Independent Auditor's Report

**To the Boyd Corporation Administrative Committee
Boyd Corporation 401(k) Plan
Pleasanton, California**

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Boyd Corporation 401(k) Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C). The financial statements which comprise the statements of net assets available for benefits as of December 31, 2022 and 2021, and the related statement of changes in net assets available for benefits for the year ended December 31, 2022, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA (ERISA Section 103(a)(3)(C) audit). As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency (qualified institution), provided that the investment information is prepared and certified to by the qualified institution in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Management has obtained certifications from a qualified institution as of December 31, 2022 and 2021, and for the year ended December 31, 2022, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (GAAP).

- The certified investment information in the accompanying financial statements agrees to, or is derived from, in all material respects, the information prepared and certified by a qualified institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Emphasis of Matter - Plan Merger

As further discussed in Note 1 to the financial statements, MBK Enterprises, Inc. 401(k) Profit Sharing Plan merged into the Plan effective July 22, 2022. Our opinion is not modified with respect to this matter.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for within one year after the date that the financial statements are issued or available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certifications, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter - Supplemental Schedules Required by ERISA

The supplementary information, as listed in the accompanying table of contents, is presented for purposes of additional analysis and is not a required part of the financial statements but is required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplementary information, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplementary information that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information. In forming our opinion on the supplementary information, we evaluated whether the supplementary information, other than the information agreed to or derived from the certified investment information, including its form and content, are presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplementary information, other than the information in the supplementary information that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- The certified investment information in the supplementary information agrees to, or is derived from, in all material respects, the information prepared and certified by a qualified institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

BOYD CORPORATION 401(k) PLAN

Notes to Financial Statements For the Year Ended December 31, 2022

Note 1 - Plan Description

The following description of Boyd Corporation 401(k) Plan (the Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General - The Plan is a defined contribution plan originally effective February 3, 1998 and amended throughout the years to comply with tax legislation. The Plan was most recently amended and restated effective January 1, 2022. The Plan is sponsored by Boyd Corporation (the Company) and is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The plan covers all eligible employees of Boyd Corporation, LTI Flexible Products, Aavid Thermalloy, LLC, Action Fabricators, Inc., CSI Medical, Inc., Aavid Niagara, LLC, Aavid Thermacore, Inc. and Aavid Allcast, LLC.

MBK Enterprises, Inc. 401(k) Profit Sharing Plan merged into Boyd Corporation 401(k) Plan with an effective date of July 22, 2022. Total net assets of approximately \$4,800,000 were received by the plan.

Eligibility - All employees, except nonresident aliens, part-time, seasonal or temporary employees who have completed 30 days of service are eligible to participate in the Plan for purposes of salary deferrals and employer matching contributions and are enrolled in the Plan on the date requirements are met. Participants must have 1,000 hours during the plan year to receive employer matching contributions.

Contributions - The Plan includes a salary deferral arrangement allowed under Section 401(k) of the Internal Revenue Code (IRC). Eligible participants are permitted to elect to have a percentage, up to the maximum amount allowed by regulations, of their compensation contributed as pretax 401(k) or Roth contributions to the Plan. The Plan includes an auto-enrollment provision whereby all newly eligible employees are automatically enrolled in the Plan unless they affirmatively elect not to participate in the Plan. Automatically enrolled participants have their deferral rate set at 3% of eligible compensation and their contributions invested in the designated default fund until changed by the participant. The deferral rate automatically increases 1% annually on January 1 up to 10%. Permissible withdrawals are permitted, allowing employees to withdraw elective deferrals with attributed earnings from the Plan no later than 90 days after the date of the first auto-deduction. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions.

The Company may, at its discretion, elect to make a matching contribution to the Plan. For the year ended December 31, 2022, the Company's matching contribution was 50% of eligible employee contributions up to a maximum of 6% of eligible compensation.

Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans (rollovers). Contributions are subject to certain IRS limitations.

Participant Accounts - Each participant's account is credited with the participant's contributions and matching contributions, and allocations of plan earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account. Participants direct the investment of their account into various investment options offered by the Plan.

BOYD CORPORATION 401(k) PLAN

Notes to Financial Statements For the Year Ended December 31, 2022

Note 1 - Continued

Vesting - Participants are immediately vested in their voluntary contributions plus actual earnings thereon. Vesting in the Company matching contribution is based on years of continuous service. Participants vest at a rate of 50% upon completion of one year of service and are fully vested after two years of service. Participants become fully vested upon death, disability, or attainment of retirement age, regardless of the vesting schedule.

Notes Receivable From Participants - Participants may borrow from their accounts a minimum of \$1,000 up to 50% of the value of their account balance, or \$50,000, whichever is less. Note receivable terms range from one to five years, except for notes receivable used to purchase a primary residence, which have a maximum term of 30 years. The notes receivable are secured by no more than 50% of the balance in the participant's account and bear interest at a rate commensurate with local prevailing rates at the time the note originates. Principal and interest are paid ratably through payroll deductions.

Payment of Benefits - Upon termination of service, retirement, death, or disability, a participant may elect to receive benefits equal to the value of his or her vested account balance through a single lump-sum payment or on an installment basis. In-service withdrawals are also permitted for certain financial hardships or when a participant attains age 59 ½ and has at least 5 years of service. Terminated participants with vested account balances of \$1,000 or less will be paid in a lump-sum cash amount.

Forfeitures - Forfeited nonvested accounts may be used to reduce employer contributions or pay administrative expenses of the Plan. Forfeitures available for future use as of December 31, 2022 and 2021, were \$311,392 and \$189,599, respectively.

