INDEPENDENT AUDITOR'S REPORT

To the Trustees and Plan Administrator of the
Corrugated Supplies Company, LLC 401(k) Plan
Bedford Park, Illinois

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Corrugated Supplies Company, LLC 401(k) Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2022, and 2021, and the related statement of changes in net assets available for benefits for the year ended December 31, 2022, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of Corrugated Supplies Company, LLC 401(k) Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2022, and 2021 and for the year ended December 31, 2022, stating that the certified investment information, as described in Note D to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section—

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Corrugated Supplies Company, LLC 401(k) Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Corrugated Supplies Company, LLC 401(k) Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current Plan instrument, including all Plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than the one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Corrugated Supplies Company, LLC 401(k) Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Corrugated Supplies Company, LLC 401(k) Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures related to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with the accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedule Required by ERISA

The supplemental Schedule H, Line 4i - Schedule of Assets (Held at End of Year) as of December 31, 2022 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, is presented in conformity with the Department of Labor's Rule and Regulations for Reporting and Disclosure under ERISA.

In our opinion-

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

NOTES TO FINANCIAL STATEMENTS

December 31, 2022 and 2021

NOTE A--DESCRIPTION OF PLAN

The following description of the Corrugated Supplies Company, LLC 401(k) Plan (the "Plan") provides only general information. Users should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is sponsored by Corrugated Supplies Company, LLC (the "Company") for employees that meet specific eligibility requirements, as defined in the Plan's provisions. Affiliated company MiniMill Management, LLC is a participating employer under the Plan for the benefit of their employees and is bound by all elections selected by the Company. The Plan, designated as a defined contribution plan, was originally established on September 1, 1997, and most recently amended and restated January 1, 2022 (see Note J). The Plan provides for contributions to be made under salary deferral agreements pursuant to Section 401(k) of the Internal Revenue Code (the "Code"). Non-leased employees of the Company are eligible to participate after completing one month of service. Employees are eligible to enter the Plan on the first day of the month following satisfaction of the eligibility requirements (see Note J).

The Plan is subject to the provisions of the Employee Retirement Income and Security Act of 1974 ("ERISA"). The Plan Administrator and Plan Trustees are responsible for oversight of the Plan, determining the appropriateness of investment offerings and monitoring investment performance.

Contributions

Eligible participants may elect to contribute Roth and pre-tax deferred compensation to the Plan by means of a salary deferral agreement up to the maximum limit permitted by law. Contributions are, thus, subject to limitations as provided in the Code and as described in the Plan's provisions. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified plans (rollover) in accordance with Plan provisions.

The Plan includes an auto-enrollment provision, whereby all newly eligible employees are automatically enrolled in the Plan unless they affirmatively elect not to participate in the Plan. Automatically enrolled participants have their deferral rate set at 3 percent, amended to 4 percent at January 1, 2022, of eligible compensation and their contributions invested in the investment option designated from time to time by the Plan Trustees as the default investment, until changed by the participant (see Note J).

The Company may make discretionary matching contributions to the Plan in accordance with Plan provisions. Eligibility requirements for matching contributions are the same as general Plan eligibility requirements. Employees are eligible to receive the matching contributions on the first day of the month coinciding with or next following satisfaction of meeting the eligibility requirements.

The Company may make discretionary non-elective contribution to the Plan in accordance with the Plan provisions. Employees must complete one year of service with at least 1,000 hours completed during the year and be employed at the end of the Plan year in order to be eligible to receive an allocation of the non-elective employer contribution.

Salary deferral contributions are funded proximate to the withholding date. Discretionary contributions, if any, are funded annually after the close of the Plan year and within statutory time frames.

NOTES TO FINANCIAL STATEMENTS

December 31, 2022 and 2021

NOTE A--DESCRIPTION OF PLAN-continued

Participant Accounts

Each participant's account is credited with the participant's contribution, if any, and the Company's discretionary contributions, if any, as well as allocations of (a) Plan earnings or losses, (b) forfeitures of terminated participants' non-vested accounts, and (c) administrative expenses paid by the Plan. Allocations are based on participant account balances or compensation or specific participant transactions, as defined in the Plan agreement. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Investment Options

Upon enrollment in the Plan, participants may elect the way in which contributions are invested in a variety of investment choices within the Plan as more fully described in the Plan's literature. The investment elections will apply to both participant and employer contributions. Participants may change their investment options at any time. During any period in which there is no participant direction on file with the Custodians as to the investment of a participant's account, 100 percent of that participant's account will be invested in the investment option designated from time to time by the Custodians as the default investment. The Plan currently offers various registered investment companies, pooled separate accounts and a fixed annuity contract as investment options for participants.

Vesting

Participants are immediately vested in their contributions and the discretionary match plus actual earnings thereon. Vesting in the Company's discretionary profit-sharing contributions portion of their accounts plus actual earnings thereon is based on years of credited service, as presented below. Participants who attain the normal retirement age of 65 or who terminate employment due to death or disability become 100 percent vested in their account balances.

<u>Years of Credited Service</u>	<u>Vested Percentage</u>
Less than 1	0%
2	20%
3	40%
4	60%
5	80%
6	100%

Notes Receivable from Participants

Participants may borrow from their accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50 percent of their vested interest in the Plan, reduced by the participant's highest outstanding loan balance in the previous twelve months and any existing loan balance. The loans are collateralized by the participant's account balance and bear interest at a reasonable rate commensurate with local prevailing rates as determined by the Plan Administrator. The interest rates applied to current loans outstanding are 4.25 to 8.50 percent. Principal and interest are paid ratably through payroll deductions.

NOTES TO FINANCIAL STATEMENTS

December 31, 2022 and 2021

NOTE A--DESCRIPTION OF PLAN-continued

Payment of Benefits

Upon termination of employment due to death, disability, normal retirement age of sixty-five, or Plan termination, a participant is entitled to 100 percent of their account balance. Upon termination of employment due to early retirement age of sixty, a participant is entitled to 100 percent of the participant's contributions and discretionary matching contributions and subject to the Plan's vesting provisions in their discretionary profit-sharing contributions. For termination of employment for other reasons, a participant is entitled to 100 percent of the participant's contributions and the vested portion of the Company's contributions based upon the Plan's vesting provisions in a lump sum. In-service and hardship withdrawals, subject to certain restrictions, are also permitted.

Account balances in excess of \$5,000 (not including rollover account balances) will be made as soon as administratively feasible following the date the Plan Administrator receives a written request for distribution.

