INDEPENDENT AUDITORS' REPORT

To the Participants, Administrators and Trustee
PushPay Retirement Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of PushPay Retirement Plan ("Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C). The financial statements comprise the statements of net assets available for benefit, modified-cash basis (a basis of accounting other than U.S. Generally Accepted Accounting Principles) as of December 31, 2022 and 2021, and the related statements of changes in net assets available for benefits, modified-cash basis, for the year ended December 31, 2022, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of PushPay Retirement Plan financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certification from a qualified institution as of December 31, 2022, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of PushPay Retirement Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Plan management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America. This includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Management's election of the ERISA section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about PushPay Retirement Plan's ability to continue as a going concern for foreseeable future.

Management is also responsible for maintaining a current Plan instrument, including all Plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of PushPay Retirement Plan's internal control. Accordingly, no such opinion is expressed.

- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about PushPay Retirement Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedules Required by ERISA

Our audit was conducted for the purpose of forming an opinion on the financial statements as a whole. The supplemental schedules of Schedule H, Line 4i - Schedule of Assets (Held at End of Year) as of December 31, 2022 are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements.

The information has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In Our Opinion

- The form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Other Matters

The financial statements for the year ended December 31, 2021, were audited by a predecessor auditor, who issued an unqualified opinion report as of October 13, 2022, except with respect to the information in the 2021 financial statements related to assets held by and certified to by a qualified institution in conformance with the requirements of ERISA Section 103(a)(3)(c).

**PUSHPAY RETIREMENT PLAN
NOTES TO FINANCIAL STATEMENTS
YEAR ENDED DECEMBER 31, 2022 AND 2021**

NOTE 1 – DESCRIPTION OF PLAN

The following description of PushPay Retirement Plan (“Plan”) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan’s provisions.

General

The Plan, established in January 2017 is a defined contribution and profit-sharing plan covering all full-time employees of echurch, Inc., PushPay, Inc. and ZipZap Processing, Inc. (“Companies”) who are 21 years of age and have one month of service from their hire date. Eligible employees are automatically enrolled in the Plan with an initial deferral rate of 2%. Employees have up to 90 days to opt out of the Plan. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Board of Trustees is responsible for oversight of the Plan. The Investment Committee determines the appropriateness of the Plan’s investment offerings, monitor investment performance and reports to the Plan’s Board of Trustees.

Asset Transfer

Effective August 2021 eligible employees of an acquired company (RESI) were allowed to roll their terminated RESI Plan assets into the PushPay Plan. The RESI roll over additions were approximately \$2,397,100 and came into the PushPay Plan during the period ranging from September 2021 to December 2021.

Contributions

Contributions made by participants are made either on a before-tax or after-tax basis. For before-tax contributions Federal income taxes on the earnings of the investments are deferred until amounts are withdrawn from the Plan. The earnings on after-tax contributions accumulate tax free. The amount deferred, however, shall not exceed the limit under appropriate Sections of the Internal Revenue Code during any calendar year as set forth in the Plan. Participants may elect to contribute any percentage greater than 1% of their gross wages to the Plan up to the limits set in Internal Revenue Code. For the years ended December 31, 2022 and 2021 the Companies committed to make a contribution match for eligible employees of 100% of employee contributions up to 4% of employee deferrals.

The Companies may make a discretionary profit-sharing contribution to the Plan. If the Companies makes a discretionary contribution to the Plan, the eligible participant’s share of the discretionary contribution will equal the percentage of the participant’s gross compensation in the proportion to the total gross compensation of all eligible plan participants times the total discretionary contribution. The Companies made no discretionary contributions to the Plan for the years ended December 31, 2022 and 2021, respectively.

Participant Accounts

Each participant's account is credited with the participant's contributions and Companies matching contributions, as well as allocations of the Plan earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan.

Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

**PUSHPAY RETIREMENT PLAN
NOTES TO FINANCIAL STATEMENTS
YEAR ENDED DECEMBER 31, 2022 AND 2021**

NOTE 1 – DESCRIPTION OF PLAN (Concluded)

Vesting

The vesting of participants in Matching contributions vest with participants in the following manner:

1 year of service	50%
2 years of service	100%

Forfeitures

Plan forfeitures are disposed of in accordance with the Companies discretion and can be used to pay plan expenses or reduce matching contributions. At December 31, 2022 and 2021 there was \$409,953 and \$234,486, respectively, of unvested employer matching contributions. The unvested employer matching at December 31, 2022 and 2021 was comprised of \$43,854 and \$18,659 respectively in cash and the remainder in various investment options in active and terminated employee participant accounts with balances at December 31, 2022 and 2021. For the year ended December 31, 2022, the Companies did not use forfeitures to fund the Companies match obligation and used \$13,700 for the year ended December 31, 2021. The entire amount of forfeitures at December 31, 2022 and 2021 may be used for future employer matching contributions or plan expenses.