Note 2 - Significant Accounting Policies

Basis of Accounting - The financial statements of the Plan are prepared on the accrual basis of accounting.

Use of Estimates - The preparation of the Plan's financial statements in conformity with accounting principles generally accepted in the United States of America (GAAP) requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements, and the reported amounts of additions and deductions during the reporting period. Actual results could differ from those estimates.

Valuation of Investments and Income Recognition - Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's investment committee determines the Plan's valuation policies using information provided by the trustees, investment advisors and investment custodian. See Note 3 for discussion of fair value measurements.

Purchases and sales of investments are recorded on the trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation or depreciation includes the Plan's gains and losses on investments bought and sold, as well as held, during the year.

BOYD CORPORATION 401(k) PLAN

Notes to Financial Statements For the Year Ended December 31, 2022

Note 2 - Continued

Notes Receivable From Participants - Notes receivable from participants are measured at their unpaid principal balance. Accrued but unpaid interest, if any, would not have a material impact on the Plan's financial statements. Related fees are recorded as administrative expenses and are expensed when they are incurred. If a participant ceases to make loan repayments and the plan administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded. No allowance for credit losses has been recorded as of December 31, 2022 and 2021.

Payment of Benefits - Benefits are recorded when paid.

Administrative Expenses - Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Transaction based fees for notes receivable from participants and distributions are charged directly to participant accounts. Certain investment related expenses are charged directly against the fund's investment performance and, therefore, are not separately disclosed in the accompanying financial statements.

Revenue Sharing Account - Fees received from the Plan investments in the form of 12b-1 fees, sub-transfer agency fees and administrative servicing fees, are paid into an Expense Budget Account within the Plan. Contractual fees for recordkeeping services and for other allowable plan administrative expenses are paid from this account or may be allocated to participants at the direction of the employer. For the year ended December 31, 2022, revenue sharing income received totaled \$322,978 and expenses paid totaled \$222,848. The balance of revenue sharing funds at December 31, 2022 and 2021 was \$284,587 and \$184,457, respectively. Revenue sharing income is presented net against administrative expenses.

Subsequent Events - The Plan has evaluated subsequent events through October 16, 2023, the date the financial statements were available to be issued.

Note 3 - Fair Value Measurements

GAAP provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3).

The three levels of the fair value hierarchy are described as follows:

Level 1 - Unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Quoted prices for similar assets or liabilities in active markets, quoted prices for identical or similar assets or liabilities in inactive markets, inputs other than the quoted prices that are observable for the asset or liability, and inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Unobservable inputs that are significant to the fair value measurement.

BOYD CORPORATION 401(k) PLAN

Notes to Financial Statements For the Year Ended December 31, 2022

Note 3 - Continued

The asset or liability's fair value measurement level within the fair value hierarchy is based upon the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2022 and 2021.

Interest-Bearing Cash - Valued at cost plus accrued interest.

Mutual Funds - Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Collective Trust Fund - Valued at the fair value based on the underlying investments comprising the trust, based on observable market inputs. The NAV, as provided by the custodian, is used as a practical expedient to estimate fair value.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31:

Fair Value Measurements as of December 31, 2022				
	Level 1	Level 2	Level 3	Total
Interest-bearing cash	\$ 175	\$ -	\$ -	\$ 175
Mutual funds	66,026,538			66,026,538

Investments measured at NAV ^(a)				11,979,432
Total Investments at Fair Value				<u>\$ 85,529,657</u>

(a) Certain investments measured at fair value using the NAV per share (or its equivalent) practical expedient have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits.

Note 3 - Continued

The following sets forth additional disclosures of the Plan's investments, whose fair value is estimated using NAV per share (or its equivalent) as of December 31:

Note 4 - Certified Information

The plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Investments held at December 31, 2022 and 2021, and investment income (loss) for the year ended December 31, 2022, that is disclosed in the accompanying financial statements and supplementary information, was obtained or derived from information supplied to the plan administrator and certified as complete and accurate by Reliance Trust Company. The Plan's independent accountants did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements and supplementary information.

Note 5 - Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. If the Plan is terminated, participants would become 100% vested in their employer contributions.

Note 6 - Tax Status

The Company adopted a Transamerica Retirement Solutions (TRS) pre-approved plan document effective January 1, 2022. TRS received an approval letter from the IRS dated June 30, 2020, which states that the form of the plan document satisfies the applicable provisions of the Internal Revenue Code (IRC). The Plan itself has not received a determination letter from the IRS. However, the Plan's management believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC. The Plan is subject to audits by the IRS; however, there are currently no audits for any tax periods in progress.

Note 7 - Party-in-Interest Transactions

Certain Plan investments are managed by Transamerica Retirement Solution Corporation, which is the third party-administrator as defined by the Plan and therefore the investment transactions qualify as party-in-interest transactions. The Plan pays certain expenses related to plan operations to various service providers and also issues loans to participants. These transactions are party-in-interest transactions.

BOYD CORPORATION 401(k) PLAN

Notes to Financial Statements For the Year Ended December 31, 2022

Note 8 - Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Market risks include global events such as a pandemic or international conflict which could impact the value of investment securities. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Note 9 - Delinquent Contributions

Defined contribution plans are required to remit employee contributions (and loan repayments) to the Plan as soon as they can be reasonably segregated from the employer's general assets. The Company had not remitted all employee contributions for the years ended December 31, 2022 and 2021 within the required time period and thus these contributions qualify as prohibited party-in-interest transaction under ERISA. Delinquent contributions also represent a related party transaction between the Plan and the plan sponsor. The Company is currently working to calculate and remit lost earnings associated with these delinquent deposits.
