Independent Auditors' Report

The Board of Trustees
Natural Lands Retirement Plan
Media, Pennsylvania

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Natural Lands Retirement Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2022 and 2021, and the related statement of changes in net assets available for benefits for the year ended December 31, 2022, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from qualified institutions as of December 31, 2022 and 2021, and for the year ended December 31, 2022, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

- the information in the accompanying financial statements related to assets held by and certified to by qualified institutions agrees to, or is derived from, in all material respects, the information prepared and certified by institutions that management determined meet the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date that the financial statements are issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users made on the basis of these financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certifications, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter - Supplemental Schedule Required by ERISA

The supplemental schedule of Schedule H, Line 4i – Schedule of Assets (Held at End of Year) as of December 31, 2022 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements.

The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by the qualified institutions agrees to, or is derived from, in all material respects, the information prepared and certified by institutions that management determined meet the requirements of ERISA Section 103(a)(3)(C).

NATURAL LANDS RETIREMENT PLAN

Notes to Financial Statements December 31, 2022 and 2021

(1) Description of Plan

The following description of the Natural Lands Retirement Plan (formerly known as Natural Lands Trust, Inc. Defined Contribution Retirement Plan) provides only general information. Participants should refer to the plan agreement for a more complete description of the Plan's provisions.

General

Natural Lands Retirement Plan (the Plan) is a 403(b) defined contribution plan covering all employees of Natural Lands Trust, Inc. dba Natural Lands (the Company), except students and non-resident alien employees. Employees are eligible to make elective deferrals upon their date of hire and are eligible to receive employer matching contributions, subject to certain additional eligibility requirements. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended. The Plan Trustees are responsible for oversight of the Plan, determine the appropriateness of the Plan's investment offerings, and monitor investment performance.

Contributions

Each year, participants may contribute up to 100% of their annual eligible compensation, as defined by the Plan, subject to the maximum allowable under the Internal Revenue Service (IRS) guidelines. Participants may elect to have their deferrals be either pre-tax 403(b) contributions or after-tax Roth contributions to the Plan. Participants who have attained age 50 before the end of the plan year are eligible to make catch-up contributions. Additionally, the Plan allows participants with more than fifteen years of service to make special catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans. Participants direct the investment of their contributions into various investment options offered by the Plan. For eligible employees who complete one year of service and elective deferrals equal or exceed 5%, the Company shall make an employer match contribution in the amount of 5% of eligible compensation. Additionally, for eligible employees who complete ten years of service and elective deferrals equal or exceed 5%, the Company shall make an employer match contribution in the amount of 7.50% of eligible compensation. Matching contributions are calculated on a pay period basis.

Participant Accounts

Each participant's account is credited with the participant's contributions and the Company's contributions, as well as allocations of plan earnings (losses). Participant accounts are charged with an allocation of certain administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

NATURAL LANDS RETIREMENT PLAN

Notes to Financial Statements December 31, 2022 and 2021

(1) Description of Plan, Continued

Vesting

Participants are vested immediately in their employee contributions and employer contributions, plus actual earnings thereon.

Notes Receivable from Participants

Participants may borrow from their account balances a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. Loan terms may not exceed the maximum term of five years. The loans are secured by the balance in the participants' accounts and bear interest at rates from 4.25% to 8.00%. Principal and interest are paid ratably through payroll deductions. Participants may only have two loans outstanding at any time.

Payment of Benefits

On termination of service due to death, disability or retirement, a participant or their beneficiary may elect to receive an amount equal to the value of the participant's vested interest in their account in either a lump-sum amount, installment payments, or annuity distribution options, as defined by the Plan. The Plan allows for in-service distributions if a participant reaches age 59½, hardship distributions, and military distributions, subject to plan provisions. The Plan will make an involuntary cash-out of a participant's vested account balance following severance from employment for participants with balances up to a maximum of \$5,000.

(2) Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

NATURAL LANDS RETIREMENT PLAN

Notes to Financial Statements December 31, 2022 and 2021

(2) Summary of Significant Accounting Policies, Continued

Investment Valuation and Income Recognition

Investments are reported at fair value, except for the fully benefit-responsive insurance contracts, which are reported at contract value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for a discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net depreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2022 and 2021.

