INDEPENDENT AUDITORS' REPORT

To the Owners and Participants of the
Platinum Press, Inc. 401(k) Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of the Platinum Press Inc. 401(k) (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C) audit"). The financial statements comprise the statements of net assets available for benefits as of December 31, 2022 and 2021 and the related statements of changes in net assets available for benefits for the years then ended and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's ("DOL") Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investments of the Plan ("investment information") by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA ("qualified institution").

Management has obtained certifications from qualified institutions as of and for the years ended December 31, 2022 and 2021 that the certified investment information, as described in Note F to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America ("US GAAP").
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America ("GAAS"). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Plan management is responsible for the preparation and fair presentation of the financial statements in accordance with US GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date that the financial statements are issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance as to whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of US GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with US GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matters

Supplemental Schedule Required by ERISA

The supplemental schedule, Form 5500 Schedule H, Line 4i - Schedule of Assets (Held at End of Year), as of December 31, 2022, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplemental information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than what is agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Notes to the Financial Statements
Years Ended December 31, 2022 and 2021

A. Description of Plan

General

The following description of the Platinum Press, Inc. 401(k) Plan (the "Plan") is provided for general information purposes only. The Plan is sponsored by Platinum Press, Inc. (the "Company"). Participants should refer to the plan document for a more complete description of the Plan's provisions.

The Plan, established January 1, 2015, is a defined contribution plan. The Plan covers all employees, who have attained eighteen years of age and completed six months of service, except part time, seasonal, or temporary employees scheduled to work less than 1,000 hours in a year. Employees are eligible to become an active participant in the Plan on the first day of the month following the completion of the eligibility requirements.

The purpose of the Plan is to encourage the Company's employees to save and invest, systematically, a portion of their current compensation so that they and their families may have a source of additional income upon their retirement, or in the event of death. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

Plan Administration

The Plan is administered by the owners of the Company who also serve as trustees of the Plan. Automatic Data Processing ("ADP") is responsible for the recordkeeping and administration for the Plan. Reliance Trust Company (the "Custodian") is responsible for the custody of the Plan's assets.

Contributions

Under the provisions of the Plan, participants may elect to voluntarily defer up to 100% of their pre-tax annual compensation as defined by the Plan document. Participant contributions are subject to certain annual limitations as prescribed by the Internal Revenue Code (the "Code"), which was \$20,500 and \$19,500 for 2022 and 2021, respectively. Roth elective deferrals are permitted in the Plan. Participants who are eligible to make salary deferral contributions under the Plan and who have attained age 50 before the end of the year are eligible to make catch-up contributions in accordance with, and subject to, the limitations imposed by the Code (\$6,500 for 2022 and 2021). Participants may make a rollover contribution to the Plan from another qualified plan.

The Plan is referred to as a safe harbor 401(k) plan. In order to maintain safe harbor status, the Company makes a safe harbor matching contribution equal to 100% of the first 3% of compensation, as defined by the Plan, and 50% of the next 2% of eligible compensation. The Company made safe harbor matching contributions of approximately \$309,000 and \$274,000 for 2022 and 2021, respectively. Additional discretionary amounts may be contributed at the option of the Company's owners. No discretionary contribution was provided in 2022 or 2021.

Participant Accounts

A separate account is maintained for each participant and is credited with the participant's voluntary contributions and an allocation of (a) the Company's contributions, and (b) Plan earnings, net of any administrative expenses applicable to the participant. Allocations are based on participant contributions or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

A. Description of Plan (*continued*)

Administrative Expenses

Expenses incurred in administration of the Plan, including costs relating to asset charges and recordkeeping, are paid by the Plan and allocated to all participant accounts on a pro-rata basis, or are charged directly to participant accounts for fees associated with establishment of a loan or a benefit payment. Certain expenses incurred in the administration of the Plan may be paid directly by the Company.

Vesting

Participants are immediately vested in their voluntary contributions as well as the qualified safe harbor matching contributions, plus or minus actual earnings or losses thereon. Vesting in discretionary contributions is based on years of service. Participants become 20% vested after two years of service, increasing 20% per year thereafter until they are fully vested after six years of service. Additionally, participants or their beneficiaries become immediately and fully vested in Company contributions and related earnings upon full and permanent disability, normal retirement age, or death.

Investment Options

Upon enrollment in the Plan, a participant may direct his or her contributions, qualified matching contributions, and discretionary contributions to any of the available investment options.

