day and 1,000 hours requirements are applied pro-rata for each six-month allocation period. An eligible employee can enter the Plan immediately. Plan entry for Employer non-elective contributions is January 1 and July 1 of each year.

Contributions

Participant Contributions - Each year, participants may contribute up to 100% of eligible compensation, as defined in the Plan, as either pre-tax or Roth contributions through payroll deductions. The Plan also allows for catch up contributions for participants aged 50 years or older, as well as rollover contributions from other qualified plans.

Employer Contributions - The Employer may make a discretionary non-elective contribution to the Plan each year. Any non-elective contribution is allocated based upon eligible compensation, as defined by the Plan. The Employer made discretionary contributions of 4% of eligible compensation for the year ended December 31, 2022.

Contributions are subject to certain limitations of the IRC. Participants direct the investment of their contributions into various investment options offered by the Plan.

Notes to Financial Statements

Participant Accounts

Each participant's account is credited with the participant's contributions, Employer contributions, as applicable, and an allocation of Plan earnings or losses. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant eligible compensation, participant contributions, or account balances, as defined. The benefit to which participants are entitled is the vested portion of their accounts.

Vesting

Participants are 100% vested in their voluntary contributions to the Plan and related earnings at all times. Contributions from the Employer and related net earnings become vested to the participant based on the following schedule of years of service:

Vesting Service (Years)	Vesting (%)
Less than 2	-
2, but less than 3	20
3, but less than 4	50
4, but less than 5	75
5 or more	100

Additionally, a participant becomes 100% vested when the participant reaches normal retirement age (65), dies while in the service of the Employer, or becomes disabled while a participant.

Payment of Benefits

Upon termination of service, a participant or the participant's beneficiary, upon their consent, will receive a lump-sum amount equal to the value of the participant's vested interest in their account provided their vested account balance is in excess of \$5,000. Vested benefits of \$1,000 or less will be paid out in a lump-sum distribution with or without the participant's consent. Benefits of less than \$5,000 but more than \$1,000 may be automatically rolled into an individual retirement account designated by the Plan administrator. Distributions are generally only allowed after termination of employment with the Employer; however, distributions can be made during a participant's employment upon attainment of age 59½ or under certain hardship provisions, as defined in the Plan.

Forfeitures

The portion of a terminated participant account that is not vested (forfeitures) will be used to reduce employer contributions to the plan or pay expenses of the Plan. As of December 31, 2022 and 2021, forfeited non-vested accounts totaled \$12,690 and \$14,044, respectively. For the year ended December 31, 2022, \$13,438 and \$48,092 was used to reduce Employer contributions and to pay Plan expenses, respectively.

Notes Receivable from Participants

Participants may borrow from their accounts a minimum of \$1,000 of their vested benefits, and up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance, reduced by the highest outstanding loan balance in their account during the prior 12-month period. Loans are

Kitsap Mental Health Services 403(b) Retirement Plan

Notes to Financial Statements

secured by the balance of the participant's account and bear interest at prime plus 1%. The maximum loan term is five years unless the loan qualifies as a home loan, in which case the Plan administrator may permit a longer repayment term. Participants may have no more than two outstanding loans at any given time. Principal and interest are paid ratably through payroll deductions, except for loans held by VALIC, which are paid directly by the participants. These loans are subject to certain restrictions as defined by the Plan Document and applicable restrictions under the IRC.

2. Summary of Accounting Policies

Basis of Accounting

The accompanying financial statements of the Plan are prepared on the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America (GAAP) requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities, and changes therein and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

The Plan's investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan administrator determines the Plan's valuation policies utilizing information provided by the custodians. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date. Interest income is recorded on the accrual basis. Net appreciation (depreciation) in the fair value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus accrued unpaid interest. If a participant ceases to make loan repayments and the Plan Administrator deems the participant loan to be in default, the participant loan balance is reduced, and a benefit payment is recorded.

Payment of Benefits

Benefits are recorded when paid.

Administrative Expenses

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Employer are excluded from these financial statements. Fees related to participant-initiated transactions are charged directly to the participant's account.

Kitsap Mental Health Services 403(b) Retirement Plan

Notes to Financial Statements

and are included in administrative expenses. Investment-related expenses are included in net depreciation in fair value of investments.

3. Certified Investment Information

Certain information related to investments and notes receivable from participants disclosed in the accompanying financial statements and ERISA-required supplemental schedule, including investments and notes receivable from participants held at December 31, 2022 and 2021, and net depreciation in fair value of investments, interest and dividends, and interest income on notes receivable from participants for the year ended December 31, 2022, was obtained by management and agreed to or derived from information certified as complete and accurate by Principal, VALIC, and Lincoln, qualified institutions.