Payment of Benefits

Benefits are recorded when paid.

Expenses

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Fees related to certain participant transactions and to the administration of notes receivable from participants are charged directly to the participants' account and included in administrative expenses. Investment related expenses are included in the net depreciation in fair value of investments.

Subsequent Events

The Plan has evaluated subsequent events through October 16, 2023, the date the financial statements were available to be issued.

(3) Financial Information Certified by the Qualified Institutions

Certain information related to investments disclosed in the accompanying financial statements and ERISA-required supplemental schedule, including investments at fair value, fully benefit-responsive investment contract, at contract value, and notes receivable from participants held at December 31, 2022 and 2021, and net depreciation in fair value of investments, dividends and interest, and interest income on notes receivable from participants for the year ended December 31, 2022, was obtained by management and agreed to or derived from information certified as complete and accurate by TIAA and CREF and Ascensus Trust Company, the qualified institutions.

(4) Fair Value Measurements

The Financial Accounting Standards Board (FASB) *Accounting Standards Codification* (ASC) 820, *Fair Value Measurements and Disclosures*, provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

NATURAL LANDS RETIREMENT PLAN

Notes to Financial Statements December 31, 2022 and 2021

(4) Fair Value Measurements, Continued

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2022 and 2021.

Registered investment companies: Valued at the daily closing price as reported by the fund. Registered investment companies held by the Plan are open end registered investment companies that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value and to transact at that price. The registered investment companies held by the Plan are deemed to be actively traded.

Pooled separate account: The fair value of the Plan's interest in the TIAA Real Estate Account (REA) is based on the fund's daily NAV, which is considered by plan management to be the best approximation of fair value. The unit value of the fund is calculated daily and available to plan administrators and client investors on TIAA-CREF's website. Underlying holdings are primarily valued using independent appraisals or independent pricing sources. Accumulation units in the TIAA REA are available for transactions at the closing NAV on any day the NYSE is open for business. Transfers out of the REA are limited to one per calendar quarter. Although the underlying assets of the REA cannot be quickly sold and converted to liquid assets, the TIAA General Account provides the REA with a liquidity guarantee (TIAA ensures that the REA has funds available to meet participant redemption, transfer or cash withdrawal requests executed at quoted unit values).

TIAA-CREF is not a direct filing entity with respect to its pooled separate accounts, with the exception of the TIAA REA. Consequently, those investments are reported as registered investment companies on Schedule H of the Form 5500.

Guaranteed insurance contract: Investments in TIAA Traditional Annuity contracts are reported at fair value. As these investments are contract-based, observable prices for identical or similar investments do not exist and, accordingly, these investments are valued using unobservable inputs (level 3). The contract value equals the accumulated cash contributions and interest credited to the contract, less any withdrawals. Liquidity restrictions apply to certain types of contracts that could impact the value realized upon exiting the contract.

(4) Fair Value Measurements, Continued

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31:

Description	Assets at Fair Value as of December 31, 2022			
	Level 1	Level 2	Level 3	Total
Registered investment companies	\$ 14,882,209	\$ -	\$ -	\$ 14,882,209
Guaranteed insurance contract	-	-	4,585,865	4,585,865
	<u>\$ 14,882,209</u>	<u>\$ -</u>	<u>\$ 4,585,865</u>	<u>19,468,074</u>
Investments measured at NAV as a practical expedient				314,265
Total investments at fair value				<u>\$ 19,782,339</u>

Description	Assets at Fair Value as of December 31, 2021			
	Level 1	Level 2	Level 3	Total
Registered investment companies	\$ 18,472,593	\$ -	\$ -	\$ 18,472,593
Guaranteed insurance contract	-	-	4,707,308	4,707,308
	<u>\$ 18,472,593</u>	<u>\$ -</u>	<u>\$ 4,707,308</u>	<u>23,179,901</u>
Investments measured at NAV as a practical expedient				424,645
Total investments at fair value				<u>\$ 23,604,546</u>

Certain investments measured at NAV per share (or its equivalent) as a practical expedient have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits.