Notes Receivable from Participant Loans

Participants are permitted to borrow from their accounts a minimum amount of \$500 up to a maximum amount equal to the lesser of (a) 50% of the vested account balance, reduced by outstanding loan balance; or (b) \$50,000 reduced by the highest outstanding loan balance during the one-year period ending on the day before the loan is made. A participant may have no more than one loan outstanding at any given time. The loans are secured by the remaining balance in a participant's account and bear an interest rate of prime plus two percent (2%), as of the date of the loan. The rate of interest will be constant throughout the term of the loan. Loan terms range up to five years for general purposes or 30 years for the purchase of a primary residence. As of December 31, 2022 and 2021, there were approximately \$277,000 and \$249,000 of outstanding loans, respectively.

During 2020, the note receivables were subject to the changes related to the Coronavirus Aid, Relief, and Economic Security Act ("the CARES Act") detailed further in the Recent Accounting Pronouncement and Law Changes disclosure in Note B.

Benefits Paid to Participants

Participants who withdraw from the Plan during the year for reasons of disability, retirement, death, or termination are entitled to their vested account balance. Payment of benefits to participants with balances less than \$5,000 will be made in a lump-sum distribution. Payment of benefits to participants with balances greater than \$5,000 will receive a distribution of his or her vested account balance in the manner requested by the participant.

A participant may receive a hardship distribution from participant contributions if the distribution is: (1) on account of medical expenses incurred by the participant, their spouse, or dependents; (2) to purchase (excluding mortgage payments) a principal residence of the participant; (3) for the payment of post-secondary tuition expenses; (4) needed to prevent eviction of the participant from his or her principal residence or foreclosure upon the mortgage of the participant's principal residence; (5) burial or funeral expenses for the participant's deceased parent, spouse, children, or dependents; or, (6) expenses for the repair of damage to the participant's principal residence caused by fire, storm, or other casualty.

B. Summary of Accounting Policies

Basis of Accounting

The accompanying financial statements of the Plan are presented using the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan's administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from these estimates.

Investment Valuation and Income Recognition

The investments of the Plan are stated at fair value, except for the investments separately presented in the financial statements that are stated at contract value, as of the end of the year and are subject to market or credit risks customarily associated with debt and equity investments. Fair value measurements are determined in accordance with Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC) Topic No. 820, *Fair Value Measurements and Disclosures*, which defines fair value, establishes a framework for measuring fair value, and establishes disclosures about assets and liabilities measured at fair value.

The net realized and unrealized gains and losses on investments includes realized gains and losses on sales of investments during the year, using the average cost basis of the securities sold, and unrealized increases or decreases in the market value of investments held at year end. Purchases and sales of investments are reflected on a trade-date basis. Interest income is accrued when earned. Dividend income is recorded on the ex-dividend date. Capital gain distributions are included in dividend income.

Contributions

Contributions from the Company and participants are accrued as they become obligations of the Company, as determined by the Plan administrator, and in the period in which they are deducted, in accordance with salary deferral agreements.

Notes Receivable from Participant Loans

Notes receivable from participant loans are recorded and measured at the unpaid principal balance plus accrued interest which approximates fair value. If any payment of principal and interest remains unpaid by the end of the calendar quarter following the calendar quarter in which the missed payment was due, the loan shall be in default. Delinquent participant loans, if any, are reclassified as distributions based upon the terms of the Plan document. Notes receivable from participant loans are considered uncollectible in the period they are deemed and, accordingly, no allowance has been established.

Payment of Benefits

Benefits are recorded when paid. As of December 31, 2022 and 2021, there were no requested distributions that had not been paid.

Plan Expenses

Employees of the Company perform certain administrative functions for the Plan with no compensation from the Plan. In accordance with the provisions of the Plan, the Company pays a portion of the expenses incurred in the administration of the Plan, including costs relating to asset charges and recordkeeping and such expenses are not reimbursed by the Plan nor reflected in the accompanying financial statements.

B. Summary of Accounting Policies (continued)

Recent Accounting Pronouncement and Law Changes

On March 27, 2020, the Plan adopted the Coronavirus Aid, Relief and Economic Security Act, (the CARES Act) which was signed into law. The CARES Act allows participants of the Plan to get access to their retirement funds in two different ways. The first option allows participants to withdraw up to \$100,000 out of their 401(k) penalty-free, regardless of their age. The distribution will have no tax withholding up front, and participants are able to pay the tax on this amount over three years. The second option increases the limit for loans allowed from the Plan from \$50,000 up to \$100,000, not to exceed 50% of their account balance. These loans are available through September 27, 2020. Individuals may also suspend loan payments through December 31, 2020 for up to one year if they are impacted by COVID-19. Interest rates are calculated at prime +1%. The Plan does not allow for loans; accordingly, the second impact of the CARES act is not applicable. The CARES Act also suspended required minimum distributions for 2020. These temporary CARES Act provisions expired at the end of 2020. The Plan was amended to reflect these changes prior to the December 31, 2022 deadline.