Notes Receivable from Participants

Participant notes were part of the assets that were transferred from the subsidiary's plan in 2020 (Carry-over Notes). Carry-over Notes were left intact and continued to be processed through payroll deductions. New loans are not available to actively employed participants under the provisions of the Plan and all loans have been paid off as of December 31, 2022.

Payment of Benefits

Upon termination of service due to death, disability, or retirement, a participant may elect to receive the value of the vested interest in his or her account in the form of a lump-sum distribution or installments. The Plan allows for in-service distributions if a participant reaches age 59 ½ and hardship distributions subject to Plan provisions. If a participant terminates employment and the participant's account balance does not exceed \$5,000, participants can elect to receive a lump-sum distribution or roll over their vested balance to an individual retirement account or another qualified plan. If no election is made by the participant, balances may be automatically rolled over to an individual retirement account or an individual retirement annuity as designated by the Administrator.

NOTE 2 – SUMMARY OF ACCOUNTING POLICIES

Basis of Accounting

The accompanying financial statements have been prepared on the modified cash basis of accounting, which is a comprehensive basis of accounting other than accounting principles generally accepted in the United States of America. In accordance with the modified cash basis of accounting, all accounts are presented on the cash basis with the exception of investments, which are stated at fair value.

**PUSHPAY RETIREMENT PLAN
NOTES TO FINANCIAL STATEMENTS
YEAR ENDED DECEMBER 31, 2022 AND 2021**

NOTE 2 – SUMMARY OF ACCOUNTING POLICIES (Concluded)

Use of Estimates

The preparation of financial statements in conformity with the modified cash basis requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results may differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Investment Committee determines the Plan's valuation policies utilizing information by the investment advisers, custodians, and insurance company. See Note 4 for discussion of fair value measurements.

Excess Contributions Payable

Amounts payable to participants for contributions in excess of amounts allowed by the IRS are recorded as a liability with a corresponding reduction to contributions.

Payment of Benefits

Benefits are recorded when paid.

Administrative Expenses

Certain expenses of maintaining the Plan may be paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation of fair value of investments.

Subsequent Events

The Plan has evaluated subsequent events through October 16, 2023, the date the financial statements were available to be issued.

NOTE 3 – INFORMATION CERTIFIED BY CUSTODIAN

The Plan administrator elected the method of compliance permitted by 29 U.S. Code of Federal Regulations (CFR) 2520.103-5 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under the Employee Retirement Security Act of 1974 (ERISA, the Act), Section 103(a)(3)(c). Under this provision of the Act, certain information is certified by an insurance company and need not be subject to independent audit.

The Plan administrator has obtained certification from the Custodian the following information furnished by the Custodian and included in the Plan's financial statements and supplemental schedule is complete and accurate for the year ended December 31:

	<u>2022</u>	<u>2021</u>
Total Investments (at fair value)	\$16,883,686	\$16,573,049
Net (depreciation) appreciation in fair value of investments	\$ (3,101,439)	\$ 2,178,897

NOTE 4 – FAIR VALUE MEASUREMENTS

Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC)820, Fair Value Measurements and Disclosures, provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements).

The three levels of the fair value hierarchy under FASB ASC 820 are as follows:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to fair value measurement. The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2022:

Pooled Separate Accounts- The fair value of the investments in Pooled Separate Accounts has been estimated using the NAV per share, as a practical expedient. The NAV of these accounts is based on the market value of its underlying investments. The NAV of these accounts is not a public-quoted prices in an active market (Level 2). There are currently no redemption restrictions on these investments.

The following table sets forth by level, within the fair value hierarchy, the Plan's investments at fair value as of December 31:

2022	Level 1	Level 2	Level 3	Total
Pooled Separate Accounts	\$ -	\$ 16,883,686	\$ -	\$ 16,883,686
Investments at Fair Value	\$ -	\$ 16,883,686	\$ -	\$ 16,883,686
2021	Level 1	Level 2	Level 3	Total
Pooled Separate Accounts	\$ -	\$ 16,573,049	\$ -	\$ 16,573,049
Investments at Fair Value	\$ -	\$ 16,573,049	\$ -	\$ 16,573,049

**PUSHPAY RETIREMENT PLAN
NOTES TO FINANCIAL STATEMENTS
YEAR ENDED DECEMBER 31, 2022 AND 2021**

NOTE 4 – FAIR VALUE MEASUREMENTS (Concluded)

Gains and losses included in changes in net assets available for benefits for the years ended December 31, 2022 and 2021, are reported in net appreciation in fair value of investments.

