INDEPENDENT AUDITOR'S REPORT

To the Plan Administrator of the
Hatchett Corporate, LLC 401(k) Retirement Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed an audit of the accompanying financial statements of Hatchett Corporate, LLC 401(k) Retirement Plan (the "Plan"), an employee benefit plan subject to the *Employee Retirement Income Security Act of 1974* (ERISA), as permitted by ERISA Section 103(a)(3)(C) [ERISA Section 103(a)(3)(C) audit]. The financial statements comprise the statement of net assets available for benefits as of December 31, 2022, the related statement of changes in net assets available for benefits for the year ended December 31, 2022, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2022, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section -

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedule Required by ERISA

The supplemental schedule of assets (held at year end), is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements.

The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion -

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

HATCHETT CORPORATE, LLC 401(K) RETIREMENT PLAN

NOTES TO FINANCIAL STATEMENTS

(1) Description of plan

The following description of Hatchett Corporate, LLC 401(k) Retirement Plan (the “Plan”) provides only general information. Participants should refer to the Plan Document or Summary Plan Description for a more complete description of the Plan’s provisions, which are available from the Plan administrator.

General – The Plan is a defined contribution plan established on January 1, 2022, sponsored by Hatchett Corporate, LLC (the “Company”) for the benefit of its employees who have completed 90 days of employment and are age 18 or older. The Plan was initially funded by a spin-off from the Scolfield 401(k) Plan. Participant accounts totaling \$12,416,304 were transferred in to the Plan effective January 1, 2022. The Plan is subject to the provisions of the *Employee Retirement Income Security Act of 1974* (ERISA).

The Plan is administered by Company’s Retirement Plan Committee (the “Committee”), which is a committee of the Management of the Company. The Committee has overall responsibility for the operation and administration of the Plan and determines the appropriateness of the Plan’s investment offerings and monitors investment performance. The Wilmington Trust Company is the trustee of the Plan. Empower Trust Company, LLC and Empower Annuity Insurance Company of America (“Empower”) are the custodians of the Plan.

Contributions – The Plan permits eligible participants through a salary deferral election to make annual pre-tax or Roth contributions up to the dollar limits prescribed by law or 75% of eligible compensation for the Plan year. Eligible participants are automatically enrolled in the Plan unless they affirmatively elect to not participant in the Plan. The deferral rate for automatically-enrolled participants is initially set at 5% of eligible compensation, with automatic annual increases of 1% at the beginning of each subsequent Plan year, up to a maximum deferral rate of 15%. Additionally, participants age 50 or older before end of the Plan year are eligible to make catch-up contributions.

Discretionary employer matching contributions made by the Company are determined by the Committee. For the year ended December 31, 2022, the Company elected to make a matching contribution of 50% of participant contributions up to a maximum of 5% of eligible compensation that a participant contributes to the Plan. The Company also has the option to make discretionary nonelective profit sharing contributions on behalf of each of its eligible participants in accordance with the provisions of the Plan. No discretionary nonelective profit sharing contributions were made for the year ending December 31, 2022. Contributions are subject to certain Internal Revenue Code (“IRC”) limitations. An employee must complete at least 1,000 hours of service (one year) to qualify for employer contributions.

Participant investment account options – Each participant has the option of directing their contributions into any of the various investment options offered by the Plan and may change the allocation daily. The Plan currently offers 15 mutual funds, 11 collective trust funds, and an insurance investment contract as investment options for participants.

HATCHETT CORPORATE, LLC 401(K) RETIREMENT PLAN

NOTES TO FINANCIAL STATEMENTS

(1) Description of plan (continued)

Participant accounts – Each participant's account is credited with the participant's contribution, the Company's discretionary employer contributions, discretionary nonelective profit sharing contributions and plan earnings, and is charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting – Participants are immediately vested in their voluntary contributions and amounts rolled over or transferred into the Plan plus actual earnings thereon.

Discretionary employer contributions and discretionary nonelective profit sharing contributions plus actual earnings vest according to the following schedule:

<u>Years of Service</u>	<u>Vested %</u>
Less than 1	0%
1	20%
2	40%
3	60%
4	80%
5	100%

Notes receivable from participants – Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50 percent of their vested account balance. The loans are secured by the balance in the participant's account and each participant is limited to one outstanding loan at a time. The loan interest rate is set at the Wall Street Journal Prime rate, as defined, plus 1%. Principal and interest are paid ratably through bi-weekly payroll deductions or an ACH agreement to repay the loan.