At the request of the Plan Administrator, the Plan's independent auditors did not perform auditing procedures with respect to this certified investment information, except for comparing such certified investment information to the related investment information in the financial statements, including reading the disclosures related to the investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP, and in the ERISA-required supplemental schedule, including assessing whether the supplemental schedule are in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

4. Fair Value Measurements

Accounting Standards Codification (ASC) 820, *Fair Value Measurements*, provides for a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under ASC 820 are described as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs to the valuation methodology include:

- Quoted market prices for similar assets or liabilities in active markets.
- Quoted prices for identical or similar assets or liabilities in inactive markets.
- Inputs other than quoted prices that are observable for the asset or liability.
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

Kitsap Mental Health Services 403(b) Retirement Plan

Notes to Financial Statements

A financial instrument's level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2022 and 2021.

Mutual Funds - Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Separate Accounts - Investments in the separate accounts are variable-dollar annuities. Units held in separate accounts are valued at NAV. The NAV, as provided by the insurance company, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying assets, less any liabilities, and then divided by the number of units outstanding. The NAV's unit price is quoted in a market that is not active. However, the unit price is based on underlying investments, which are traded in active markets. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV. There are no unfunded commitments, the investments can be redeemed on a daily basis, and there is no redemption notice period.

Fixed Annuity Contracts - The non-fully benefit responsive (NFBR) fixed annuity contracts, composed of the VALIC Fixed Account Plus and Lincoln Fixed Account, are reported at fair value, which is approximated by contract value. Fair value is determined using a discounted cash flow model. The contract value equals the accumulated cash contributions and interest credited to the Plan's contracts, less withdrawals. The fixed annuity contracts are not available for sale or transfer on any securities exchange. The fixed annuity accounts are subject to various restrictions (see Note 5).

The preceding methods described may produce a fair value calculation which may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's investments measured at fair value on a recurring basis:

Total sales of the fixed annuity contracts (NFBR) were \$57,183 for the year ended December 31, 2022. There were no investments transferred to or from Level 3 during the year ended December 31, 2022.

Quantitative Information about Significant Unobservable Inputs Used in Level 3 Fair Value Measurements

Type	Fair Value	Principal Valuation Technique	Significant Unobservable Inputs	Range (%)
		Discounted cash flow/theoretical transfer (exit price)	Risk-adjusted market rates	1-2.75
VALIC Fixed Account Plus	\$ 1,076,275	Transfer value	Crediting Rates	2
Lincoln Fixed Account	42,466			

5. Fixed Annuity Contracts

As discussed in Note 4, fixed annuity contracts consist of investment options available to participants including the VALIC Fixed Account Plus and Lincoln Fixed Account. These investments are guaranteed interest accounts (GIAs).

The GIAs are fixed return products with annual interest rate guarantees and are credited on a net monthly basis at annual effective rates. Fair value is determined based on a discounted cash flow model by discounting the related cash flows based on current yields of similar instruments with comparable durations considering the creditworthiness of the issuer or the theoretical exit price. VALIC values the fixed account based on the amount paid when funds are withdrawn prior to their maturity for an event other than death, disability, termination, or retirement. The fair value

Kitsap Mental Health Services 403(b) Retirement Plan

Notes to Financial Statements

represents contract value adjusted to reflect current market interest rates only to the extent such market rates exceed crediting rates.

6. Related Party and Party-in-Interest Transactions

Certain Plan investments are managed and/or sponsored by the custodians. Participant loan and distribution processing fees are paid to the custodians and third-party administrator by participants. The Plan also issues loans to participants which are secured by the vested balance of the participants' accounts. As described in Note 2, the Plan paid certain expenses related to plan operations and investment activity to various service providers. These transactions are party-in-interest transactions, which are exempt from prohibited transaction rules.

7. Risks and Uncertainties

The Plan holds various investment securities. Investment securities, in general, are exposed to various risks, such as interest rate risk, credit risk and overall market volatility. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the financial statements and participant account balances.

8. Plan Termination

Although it has not expressed any intention to do so, the Employer has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions set forth in ERISA. In the event that the Plan is terminated, participants would become 100% vested in their accounts.

9. Tax Status

The Plan has adopted a volume submitter prototype plan sponsored by its third-party administrator which received a favorable opinion letter from the IRS dated March 31, 2017, which stated that the prototype Plan, as then designed, satisfies the applicable provisions of the IRC. The Plan itself has not received a determination letter from the IRS. Although the Plan has been amended since the date of the opinion letter, the Plan's management believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income tax has been included in the Plan's financial statements.

GAAP requires plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no IRS examinations for any tax periods in progress.

10. Subsequent Events

The Plan has evaluated subsequent events through October 16, 2023, the date the financial statements were available to be issued.
