INDEPENDENT AUDITORS' REPORT

To the Plan Administrator
Asahi Intecc USA Inc 401(k) Profit Sharing Plan and Trust
Irvine, California

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audit of the accompanying financial statements of the Asahi Intecc USA Inc 401(k) profit Sharing Plan and Trust, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2022 and 2021, and the related statement of changes in net assets available for benefits for the year ended December 31, 2022, and the related notes to the Financial Statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of the financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2022 and 2021, and for the year ended December 31, 2022, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section:

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the Financial Statements

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Asahi Intecc USA Inc 401(k) profit Sharing Plan and Trust and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Asahi Intecc USA Inc 401(k) profit Sharing Plan and Trust's ability to continue as a going concern within one year after the date that the financial statements are available to issue.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Asahi Intecc USA Inc 401(k) profit Sharing Plan and Trust's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Asahi Intecc USA Inc 401(k) profit Sharing Plan and Trust's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedules Required by ERISA

The supplemental schedules of Schedule H, Line 4a - Delinquent Participant Contributions for the year ended December 31, 2022 and Schedule H, Line 4i - Schedule of Assets (Held at End of Year) as of December 31, 2022 are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

1. Description of Plan

The following description of the Asahi Intecc USA Inc 401(k) Profit Sharing and Trust (the “Plan”) is provided for general information purposes only. Participants should refer to the Plan agreement for a more complete description of the Plan’s provisions.

General

The Plan is a defined contribution plan and was established for the purpose of providing all eligible employees of Asahi Intecc U.S.A., Inc. (the “Company”) with a method to supplement retirement income. All employees are eligible to participate in the Plan except for a) employees covered by certain collective bargaining agreements specified in the Plan documents, b) certain nonresident aliens who have no earned income from the Company which constitutes income from sources within the United States.

An employee will be eligible to participate in the Plan when an employee has reached age 21 and has completed with at least three consecutive months of service. Entry date will be the first day of the month coinciding with or next following the date an employee satisfies the eligibility requirements. The Plan consists of employee contributions, and matching and discretionary profit sharing contributions from the employer. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”).

Contributions

Each eligible employee participating in the Plan (the “participant”) may elect to contribute to the Plan up to the legal maximum percentage of their annual compensation. Participants’ contributions are limited annually by the Internal Revenue Service (\$20,500 per individual with an additional \$6,500 catch-up contribution for individuals who are at least 50 years of age by the end of 2022). Transfers from qualified plans are allowed under the provision of the Plan. The Company makes safe harbor matching contributions as defined in the Plan, and the matching contribution equals to 100% for the elective deferral percentage up to 3%, and 50% for elective deferral percentage of greater than 3% but less than or equal to 5% of the participant’s compensation for the plan year. At the end of the plan year, the Company, at the discretion of its board of directors, also may make profit-sharing contributions, as defined in the plan document. Profit-sharing contributions are allocated to eligible participants based upon the percentage of the participants’ compensation to the total compensation of all eligible participants. No discretionary contributions have been made by the Company in 2022.

1. Description of Plan (Continued)

Participant Accounts

Each participant's account is credited with the participant's contribution and the Company matching contributions, as well as allocations of the Plan earnings and Company's profit-sharing contribution, if any. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participants' earnings, account balances, or specific participant transactions, as defined. The benefits to which a participant is entitled are the benefits that can be provided from the participant's vested account.

Vesting

Participants are vested immediately in their contributions plus actual earnings thereon. A participant becomes fully vested in the Company's matching and profit-sharing contributions in each plan year with required service hours. Participants automatically become fully vested when the employee reaches normal retirement age, upon the employee's death or the employee incurs a disability.

Benefit Payments and Withdrawals

Benefits may be withdrawn upon termination of employment, becoming disable, and/or attaining normal retirement age (age 60). Upon termination, participants with a vested account balance in the Plan of less than \$5,000 will have a lump-sum payment made directly to them. Participants with a vested balance more than \$5,000 may elect to receive a lump sum payment, equal installment payments over the period specified in the Plan, or choose to defer payments until they attain age 70½ or retire, whichever is later. Participants may withdraw their vested balance before normal retirement age in certain circumstances and subject to the Plan's provision.

Administrative Expenses

Reasonable administrative expenses of the Plan may be paid by the Plan to the extent not paid by the employer.

Investment Options

A participant may direct participant and employer contributions into various investment options offered by the Plan.

Hardship Withdrawals

The Plan permits withdrawals of active participant's elective contributions only in amounts necessary to meet financial hardship as defined by the Plan agreement. Effective January 1, 2019, a participant no longer has to exhaust all loan options before taking a hardship withdrawal and can continue to make elective deferrals immediately after the withdrawal.

1. Description of Plan (Continued)

Notes Receivable from Participants

Under the provision of the Plan, a participant may obtain a loan for a minimum of \$1,000 up to a maximum amount equal to the lesser of 50% of their vested interest in the Plan, or \$50,000. A participant may be granted one loan at any one time. Most loans are required to be repaid within 5 years with exception of loans used for the purchase of a principal residence, which can be repaid over a period of up to 10 years. The interest rate applied to participant loans is at the Prime Rate plus 1%.

Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of the plan termination, participants will become 100% vested in their accounts.

Forfeitures

Forfeitures of all employer contribution will be allocated as of the earlier of (1) the last day of the plan year in which the former Participant incurs five consecutive 1 year breaks in service, or (2) the distribution of the entire vested portion of the participant's account and will be used to reduce future employer contribution and to pay administrative expenses under the Plan. There were no forfeitures for the year ended December 31, 2022, and there were no forfeiture balances as of December 31, 2022 and 2021.

