Independent Auditors' Report

The Trustees and Plan Administrator
Hiller, LLC 401k Plan:

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of the Hiller, LLC 401k Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2022 and 2021, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of and for the years ended December 31, 2022 and 2021, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the *Auditors' Responsibilities for the Audit of the Financial Statements* section of our report,

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America ("GAAP").
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management has determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America ("GAAS"). Our responsibilities under those standards are further described in the *Auditors' Responsibilities for the Audit of the Financial Statements* section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the *Scope and Nature of the ERISA Section 103(a)(3)(C) Audit* section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certifications, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audits, significant audit findings, and certain internal control-related matters that we identified during the audits.

Other Matter - Supplemental Schedule Required by ERISA

The supplemental schedule of assets (held at end of year) as of December 31, 2022 is presented for the purpose of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

HILLER, LLC 401K PLAN

Notes to the Financial Statements

December 31, 2022 and 2021

(1) Description of plan

The following description of the Hiller, LLC 401k Plan (the "Plan") provides only general information. Participants should refer to the plan agreement for a more complete description of the Plan's provisions.

(a) General

The Plan is a defined contribution plan covering all eligible employees of Hiller, LLC (the "Plan Sponsor," "Company," or "Employer"). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

Empower Annuity Insurance Company of America and Empower Trust Company, LLC (collectively "Empower") formerly named Great-West Life & Annuity Insurance Company and Great-West Trust Company, LLC (collectively "Great-West") hold all of the Plan's investment assets. Empower invests all employee and employer contributions, as well as earnings or losses thereon, pursuant to the terms of the Plan. The Plan Sponsor is responsible for oversight of the Plan.

(b) Eligibility

All employees of the Plan Sponsor who have completed three months of service are eligible to become a participant in the Plan ("participants"). Employees are eligible to participate in the Plan on the next monthly entry date following the fulfillment of this requirement.

(c) Participant and rollover contributions

Each year, participants may contribute up to 100% of pretax or after-tax ("Roth") annual compensation, as defined in the Plan. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may contribute amounts representing distributions from other qualified defined benefit or defined contribution plans ("Rollovers"). Total annual contributions made to the Plan on behalf of any participant are subjected to limitations imposed under the Internal Revenue Code ("IRC").

(d) Employer matching contributions

The Plan provides that the Plan Sponsor may make discretionary matching contributions. For 2022 and 2021, the Plan Sponsor matched an amount equal to 50% of each participant's contributions up to 4% of each participant's compensation.

HILLER, LLC 401K PLAN

Notes to the Financial Statements

December 31, 2022 and 2021

(e) Employer profit sharing contributions

The Plan Sponsor may make a discretionary profit sharing contribution as authorized by the Plan Sponsor's management; however, such discretionary contributions by the Plan Sponsor are not required and are subject to the Internal Revenue Service ("IRS") limitations. The discretionary profit sharing contribution allocation is based on the ratio that each participant's compensation bears to the total of such compensation of all participants. Participants must be employed on the last day of the year to receive the discretionary profit sharing contribution. No discretionary profit sharing contribution was made by the Plan Sponsor during the years ended December 31, 2022 and 2021.

(f) Participant accounts

Each participant's account is credited (charged) with the participant's contributions, an allocation of Plan Sponsor contributions, investment earnings (losses), and administrative expenses. Allocations are based on participant compensation or account balances as defined in the plan agreement.

(g) Vesting

Participants are immediately vested in their elective salary deferral plus actual earnings (losses) thereon. Vesting in the Plan Sponsor's contributions are based on years of continuous service. Participants become 20% vested after two years of vesting service and vest ratably in 20% increments until they become 100% vested after six years.

(h) Notes receivable from participants

Participants may borrow from their accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their account balance. The participant notes receivable are secured by the balances in the respective participants' accounts and bear interest at fixed rates ranging from 4.25% to 8.00%, which are commensurate with local prevailing rates as determined quarterly by the plan administrator. Principal and interest are paid ratably through payroll deductions.

(i) Payment of benefits

On termination of service due to death, permanent disability or retirement, a participant may elect to receive a lump sum payment equal to his or her entire account. On termination of service due to other reasons, a participant will be entitled to receive only the vested interest in his or her account as a lump-sum distribution.