Mandatory distributions of less than \$5,000 (not including rollover account balances) will be paid in a single lump-sum payment. The Plan will make the distribution as a direct rollover for any amounts greater than \$1,000. These distributions will be made if a participant does not elect to have such distribution paid directly to an eligible retirement plan specified by the participant in a direct rollover or does not elect to receive the distribution directly.

Forfeited Accounts

If a participant is not fully vested upon termination, the non-vested portion of the account is forfeited. Forfeited non-vested accounts may be used to reinstate any previously forfeited amounts of certain former participants who are rehired. The remaining forfeitures will first be used to pay the administrative expenses of the Plan, as directed by the employer, with the remaining amounts used to reduce future employer contributions. At December 31, 2022 and 2021 forfeited non-vested accounts totaled \$16,911 and \$17,316, respectively. During the year ending December 31, 2022, the Plan used \$69,818 of the forfeited non-vested accounts to offset and employer contributions and \$5,266 of the forfeited non-vested accounts to pay plan expenses.

Allocated Insurance Contracts

The Plan may purchase allocated insurance contracts for eligible participants from an insurance company in accordance with Plan provisions. If purchased, the participant's account will be reduced by the amount of the premiums paid. These contracts are appropriately reported on Schedule A of the Form 5500 and excluded from the accompanying financial statements in accordance with accounting principles generally accepted in the United States of America and ERISA regulations. The Plan had no such contracts purchased at December 31, 2022 and 2021.

NOTE B--SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting.

NOTES TO FINANCIAL STATEMENTS

December 31, 2022 and 2021

NOTE B--SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES-continued

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan's management to use estimates and assumptions that affect reported amounts of assets, liabilities and changes therein and disclosure of contingent assets and liabilities. Accordingly, actual results may differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value, except for the guaranteed interest contract, which is at contract value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Profit Sharing and 401(k) Oversight Committee determines the Plan's valuation policies utilizing information provided by the investment Custodian and insurance company. See Note C for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net depreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when incurred. No allowance for credit losses has been recorded at December 31, 2022 and 2021. If a participant ceases to make loan repayments and the Plan Administrator deems the participant loans to be in default, the participant loan balance is reduced, and a benefit payment is recorded. During the plan year ended December 31, 2022, \$12,659 of notes receivable from participants were deemed distributed.

Payment of Benefits

Benefits are recorded when paid.

Administrative Expenses

Certain expenses of maintaining the Plan are paid directly by the Company and are excluded from these financial statements. Fees related to the administration of notes receivable and benefit payments are charged directly to the participant's account and are included in notes receivable from participants and benefits paid to participants. Investment-related expenses are included in net appreciation of the fair value of investments.

Subsequent Events

Management of the Plan has evaluated subsequent events through October 16, 2023, which is the date the financial statements were available to be issued.

NOTES TO FINANCIAL STATEMENTS

December 31, 2022 and 2021

NOTE C--FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets.
- Quoted prices for identical or similar assets or liabilities in inactive markets.
- Inputs other than quoted prices that are observable for the asset or liability.
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

Should an investment be re-characterized from one level to another level, Plan management would state the basis for the change. Under such circumstances the Plan would report the transfers in and transfers out at the beginning of the Plan quarter when change occurs.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to their fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for Plan assets measured at fair value. There have been no changes in the methodologies used at December 31, 2022 and 2021.

Registered investment companies: Registered investment companies value mutual funds at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the U.S. Securities and Exchange Commission. These funds are required to publish their daily net asset value ("NAV") and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Pooled separate accounts: Shares of pooled separate accounts are valued at the NAV of units held by the Plan at year end. The NAV is the basis for current transactions and the pooled separate accounts can be redeemed at NAV as of the measurement date, therefore, this investment has a readily determinable fair value. Participant transactions (sales and purchases) may occur daily, and shares can be redeemed on a daily basis.

NOTES TO FINANCIAL STATEMENTS

December 31, 2022 and 2021

NOTE C--FAIR VALUE MEASUREMENTS-continued

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2022 and 2021:

*In accordance with Subtopic 820-10, certain investments that were measured at net asset value per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statement of net assets available for benefits.

Fair value of Investments in Entities that Use NAV

The following tables summarize investments measured at fair value based on NAV per share as of December 31, 2022 and 2021, respectively. There are no participant redemption restrictions for these investments; the redemption period is applicable only to the Plan.

NOTES TO FINANCIAL STATEMENTS

December 31, 2022 and 2021

NOTE D--INFORMATION CERTIFIED BY CUSTODIANS (UNAUDITED)

Certain information related to investments and notes receivable from participants disclosed in the accompanying financial statements and supplemental schedule, including investments from participants held at December 31, 2022 and 2021, and net depreciation in the fair value and contract value, as applicable, of investments, interest and dividends for the year ended December 31, 2022, was obtained or derived from information supplied to the Plan Administrator and certified as complete and accurate by the Custodians. Accordingly, as permitted by ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 for the Plan years ended December 31, 2022 and December 31, 2021 the Plan Administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to such information certified by Delaware Charter Guarantee and Trust Company d/b/a Principal Trust Company and Principal Life Insurance Company, the Plan Custodians as of December 31, 2022 and 2021, and for the year ended December 31, 2022.

Except for comparing such information as certified as being complete and accurate by the Custodians to information included in the Plan's financial statements and supplemental schedule, the Plan's independent auditors did not perform any auditing procedures on the certified information.

The following is a summary of information certified by the Custodians as of December 31, 2022 and 2021:

	2022	2021
Registered investment companies, at fair value*	\$22,778,570	\$25,421,687

NOTE E--FIXED ANNUITY

At December 31, 2022 and 2021, the Plan invests in a single group annuity contract with Principal Life Insurance Company as the issuer of the contract. In accordance with ASC Subtopic 820-10, this investment is presented in the financial statements at its contract value. Contract value is the relevant measurement attribute for the portion of the net assets available for benefits of a defined-contribution plan attributed to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. The value of the traditional investment contract at December 31, 2022 and 2021 is \$7,962,587 and \$7,463,622, respectively.

NOTES TO FINANCIAL STATEMENTS

December 31, 2022 and 2021

NOTE E--FIXED ANNUITY-continued

With traditional investment contracts, the Plan owns only the contract itself. With synthetic investment contracts, the Plan owns the underlying assets of the synthetic investment contract. The group annuity contract is deemed to be a traditional investment contract.