Payment of benefits – Upon termination of service due to any reason, a participant may elect to receive a lump-sum cash distribution, a direct rollover distribution to an eligible retirement plan specified by the participant or designated by the Plan administrator, or a combination of a cash distribution and a rollover. Installment payments are available to participants who are required to receive lifetime required minimum distributions (RMD) and elect to receive a monthly, quarterly, or annual installment equal to or greater than their annual RMD amount. Upon termination, a participant with a vested account balance less than \$1,000 will automatically receive a lump sum cash distribution. Participants with a vested balance of \$1,000 to \$5,000 will receive a distribution request with the option of a lump-sum payment or a direct rollover distribution to an eligible retirement plan specified by the participant. If no election is made by the participant, the Plan administrator will transfer the participant's vested funds to an Individual Retirement Account. Benefits may also be withdrawn for certain qualifying hardship circumstances. Other in-service distributions are available to participants who reach age 65.

HATCHETT CORPORATE, LLC 401(K) RETIREMENT PLAN

NOTES TO FINANCIAL STATEMENTS

(1) Description of plan (continued)

Forfeited accounts – Forfeitures may be used to pay Plan expenses or reduce any future employer contributions. At December 31, 2022, forfeited nonvested balances totaled \$10,461. For the year ended December 31, 2022, no forfeitures were used to reduce employer contributions or to pay Plan expenses

(2) Summary of significant accounting policies

Basis of accounting – The financial statements of the Plan are prepared on the accrual method of accounting, in accordance with accounting principles generally accepted in the United States of America. Investment contracts held by a defined contribution plan are required to be reported at fair value.

Use of estimates – The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect reported amounts of assets and liabilities and changes therein, and disclosures of contingent assets and liabilities. Actual results may differ from those estimates.

Unit values – Individual participant accounts for the collective trust funds are maintained on a unit value basis. Participants do not have beneficial ownership in the specific underlying securities or other assets in the funds but do have an interest therein represented by units valued daily. The funds earn dividends and interest which are automatically reinvested in additional units. Generally, contributions to and withdrawals from the funds are converted to units by dividing the amounts of such transactions by the unit values as last determined, and the participants' accounts are charged or credited with the number of units properly attributable to each participant.

Investment valuation and income recognition – Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Committee determines the Plan's valuation policies utilizing information provided by the investment trustee. See note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold, as well as held during the year.

Notes receivable from participants – Notes receivable from participants are measured at their unpaid principal balance plus accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2022. If a participant ceases to make loan repayments and the Plan administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

HATCHETT CORPORATE, LLC 401(K) RETIREMENT PLAN

NOTES TO FINANCIAL STATEMENTS

(2) Summary of significant accounting policies (continued)

Excess contributions refundable – Amounts payable to participants for contributions in excess of amounts allowed by the Internal Revenue Service (“IRS”) are recorded as a liability and presented as a separate line item on the statement of changes in net assets available for benefits. The Plan distributed excess contributions from 2022 to the applicable participants after March 15, 2023.

Payment of benefits – Benefits are recorded when paid. There were no benefits requested before year-end that were not paid.

Administrative expenses – Certain administrative services and expenses of the Plan, are paid directly by the Company and are not included in the statement of changes in net assets available for benefits. Fees related to the administration of notes receivable from participants are charged directly to the participant’s account and are included in administrative expenses. Investment related expenses are included in net appreciation (depreciation) of fair value of investments. Certain recordkeeping expenses are paid directly from the Plan and are included in administrative expenses.

(3) Information prepared and certified by the trustee

The Plan administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the DOL Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Empower Trust Company, LLC and Empower Annuity Insurance Company of America, the recordkeepers and custodians of the Plan, have certified that the following data included in the accompanying financial statements and supplemental schedule is complete and accurate as of and for the year ended December 31, 2022:

- Investments, at fair value
- Notes receivable from participants
- Net depreciation in fair value of investments
- Interest and dividends
- Interest income on notes receivable from participants
- Schedule of assets (held at end of year)

The Plan’s independent auditor did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements and supplemental schedule.

(4) Fair value measurements

The Financial Accounting Standards Board (“FASB”) Accounting Standards Codification (“ASC”) 820, *Fair Value Measurement*, provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements).

HATCHETT CORPORATE, LLC 401(K) RETIREMENT PLAN

NOTES TO FINANCIAL STATEMENTS

(4) Fair value measurements (continued)

The three levels of the fair value hierarchy under FASB ASC 820 are described below:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include quoted prices for similar assets and liabilities in active markets; quoted prices for identical or similar assets and liabilities in inactive markets; inputs other than quoted market prices that are observable for the asset or liability; and inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value on a recurring basis and recognized in the accompanying statement of net assets available for benefits.

