Independent Auditors' Report

To the Participants and Plan Administrator of
Savings Plan for Employees of American Leather

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of the Savings Plan for Employees of American Leather (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2022 and 2021, and the related statement of changes in net assets available for benefits for the year ended December 31, 2022, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2022 and 2021, and for the year ended December 31, 2022, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings and certain internal control-related matters that we identified during the audit.

Other Matter - Supplemental Schedules Required by ERISA

The supplemental schedules, Schedule H, Line 4(a) - Schedule of Delinquent Participant Contributions for the year ended December 31, 2022 and Schedule H, Line 4(i) - Schedule of Assets (Held at End of Year) as of December 31, 2022, are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

1. Description of the Plan

General

The Savings Plan for Employees of American Leather (the Plan) is a defined contribution plan and is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (ERISA). The Plan was established on January 1, 1995, and subsequently restated effective January 1, 2022, covering all eligible employees of American Leather Operations, LLC and its affiliates (collectively, the Company or Plan Administrator). Alerus Financial, N.A. (Alerus or Trustee) is the Trustee and record-keeper for the Plan. The following description provides only general information. Participants should refer to the plan document for a more complete description of the

Eligibility and Participant Accounts

Employees become eligible for participation on the first day of the month following attaining the age of twenty-one and upon completing six months of service, with the exception of nonresident aliens and residents of Puerto Rico, as defined by the plan document. Subject to certain limitations on annual additions, each participant's account is credited with participant elective deferrals, Company contributions, an allocation of plan earnings or losses, and charged with certain administrative expenses. Participants may change their deferral contribution percentages on the first day of each month, and modify investment elections, obtain information regarding investments, and transfer existing account balances on a daily basis.

Contributions

The Plan is funded through participant elective deferrals and Company matching and discretionary nonelective contributions. Participants may contribute up to the maximum amount of their compensation, subject to certain limitations imposed by the Internal Revenue Code (IRC) (\$20,500 for 2022). Employees who are eligible to make elective deferrals under the Plan and who have attained age fifty before the close of the plan year are eligible to make additional catch-up contributions subject to the maximum limitation imposed by the IRC (\$6,500 for 2022). Rollover contributions representing distributions from other qualified defined benefit or defined contribution plans are also allowed and may be made prior to meeting the eligibility requirements for participation in the Plan.

The Plan has an automatic enrollment feature. Upon first meeting eligibility requirements, eligible employees are automatically enrolled in the Plan at a pre-tax elective deferral rate of 6%, unless otherwise directed.

For the year ended December 31, 2022, the Company elected to contribute a matching contribution in the amount of 50% of participant elective deferrals up to 6% of a participant's eligible wages. The Plan also allows for discretionary nonelective contributions as determined by the Company. There were no other Company discretionary contributions made during the year ended December 31, 2022.

Investment Options

The Plan provides for participants to direct both participant and Company contributions, if applicable, into a variety of investment options, including a money market fund, a common collective trust, and mutual funds of registered investment companies, in accordance with the provisions of the Trust agreement. Participants should refer to the plan website for additional fund information.

Benefits Paid to Participants

Upon attainment of normal retirement age, death, disability, or termination, a participant's benefits are payable in a lump-sum amount or installment payments equal to 100% of the participant's vested account balance. Participants may also take hardship withdrawals on the vested portion of their account balances. Such withdrawals are subject to meeting hardship guidelines established by the Internal Revenue Service (IRS). Participants with vested account balances of \$5,000 or less, at the time of distribution, will be cashed out as either an involuntary lump sum payment or by direct rollover into an individual retirement account or other eligible retirement plan, based on certain criteria, as defined by the plan document.

Vesting

Participants are fully vested at all times in their elective deferrals, rollover contributions, and earnings thereon. Vesting in the Company's matching contributions plus actual earnings, thereon, is based on years of continuous service. Participants vest in Company contributions at a rate of 20% per year of service with full vesting after five years. A participant will automatically become fully vested in the event of retirement, attaining age 65, permanent disability, or death, as defined by the Plan.

Notes Receivable From Participants

Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balances, whichever is less. The notes are secured by the balance in the participant's account and bear interest based on the prime rate as recorded in the Wall Street Journal plus 1%. Note terms range from one to five years, unless the note is for the purchase of a principal residence, in which case terms may not exceed 15 years, with periodic repayment of principal and interest via payroll withholdings. As of December 31, 2022, notes receivable from participants had interest rates ranging from 4.25% to 8.50% and maturity dates ranging from January 2023 through December 2027. As of December 31, 2021, notes receivable from participants had interest rates ranging from 4.25% to 6.50% and maturity dates ranging from January 2022 through December 2026.

Expenses

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Fees related to the administration of notes receivable from participants and fees paid related to distributions to participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net depreciation of fair value of investments.

Forfeitures

Forfeitures of terminated participants' nonvested accounts are used to pay plan expenses or reduce Company contributions. At December 31, 2022 and 2021, forfeited nonvested accounts totaled \$4,404 and \$4,840, respectively. These amounts are reported as a component of net assets available for benefits. For the year ended December 31, 2022, forfeitures in the amount of \$29,673 were used to pay administrative expenses and no forfeitures were used to reduce Company contributions.