The annuity contract pays a fixed rate of interest. The contract is not a portfolio of contracts with yields based on changes in the fair value of underlying assets as would be found in a stable value fund. As a result, the average yield earned by the Plan is the yield earned (i.e., interest credited) on the group annuity contract. The interest crediting rate was 2.05% and 1.65% at December 31, 2022 and 2021, respectively, and is updated semiannually with the next crediting rate update scheduled for June 2023.

By definition, a group annuity contract is an insurance contract. As a result, the Plan may transact according to the terms defined in the contract at any time. Interest is credited to the Guaranteed Interest Fund on a daily basis from the date deposits are accepted until paid, transferred or applied in full. Fees may be paid in one of the following three ways: (1) by being netted from the effective annual interest rate; (2) by being paid separately by the Plan Sponsor; or by being deducted from the Guaranteed Interest Fund. Benefit payments are deducted from the value of the Guaranteed Interest Fund to the extent that the composite value is sufficient to make such payments. Payments and transfers are made in full within 3 business days after the date payment or transfer has been requested. In the event that market conditions are such that it is determined that they will not allow for the orderly transfer or sale of financial instruments, up to an additional 30 days may be required to make such payment or transfer.

Certain events limit the ability of the Plan to transact at contract value with the issuer. Such events include the following: (1) termination of a Plan's interest: if the Plan Sponsor wishes to terminate the Plan's interest, the value of the Plan's interest will be paid out in six installment payments. The first installment payment will be paid six months after the date of the notice to terminate the Plan's interest. Subsequent installment payments will be made on the same day of each year thereafter. In lieu of the six installment payment option, the record keeper may request payment be made on a date at least 90 days, but not more than 180 days from the date of the notice, subject to a potential Early Termination Charge and (2) termination of the contract: the Plan's contract shall be terminated on the date when arrangements have been made between the record keeper and Plan Sponsor and there are no guaranteed interest funds with a value greater than zero. The Plan Administrator does not believe that any events which would limit the Plan's ability to transact at contract value with participants are probable to occur.

NOTE F--RELATED PARTY TRANSACTIONS

Certain Plan investments are held and invested by the Custodians. The Custodians perform administrative and recordkeeping services for the Plan and, therefore, these transactions qualify as party in interest transactions. Fees paid by the Company to the Custodians are not material to the financial statements.

Certain employees of the Company provide administrative services for the Plan and are not reimbursed for their services by the Plan. Certain other administrative expenses are paid by the Company on behalf of the Plan. These amounts are not material to the financial statements.

NOTES TO FINANCIAL STATEMENTS

December 31, 2022 and 2021

NOTE G--PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their employer contributions.

NOTE H--TAX STATUS

On June 30, 2020, the Internal Revenue Service stated that the prototype plan document, subsequently adopted by the Plan, as then designed, qualified under section 401(k) of the Internal Revenue Code (the "IRC"). The Plan has been amended since receiving the determination letter. The Plan has not received a determination letter specific to the Plan itself; however, the Plan Administrator and the Plan's legal counsel believe that the Plan is qualified, and the related trust is tax-exempt. Therefore, no provision for income taxes has been included in the Plan's financial statements.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken uncertain tax positions that more likely than not would not be sustained upon examination by applicable taxing authorities. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan Administrator believes that the Plan is no longer subject to income tax examinations for years prior to 2019.

NOTE I--RISKS AND UNCERTAINTIES

The Plan's assets are invested directly and indirectly in various investment securities. Investments are exposed to various risks such as interest rate, market, and credit risks. The Plan's assets are subject to changes in the value of those underlying investments, including the potential for bankruptcy of one or more of the companies in which they are invested.

Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Participants who have borrowed from the Plan are all employees of the Company in various locations throughout the United States. Their ability to repay the notes could be affected by the economic conditions in the industry in general, the economic conditions of the location of the employees or the economic condition of the Company itself.

NOTE J--PLAN AMENDMENTS AND RESTATEMENT

Effective January 1, 2022, the Plan was amended to and restated the eligibility requirements for entry into the Plan. Eligible employees will be able to participate in the Plan after completing one month of service regardless of age, for all contribution types.

Effective January 1, 2022, the Plan was amended and restated to increase the automatic deferral rate from 3% to 4% (see Note A).

INDEPENDENT AUDITOR'S REPORT

To the Trustees and Plan Administrator of the
Corrugated Supplies Company, LLC 401(k) Plan
Bedford Park, Illinois

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Corrugated Supplies Company, LLC 401(k) Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2022, and 2021, and the related statement of changes in net assets available for benefits for the year ended December 31, 2022, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of Corrugated Supplies Company, LLC 401(k) Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2022, and 2021 and for the year ended December 31, 2022, stating that the certified investment information, as described in Note D to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section—

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Corrugated Supplies Company, LLC 401(k) Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Corrugated Supplies Company, LLC 401(k) Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current Plan instrument, including all Plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than the one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Corrugated Supplies Company, LLC 401(k) Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Corrugated Supplies Company, LLC 401(k) Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures related to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with the accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedule Required by ERISA

The supplemental Schedule H, Line 4i - Schedule of Assets (Held at End of Year) as of December 31, 2022 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, is presented in conformity with the Department of Labor's Rule and Regulations for Reporting and Disclosure under ERISA.

In our opinion-

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

NOTES TO FINANCIAL STATEMENTS

December 31, 2022 and 2021

NOTE A--DESCRIPTION OF PLAN

The following description of the Corrugated Supplies Company, LLC 401(k) Plan (the "Plan") provides only general information. Users should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is sponsored by Corrugated Supplies Company, LLC (the "Company") for employees that meet specific eligibility requirements, as defined in the Plan's provisions. Affiliated company MiniMill Management, LLC is a participating employer under the Plan for the benefit of their employees and is bound by all elections selected by the Company. The Plan, designated as a defined contribution plan, was originally established on September 1, 1997, and most recently amended and restated January 1, 2022 (see Note J). The Plan provides for contributions to be made under salary deferral agreements pursuant to Section 401(k) of the Internal Revenue Code (the "Code"). Non-leased employees of the Company are eligible to participate after completing one month of service. Employees are eligible to enter the Plan on the first day of the month following satisfaction of the eligibility requirements (see Note J).

The Plan is subject to the provisions of the Employee Retirement Income and Security Act of 1974 ("ERISA"). The Plan Administrator and Plan Trustees are responsible for oversight of the Plan, determining the appropriateness of investment offerings and monitoring investment performance.

Contributions

Eligible participants may elect to contribute Roth and pre-tax deferred compensation to the Plan by means of a salary deferral agreement up to the maximum limit permitted by law. Contributions are, thus, subject to limitations as provided in the Code and as described in the Plan's provisions. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified plans (rollover) in accordance with Plan provisions.