Mutual funds: Mutual funds are valued at the daily closing price as reported by the respective fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily Net Asset Value ("NAV") and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded (Level 1).

Collective trust funds: The Plan has investments in the Wilmington Trust Collective Investment Trust Funds (the "collective trust funds"), which are bank managed retirement collective trust funds established by M&T Bank Corporation ("M&T") and governed by the Wilmington Trust Collective Investment Trust. The collective trust funds are comprised of investments in collective (stable value) and mutual funds. Irrespective of the underlying securities that comprise these collective trust funds, the funds themselves lack a formal listed market or publicly available quotes. The collective trust funds are valued at NAV per respective unit of the individual collective trust fund and are included in the statements of net assets available for benefits at NAV, which is determined each business day (any day on which the New York Stock Exchange is open for trading), as provided by the trustee. The funds have the ability to redeem their investments in the collective funds at NAV. The NAV is used as a practical expedient to estimate fair value, but is not used when it is determined to be probable that the fund will sell for an amount different than the reported NAV.

HATCHETT CORPORATE, LLC 401(K) RETIREMENT PLAN

NOTES TO FINANCIAL STATEMENTS

(4) Fair value measurements (continued)

Insurance investment contract: Valued at fair value by discounting the related cash flows based on current yields of similar instruments with comparable durations considering the credit-worthiness of the issuer. The guaranteed interest accounts promise contract value for a benefit event (termination, death, disability and retirement); however, there is a possible market value adjustment when funds are withdrawn prior to maturity. Therefore, the guaranteed interest account is not considered benefit-responsive and is valued at estimated fair value as determined by Empower (Level 2). See Note 5.

The preceding methods described may produce a fair value calculation that may not be indicative of the net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's investments recognized in the accompanying statement of net assets available for benefits measured at fair value on a recurring basis as of December 31, 2022:

Investments at fair value as of December 31, 2022				
	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 2,694,554	\$ -	\$ -	\$ 2,694,554
Insurance investment contract	-	1,037,243	-	1,037,243
	<u>\$ 2,694,554</u>	<u>\$ 1,037,243</u>	<u>\$ -</u>	<u>\$ 3,731,797</u>
Investments measured at NAV*				
Collective trust funds				<u>7,058,444</u>
Investments at fair value				<u>\$ 10,790,241</u>

* In accordance with Subtopic 820-10, certain investments that were measured at net asset value per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statement of net assets available for benefits.

(5) Common/collective trusts

Wilmington Trust American Funds (the “collective trust funds”) – The Wilmington Trust American Funds are collective trust funds managed by Wilmington Trust, N.A. (“Trust”). The purpose of the Trust is to allow collective investments by plan sponsors of retirement plans which qualify for exemption from federal income taxation pursuant to Section 501(a) of the Code, by reason of qualifying under Section 401(a) of the Code; tax-exempt governmental plans under Section 414(d) or Section 818(a)(6) of the Code; eligible deferred compensation plans under Section 457(b) of the Code established by a government employer; group trusts or separate accounts consisting solely of assets of the foregoing; and other investors eligible for participation in the Trust.

The collective trust funds described above are valued at NAV of the units of the individual collective trusts. The NAV is calculated daily and net investment income and realized and unrealized gains on investments are not distributed but rather reinvested and reflected in the NAV of the fund. The collective trust funds are valued at fair value and then adjusted by the issuer to contract value. Contract value represents contributions made to the fund, plus earnings, less participant withdrawals and is considered to be representative of fair value. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value however, certain events limit the ability of the Plan to transact at contract value with the issuer. Such events include the following: (1) participant withdrawals based on advice or direction, (2) changes to the Plan which establish investment options or investment objectives so as to constitute or create competing funds, (3) Plan administrator establishes a new eligible plan or amends an existing eligible plan, and such plan covers participants in the participating Plan and offers a competing fund, or (4) participating Plan makes a withdrawal for any reason other than participant-directed withdrawals. The Plan administrator does not believe that any events that would limit the Plan’s ability to transact at contract value with Plan participants are probable of occurring. Units of the fund are issued and redeemed at current NAV.

NOTES TO FINANCIAL STATEMENTS

(6) Investment contract with insurance company

The Plan entered into an investment contract with Empower Annuity Insurance Company of America ("Empower") via the Empower Investments Fixed Account ("Fixed Account"). Empower maintains the contributions in a general account. The account is credited with interest based on a guaranteed rate of return determined by Empower and charged for participant withdrawals and administrative expenses. Empower is contractually obligated to repay the principal and this pre-determined guaranteed rate of return to the Plan.