On December 29, 2022, the Setting Every Community Up for Retirement Enhancement Act (the "SECURE" Act) 2.0 was signed into law. The SECURE Act 2.0 is intended to expand coverage, increasing retirement savings, and clarify retirement plan rules. The SECURE Act 2.0 changed existing long-term retirement rules, which included but is not limited to, increasing the age for required minimum distributions, expanding autoenrollment features, increasing the involuntary distribution limit, expanding penalty-free withdrawals, and providing enhanced opportunities for employee savings. The effective dates vary by each provision, however, the Plan will be formally amended to reflect these changes prior to the January 1, 2025 deadline.

Reclassification

Certain prior year amounts have been reclassified to current year presentation.

C. Investments

The Plan's investments are held by the Custodian on December 31, 2022 and 2021 under executed trust and service agreements with the Company. Investment information presented for 2022 and 2021 in the accompanying financial statements, including investments held and net appreciation/depreciation in fair value of investments and interest and dividends, was obtained or derived from information supplied to the Plan administrator and certified as complete and accurate by the Custodian. Investments are reflected at fair value as of December 31, 2022 and 2021 as reported by the Custodian, except for the investments separately presented in the financial statements that are stated at contract value.

According to the FASB, participant loans are to be classified on the statement of net assets available for benefits as notes receivable from participants and measured at their unpaid principal balance, plus any accrued but unpaid interest. According to the Department of Labor, participant loans are considered an investment and measured at their fair value and are required to be included as supplemental information in the schedule of assets held for investment purposes at the end of the year.

The following is a reconciliation of the schedule of assets held for investment purposes to the financial statements as of December 31:

	<u>2022</u>
Investments per schedule of assets held	
for investment purposes at the end of the year	\$ 5,270,425
Less: Notes receivable from participant loans	<u>(277,159)</u>

D. Fair Value Measurements

FASB ASC Topic No. 820 defines fair value as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date and establishes a three-tier hierarchy that is used to identify assets and liabilities measured at fair value. The hierarchy focuses on the inputs used to measure fair value and requires that the lowest level input be used.

The three levels defined in FASB ASC Topic No. 820 are as follows:

- Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.
- Level 2: Inputs to the valuation methodology include:
 - Quoted prices for similar assets or liabilities in active markets;
 - Quoted prices for identical or similar assets or liabilities in inactive markets;
 - Inputs other than quoted prices that are observable for the asset or liability;
 - Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

- Level 3: Inputs of the valuation methodology are unobservable and significant to fair value measurement. On December 31, 2022 and 2021, the Plan had no Level 3 investments.

The asset's or liability's fair value measurement level within the fair value hierarchy is based upon the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

FASB ASC Topic No. 820 requires a description of the methodologies used to measure the fair value of assets and liabilities. These methodologies were consistently applied to all assets carried as of December 31, 2022 and 2021. The methodology used to measure each major category of assets is as follows:

- Money market funds: The reported value of the money market funds is the cash balance which approximates fair value. The valuation is classified within Level 1 of the valuation hierarchy.
- Mutual funds: Mutual funds are valued based on prices obtained from an independent pricing service. To determine the fair value of the Plan's Level 2 investments, the independent pricing service uses various pricing models for each asset class that are consistent with what other market participants would use, including the market approach. Inputs and assumptions to the pricing model of the independent pricing service are derived from market observable sources including: benchmark yields, reported trades, broker/dealer quotes, issuer spreads, benchmark securities, bids, offers and other market-related data. Since many fixed income securities do not trade on a daily basis, the independent pricing service applies available information, as applicable, through processes such as benchmark curves, benchmarking of like securities, sector groupings, and matrix pricing to prepare valuations.

D. Fair Value Measurements (continued)

The Plan's assets measured at fair value on a recurring basis as of December 31 are as follows:

Assets at Fair Value as of December 31, 2022				
	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total</u>
Money market funds	\$ 288,338	\$ -	\$ -	\$ 288,338
Mutual funds	-	4,611,030	-	4,611,030
Total assets at fair value	<u>\$ 288,338</u>	<u>\$ 4,611,030</u>	<u>\$ -</u>	<u>\$ 4,899,368</u>

Assets at Fair Value as of December 31, 2021				
	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total</u>
Money market funds	\$ 240,054	\$ -	\$ -	\$ 240,054
Mutual funds	-	4,163,215	-	4,163,215
Total assets at fair value	<u>\$ 240,054</u>	<u>\$ 4,163,215</u>	<u>\$ -</u>	<u>\$ 4,403,269</u>