The Plan includes an auto-enrollment provision, whereby all newly eligible employees are automatically enrolled in the Plan unless they affirmatively elect not to participate in the Plan. Automatically enrolled participants have their deferral rate set at 3 percent, amended to 4 percent at January 1, 2022, of eligible compensation and their contributions invested in the investment option designated from time to time by the Plan Trustees as the default investment, until changed by the participant (see Note J).

The Company may make discretionary matching contributions to the Plan in accordance with Plan provisions. Eligibility requirements for matching contributions are the same as general Plan eligibility requirements. Employees are eligible to receive the matching contributions on the first day of the month coinciding with or next following satisfaction of meeting the eligibility requirements.

The Company may make discretionary non-elective contribution to the Plan in accordance with the Plan provisions. Employees must complete one year of service with at least 1,000 hours completed during the year and be employed at the end of the Plan year in order to be eligible to receive an allocation of the non-elective employer contribution.

Salary deferral contributions are funded proximate to the withholding date. Discretionary contributions, if any, are funded annually after the close of the Plan year and within statutory time frames.

NOTES TO FINANCIAL STATEMENTS

December 31, 2022 and 2021

NOTE A--DESCRIPTION OF PLAN-continued

Participant Accounts

Each participant's account is credited with the participant's contribution, if any, and the Company's discretionary contributions, if any, as well as allocations of (a) Plan earnings or losses, (b) forfeitures of terminated participants' non-vested accounts, and (c) administrative expenses paid by the Plan. Allocations are based on participant account balances or compensation or specific participant transactions, as defined in the Plan agreement. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Investment Options

Upon enrollment in the Plan, participants may elect the way in which contributions are invested in a variety of investment choices within the Plan as more fully described in the Plan's literature. The investment elections will apply to both participant and employer contributions. Participants may change their investment options at any time. During any period in which there is no participant direction on file with the Custodians as to the investment of a participant's account, 100 percent of that participant's account will be invested in the investment option designated from time to time by the Custodians as the default investment. The Plan currently offers various registered investment companies, pooled separate accounts and a fixed annuity contract as investment options for participants.

Vesting

Participants are immediately vested in their contributions and the discretionary match plus actual earnings thereon. Vesting in the Company's discretionary profit-sharing contributions portion of their accounts plus actual earnings thereon is based on years of credited service, as presented below. Participants who attain the normal retirement age of 65 or who terminate employment due to death or disability become 100 percent vested in their account balances.

<u>Years of Credited Service</u>	<u>Vested Percentage</u>
Less than 1	0%
2	20%
3	40%
4	60%
5	80%
6	100%

Notes Receivable from Participants

Participants may borrow from their accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50 percent of their vested interest in the Plan, reduced by the participant's highest outstanding loan balance in the previous twelve months and any existing loan balance. The loans are collateralized by the participant's account balance and bear interest at a reasonable rate commensurate with local prevailing rates as determined by the Plan Administrator. The interest rates applied to current loans outstanding are 4.25 to 8.50 percent. Principal and interest are paid ratably through payroll deductions.

NOTES TO FINANCIAL STATEMENTS

December 31, 2022 and 2021

NOTE A--DESCRIPTION OF PLAN-continued

Payment of Benefits

Upon termination of employment due to death, disability, normal retirement age of sixty-five, or Plan termination, a participant is entitled to 100 percent of their account balance. Upon termination of employment due to early retirement age of sixty, a participant is entitled to 100 percent of the participant's contributions and discretionary matching contributions and subject to the Plan's vesting provisions in their discretionary profit-sharing contributions. For termination of employment for other reasons, a participant is entitled to 100 percent of the participant's contributions and the vested portion of the Company's contributions based upon the Plan's vesting provisions in a lump sum. In-service and hardship withdrawals, subject to certain restrictions, are also permitted.

Account balances in excess of \$5,000 (not including rollover account balances) will be made as soon as administratively feasible following the date the Plan Administrator receives a written request for distribution.

Mandatory distributions of less than \$5,000 (not including rollover account balances) will be paid in a single lump-sum payment. The Plan will make the distribution as a direct rollover for any amounts greater than \$1,000. These distributions will be made if a participant does not elect to have such distribution paid directly to an eligible retirement plan specified by the participant in a direct rollover or does not elect to receive the distribution directly.

Forfeited Accounts

If a participant is not fully vested upon termination, the non-vested portion of the account is forfeited. Forfeited non-vested accounts may be used to reinstate any previously forfeited amounts of certain former participants who are rehired. The remaining forfeitures will first be used to pay the administrative expenses of the Plan, as directed by the employer, with the remaining amounts used to reduce future employer contributions. At December 31, 2022 and 2021 forfeited non-vested accounts totaled \$16,911 and \$17,316, respectively. During the year ending December 31, 2022, the Plan used \$69,818 of the forfeited non-vested accounts to offset and employer contributions and \$5,266 of the forfeited non-vested accounts to pay plan expenses.

Allocated Insurance Contracts

The Plan may purchase allocated insurance contracts for eligible participants from an insurance company in accordance with Plan provisions. If purchased, the participant's account will be reduced by the amount of the premiums paid. These contracts are appropriately reported on Schedule A of the Form 5500 and excluded from the accompanying financial statements in accordance with accounting principles generally accepted in the United States of America and ERISA regulations. The Plan had no such contracts purchased at December 31, 2022 and 2021.

NOTE B--SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting.

NOTES TO FINANCIAL STATEMENTS

December 31, 2022 and 2021

NOTE B--SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES-continued

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan's management to use estimates and assumptions that affect reported amounts of assets, liabilities and changes therein and disclosure of contingent assets and liabilities. Accordingly, actual results may differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value, except for the guaranteed interest contract, which is at contract value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Profit Sharing and 401(k) Oversight Committee determines the Plan's valuation policies utilizing information provided by the investment Custodian and insurance company. See Note C for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net depreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when incurred. No allowance for credit losses has been recorded at December 31, 2022 and 2021. If a participant ceases to make loan repayments and the Plan Administrator deems the participant loans to be in default, the participant loan balance is reduced, and a benefit payment is recorded. During the plan year ended December 31, 2022, \$12,659 of notes receivable from participants were deemed distributed.

Payment of Benefits

Benefits are recorded when paid.

Administrative Expenses

Certain expenses of maintaining the Plan are paid directly by the Company and are excluded from these financial statements. Fees related to the administration of notes receivable and benefit payments are charged directly to the participant's account and are included in notes receivable from participants and benefits paid to participants. Investment-related expenses are included in net appreciation of the fair value of investments.

