Comanche County Medical Center 403(b) Plan
Notes to Financial Statements
December 31, 2022 and 2021

1. DESCRIPTION OF THE PLAN

The Comanche County Medical Center 403(b) Plan (the "Plan") is a defined contribution plan covering substantially all eligible employees of Comanche County Medical Center (the "Company" or "Plan Sponsor"). The Plan became effective December 1, 2017 and is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Plan is part of the Texas Hospital Association Participant Directed Retirement Program for Member Hospitals Group Trust ("Group Trust"). All plan assets are held by Charles Schwab Trust Bank, the custodian. Complete information regarding the Plan is included in the Plan Agreement. Significant Plan provisions are summarized below.

Eligibility

Employees of the Company are eligible to participate in the Plan upon the date the eligibility requirements are met and the attainment of 18 years of age. Union employees, leased employees, student employees, employees who normally work less than 20 hours per week, and PRN (per diem) employees are not eligible to participate in the Plan.

Contributions

Participants are allowed to make elective pre-tax or Roth contributions to the Plan, subject to limitation under the Internal Revenue Code (IRC). Participants who have attained age 50 are eligible to make catch-up contributions. Participants may also contribute amounts representing rollovers from other qualified retirement plans or individual retirement accounts. The Plan includes an automatic enrollment provision whereby all newly eligible employees are automatically enrolled in the Plan upon meeting the Plan's eligibility requirements unless they have in effect a salary reduction agreement on the automatic deferral effective date or affirmatively elect not to participate in the Plan. All new entrants to the Plan are automatically enrolled at a 3% deferral rate with a 1% automatic increase on the first day of the Plan year, up to a maximum of 7% of eligible compensation.

The Company makes contributions to the Plan of amounts determined and authorized by the Plan and the Company's Board of Directors up to the maximum amounts permitted by the IRC. The Company may make discretionary non-elective or matching contributions. No discretionary contributions were approved or made to the Plan for 2022. The Company makes matching contributions to a separate 401(k) plan sponsored by the Company, the Comanche County Medical Center Employees Retirement Plan, based upon each participant's contribution to the Plan.

Participant accounts

Participants direct the investment of their accounts among various investment options offered by the Plan. Participants may change their investment options daily.

1. DESCRIPTION OF THE PLAN (continued)

Participant accounts (continued)

Each participant's account is credited with (a) the participant's contributions, (b) an allocation of employer contributions, and (c) an allocation of investment earnings, and is charged with (a) withdrawals, (b) an allocation of investment losses, and (c) certain administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

SECURE 2.0

An expansion of Setting Every Community Up for Retirement Enhancement Act of 2019 ("SECURE 2.0") was signed into law on December 29, 2022, as part of the Consolidated Appropriations Act of 2023. The effective dates of provisions within SECURE 2.0 vary through 2026. The Plan Sponsor has until the end of the first plan year beginning on or after January 1, 2025 to amend the Plan for the changes related to SECURE 2.0. The Plan has not been formally amended to adopt these provisions as of the date the financial statements were available to be issued.

Vesting

Participants are immediately vested in their contributions, including rollover contributions, plus actual earnings thereon. Vesting in the Company's discretionary contributions plus actual earnings thereon is based on years of credited service, as defined. A participant is 100% vested upon death, disability, or retirement.

Company discretionary contributions are subject to the following vesting schedule:

Years of Service	Percentage
Less than 1 year	0 %
1	20 %
2	40 %
3	60 %
4	80 %
5 years or more	100 %

Forfeitures

Non-vested balances of participants' accounts may be subject to forfeiture upon termination of their employment with the Company. A forfeiture occurs in the Plan year in which the participant either receives a distribution of their vested account or has five consecutive breaks in service, as defined by the Plan. Forfeitures are retained in the Plan and used either to pay Plan administrative expenses or to reduce future employer contributions. There were no forfeitures in 2022.

1. DESCRIPTION OF THE PLAN (continued)

Notes receivable from participants

Participants may borrow from their accounts a minimum of $1,000 and up to a maximum of i) $50,000 reduced by the highest outstanding note receivable balance over the prior twelve months or ii) 50% of their vested account balance, whichever is less. Notes receivable from participants are secured by the vested balance in the participant's account and bear interest at the prime rate plus 1%. Participants may only have one note receivable outstanding at a time. Principal and interest are paid ratably through payroll deductions over a period generally not to exceed five years.