The Plan's policy is to recognize transfers of investments into or out of Level 3 as of the date of the event or change in circumstances that caused the transfer. For the year ended December 31, 2021, there were no transfers of investments into or out of Level 3.

NOTE 5 – RELATED PARTY TRANSACTIONS AND PARTY IN INTEREST TRANSACTIONS

Certain Plan investments are in funds managed by John Hancock Trust Company, the custodian of the Plan; therefore, these transactions qualify as party in interest transactions.

Certain employees of the Plan sponsor serve as trustees of the Plan. Also, certain administrative functions are performed by employees of the Plan sponsor. No such employee receives compensation from the Plan. An unrelated entity serves as the third-party administrator. Advisors and suppliers to the Plan are considered parties-in-interest under ERISA.

NOTE 6 – TAX STATUS

The Plan is placing reliance on an opinion letter received from the IRS on the prototype plan indicating that the Plan is qualified under Section 401 of the IRC and is therefore not subject to tax under current income tax law. The prototype plan has been amended since receiving the opinion letter. However, the Plan administrator believes that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC and, therefore, believes that the Plan is qualified, and the related trust is tax-exempt.

U.S. GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTE 7 – PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their employer contributions.

NOTE 8 – RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

NOTE 9 – RECONCILIATION OF FINANCIAL STATEMENTS TO FORM 5500

The following is a reconciliation of net assets available for benefits per the financial statements at December 31, 2022 and 2021, to Form 5500:

	<u>2022</u>	<u>2021</u>
Net assets available for benefits per the financial statements	\$ 16,927,540	\$ 16,592,601
Amounts receivable from employer and employees for contributions earned but not remitted to the Plan	373,509	406,694
Other liabilities	(442)	(306)
Net assets available for benefits per the Form 5500	<u>\$ 17,300,607</u>	<u>\$ 16,998,989</u>

The following is a reconciliation of contributions per the financial statements for the year ended December 31, 2022, to Form 5500:

	<u>2022</u>
Participant Contributions	\$ 2,581,232
Plus: Current year participant contributions receivable	1,078
Less: Prior year participant contributions receivable	(77,390)
Contributions received from participants per Form 5500	<u>\$ 2,504,920</u>
	<u>2022</u>
Employer Contributions	\$ 1,333,258
Plus: Current year employer contributions receivable	372,431
Less: Prior year employer contributions receivable	(329,304)
Contributions received from employers per 5500	<u>\$ 1,376,385</u>

Amounts allocated to withdrawing participants are recorded on the Form 5500 for benefit claims that have been processed and approved for payment prior to year-end, but not yet paid as of that date. There were no benefit claims payable at December 31, 2022 and 2021, respectively.

NOTE 10 – RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities and common stock are exposed to various risks, such as interest rate, market, and credit risks, as well as valuation assumptions based on earnings, cash flows, and other such techniques. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities and common stock will occur in the near term, and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

INDEPENDENT AUDITORS' REPORT

To the Participants, Administrators and Trustee
PushPay Retirement Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of PushPay Retirement Plan ("Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C). The financial statements comprise the statements of net assets available for benefit, modified-cash basis (a basis of accounting other than U.S. Generally Accepted Accounting Principles) as of December 31, 2022 and 2021, and the related statements of changes in net assets available for benefits, modified-cash basis, for the year ended December 31, 2022, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of PushPay Retirement Plan financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certification from a qualified institution as of December 31, 2022, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of PushPay Retirement Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Plan management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America. This includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Management's election of the ERISA section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about PushPay Retirement Plan's ability to continue as a going concern for foreseeable future.

Management is also responsible for maintaining a current Plan instrument, including all Plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of PushPay Retirement Plan's internal control. Accordingly, no such opinion is expressed.

- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about PushPay Retirement Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedules Required by ERISA

Our audit was conducted for the purpose of forming an opinion on the financial statements as a whole. The supplemental schedules of Schedule H, Line 4i - Schedule of Assets (Held at End of Year) as of December 31, 2022 are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements.

The information has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In Our Opinion

- The form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Other Matters

The financial statements for the year ended December 31, 2021, were audited by a predecessor auditor, who issued an unqualified opinion report as of October 13, 2022, except with respect to the information in the 2021 financial statements related to assets held by and certified to by a qualified institution in conformance with the requirements of ERISA Section 103(a)(3)(c).