Subsequent Events

Management of the Plan has evaluated subsequent events through October 16, 2023, which is the date the financial statements were available to be issued.

NOTES TO FINANCIAL STATEMENTS

December 31, 2022 and 2021

NOTE C--FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets.
- Quoted prices for identical or similar assets or liabilities in inactive markets.
- Inputs other than quoted prices that are observable for the asset or liability.
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

Should an investment be re-characterized from one level to another level, Plan management would state the basis for the change. Under such circumstances the Plan would report the transfers in and transfers out at the beginning of the Plan quarter when change occurs.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to their fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for Plan assets measured at fair value. There have been no changes in the methodologies used at December 31, 2022 and 2021.

Registered investment companies: Registered investment companies value mutual funds at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the U.S. Securities and Exchange Commission. These funds are required to publish their daily net asset value ("NAV") and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Pooled separate accounts: Shares of pooled separate accounts are valued at the NAV of units held by the Plan at year end. The NAV is the basis for current transactions and the pooled separate accounts can be redeemed at NAV as of the measurement date, therefore, this investment has a readily determinable fair value. Participant transactions (sales and purchases) may occur daily, and shares can be redeemed on a daily basis.

NOTES TO FINANCIAL STATEMENTS

December 31, 2022 and 2021

NOTE C--FAIR VALUE MEASUREMENTS-continued

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2022 and 2021:

	Quoted prices in active markets for identical assets (Level 1)	Significant other observable inputs (Level 2)	Significant unobservable inputs (Level 3)	Total Fair Value
<u>December 31, 2022</u>				
Registered investment companies	\$ 22,778,570	\$ -	\$ -	\$ 22,778,570
Total investments at fair value hierarchy	22,778,570	-	-	22,778,570
Investments measured at net assets value*	-	-	-	790,318
Total investments at fair value	<u>\$ 22,778,570</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 23,568,888</u>
<u>December 31, 2021</u>				
Registered investment companies	\$ 25,421,687	\$ -	\$ -	\$ 25,421,687
Total investments at fair value hierarchy	25,421,687	-	-	25,421,687
Investments measured at net assets value*	-	-	-	869,866
Total investments at fair value	<u>\$ 25,421,687</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 26,291,553</u>

*In accordance with Subtopic 820-10, certain investments that were measured at net asset value per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statement of net assets available for benefits.

Fair value of Investments in Entities that Use NAV

The following tables summarize investments measured at fair value based on NAV per share as of December 31, 2022 and 2021, respectively. There are no participant redemption restrictions for these investments; the redemption period is applicable only to the Plan.

	Fair Value	Unfunded Commitments	Redemption Frequency (if currently eligible)	Redemption Notice Period

NOTE D--INFORMATION CERTIFIED BY CUSTODIANS (UNAUDITED)

Certain information related to investments and notes receivable from participants disclosed in the accompanying financial statements and supplemental schedule, including investments from participants held at December 31, 2022 and 2021, and net depreciation in the fair value and contract value, as applicable, of investments, interest and dividends for the year ended December 31, 2022, was obtained or derived from information supplied to the Plan Administrator and certified as complete and accurate by the Custodians. Accordingly, as permitted by ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 for the Plan years ended December 31, 2022 and December 31, 2021 the Plan Administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to such information certified by Delaware Charter Guarantee and Trust Company d/b/a Principal Trust Company and Principal Life Insurance Company, the Plan Custodians as of December 31, 2022 and 2021, and for the year ended December 31, 2022.

Except for comparing such information as certified as being complete and accurate by the Custodians to information included in the Plan's financial statements and supplemental schedule, the Plan's independent auditors did not perform any auditing procedures on the certified information.

The following is a summary of information certified by the Custodians as of December 31, 2022 and 2021:

	2022	2021
Registered investment companies, at fair value*	\$22,778,570	\$25,421,687

NOTE E--FIXED ANNUITY

At December 31, 2022 and 2021, the Plan invests in a single group annuity contract with Principal Life Insurance Company as the issuer of the contract. In accordance with ASC Subtopic 820-10, this investment is presented in the financial statements at its contract value. Contract value is the relevant measurement attribute for the portion of the net assets available for benefits of a defined-contribution plan attributed to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. The value of the traditional investment contract at December 31, 2022 and 2021 is \$7,962,587 and \$7,463,622, respectively.

NOTES TO FINANCIAL STATEMENTS

December 31, 2022 and 2021

NOTE E--FIXED ANNUITY-continued

With traditional investment contracts, the Plan owns only the contract itself. With synthetic investment contracts, the Plan owns the underlying assets of the synthetic investment contract. The group annuity contract is deemed to be a traditional investment contract.

The annuity contract pays a fixed rate of interest. The contract is not a portfolio of contracts with yields based on changes in the fair value of underlying assets as would be found in a stable value fund. As a result, the average yield earned by the Plan is the yield earned (i.e., interest credited) on the group annuity contract. The interest crediting rate was 2.05% and 1.65% at December 31, 2022 and 2021, respectively, and is updated semiannually with the next crediting rate update scheduled for June 2023.

By definition, a group annuity contract is an insurance contract. As a result, the Plan may transact according to the terms defined in the contract at any time. Interest is credited to the Guaranteed Interest Fund on a daily basis from the date deposits are accepted until paid, transferred or applied in full. Fees may be paid in one of the following three ways: (1) by being netted from the effective annual interest rate; (2) by being paid separately by the Plan Sponsor; or by being deducted from the Guaranteed Interest Fund. Benefit payments are deducted from the value of the Guaranteed Interest Fund to the extent that the composite value is sufficient to make such payments. Payments and transfers are made in full within 3 business days after the date payment or transfer has been requested. In the event that market conditions are such that it is determined that they will not allow for the orderly transfer or sale of financial instruments, up to an additional 30 days may be required to make such payment or transfer.

Certain events limit the ability of the Plan to transact at contract value with the issuer. Such events include the following: (1) termination of a Plan's interest: if the Plan Sponsor wishes to terminate the Plan's interest, the value of the Plan's interest will be paid out in six installment payments. The first installment payment will be paid six months after the date of the notice to terminate the Plan's interest. Subsequent installment payments will be made on the same day of each year thereafter. In lieu of the six installment payment option, the record keeper may request payment be made on a date at least 90 days, but not more than 180 days from the date of the notice, subject to a potential Early Termination Charge and (2) termination of the contract: the Plan's contract shall be terminated on the date when arrangements have been made between the record keeper and Plan Sponsor and there are no guaranteed interest funds with a value greater than zero. The Plan Administrator does not believe that any events which would limit the Plan's ability to transact at contract value with participants are probable to occur.