2. Summary of Significant Accounting Policies

Basis of Accounting

The Plan's financial statements are prepared on the accrual basis of accounting.

Use of Estimate

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

2. Summary of Significant Accounting Policies (Continued)

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements.

Purchases and sales of investments are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) in aggregate fair value includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Management fees and operating expenses charged to the Plan for investments are deducted from income earned on a daily basis and are not separately reflected. Consequently, such management fees and operating expenses are reflected as a reduction of net appreciation or as an addition to net depreciation in fair value for investments.

Contributions

Participant and Company contributions are recorded in the period during which the Company makes payroll deductions from the participants' pay.

Payment of Benefits

Benefits payments are recorded when paid.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued unpaid interest. Delinquent notes receivable from participants are categorized as deemed distributions based on the terms of the plan documents. If a participant is terminated and the outstanding balance becomes default, the balance is treated as a taxable distribution and no longer outstanding. If the participant is still active and fails to make payments when due, the loan is considered to be in default and treated as a taxable distribution, but the fund remains as an outstanding loan for financial statement reporting purpose. No allowance for credit loss was recorded as of December 31, 2022 and 2021.

3. Certified Information

Certain information related to investments and notes receivable from participants disclosed in the accompanying financial statements and ERISA-required supplemental schedules, including investments and notes receivable from participants held at December 31, 2022 and 2021, and net appreciation in fair value of investments, interest and dividends, and interest income on notes receivable from participants for the year ended December 31, 2022, was obtained by the plan administrator and agreed to or derived from information certified as complete and accurate by John Hancock Trust Company LLC, the custodian of the Plan.

4. Fair Value Measurements

The fair value of financial assets and liabilities is measured in accordance with ASC (“Accounting Standards Codification”) Topic 820. Under ASC Topic 820, fair value is defined as the exit price, representing the amount that would be received in the sale of an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. ASC Topic 820 establishes a framework for measuring the fair value of financial assets and liabilities. This framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under ASC Topic 820 are described below:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in inactive markets; inputs other than quoted prices that are observable for the asset or liability; or inputs that are derived principally from or can be corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and are significant to the fair value measurement.

The asset’s fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

4. Fair Value Measurements (Continued)

The valuation methodologies used for assets measured at fair value are as follows:

Mutual funds:

Valued at the daily closing price as reported by the registered investment companies. These mutual funds held by the Plan are open-ended funds that are registered with the Securities and Exchange Commission. These mutual funds are required to publish their daily net asset value (“NAV”) and to transact at that price. These funds held by the Plan are deemed to be actively traded.

Common/collective trusts:

Investments held by common/collective trusts are valued at NAV, which is used as a practical expedient to estimate fair value. The NAV is generally based on the fair value of the underlying investments held by common/collective trusts less its liabilities. The NAV of John Hancock Stable Value Fund R6 is based on the contract value of fully benefit-responsive contracts held by the collective investments trust. There are no redemption restrictions or unfunded commitments related to the collective investment trust, and the funds can be redeemed daily with no notice period.

The following table sets forth by level, within the fair value hierarchy, the Plan’s assets at fair value as of December 31, 2022 and 2021:

	December 31, 2022			
	Fair Value Measurements			
	Level 1	Level 2	Level 3	Total
Investment Contract:

Common/collective trusts measured at NAV*				304,145
Investments at fair value				\$ 12,182,648

* In accordance with ASC Subtopic 820-10, certain investments that were measured at NAV per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented on the statement of net assets available for benefits.

4. Fair Value Measurements (Continued)

The following table summarizes investments measured at fair value based on NAV per share as of December 31, 2022 and 2021, respectively.

	December 31, 2022	December 31, 2021	Unfunded Commitments	Redemption Frequency (if currently eligible)	Redemption Notice Period
Common/collective trusts	\$ 407,094	\$ 304,145	None	Daily	N/A

5. Exempt Party-in-Interest Transactions

The Plan has investments in a collective investment trust, which is managed by John Hancock Life Insurance Company (U.S.A.), a related party to John Hancock Trust Company LLC, the current custodian and recordkeeper of the Plan. These investments and transactions qualify as exempt party-in-interest transactions. Notes receivable from plan participants and related interest income are also considered exempt party-in-interest transactions.

Fees paid by the Plan to John Hancock Trust Company LLC for the year ended December 31, 2022 amounted to \$86,709. Certain administrative functions are performed by officers and employees of the Company. No such officers or employees receive compensation from the Plan.

6. Tax Status

The plan administrator obtained an Internal Revenue Service (“IRS”) opinion letter, dated June 30, 2020, in which the IRS stated that the prototype adopted by the Plan, as then designed, qualifies under section 401(a) of the Internal Revenue Code (“IRC”). The Plan has not received a determination letter specific to the Plan itself. However, the plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC, and therefore believes that the Plan is qualified and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require the plan administrator to evaluate tax positions taken by the Plan and recognize a tax liability for any uncertain position that more likely than not would not be sustained upon examining by the IRS. The plan administrator has analyzed the tax positions taken by the Plan and has concluded that as of December 31, 2022 and 2021, there are no uncertain tax positions taken or expected to be taken.

The Plan is subject to routine audits by tax authorities; however, there are currently no audits for any tax periods in progress. The plan administrator believes the Plan is no longer subject to income tax examination for years prior to 2019.

7. Risk and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits

8. Subsequent Events

Subsequent events have been evaluated through October 13, 2023, the date the financial statements were available to be issued. There were no events that occurred subsequent to December 31, 2022 that would require recognition or disclosure in the financial statements.
