Plan Administrative Committee
Gigamon, Inc. 401(k) Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Gigamon, Inc. 401(k) Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for plan benefits as of December 31, 2022 and 2021, the related statement of changes in net assets available for plan benefits for the year ended December 31, 2022, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2022 and 2021, and for the year ended December 31, 2022, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP).
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of financial statements in accordance with U.S. GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of U.S. GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with U.S. GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter—Supplemental Schedules Required by ERISA

The supplemental schedules of Line 4a – Schedule of Delinquent Participant Contributions and Schedule H, Line 4i – Schedule of Assets (Held at End of Year) as of December 31, 2022 are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

GIGAMON, INC. 401(K) PLAN

NOTES TO FINANCIAL STATEMENTS

NOTE 1 – DESCRIPTION OF THE PLAN

The following description of the Gigamon, Inc. 401(k) Plan (the “Plan”) provides only general information. Participants should refer to the Plan document for a more complete description of the Plan’s provisions.

General

The Plan is a defined contribution plan that was established in 2006 by Gigamon LLC (the “Company”) to provide benefits to eligible employees, as defined in the Plan document. In 2013, the Company changed its name to Gigamon, Inc. The Plan is currently designed to be qualified under the applicable requirements of the Internal Revenue Code (“IRC”) and the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”), as amended.

The Company added Icebrg, Inc. and Gigamon Federal, LLC as participating employers to the Plan effective January 1, 2019 and September 1, 2019, respectively.

Administration

The Company has appointed a Plan Administrative Committee to manage the operation and administration of the Plan. The Company has contracted with Fidelity Management Trust Company (“Fidelity”) to act as the trustee, custodian and a third-party administrator affiliated with Fidelity to process and maintain the records of participant data.

Eligibility

Employees of the Company are eligible to participate in the Plan on their first day of hire.

Participant Contributions

Participants may elect to have the Company contribute up to 75% of their eligible pre-tax compensation and/or Roth contributions to the Plan up to the amount allowable under the Plan document and current income tax regulations. Newly eligible employees will be automatically enrolled into the Plan 30 days after the date of hire with an initial pre-tax deferral contribution of 6% of compensation unless the employees elect differently. Effective June 1, 2022, automatically enrolled participants will have a 2% increase annually on January 2, on their pre-tax deferrals until it reaches the limit of 16%.

Participants who have the Company contribute a portion of their compensation to the Plan agree to accept an equivalent reduction in taxable compensation. Contributions withheld are invested in accordance with the participant’s direction. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions.

GIGAMON, INC. 401(K) PLAN

NOTES TO FINANCIAL STATEMENTS

NOTE 1 – DESCRIPTION OF THE PLAN (Continued)

Participant Contributions (Continued)

Participants are allowed to make rollover contributions of amounts received from other tax-qualified employer-sponsored retirement plans. Such contributions are deposited in the appropriate investment funds in accordance with the participant's direction and the Plan's provisions.

The participants are also allowed to make after-tax contributions and In-Plan Roth conversions.

Employer Contributions

The Company provides discretionary matching employer contributions to each eligible participant equal to 50% of employee deferrals up to 6% of eligible participant's compensation for each Plan year with a maximum of \$9,150 and may provide additional discretionary contributions. All Employer contributions are invested in the same manner that the participant directs his or her investments. The discretionary matching contributions are calculated on a per payroll period basis. However, at the end of the Plan year, the Company will adjust the discretionary matching contributions based on each participant's contributions and compensation for the entire Plan year. For the year ended December 31, 2022, the Company made discretionary matching contributions of \$3,664,786, of which \$693,187 of matching contributions were made in 2023. No additional discretionary contributions were made during 2022.

Vesting

Participants are immediately vested in their contributions and employer's discretionary matching contributions.

Participant Accounts

Each participant's account is credited with the participant's contribution, Plan earnings or losses and an allocation of the Company's contribution, if any. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Payment of Benefits

Upon termination, death, disability, or retirement, the participants or beneficiaries may elect to leave their account balances in the Plan or receive their total benefits in a lump sum amount equal to the value of the participant's interest in his or her account. The Plan allows for the automatic distribution of participant account balances that do not exceed \$1,000.

Financial Hardship Distributions

The Plan allows hardship withdrawals in accordance with Internal Revenue Service ("IRS") regulations. Among other things, the withdrawal must be necessary in light of immediate and heavy financial needs of the participant and is limited to certain purposes.

GIGAMON, INC. 401(K) PLAN

NOTES TO FINANCIAL STATEMENTS

NOTE 1 – DESCRIPTION OF THE PLAN (Continued)

Notes Receivable from Participants

The Plan allows participants to borrow up to the lesser of \$50,000 or 50% of their account balance. The loan must be a minimum of \$1,000. The notes are secured by the participant's balance. Such notes bear interest at available market financing rates and must be repaid to the Plan within a five-year period unless the note is used for the purchase of a principal residence in which case the maximum repayment period may be longer. The specific terms and conditions of such notes are established by the Company. A participant can only have one outstanding loan at any time. Outstanding notes receivable at December 31, 2022 and 2021 carry interest rates ranging from 4.25% to 8% and mature through 2031.

Investment Options

Participants must direct their salary deferral contributions to selected investments as made available and determined by the Plan Administrator. Participants may change their investment options any time throughout the year via the Internet website or by using the automated telephone system offered by Fidelity.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan are prepared in accordance with accounting principles generally accepted in the United States of America ("U.S. GAAP").

Estimates

The preparation of financial statements in conformity with U.S. GAAP, requires management to make estimates and assumptions that affect the reported amounts of net assets available for plan benefits and changes therein. Actual results could differ from those estimates.