NOTE F--RELATED PARTY TRANSACTIONS

Certain Plan investments are held and invested by the Custodians. The Custodians perform administrative and recordkeeping services for the Plan and, therefore, these transactions qualify as party in interest transactions. Fees paid by the Company to the Custodians are not material to the financial statements.

Certain employees of the Company provide administrative services for the Plan and are not reimbursed for their services by the Plan. Certain other administrative expenses are paid by the Company on behalf of the Plan. These amounts are not material to the financial statements.

NOTES TO FINANCIAL STATEMENTS

December 31, 2022 and 2021

NOTE G--PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their employer contributions.

NOTE H--TAX STATUS

On June 30, 2020, the Internal Revenue Service stated that the prototype plan document, subsequently adopted by the Plan, as then designed, qualified under section 401(k) of the Internal Revenue Code (the "IRC"). The Plan has been amended since receiving the determination letter. The Plan has not received a determination letter specific to the Plan itself; however, the Plan Administrator and the Plan's legal counsel believe that the Plan is qualified, and the related trust is tax-exempt. Therefore, no provision for income taxes has been included in the Plan's financial statements.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken uncertain tax positions that more likely than not would not be sustained upon examination by applicable taxing authorities. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan Administrator believes that the Plan is no longer subject to income tax examinations for years prior to 2019.

NOTE I--RISKS AND UNCERTAINTIES

The Plan's assets are invested directly and indirectly in various investment securities. Investments are exposed to various risks such as interest rate, market, and credit risks. The Plan's assets are subject to changes in the value of those underlying investments, including the potential for bankruptcy of one or more of the companies in which they are invested.

Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Participants who have borrowed from the Plan are all employees of the Company in various locations throughout the United States. Their ability to repay the notes could be affected by the economic conditions in the industry in general, the economic conditions of the location of the employees or the economic condition of the Company itself.

NOTE J--PLAN AMENDMENTS AND RESTATEMENT

Effective January 1, 2022, the Plan was amended to and restated the eligibility requirements for entry into the Plan. Eligible employees will be able to participate in the Plan after completing one month of service regardless of age, for all contribution types.

Effective January 1, 2022, the Plan was amended and restated to increase the automatic deferral rate from 3% to 4% (see Note A).

INDEPENDENT AUDITOR'S REPORT

To the Trustees and Plan Administrator of the
Corrugated Supplies Company, LLC 401(k) Plan
Bedford Park, Illinois

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Corrugated Supplies Company, LLC 401(k) Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2022, and 2021, and the related statement of changes in net assets available for benefits for the year ended December 31, 2022, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of Corrugated Supplies Company, LLC 401(k) Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2022, and 2021 and for the year ended December 31, 2022, stating that the certified investment information, as described in Note D to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section—

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Corrugated Supplies Company, LLC 401(k) Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Corrugated Supplies Company, LLC 401(k) Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current Plan instrument, including all Plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than the one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Corrugated Supplies Company, LLC 401(k) Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Corrugated Supplies Company, LLC 401(k) Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures related to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with the accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedule Required by ERISA

The supplemental Schedule H, Line 4i - Schedule of Assets (Held at End of Year) as of December 31, 2022 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, is presented in conformity with the Department of Labor's Rule and Regulations for Reporting and Disclosure under ERISA.

In our opinion-

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

NOTES TO FINANCIAL STATEMENTS

December 31, 2022 and 2021

NOTE A--DESCRIPTION OF PLAN

The following description of the Corrugated Supplies Company, LLC 401(k) Plan (the "Plan") provides only general information. Users should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is sponsored by Corrugated Supplies Company, LLC (the "Company") for employees that meet specific eligibility requirements, as defined in the Plan's provisions. Affiliated company MiniMill Management, LLC is a participating employer under the Plan for the benefit of their employees and is bound by all elections selected by the Company. The Plan, designated as a defined contribution plan, was originally established on September 1, 1997, and most recently amended and restated January 1, 2022 (see Note J). The Plan provides for contributions to be made under salary deferral agreements pursuant to Section 401(k) of the Internal Revenue Code (the "Code"). Non-leased employees of the Company are eligible to participate after completing one month of service. Employees are eligible to enter the Plan on the first day of the month following satisfaction of the eligibility requirements (see Note J).

The Plan is subject to the provisions of the Employee Retirement Income and Security Act of 1974 ("ERISA"). The Plan Administrator and Plan Trustees are responsible for oversight of the Plan, determining the appropriateness of investment offerings and monitoring investment performance.

Contributions

Eligible participants may elect to contribute Roth and pre-tax deferred compensation to the Plan by means of a salary deferral agreement up to the maximum limit permitted by law. Contributions are, thus, subject to limitations as provided in the Code and as described in the Plan's provisions. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified plans (rollover) in accordance with Plan provisions.

The Plan includes an auto-enrollment provision, whereby all newly eligible employees are automatically enrolled in the Plan unless they affirmatively elect not to participate in the Plan. Automatically enrolled participants have their deferral rate set at 3 percent, amended to 4 percent at January 1, 2022, of eligible compensation and their contributions invested in the investment option designated from time to time by the Plan Trustees as the default investment, until changed by the participant (see Note J).

The Company may make discretionary matching contributions to the Plan in accordance with Plan provisions. Eligibility requirements for matching contributions are the same as general Plan eligibility requirements. Employees are eligible to receive the matching contributions on the first day of the month coinciding with or next following satisfaction of meeting the eligibility requirements.

The Company may make discretionary non-elective contribution to the Plan in accordance with the Plan provisions. Employees must complete one year of service with at least 1,000 hours completed during the year and be employed at the end of the Plan year in order to be eligible to receive an allocation of the non-elective employer contribution.

Salary deferral contributions are funded proximate to the withholding date. Discretionary contributions, if any, are funded annually after the close of the Plan year and within statutory time frames.