Payment of benefits

Upon termination of service due to death, disability, normal retirement, or termination of employment, a participant is entitled to receive an amount equal to the vested interest in his or her account, payable in a lump sum form. Partial withdrawals or installments are only permitted for participants or beneficiaries who must receive required minimum distributions. In general, if a participant's vested account balance, as defined by the Plan, is greater than $5,000 and employment is terminated other than due to death or normal retirement, the account may not be distributed before normal retirement without the participant's consent. Participants' account balances that are less than or equal to $5,000, but in excess of $1,000 (the involuntary cash-out amount) will be paid as a direct rollover to an individual retirement account. However, regardless of participant election as to the payment, the Plan may, upon termination of service of a participant for any reason, pay the benefits owed in a lump sum if the account balance is less than the involuntary cash-out amount. Distributions are subject to the applicable provisions of the Plan agreement.

In-service withdrawals of all or a portion of a participant's vested account balance may be withdrawn by a participant after reaching age 59 ½. In-service withdrawals of all or a portion of a participant's rollover account balance may be withdrawn at any time.

Withdrawals from a participant's pre-tax or Roth elective deferral account may also be made upon circumstances of financial hardship, in accordance with the provisions specified in the Plan. Hardship withdrawals are strictly regulated by the Internal Revenue Service (IRS).

Distributions from the Plan will normally be subject to income taxes and in certain circumstances may also be subject to IRS penalties, unless the distribution is transferred to another qualified plan or individual retirement account.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of accounting and financial statement presentation

The accompanying financial statements have been prepared using the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America ("U.S. GAAP").

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

Use of estimates

The preparation of the financial statements in conformity with U.S. GAAP requires Plan management to make estimates and assumptions that affect the reported amounts of net assets available for benefits and changes therein. Actual results could differ from those estimates.

Risks and uncertainties

The Plan provides for investments in various investment securities, which, in general, are exposed to various risks, such as interest rate, credit, and overall market volatility risks. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participant account balances and the amounts reported in the financial statements and supplemental schedule.

Investment valuation and income recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan Administrator determines the Plan's valuation policies utilizing information provided by the investment advisers, custodians and insurance company. See Note 3 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Interest in Texas Hospital Association Participant Directed Retirement Program for Member Hospitals Group Trust investment income includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Management fees and expenses charged to the Plan for investments in mutual fund accounts are deducted from income earned on a daily basis and are not separately reflected. Consequently, management fees and operating expenses are reflected as a reduction of investment return for such investments.

Notes receivable from participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. For participant loans that become delinquent, are not cured and result in default, the amount of the unpaid loan principal and interest due to the Plan will be treated as a deemed distribution. Deemed distributions are reported as a taxable distribution and remain part of the participant's account balance until a distributable event occurs (i.e. as termination of employment).

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

Contributions & contributions receivable

Contributions from participants and related receivables are recorded based on the date the contributions are separated from the participants' pay (pay date). The Plan records receivables for participants' contributions based upon the contribution recognized, less amounts received by the Plan as of the last day of the Plan year. Contributions from the Company are recorded in the year earned to coincide with the year in which the Company records the contributions to its general ledger. The Plan records receivables for Employer contributions based upon the contributions recognized, less amounts received by the Plan as of the last day of the Plan year.Rollover contributions from participants are recorded based on the date the rollover contributions have been received by the Plan's trustee.

Payment of benefits

Benefits to participants are recorded by the Plan when actual payment is made.

Expenses

The Plan permits the payment of plan expenses to be made from the Plan's assets. If the Employer does not pay these expenses, then the expenses paid using the Plan's assets will generally be allocated either proportionately based on the value of the account balances or as an equal dollar amount based on the number of participants in the Plan. The method of allocating the expenses depends on the nature of the expense itself. Transaction charges for participant-directed transactions, including notes receivable from participants and benefit payments, and are paid by the Plan by reducing the balances of those participants initiating the transactions. Investment related expenses are included in change in Plan interest in Texas Hospital Association Participant Directed Retirement Program for Member Hospitals. The Plan is not required to reimburse the Plan Sponsor for expenses paid on its behalf.