Plan Expenses

The Company currently pays for most of the Plan's expenses. Plan expenses paid by the Company are excluded from these financial statements. Plan expenses not paid by the Company will be charged on a pro-rata basis to the value of the participants account balances.

Investment Valuation and Income Recognition

The Plan's investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought or sold as well as held during the year.

GIGAMON, INC. 401(K) PLAN
NOTES TO FINANCIAL STATEMENTS

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Investment Valuation and Income Recognition (Continued)

Management fees charged to the Plan for investments in registered investment companies are based on assets invested and are deducted on daily basis. Management fees are reflected as a reduction of investment return for such investments.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent notes are reclassified as distributions based upon the terms of the Plan document. There were \$30,830 of delinquent notes receivable as of December 31, 2022. There were no delinquent notes as of December 31, 2021. No allowance for credit losses has been recorded as of December 31, 2022 and 2021.

Payment of Benefits

Benefit payments made to participants are recorded when paid.

Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for plan benefits.

Income Taxes

The Plan adopted a non-standardized form of a pre-approved plan sponsored by Fidelity. The pre-approved plan has received an opinion letter from the Internal Revenue Service as to the pre-approved plan's qualified status. The pre-approved plan opinion letter has been relied upon by this Plan. The Plan Administrator believes the Plan is designed and is being operated in compliance with the applicable provisions of the IRC.

NOTES TO FINANCIAL STATEMENTS

NOTE 3 – CERTIFIED INFORMATION

The Plan Administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the United States Department of Labor's ("DOL") Rules and Regulations for Reporting and Disclosure under ERISA. According, Fidelity, the trustee of the Plan, has certified the completeness and accuracy of:

- Investments and notes receivable from participants reflected in the accompanying statements of net assets available for plan benefits as of December 31, 2022 and 2021;
- Net depreciation in fair value of investments, dividend and interest income, and interest income on notes receivable from participants reflected in the accompanying statement of changes in net assets available for plan benefits for the year ended December 31, 2022;
- Assets reflected in the schedule of assets (Held at End of Year) as of December 31, 2022.

NOTE 4 – FAIR VALUE MEASUREMENT

The fair value measurements standard establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under the standard are described below:

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 – Inputs to the valuation methodology include:

- Quoted market prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

GIGAMON, INC. 401(K) PLAN
NOTES TO FINANCIAL STATEMENTS

NOTE 4 – FAIR VALUE MEASUREMENTS (Continued)

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2022 and 2021.

<i>Interest-bearing cash:</i>	Valued at the carrying value, which approximates fair value due to the short-term nature of such investments.
-------------------------------	---

<i>Self-directed brokerage account:</i>	Valued at the closing price reported on the active market in which the individual securities are traded.
---	--

<i>Registered investment companies:</i>	Valued at the daily closing price as reported by the fund. Registered investment companies held by the Plan are open-ended registered investment companies that are registered with the U.S. Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The registered investment companies held by the Plan are deemed to be actively traded.
---	--

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation method is appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

NOTE 5 – TAX STATUS AND ACCOUNTING FOR UNCERTAINTY IN INCOME TAXES

The Company adopted a volume submitter agreement with a cash or deferral arrangement which received a favorable opinion letter from the IRS on June 30, 2020, which stated that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code. The Plan Administrator and the Plan's tax counsel believe that the Plan is currently designed and is being operated in compliance with the applicable requirements of the Internal Revenue Code. Therefore, no provision for income taxes has been included in the Plan's financial statements.

NOTE 5 – TAX STATUS AND ACCOUNTING FOR UNCERTAINTY IN INCOME TAXES (Continued)

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that is more likely than not to be sustained upon examination. The Plan's management has not identified any uncertain tax positions during the years ended December 31, 2022 and 2021. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTE 6 – RELATED PARTY TRANSACTIONS AND PARTY-IN-INTEREST TRANSACTIONS

Certain Plan investments, notes receivable from participants and interest income from notes receivable from participants are managed and held by an affiliate of Fidelity, the trustee and custodian. These transactions qualify as "party-in-interest" transactions permitted by the United States Department of Labor's Rules and Regulations. The Company is also a party-in-interest with respect to the Plan.

NOTE 7 – RECONCILIATION OF FINANCIAL STATEMENTS TO FORM 5500

The following is a reconciliation of net assets available for plan benefits per the financial statements to the Form 5500 at December 31, 2022 and 2021:

	<u>2022</u>	<u>2021</u>
Net assets available for plan benefits per the financial statements	\$ 110,350,823	\$ 132,986,239

NOTE 8 – PLAN TERMINATION

Although it has not expressed any intent to do so, the Company, by action of its Plan Administrative Committee, has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. Upon termination of the Plan, further contributions to the Plan shall cease and all participants who are affected by such termination shall become 100% vested. Net assets available for plan benefits would be distributed to the participants based on each participant's interest in the Plan.

NOTE 9 – NON-EXEMPT TRANSACTIONS

During 2022, the Plan sponsor failed to deposit \$1,205 of participants' contributions and loan repayments within the required timeframe as defined by the United States Department of Labor's regulations. The delay in remitting the contributions to the custodian was due to an administrative error. The Company has deposited the contributions with the custodian during 2022. The Company will deposit the lost earnings into the affected participant's account in 2023.

During 2021, the Plan sponsor failed to deposit \$2,411 of participants' contributions and loan repayments within the required timeframe as defined by the United States Department of Labor's regulations. The delay in remitting the contribution to the custodian was due to an administrative error. The Company has deposited the contributions with the custodian during 2021. The Company will deposit the lost earnings into the affected participant's account in 2023.

NOTE 10 – SUBSEQUENT EVENTS

The Plan has evaluated subsequent events through September 25, 2023, which is the date the financial statements were available to be issued and has determined that there are no subsequent events that require disclosure.