**PUSHPAY RETIREMENT PLAN
NOTES TO FINANCIAL STATEMENTS
YEAR ENDED DECEMBER 31, 2022 AND 2021**

NOTE 1 – DESCRIPTION OF PLAN

The following description of PushPay Retirement Plan (“Plan”) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan’s provisions.

General

The Plan, established in January 2017 is a defined contribution and profit-sharing plan covering all full-time employees of echurch, Inc., PushPay, Inc. and ZipZap Processing, Inc. (“Companies”) who are 21 years of age and have one month of service from their hire date. Eligible employees are automatically enrolled in the Plan with an initial deferral rate of 2%. Employees have up to 90 days to opt out of the Plan. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Board of Trustees is responsible for oversight of the Plan. The Investment Committee determines the appropriateness of the Plan’s investment offerings, monitor investment performance and reports to the Plan’s Board of Trustees.

Asset Transfer

Effective August 2021 eligible employees of an acquired company (RESI) were allowed to roll their terminated RESI Plan assets into the PushPay Plan. The RESI roll over additions were approximately \$2,397,100 and came into the PushPay Plan during the period ranging from September 2021 to December 2021.

Contributions

Contributions made by participants are made either on a before-tax or after-tax basis. For before-tax contributions Federal income taxes on the earnings of the investments are deferred until amounts are withdrawn from the Plan. The earnings on after-tax contributions accumulate tax free. The amount deferred, however, shall not exceed the limit under appropriate Sections of the Internal Revenue Code during any calendar year as set forth in the Plan. Participants may elect to contribute any percentage greater than 1% of their gross wages to the Plan up to the limits set in Internal Revenue Code. For the years ended December 31, 2022 and 2021 the Companies committed to make a contribution match for eligible employees of 100% of employee contributions up to 4% of employee deferrals.

The Companies may make a discretionary profit-sharing contribution to the Plan. If the Companies makes a discretionary contribution to the Plan, the eligible participant’s share of the discretionary contribution will equal the percentage of the participant’s gross compensation in the proportion to the total gross compensation of all eligible plan participants times the total discretionary contribution. The Companies made no discretionary contributions to the Plan for the years ended December 31, 2022 and 2021, respectively.

Participant Accounts

Each participant's account is credited with the participant's contributions and Companies matching contributions, as well as allocations of the Plan earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan.

Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

**PUSHPAY RETIREMENT PLAN
NOTES TO FINANCIAL STATEMENTS
YEAR ENDED DECEMBER 31, 2022 AND 2021**

NOTE 1 – DESCRIPTION OF PLAN (Concluded)

Vesting

The vesting of participants in Matching contributions vest with participants in the following manner:

1 year of service	50%
2 years of service	100%

Forfeitures

Plan forfeitures are disposed of in accordance with the Companies discretion and can be used to pay plan expenses or reduce matching contributions. At December 31, 2022 and 2021 there was \$409,953 and \$234,486, respectively, of unvested employer matching contributions. The unvested employer matching at December 31, 2022 and 2021 was comprised of \$43,854 and \$18,659 respectively in cash and the remainder in various investment options in active and terminated employee participant accounts with balances at December 31, 2022 and 2021. For the year ended December 31, 2022, the Companies did not use forfeitures to fund the Companies match obligation and used \$13,700 for the year ended December 31, 2021. The entire amount of forfeitures at December 31, 2022 and 2021 may be used for future employer matching contributions or plan expenses.

Notes Receivable from Participants

Participant notes were part of the assets that were transferred from the subsidiary's plan in 2020 (Carry-over Notes). Carry-over Notes were left intact and continued to be processed through payroll deductions. New loans are not available to actively employed participants under the provisions of the Plan and all loans have been paid off as of December 31, 2022.

Payment of Benefits

Upon termination of service due to death, disability, or retirement, a participant may elect to receive the value of the vested interest in his or her account in the form of a lump-sum distribution or installments. The Plan allows for in-service distributions if a participant reaches age 59 ½ and hardship distributions subject to Plan provisions. If a participant terminates employment and the participant's account balance does not exceed \$5,000, participants can elect to receive a lump-sum distribution or roll over their vested balance to an individual retirement account or another qualified plan. If no election is made by the participant, balances may be automatically rolled over to an individual retirement account or an individual retirement annuity as designated by the Administrator.

NOTE 2 – SUMMARY OF ACCOUNTING POLICIES

Basis of Accounting

The accompanying financial statements have been prepared on the modified cash basis of accounting, which is a comprehensive basis of accounting other than accounting principles generally accepted in the United States of America. In accordance with the modified cash basis of accounting, all accounts are presented on the cash basis with the exception of investments, which are stated at fair value.