NOTES TO FINANCIAL STATEMENTS

December 31, 2022 and 2021

NOTE A--DESCRIPTION OF PLAN-continued

Participant Accounts

Each participant's account is credited with the participant's contribution, if any, and the Company's discretionary contributions, if any, as well as allocations of (a) Plan earnings or losses, (b) forfeitures of terminated participants' non-vested accounts, and (c) administrative expenses paid by the Plan. Allocations are based on participant account balances or compensation or specific participant transactions, as defined in the Plan agreement. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Investment Options

Upon enrollment in the Plan, participants may elect the way in which contributions are invested in a variety of investment choices within the Plan as more fully described in the Plan's literature. The investment elections will apply to both participant and employer contributions. Participants may change their investment options at any time. During any period in which there is no participant direction on file with the Custodians as to the investment of a participant's account, 100 percent of that participant's account will be invested in the investment option designated from time to time by the Custodians as the default investment. The Plan currently offers various registered investment companies, pooled separate accounts and a fixed annuity contract as investment options for participants.

Vesting

Participants are immediately vested in their contributions and the discretionary match plus actual earnings thereon. Vesting in the Company's discretionary profit-sharing contributions portion of their accounts plus actual earnings thereon is based on years of credited service, as presented below. Participants who attain the normal retirement age of 65 or who terminate employment due to death or disability become 100 percent vested in their account balances.

<u>Years of Credited Service</u>	<u>Vested Percentage</u>
Less than 1	0%
2	20%
3	40%
4	60%
5	80%
6	100%

Notes Receivable from Participants

Participants may borrow from their accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50 percent of their vested interest in the Plan, reduced by the participant's highest outstanding loan balance in the previous twelve months and any existing loan balance. The loans are collateralized by the participant's account balance and bear interest at a reasonable rate commensurate with local prevailing rates as determined by the Plan Administrator. The interest rates applied to current loans outstanding are 4.25 to 8.50 percent. Principal and interest are paid ratably through payroll deductions.

NOTES TO FINANCIAL STATEMENTS

December 31, 2022 and 2021

NOTE A--DESCRIPTION OF PLAN-continued

Payment of Benefits

Upon termination of employment due to death, disability, normal retirement age of sixty-five, or Plan termination, a participant is entitled to 100 percent of their account balance. Upon termination of employment due to early retirement age of sixty, a participant is entitled to 100 percent of the participant's contributions and discretionary matching contributions and subject to the Plan's vesting provisions in their discretionary profit-sharing contributions. For termination of employment for other reasons, a participant is entitled to 100 percent of the participant's contributions and the vested portion of the Company's contributions based upon the Plan's vesting provisions in a lump sum. In-service and hardship withdrawals, subject to certain restrictions, are also permitted.

Account balances in excess of \$5,000 (not including rollover account balances) will be made as soon as administratively feasible following the date the Plan Administrator receives a written request for distribution.

Mandatory distributions of less than \$5,000 (not including rollover account balances) will be paid in a single lump-sum payment. The Plan will make the distribution as a direct rollover for any amounts greater than \$1,000. These distributions will be made if a participant does not elect to have such distribution paid directly to an eligible retirement plan specified by the participant in a direct rollover or does not elect to receive the distribution directly.

Forfeited Accounts

If a participant is not fully vested upon termination, the non-vested portion of the account is forfeited. Forfeited non-vested accounts may be used to reinstate any previously forfeited amounts of certain former participants who are rehired. The remaining forfeitures will first be used to pay the administrative expenses of the Plan, as directed by the employer, with the remaining amounts used to reduce future employer contributions. At December 31, 2022 and 2021 forfeited non-vested accounts totaled \$16,911 and \$17,316, respectively. During the year ending December 31, 2022, the Plan used \$69,818 of the forfeited non-vested accounts to offset and employer contributions and \$5,266 of the forfeited non-vested accounts to pay plan expenses.

Allocated Insurance Contracts

The Plan may purchase allocated insurance contracts for eligible participants from an insurance company in accordance with Plan provisions. If purchased, the participant's account will be reduced by the amount of the premiums paid. These contracts are appropriately reported on Schedule A of the Form 5500 and excluded from the accompanying financial statements in accordance with accounting principles generally accepted in the United States of America and ERISA regulations. The Plan had no such contracts purchased at December 31, 2022 and 2021.

NOTE B--SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting.

NOTES TO FINANCIAL STATEMENTS

December 31, 2022 and 2021

NOTE B--SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES-continued

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan's management to use estimates and assumptions that affect reported amounts of assets, liabilities and changes therein and disclosure of contingent assets and liabilities. Accordingly, actual results may differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value, except for the guaranteed interest contract, which is at contract value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Profit Sharing and 401(k) Oversight Committee determines the Plan's valuation policies utilizing information provided by the investment Custodian and insurance company. See Note C for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net depreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when incurred. No allowance for credit losses has been recorded at December 31, 2022 and 2021. If a participant ceases to make loan repayments and the Plan Administrator deems the participant loans to be in default, the participant loan balance is reduced, and a benefit payment is recorded. During the plan year ended December 31, 2022, \$12,659 of notes receivable from participants were deemed distributed.

Payment of Benefits

Benefits are recorded when paid.

Administrative Expenses

Certain expenses of maintaining the Plan are paid directly by the Company and are excluded from these financial statements. Fees related to the administration of notes receivable and benefit payments are charged directly to the participant's account and are included in notes receivable from participants and benefits paid to participants. Investment-related expenses are included in net appreciation of the fair value of investments.

Subsequent Events

Management of the Plan has evaluated subsequent events through October 16, 2023, which is the date the financial statements were available to be issued.

NOTES TO FINANCIAL STATEMENTS

December 31, 2022 and 2021

NOTE C--FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets.
- Quoted prices for identical or similar assets or liabilities in inactive markets.
- Inputs other than quoted prices that are observable for the asset or liability.
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

Should an investment be re-characterized from one level to another level, Plan management would state the basis for the change. Under such circumstances the Plan would report the transfers in and transfers out at the beginning of the Plan quarter when change occurs.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to their fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for Plan assets measured at fair value. There have been no changes in the methodologies used at December 31, 2022 and 2021.

Registered investment companies: Registered investment companies value mutual funds at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the U.S. Securities and Exchange Commission. These funds are required to publish their daily net asset value ("NAV") and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Pooled separate accounts: Shares of pooled separate accounts are valued at the NAV of units held by the Plan at year end. The NAV is the basis for current transactions and the pooled separate accounts can be redeemed at NAV as of the measurement date, therefore, this investment has a readily determinable fair value. Participant transactions (sales and purchases) may occur daily, and shares can be redeemed on a daily basis.

NOTE C--FAIR VALUE MEASUREMENTS-continued

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2022 and 2021:

	Quoted prices in active markets for identical assets (Level 1)	Significant other observable inputs (Level 2)	Significant unobservable inputs (Level 3)	Total Fair Value

*In accordance with Subtopic 820-10, certain investments that were measured at net asset value per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statement of net assets available for benefits.