There were no significant transfers among investment levels during the years ended December 31, 2022 and 2021.

The following table summarizes investments measured at net asset value as a practical expedient as of December 31:

Investment	December 31,		Unfunded Commitments	Redemption Frequency	Redemption Notice Period
	2022	2021			
TIAA Real Estate Fund	\$ 314,265	\$ 424,645	None	Quarterly	Daily

During 2022, there were no transfers in or out of Level 3 of the fair value hierarchy. Purchases of Level 3 investments amounted to \$134,331 during 2022. Sales of Level 3 investments amounted to \$402,433 during 2022.

NATURAL LANDS RETIREMENT PLAN

Notes to Financial Statements December 31, 2022 and 2021

(5) Guaranteed Investment Contract

The Plan has a benefit-responsive guaranteed investment contract with TIAA and CREF totaling \$20,351 and \$21,756, as of December 31, 2022 and 2021, respectively. TIAA and CREF maintain the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The guaranteed investment contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan.

Because the guaranteed insurance contract is fully benefit-responsive, contract value is the relevant measurement attributed for that portion of the net assets available for benefits attributed to the guaranteed investment contract. Contract value, as reported to the Plan by TIAA and CREF, represents contributions under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value. The guaranteed insurance contract does not permit the insurance company to terminate the agreements prior to the scheduled maturity dates.

There are no reserves against contract value for credit risk of the contract issuer or otherwise. The crediting interest rate is based on a formula agreed upon with the issuer, but it may not be less than 1%. The interest rate is reviewed on a quarterly basis for resetting.

Certain events limit the ability of the Plan to transact at contract value with the issuer. Such events include the following: (1) amendments to the plan documents (including complete or partial plan termination or merger with another plan), or (2) reduction in number of participants. The plan administrator does not believe that any events which would limit the Plan's ability to transact at contract value with participants are probable of occurring.

(6) Related Party Transactions and Party-In-Interest Transactions

The Plan invests in a pooled separate account and annuity contracts which are managed by TIAA and CREF. TIAA and CREF are custodians of the Plan, and, therefore, these transactions qualify as party-in-interest transactions, which are exempt under the prohibited transaction rules.

Certain plan investments are shares of registered investment companies managed by The Vanguard Group, Inc (Vanguard). The Plan entered into a recordkeeping and administrative service agreement with Vanguard effective October 1, 2021. The terms of the recordkeeping and administrative services agreement with Vanguard allowed Vanguard to contract those services from another service provider for the Plan. Vanguard entered into an agreement with Ascensus, Inc. coincident with entering into the recordkeeping and services agreement.

NATURAL LANDS RETIREMENT PLAN

Notes to Financial Statements December 31, 2022 and 2021

(6) Related Party Transactions and Party-In-Interest Transactions, Continued

Effective November 15, 2021, Ascensus, Inc. provides administrative services to the Plan. Ascensus Trust Company, an affiliate of Ascensus, Inc. is also a custodian as defined by the Plan and, therefore, these transactions qualify as party-in-interest transactions, which are exempt from the prohibited transactions rules. Fees incurred by the Plan for the investment management services are included in net depreciation in fair value of the investment.

(7) Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants would remain 100% vested in their account balances.

(8) Tax Status

The Plan uses a volume submitter document sponsored by CCH Incorporated (CCH). The IRS has determined and informed CCH by a letter dated March 31, 2017, that the volume submitter document and related trust are designed in accordance with the applicable sections of the Internal Revenue Code (IRC). Although the Plan has been amended since the date of the letter, the plan administrator believes the Plan is designed and is currently being operated in compliance with the applicable provisions of the IRC and, therefore, believes that the Plan is qualified, and the related trust is tax exempt.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for the tax periods in progress.

(9) Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit. Due to the level of risk associated with certain investment securities and the level of uncertainty related to changes in the value of investment securities, it is at least reasonably possible that changes in risks in the near term could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.