Subsequent events

The Plan evaluated events occurring between the end of the most recent fiscal year and through the report date, October 16, 2023, the date the financial statements and supplemental schedule were available to be issued.

Effective January 1, 2023, the Plan was amended to add Texas Outpatient & Infusions Center as a participating employer.

3. INVESTMENT IN GROUP TRUST

The Plan's assets are held in the Group Trust. Investments are specifically allocated to the participating member plans based on the underlying investments and activity of the member plan in the Group Trust is participant-directed.

3. INVESTMENT IN GROUP TRUST (continued)

The following table presents the net assets available for benefits of the Group Trust on a modified cash basis as of December 31, 2022:

	Group Trust	Plan's Interest in Group Trust
Cash and cash equivalents	$ 70,967	$ 209
Investments, at fair value	119,923,669	1,820,806
	119,994,636	1,821,015
Investments at Contract Value	10,588,976	71,524
	$ 130,583,612	$ 1,892,539

The following table presents the net assets available for benefits of the Group Trust on a modified cash basis as of December 31, 2021:

	Group Trust	Plan's Interest in Group Trust
Cash and cash equivalents	$ 164,356	$ 370
Investments at fair value	140,749,645	1,638,069
	140,914,001	1,638,439
Investments at contract value	11,054,323	58,617
	$ 151,968,324	$ 1,697,056

The following table presents the investment income for the Group Trust for the year ended December 31, 2022:

Dividends, interest and other investment income	$ 3,346,154
Net realized and unrealized gain (loss)	(26,269,814)
	$ (22,923,660)

The guidance for fair value measurement establishes the authoritative definition of fair value, sets out a framework for measuring fair value, and outlines the required disclosures regarding fair value measurements. Fair value is the price that would be received to sell an asset or paid to transfer a liability (an exit price) in the principal or most advantageous market for the asset or liability in an orderly transaction between market participants at the measurement date.

The Group Trust uses a three-tier fair value hierarchy based upon observable and non-observable inputs as follows:

3. INVESTMENT IN GROUP TRUST (continued)

- *Level 1* - Quoted prices (unadjusted) in active markets for identical assets or liabilities that the Trust has the ability to access at the measurement date.
- *Level 2* - Inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly or indirectly.
  If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.
- *Level 3* - Unobservable inputs developed using the Trust's estimates and assumptions which reflect those that market participants would use.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for investments measured at fair value. There have been no changes in the methodologies used at December 31, 2022 and 2021.

- Mutual funds: Valued at the net asset value of shares held by the Group Trust at year end.

The Plan's investment in the Group Trust is stated at fair value. It is held by a bank-administered trust fund. The Group Trust is comprised primarily of mutual funds and a guaranteed income fund. If available, the Group Trust uses quoted market values to value investments; if not, market values for similar investments are used to estimate the fair value of the investments. Many factors are considered in arriving at the fair value.

The following table sets forth by level, within the fair value hierarchy, the Group Trust's assets at fair value as of December 31, 2022:

	Level 1	Level 2	Level 3	Fair Value
Mutual Funds	$120,669,765	$ -	$ -	$120,669,765

The Group Trust participates in a contract with Prudential Retirement Insurance and Annuity Company Life (PRIAC) via an investment in the Prudential Guaranteed Income Fund (GIF), which is a traditional group annuity insurance product. PRIAC commingles the assets of the GIF with other assets. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses.

Because the GIF is fully benefit-responsive, contract value is the relevant measurement attribute for that portion of the net assets available for benefit attributable to the investment contract. Contract value, as reported to the Group Trust by PRIAC represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

3. INVESTMENT IN GROUP TRUST (continued)

Generally, there are not any events that could limit the ability of the Group Trust to transact at contract value paid within 90 days or in certain rate-based circumstances, paid over time. There are not any events that allow the issuer to terminate the contract and which require the Group Trust to settle at an amount different than contract value paid either within 90 days or over time.