Fair value of Investments in Entities that Use NAV

The following tables summarize investments measured at fair value based on NAV per share as of December 31, 2022 and 2021, respectively. There are no participant redemption restrictions for these investments; the redemption period is applicable only to the Plan.

NOTE D--INFORMATION CERTIFIED BY CUSTODIANS (UNAUDITED)

Certain information related to investments and notes receivable from participants disclosed in the accompanying financial statements and supplemental schedule, including investments from participants held at December 31, 2022 and 2021, and net depreciation in the fair value and contract value, as applicable, of investments, interest and dividends for the year ended December 31, 2022, was obtained or derived from information supplied to the Plan Administrator and certified as complete and accurate by the Custodians. Accordingly, as permitted by ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 for the Plan years ended December 31, 2022 and December 31, 2021 the Plan Administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to such information certified by Delaware Charter Guarantee and Trust Company d/b/a Principal Trust Company and Principal Life Insurance Company, the Plan Custodians as of December 31, 2022 and 2021, and for the year ended December 31, 2022.

Except for comparing such information as certified as being complete and accurate by the Custodians to information included in the Plan's financial statements and supplemental schedule, the Plan's independent auditors did not perform any auditing procedures on the certified information.

The following is a summary of information certified by the Custodians as of December 31, 2022 and 2021:

	2022	2021
Registered investment companies, at fair value*	\$22,778,570	\$25,421,687

NOTE E--FIXED ANNUITY

At December 31, 2022 and 2021, the Plan invests in a single group annuity contract with Principal Life Insurance Company as the issuer of the contract. In accordance with ASC Subtopic 820-10, this investment is presented in the financial statements at its contract value. Contract value is the relevant measurement attribute for the portion of the net assets available for benefits of a defined-contribution plan attributed to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. The value of the traditional investment contract at December 31, 2022 and 2021 is \$7,962,587 and \$7,463,622, respectively.

NOTES TO FINANCIAL STATEMENTS

December 31, 2022 and 2021

NOTE E--FIXED ANNUITY-continued

With traditional investment contracts, the Plan owns only the contract itself. With synthetic investment contracts, the Plan owns the underlying assets of the synthetic investment contract. The group annuity contract is deemed to be a traditional investment contract.

The annuity contract pays a fixed rate of interest. The contract is not a portfolio of contracts with yields based on changes in the fair value of underlying assets as would be found in a stable value fund. As a result, the average yield earned by the Plan is the yield earned (i.e., interest credited) on the group annuity contract. The interest crediting rate was 2.05% and 1.65% at December 31, 2022 and 2021, respectively, and is updated semiannually with the next crediting rate update scheduled for June 2023.

By definition, a group annuity contract is an insurance contract. As a result, the Plan may transact according to the terms defined in the contract at any time. Interest is credited to the Guaranteed Interest Fund on a daily basis from the date deposits are accepted until paid, transferred or applied in full. Fees may be paid in one of the following three ways: (1) by being netted from the effective annual interest rate; (2) by being paid separately by the Plan Sponsor; or by being deducted from the Guaranteed Interest Fund. Benefit payments are deducted from the value of the Guaranteed Interest Fund to the extent that the composite value is sufficient to make such payments. Payments and transfers are made in full within 3 business days after the date payment or transfer has been requested. In the event that market conditions are such that it is determined that they will not allow for the orderly transfer or sale of financial instruments, up to an additional 30 days may be required to make such payment or transfer.

Certain events limit the ability of the Plan to transact at contract value with the issuer. Such events include the following: (1) termination of a Plan's interest: if the Plan Sponsor wishes to terminate the Plan's interest, the value of the Plan's interest will be paid out in six installment payments. The first installment payment will be paid six months after the date of the notice to terminate the Plan's interest. Subsequent installment payments will be made on the same day of each year thereafter. In lieu of the six installment payment option, the record keeper may request payment be made on a date at least 90 days, but not more than 180 days from the date of the notice, subject to a potential Early Termination Charge and (2) termination of the contract: the Plan's contract shall be terminated on the date when arrangements have been made between the record keeper and Plan Sponsor and there are no guaranteed interest funds with a value greater than zero. The Plan Administrator does not believe that any events which would limit the Plan's ability to transact at contract value with participants are probable to occur.

NOTE F--RELATED PARTY TRANSACTIONS

Certain Plan investments are held and invested by the Custodians. The Custodians perform administrative and recordkeeping services for the Plan and, therefore, these transactions qualify as party in interest transactions. Fees paid by the Company to the Custodians are not material to the financial statements.

Certain employees of the Company provide administrative services for the Plan and are not reimbursed for their services by the Plan. Certain other administrative expenses are paid by the Company on behalf of the Plan. These amounts are not material to the financial statements.

NOTES TO FINANCIAL STATEMENTS

December 31, 2022 and 2021

NOTE G--PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their employer contributions.

NOTE H--TAX STATUS

On June 30, 2020, the Internal Revenue Service stated that the prototype plan document, subsequently adopted by the Plan, as then designed, qualified under section 401(k) of the Internal Revenue Code (the "IRC"). The Plan has been amended since receiving the determination letter. The Plan has not received a determination letter specific to the Plan itself; however, the Plan Administrator and the Plan's legal counsel believe that the Plan is qualified, and the related trust is tax-exempt. Therefore, no provision for income taxes has been included in the Plan's financial statements.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken uncertain tax positions that more likely than not would not be sustained upon examination by applicable taxing authorities. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan Administrator believes that the Plan is no longer subject to income tax examinations for years prior to 2019.

NOTE I--RISKS AND UNCERTAINTIES

The Plan's assets are invested directly and indirectly in various investment securities. Investments are exposed to various risks such as interest rate, market, and credit risks. The Plan's assets are subject to changes in the value of those underlying investments, including the potential for bankruptcy of one or more of the companies in which they are invested.

Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Participants who have borrowed from the Plan are all employees of the Company in various locations throughout the United States. Their ability to repay the notes could be affected by the economic conditions in the industry in general, the economic conditions of the location of the employees or the economic condition of the Company itself.

NOTE J--PLAN AMENDMENTS AND RESTATEMENT

Effective January 1, 2022, the Plan was amended to and restated the eligibility requirements for entry into the Plan. Eligible employees will be able to participate in the Plan after completing one month of service regardless of age, for all contribution types.

Effective January 1, 2022, the Plan was amended and restated to increase the automatic deferral rate from 3% to 4% (see Note A).
