## **Responsibilities of Management for the Financial Statements**

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Dyer Garofalo Mann & Schultz, LPA 401 (k) Profit Sharing Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

## **Auditor's Responsibilities for the Audit of the Financial Statements**

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Dyer Garofalo Mann & Schultz, LPA 401 (k) Profit Sharing Plan's internal control. Accordingly, no such opinion is expressed.

Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Dyer Garofalo Mann & Schultz, LPA 401 (k) Profit Sharing Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

### **Other Matter-Supplemental Schedules Required by ERISA**

The supplemental schedules are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion-

the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

the information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Dyer Garofalo Mann & Schultz, LPA 401(k) Profit Sharing Plan  
Notes to the Financial Statements  
December 31, 2022 and 2021

**Note 1 – Description of the Plan:**

The following description of the Dyer Garofalo Mann & Schultz, LPA 401(k) Profit Sharing (Plan) provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

**General**

The Plan is a defined contribution plan covering all employees who have six months of service and are age 20 or older. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

**Contributions**

Each year, participants may contribute up to 100% of pretax annual compensation up to the 402g limit, as defined in the Plan. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. In addition, the Plan provides Roth Elective Deferrals. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollovers). Participants direct the investment of their contributions into various investment options offered by the Plan. The Company contributes a safe harbor matching contribution equal to 100% of employee deferrals up to 3% of the employee's compensation plus 50% of the employee's elective deferrals between 3%-5% of the employee's compensation. The Sponsor may also make discretionary match and profit sharing contributions subject to certain limitations.

**Participant Accounts**

Each participant's account is credited with the participant's contributions and allocations of (a) the Company's contribution, and (b) Plan earnings, and is charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

**Vesting**

Participants are vested immediately in their salary deferral contributions and safe harbor matching contributions plus actual earnings thereon. A participant is 100% vested in discretionary employer contributions after six years of credited service.

**Participant Notes Receivable**

Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their account balance. Loan transactions are treated as a transfer from (to) the participant notes fund. Loan terms range from 1-5 years. The loans are secured by the balance in the participant's account, and bear interest at a fixed rate equal to the prime rate plus one percentage point. Principal and interest is paid ratably through payroll deductions.

## Notes to the Financial Statements

### **Payment of Benefits**

Upon termination of service, a participant may elect to receive a lump sum amount equal to the value of the participant's vested interest in his or her account at a time specified by the participant.

### **Forfeited Accounts**

Forfeited nonvested accounts totaled \$28,692 at December 31, 2022. Forfeitures are applied as provided in the Adoption Agreement.

### **Note 2 - Summary of Significant Accounting Policies:**

#### **Basis of Accounting**

The financial statements of the Plan are prepared on a cash method accounting.

#### **Investment Valuation and Income Recognition**

The Plan's investments are stated at fair value. Shares of registered investment companies are valued at quoted market prices which represent the net asset value of shares held by the Plan at year-end. Shares of common collective trust are valued at market price as determined by the trustee.

### **Note 3 - Subsequent Events:**

Subsequent events are defined as events or transactions that occur after the financial statement date, but before the financials statements are issued. Management has evaluated subsequent events through October 12, 2023, the date the financial statements were available to be issued. As a result of the spread of COVID-19, economic uncertainties have resulted in significant volatility in the investment markets. The volatility has not had a negative impact on the plan, but the duration of these uncertainties and the ultimate financial effects cannot be reasonably estimated at this time.

### **Note 4 - Tax Status:**

On June 30, 2020 the Internal Revenue Service stated that the prototype adopted by the Plan, as then designed, qualifies under Section 401(a) of the Internal Revenue Service Code (IRC). The plan has not been amended since receiving the determination letter. Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the plan and recognize a tax liability if the organization has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan Administrator believes it is no longer subject to income tax examinations for years prior to 2019.

### **Note 5 - Plan Termination:**

Although it has not expressed any interest to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA.

## Notes to the Financial Statements

### **Note 6 - Fair Value Measurements:**

The Plan's investments are reported at fair value in the accompanying statement of net assets available for benefit.

Statement of Financial Accounting Standards Board (FASB) ASC 820, Fair Value Measurements, established a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. This hierarchy consists of three broad levels: Level 1 inputs consist of unadjusted quoted prices in active markets for identical assets and have the highest priority, Level 2 consists of observable inputs, either directly or indirectly, but are not quoted prices, and Level 3 inputs have the lowest priority. The Plan uses appropriate valuation techniques based on the available inputs to measure the fair value of its investments. When available, the Plan measures fair value using Level 1 inputs because they are generally the most reliable evidence of fair value.

## Notes to the Financial Statements

### **Note 6 - Fair Value Measurements - continued:**

The Plan measures fair value using Level 2 or Level 3 inputs when Level 1 inputs are not available.

Level 1 Fair Value Measurements - The fair value of mutual funds is based on quoted net asset values of the shares held by the Plan at year-end.

Level 2 Fair Value Measurements - The fair value of the accounts are based on the observable values of the underlying investments and underlying pools of securities.

Level 3 Fair Value Measurements - The fair value of the accounts is liquidation value based on actuarial formulas with no observable price. Participant loans are not actively traded and significant other observable inputs are not available. The fair value of the participant loans is equal to the amortized cost of the loans.

### **Note 8 - Related Party Transactions:**

The majority of Plan investments are in mutual funds managed by the custodian of the Plan and, therefore, these transactions qualify as party-in-interest. Per the Department of Labor, these transactions are considered exempt party-in-interest transactions.

### **Note 9 - Risk and Uncertainties:**

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.