(j) Hardship withdrawals

The Plan permits distributions in the event of a financial hardship, as defined in the plan agreement. These distributions are taxable and subject to a tax penalty equal to 10% of the hardship distribution amount if the participant is younger than age 59½.

HILLER, LLC 401K PLAN

Notes to the Financial Statements

December 31, 2022 and 2021

(k) Forfeitures

If a participant is not fully vested on his or her termination date, the participant's unvested portion of the Employer contributions will be forfeited. All amounts forfeited are used to reduce the Employer matching contributions and pay the Plan's administrative expenses. As of December 31, 2022 and 2021, forfeited nonvested accounts totaled \$4,343 and \$23,180, respectively. During the years ended December 31, 2022 and 2021, respectively, the Plan Sponsor used approximately \$74,000 and \$26,000 of forfeited amounts to offset Plan Sponsor contributions and Plan expenses.

(2) Summary of significant accounting policies

(a) Basis of accounting

The financial statements of the Plan are prepared using the accrual basis of accounting.

(b) Use of estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of net assets and changes in net assets and disclosure of contingent assets and liabilities at the date of the financial statements. Actual results could differ from those estimates.

(c) Investment valuation and income recognition

Investments are stated at fair value or contract value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The investments values are discussed more fully in Note 4 and Note 5.

Purchases and sales of securities are recorded on a trade-date basis. Net appreciation (depreciation) includes the Plans gains and losses on investments bought and sold as well as held during the year. Interest income is recorded on the accrual basis. Dividend income is recorded on the ex-dividend date.

(d) Notes receivable from participants

Notes receivable from participants are measured at their unpaid principal balances plus any accrued but unpaid interest. Related fees are recorded as administrative expenses and are expensed when incurred. Delinquent notes receivable from participants are reclassified as distributions based on the terms of the plan document. No allowance for credit losses has been recorded as of December 31, 2022 and 2021.

HILLER, LLC 401K PLAN

Notes to the Financial Statements

December 31, 2022 and 2021

(e) Payment of benefits

Benefits to participants are recorded when paid.

(f) Administrative expenses

Administrative expenses may be paid by the Company or the Plan at the Company's discretion. Certain fees are charged directly to the applicable participants' accounts and are included in administrative expenses. Investment related fees are included in net appreciation (depreciation) in fair value of investments.

(g) Events occurring after reporting date

The Plan's management has evaluated events and transactions that occurred between December 31, 2022 and October 16, 2023, which is the date that the financial statements were available to be issued, for possible recognition or disclosure in the financial statements.

(3) Certified information

Certain information related to investments reported and disclosed in the accompanying financial statements and the schedule of assets (held at end of year), including investments at fair value and contract value and participant notes receivable as of December 31, 2022 and 2021, and net appreciation (depreciation) in fair value of investments, and interest and dividend income and interest on notes receivable from participants for the years ended December 31, 2022 and 2021, was obtained or derived from information supplied to the plan administrator and certified as complete and accurate by Empower.

(4) Fair value measurements

The Financial Accounting Standards Board ("FASB") Accounting Standards Codification ("ASC") 820, *Fair Value Measurements*, provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described below:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

HILLER, LLC 401K PLAN

Notes to the Financial Statements

December 31, 2022 and 2021

Level 2 - Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodology used for assets measured at fair value. There have been no changes in the methodology used at December 31, 2022 and 2021.

- (i) *Mutual funds*: Valued at the net asset value ("NAV") of shares held by the Plan at year end in an active market. Valued based on the funds' reported closing net asset values as of the last business day of the Plan year. The mutual funds are deemed to be actively traded.

The method described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan's management believes its valuation method is appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2022 and 2021:

Fair Value Measurements as of

Fair Value Measurements as of December 31, 2021 using the following inputs

	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total</u>
Total assets in the fair value hierarchy - mutual funds	\$ <u>2,617,075</u>	\$ <u>-</u>	\$ <u>-</u>	\$ 2,617,075
Investment measured at NAV as a practical expedient (a)				<u>7,219,187</u>
Investments, at fair value				\$ <u>9,836,262</u>

- (a) This investment is measured at NAV as a practical expedient to estimate fair value and, therefore, has not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits.