4. INFORMATION PREVIOUSLY REPORTED AS CERTIFIED BY THE CUSTODIAN

The Plan Administrator previously elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. However, management has determined that Charles Schwab Trust Bank, the custodian of the Plan was unable to certify, in accordance with the DOL's Rules and Regulations, that the following data included in the accompanying financial statements and supplemental schedule is complete and accurate, because all the Plan Sponsor's assets of more than one plan are in one custodial account:

- Investment in the Group Trust and notes receivable from participants, as shown in the statements of net assets available for benefits as of December 31, 2022 and 2021.
- Total investment income (loss), including interest in investment income in the Group Trust, and interest income on notes receivable from participants, as shown in the statement of changes in net assets available for benefits for the year ended December 31, 2022.
- Schedule H, Line 4i – schedule of assets (held at end of year) as of December 31, 2022.

Though the Custodian can confirm the existence of the assets, it is a third party, the recordkeeper, which keeps track of the relative assets in the trust that belong to each plan. The Plan administrator has requested that the Plan's independent auditor perform a "full-scope" audit in accordance with applicable professional standards and DOL Rules and Regulations.

5. RELATED PARTY AND PARTY-IN-INTEREST TRANSACTIONS

Plan assets include notes receivables from participants and an investment in the Group Trust. Fees incurred by the Plan for the investment management services are included in Group Trust investment income on the accompanying statement of changes in net assets available for benefits, as they are paid through revenue sharing or directly by the Group Trust, rather than through a direct payment by the Plan. Investment oversight of the Group Trust is managed by an appointed board of hospital executives called the Board of Successor Trustees (the "Trustees"). The Plan pays certain administrative fees to Texas Hospital Association, the Plan Administrator, under an agreement with the Trustees to provide such services.

6. PLAN TERMINATION

Although it has not expressed any intent to do so, the Employer has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of the termination of the Plan, the individual accounts of all participants shall become fully vested. After deducting all charges and expenses, the balances of all individual accounts will be adjusted and the remaining assets distributed.

7. TAX STATUS

The Plan adopted a volume submitter plan document which received an advisory letter from the IRS on March 31, 2017 which stated that the volume submitter plan document is designed in accordance with the applicable sections of the IRC. The Plan has adopted other discretionary amendments. The Plan administrator believes that the Plan, as adopted and amended, is currently designed and being operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income taxes is included in the Plan's financial statements.

INDEPENDENT AUDITOR'S REPORT

To the Plan Administrator
Comanche County Medical Center 403(b) Plan
Austin, Texas

Opinion

We have audited the accompanying financial statements of Comanche County Medical Center 403(b) Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), which comprise the statements of net assets available for benefits as of December 31, 2022 and 2021, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

In our opinion, the financial statements referred to above present fairly, in all material respects, the net assets available for benefits of Comanche County Medical Center 403(b) Plan as of December 31, 2022 and 2021, and the changes in its net assets available for benefits for the years then ended, in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audits of the Financial Statements section of our report. We are required to be independent of Comanche County Medical Center 403(b) Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Emphasis of Matter - Auditor's Updated Opinion on 2021 Financial Statements

In our report dated October 11, 2022, we expressed an opinion on the 2021 financial statements in accordance with ERISA Section 103(a)(3)(C). As described in Note 4 to the financial statements, management determined that an audit under ERISA Section 103(a)(3)(C) was not permissible in the circumstances. Accordingly, our present "full scope" opinion on the 2021 financial statements, as presented herein, is different from the ERISA Section 103(a)(3)(C) opinion expressed in our previous report.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Comanche County Medical Center 403(b) Plan's ability to continue as a going concern within one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audits of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing audits in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audits.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audits in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Comanche County Medical Center 403(b) Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Comanche County Medical Center 403(b) Plan's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audits, significant audit findings, and certain internal control related matters that we identified during the audits.

Other Matter - Supplemental Schedule Required by ERISA

Our audits were conducted for the purpose of forming an opinion on the financial statements as a whole. The supplemental schedule of assets (held at end of year) as of December 31, 2022 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion, the information in the accompanying schedule is fairly stated, in all material respects, in relation to the financial statements as a whole, and the form and content are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