Plan Termination

Although it has not expressed any intent to do so, the Company reserves the right to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event the Plan is terminated, each participant will have a nonforfeitable 100% vested interest in his or her account balance subject to payment of liquidation costs and expenses.

2. Summary of Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting generally accepted in the United States of America.

Estimates and Assumptions

The preparation of financial statements in accordance with accounting principles requires management to make estimates and assumptions that affect certain reported amounts of assets and liabilities, changes therein, and disclosures of contingent assets and liabilities. Actual results may vary from those estimates.

Investment Valuation and Income Recognition

Investments are recorded at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. The income or loss earned on participant accounts is allocated on a daily basis using the previous day's ending account balance. Net appreciation (depreciation) of fair value of investments includes the Plan's gains and losses on investments bought and sold, as well as held during the year.

Payment of Benefits

Benefits are recorded when paid.

Notes Receivable From Participants

Notes receivable from participants are measured at their unpaid principal balances plus any accrued but unpaid interest, which approximates fair value. Delinquent notes receivable from participants are reclassified as distributions based upon terms of the plan document or note policy of the Plan. Notes receivable are valued at amortized cost, which approximates fair value. No allowances for credit losses have been recorded as of December 31, 2022 or 2021.

3. Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under authoritative guidance are described as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly or indirectly, such as:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability; and
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

Savings Plan for Employees of American Leather

Notes to Financial Statements

December 31, 2022 and 2021

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observables and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2022 and 2021.

Money market fund: Valued at a cost of \$1 per unit, which represents the net asset value (NAV) at year-end.

Mutual funds of registered investment companies: Valued at the daily closing price as reported by the funds. Mutual funds held by the Plan are open-end mutual funds that are registered with the U.S. Securities and Exchange Commission. These funds are required to publish their daily NAV and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded and classified within Level 1 of the valuation hierarchy. There are no significant restrictions on redeeming mutual funds at NAV.

Common collective trust: Valued at the NAV of shares held by the Plan at year end, as determined by the Trustee. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. This NAV is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV. Participant transactions (purchases and sales) may occur daily. Were the Plan to initiate a full redemption of the common collective trust, the Trustee reserves the right to temporarily delay withdrawals from the trust in order to ensure that securities liquidations will be carried out in an orderly business manner.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. The Plan believes its valuation methods are appropriate and consistent with other market participants; even so, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2022 and 2021:

Assets at Fair Value as of December 31, 2022

4. Information Certified by Trustee

The plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, the Trustee of the Plan has certified to the completeness and accuracy of all investments reported in the accompanying Statements of Net Assets Available for Benefits as of December 31, 2022 and 2021, and the supplemental schedule of Schedule H, Line 4(i) - Schedule of Assets (Held at End of Year) as of December 31, 2022, and the related investment activity reported in the Statement of Changes in Net Assets Available for Benefits for the year ended December 31, 2022.

5. Tax Status

The Plan is based on a nonstandardized pre-approved profit sharing/money purchase CODA plan developed by Alerus Financial NA, which received a favorable opinion letter dated June 30, 2020, from the IRS stating that the pre-approved plan constitutes a qualified plan under section 401 of the IRC. The Company believes the Plan, as adopted and amended, is operating withing the guidelines of the IRC and continues to be tax-exempt. Accordingly, no provision for federal income taxes has been provided in the accompanying financial statements.

Accounting principles generally accepted in the United States of America require management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the DOL or IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

6. Related-Party and Party in Interest Transactions

Certain of the Plan's investment managed account programs are managed by the Trustee; therefore, these transactions qualify as party in interest transactions. The Plan issues notes receivable to participants, which are secured by the participant's account balances. These transactions also qualify as party in interest transactions. Certain administrative functions of the Plan are performed by an officer or employees of the Company. No such officer or employee receives compensation from the Plan.

7. Risks and Uncertainties

Investment securities are exposed to various risks, such as interest rate, market, concentration and credit risks. Market risks include global events, such as a pandemic or international conflict, which could impact the value of investment securities. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participant account balances and the amounts reported in the Statements of Net Assets Available for Benefits.

Current year Company contributions receivable	(15,259)
Net decrease in net assets available for benefits per the Form 5500	<u>\$ (6,172,707)</u>

9. Delinquent Participant Contributions

During 2022 and 2021, participant withholdings in the amount of \$33,415 and \$61,339, respectively, were unintentionally late in being transferred to the Plan. As of the date of these financial statements, the Company is in the process of correcting these remittances and, in conjunction with the correction, lost earnings and interest will be calculated using the DOL guidelines for late deposits.

10. Subsequent Events

In accordance with the Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC) 855, *Subsequent Events*, the Plan has evaluated events or transactions occurring after December 31, 2022, the Statements of Net Assets Available for Benefits date, through October 16, 2023, the date the financial statements were ready to be issued, and determined there were no events or transactions that would impact our financial statements for the year ended December 31, 2022, except as follows:.

The SECURE 2.0 Act of 2022 was signed into law on December 29, 2022. This legislation includes a vast array of provisional changes to retirement plans, becoming effective in 2023 and beyond. Plan management is evaluating the impact of the adoption and implementation of this legislation on the Plan.