E. Investments at Contract Value

The Invesco Stable Asset fund (the "Fund") is a common/collective trust asset with a contract value of approximately \$94,000 and \$35,000 at December 31, 2022 and 2021, respectively. This contract meets the fully benefit-responsive investment contract criteria and therefore is reported at contract value. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value represents contributions made under the contract, plus interest, less participant withdrawals, and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

Certain events might limit the ability of the Plan to transact at contract value with the issuer. Such events include 1) amendments to the Plan documents (including complete or partial Plan termination or merger with another plan), 2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, 3) bankruptcy of the Plan sponsor that causes a significant withdrawal from the Plan, 4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA, or 5) premature termination of the contract. No events are probable of occurring that might limit the ability of the Plan to transact contract value with the contract issuers and that also would limit the ability of the Plan to transact at contract value with the participants.

In addition, certain events allow the issuer to terminate the contract with the Plan and settle at an amount different from contract value. Such events include 1) breach of the Plan's investment guidelines, 2) a material misrepresentation, and 3) material amendment to the agreement.

The Fund's returns are based on returns generated by an actively-managed, highly diversified portfolio of investment grade, fixed and floating rate securities. The Fund may invest in such securities directly or indirectly through commingled investment vehicle.

F. Information Certified by the Custodian

The Plan Administrator, having determined it is permissible in the circumstances, has elected the method of compliance permitted by ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, the Plan Administrator limited auditing procedures with respect to the investment information certified by the Custodian to be complete and accurate which included total investments as of December 31, 2022 and 2021, total investment income, including net realized and unrealized gains on investments for the years ended December 31, 2022 and 2021, and all information included in the accompanying supplemental schedule. The Custodian is considered to be a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency.

G. Income Tax Status

The Company has adopted the Automatic Data Processing Platinum Press Inc. 401(k) Plan Document, which received a favorable opinion letter from the IRS dated October 6, 2020. The Company may rely on this letter with respect to the qualification of the Plan under Section 401(a) of the Code with certain limitations. Once qualified, the Plan is required to operate in conformity with the Code to maintain its qualification. The Plan has not requested or received a determination from the IRS regarding qualifications under the appropriate section of the Code; however, the Plan's administrator believes that the Plan is designed to be in compliance with the applicable requirements of the Code and therefore believes that the Plan is qualified, and the related trust is tax-exempt. Further, the Plan's administrator believes that the Plan is being operated in material compliance with the applicable requirements of the Code.

Accounting principles generally accepted in the United States of America require the plan administrator to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that, as of December 31, 2022 and 2021, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the accompanying financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no examinations for any tax periods in progress. At December 31, 2022, the Plan's federal tax returns for the years after 2019 remain open to possible examination by the tax authorities.

H. Party-In-Interest Transactions

In accordance with Plan provisions, the Company may at its option pay some of the costs associated with the Plan. The Company paid approximately \$47,000 and \$27,000 on behalf of the Plan during the years ended December 31, 2022 and 2021, respectively.

I. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their Company contributions. Plan assets would be distributed to the participants at the discretion of the Company or continue to be held in a trust fund to be distributed to each participant upon retirement, death, permanent disability, or termination of employment.

J. Reconciliation of Financial Statements to Form 5500

The following is a reconciliation of the Form 5500 to the schedule of net assets available for benefits per the financial statements as of December 31:

	<u>2021</u>
Change in assets available for benefits per Form 5500	\$ 997,800
Other expenses	<u>(48,067)</u>
Change in assets available for benefits per the accompanying financial statements	<u>\$ 949,733</u>

K. Risk and Uncertainties

The Plan invests in various investment securities which are exposed to various risks such as interest rate, market, and credit risks customarily associated with debt and equity investments. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participant account balances and the amounts reported in the accompanying financial statements.

During the 2015, 2016, and 2017 audits, certain errors were discovered in the administration of the Plan. These errors were reported to the Company's management and adjusted in the financial statements. As a result, the Company took certain actions to correct these errors and submit such corrections to the IRS' Voluntary Compliance Program and the DOL's Voluntary Fiduciary Correction Program, as applicable, for the years ending December 31, 2015, 2016, and 2017. These filings have occurred with the respective parties. The Company has received a letter of acceptance from the DOL and is pending approval from the IRS.

L. Subsequent Events

In preparing the accompanying financial statements, the Plan Administrator has evaluated all subsequent events and transactions for potential recognition or disclosure through September 19, 2023, the date the financial statements were available for issuance.