The following table describes the investment measured at fair value based on NAV as a practical expedient as of December 31, 2022 and 2021, respectively. There are no participant redemption restrictions for this investment; the redemption notice period is applicable only to the Plan level transactions.

<u>Description</u>	<u>Fair Value</u> <u>12/31/2022</u>	<u>Fair Value</u> <u>12/31/2021</u>	<u>Unfunded</u> <u>Commitments</u>	<u>Redemption</u> <u>Frequency (if</u> <u>currently eligible)</u>	<u>Redemption</u> <u>Notice Period</u>
Collective trust funds	\$-	\$7,219,187	n/a	Immediate	12 months

The Plan held various collective trust funds that were not direct filing entities. These collective trust funds were target date funds which sought capital appreciation and current income consistent with asset allocation that become more conservative over time to the specified retirement date.

(5) Guaranteed investment contract

The Plan offers a traditional fully benefit-responsive investment contract with Empower totaling \$115,376 and \$150,125 at December 31, 2022 and 2021, respectively. Empower maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The guaranteed investment contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan. The crediting rate is based on a formula established by the contract and is currently reset on a quarterly basis and will never be less than the guaranteed minimum interest rate. The guaranteed investment contract does not permit the insurance company to terminate the agreement prior to the scheduled maturity date.

HILLER, LLC 401K PLAN

Notes to the Financial Statements

December 31, 2022 and 2021

This contract meets the fully benefit-responsive investment contract criteria and therefore is reported at contract value. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value, as reported to the Plan by Great-West, represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

The Plan's ability to receive amounts due is dependent on the issuer's ability to meet its financial obligations. The issuer's ability to meet its contractual obligation may be affected by future economic and regulatory developments.

Certain events might limit the ability of the Plan to transact at contract value with the issuer. Such events include (1) amendments to the Plan documents (including complete or partial Plan termination or merger with another plan), (2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the Plan sponsor or the Plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, or (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA, (5) premature termination of the contract. The Plan Administrator believes that no events are probable of occurring that might limit the ability of the Plan to transact at contract value with the contract issuers and that also would limit the ability of the Plan to transact at contract value with the participants.

In addition, certain events allow the issuer to terminate the contract with the Plan and settle at an amount different from contract value. Such events include (1) an uncured violation of the Plan's investment guidelines, (2) a breach of material obligation of the contract, (3) a material misrepresentation, and (4) a material amendment to the agreement without the consent of the issuer.

(6) Plan termination

Although it has not expressed any intent to do so, the Plan Sponsor has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

Notes to the Financial Statements

December 31, 2022 and 2021

(7) Excess contributions

Contributions received from participants for 2023 and 2022 are net of payments of \$23,146 and \$65,936 and made in 2023 and 2022, respectively, to certain active participants to return to them excess deferral and matching contributions, as required to satisfy the relevant nondiscrimination provisions of the Plan.

(8) Party-in-interest transactions

Certain Plan assets are managed by Empower. Therefore, administrative expenses paid to Empower and the third party administrator of the Plan qualify as party-in-interest transactions. Party-in-interest transactions also include transactions with any person who provides services to the Plan, and an employer whose employees are covered by the Plan. The Plan allows participants to take loans from their Plan accounts that qualify as party-in-interest transactions which are exempt from the prohibited transaction rules.

(9) Income tax status

The Plan Sponsor adopted a non-standardized pre-approved plan, which received an opinion letter from the IRS dated June 30, 2020, stating that the Plan Sponsor may rely on the opinion letter with respect to the qualification of the Plan under IRC Section 401(a), and also informed the Plan Sponsor that the pre-approved plan will not receive a determination letter. The Plan Sponsor may separately request a determination letter with respect thereto. The Plan Administrator believes that the Plan is designed and is currently being operated in compliance with the applicable provisions of the IRC and, therefore believes the Plan is qualified and tax exempt. Therefore, no provision for income taxes has been included in the Plan's financial statements.

U.S. Generally Accepted Accounting Principles requires plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. As of December 31, 2022 and 2021, the Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods pending or in progress.

(11) Risks and uncertainties

The Plan utilizes various investment instruments. Investment securities, in general, are exposed to various risks, such as interest rate, credit, and overall market volatility. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the statements of net assets available for benefits.