The Fixed Account investment contract guarantees contract value for any distribution made from the contract as a benefit payment; however, for certain other distributions, a market value adjustment (MVA) may be applied if a participant elects to withdraw prior to the maturity date of the contract. Additionally, Empower may impose restrictions on certain transfers and withdrawals if competing investment options are offered by the Plan. As such, this investment contract is not considered to be benefit-responsive.

There are no reserves against the contract value for credit risk of the contract issuer or otherwise. The credit interest rate is based on a guaranteed rate of return determined by Empower, which will not be less than 0 percent. Such interest rates are reviewed on a quarterly basis for resetting. Investment in this contract does not require an adjustment since contract value is the best approximation of fair value. The fair value of this contract was \$1,037,243 as of December 31, 2022.

Certain events limit the ability of the Plan to transact at contract value with the issuer. Such events include (1) amendments to the Plan documents (including complete or partial Plan termination or merger with another plan), (2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the Plan sponsor or other Plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, or (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA. The Plan administrator believes that any events that would limit the Plan's ability to transact at contract value with participants is not probable of occurring.

(7) Related party and party-in-interest transactions

Certain Plan investments are units of an investment contract managed by Empower Trust Company LLC, which is a custodian and the recordkeeper for the Plan. Empower maintains the contributions in a general account. The Plan also holds investments in collective trust funds managed by the Wilmington Trust Collective Investment Trust, related to the trustee of the Plan. Fees paid by the Plan for recordkeeping and some investment management services are included in net depreciation in fair value of investments, as they are paid through revenue sharing, rather than a direct payment.

The Plan made direct payments to third-party administrators in the amount of \$44,033 for the year ended December 31, 2022, which were not covered by revenue sharing and are considered to be party-in-interest transactions under ERISA. The Company pays directly any other fees related to the Plan's operations.

NOTES TO FINANCIAL STATEMENTS

(8) Transfers into Plan

In 2022, the Scholfield / Hatchett 401(k) Retirement Plan spun-off and funds from that Plan were rolled over into the Hatchett Corporate, LLC 401(k) Retirement Plan. The total amount of assets transferred into the Plan for 2022 was \$12,416,304.

(9) Plan termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants would become 100 percent vested in their employer contributions.

(10) Excess contributions refundable

Excess contributions of \$88,386 have been accrued as of December 31, 2022, and are to be paid in the respective following year to certain active participants to return to them excess deferral contributions as required to satisfy the relevant nondiscrimination provisions of the Plan. At December 31, 2022, \$88,386 has been included in the Plan's statement of net assets available for benefits as excess contributions refundable.

(11) Tax status

The Company adopted a Defined Contribution Pre-Approved Plan sponsored by Hinkle Law Firm LLC. The IRS has determined that the prototype plan is designed in accordance with applicable sections of the IRC and informed the trustee of such in a letter dated June 30, 2020. Although the Plan has been amended since receiving the opinion letter, the Plan administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC, and therefore, believes that the Plan was qualified and the related trust is tax exempt as of the financial statement date.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain tax position that more likely than not would not be sustained upon examination by the IRS. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2022, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

The following is a reconciliation of the net decrease per the financial statements at December 31, 2022 to Form 5500:

Net decrease per the financial statements	\$ (1,495,095)
Change in accrued interest on participant loans	(111)
Change in excess contributions refundable at end of the current period	<u>88,386</u>
Net income (loss) per Schedule H of the Form 5500	<u>\$ (1,406,820)</u>

(13) Risks and uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risk. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

(14) COVID-19

On March 11, 2020, the World Health Organization declared COVID-19 a pandemic. The COVID-19 pandemic and resulting global disruptions have caused significant economic uncertainty and volatility in financial markets. There is unprecedented uncertainty surrounding the duration of the pandemic, developing variants of the disease, potential economic ramification, and any government actions to mitigate them. Accordingly, the Plan sponsor is not able at this time to estimate its full impact on the Plan's financial statements.

(15) Subsequent events

The Plan has evaluated subsequent events through the date of this report, which is the date the financial statements were available to be issued. During the second quarter of 2023, Madison Dearborn Partners, LLC (“MDP”), acquired Wilmington Trust’s Collective Investment Trust through the creation and acquisition of a new trust company, Great Gray Trust Company, LLC, which will be successor trustee to Wilmington Trust.

No additional significant items were noted during this evaluation that would require disclosure in the financial statements or accompanying footnotes.