**PUSHPAY RETIREMENT PLAN
NOTES TO FINANCIAL STATEMENTS
YEAR ENDED DECEMBER 31, 2022 AND 2021**

NOTE 2 – SUMMARY OF ACCOUNTING POLICIES (Concluded)

Use of Estimates

The preparation of financial statements in conformity with the modified cash basis requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results may differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Investment Committee determines the Plan's valuation policies utilizing information by the investment advisers, custodians, and insurance company. See Note 4 for discussion of fair value measurements.

Excess Contributions Payable

Amounts payable to participants for contributions in excess of amounts allowed by the IRS are recorded as a liability with a corresponding reduction to contributions.

Payment of Benefits

Benefits are recorded when paid.

Administrative Expenses

Certain expenses of maintaining the Plan may be paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation of fair value of investments.

Subsequent Events

The Plan has evaluated subsequent events through October 16, 2023, the date the financial statements were available to be issued.

NOTE 3 – INFORMATION CERTIFIED BY CUSTODIAN

The Plan administrator elected the method of compliance permitted by 29 U.S. Code of Federal Regulations (CFR) 2520.103-5 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under the Employee Retirement Security Act of 1974 (ERISA, the Act), Section 103(a)(3)(c). Under this provision of the Act, certain information is certified by an insurance company and need not be subject to independent audit.

The Plan administrator has obtained certification from the Custodian the following information furnished by the Custodian and included in the Plan's financial statements and supplemental schedule is complete and accurate for the year ended December 31:

	<u>2022</u>	<u>2021</u>
Total Investments (at fair value)	\$16,883,686	\$16,573,049
Net (depreciation) appreciation in fair value of investments	\$ (3,101,439)	\$ 2,178,897

PUSHPAY RETIREMENT PLAN

YEAR ENDED DECEMBER 31, 2022 AND 2021

NOTE 4 – FAIR VALUE MEASUREMENTS

Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC)820, Fair Value Measurements and Disclosures, provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements).

The three levels of the fair value hierarchy under FASB ASC 820 are as follows:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to fair value measurement. The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2022:

Pooled Separate Accounts- The fair value of the investments in Pooled Separate Accounts has been estimated using the NAV per share, as a practical expedient. The NAV of these accounts is based on the market value of its underlying investments. The NAV of these accounts is not a public-quoted prices in an active market (Level 2). There are currently no redemption restrictions on these investments.

The following table sets forth by level, within the fair value hierarchy, the Plan's investments at fair value as of December 31:

2022	Level 1	Level 2	Level 3	Total
Pooled Separate Accounts	\$ -	\$ 16,883,686	\$ -	\$ 16,883,686
Investments at Fair Value	\$ -	\$ 16,883,686	\$ -	\$ 16,883,686
2021	Level 1	Level 2	Level 3	Total
Pooled Separate Accounts	\$ -	\$ 16,573,049	\$ -	\$ 16,573,049
Investments at Fair Value	\$ -	\$ 16,573,049	\$ -	\$ 16,573,049

**PUSHPAY RETIREMENT PLAN
NOTES TO FINANCIAL STATEMENTS
YEAR ENDED DECEMBER 31, 2022 AND 2021**

NOTE 4 – FAIR VALUE MEASUREMENTS (Concluded)

Gains and losses included in changes in net assets available for benefits for the years ended December 31, 2022 and 2021, are reported in net appreciation in fair value of investments.

The Plan's policy is to recognize transfers of investments into or out of Level 3 as of the date of the event or change in circumstances that caused the transfer. For the year ended December 31, 2021, there were no transfers of investments into or out of Level 3.

NOTE 5 – RELATED PARTY TRANSACTIONS AND PARTY IN INTEREST TRANSACTIONS

Certain Plan investments are in funds managed by John Hancock Trust Company, the custodian of the Plan; therefore, these transactions qualify as party in interest transactions.

Certain employees of the Plan sponsor serve as trustees of the Plan. Also, certain administrative functions are performed by employees of the Plan sponsor. No such employee receives compensation from the Plan. An unrelated entity serves as the third-party administrator. Advisors and suppliers to the Plan are considered parties-in-interest under ERISA.

NOTE 6 – TAX STATUS

The Plan is placing reliance on an opinion letter received from the IRS on the prototype plan indicating that the Plan is qualified under Section 401 of the IRC and is therefore not subject to tax under current income tax law. The prototype plan has been amended since receiving the opinion letter. However, the Plan administrator believes that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC and, therefore, believes that the Plan is qualified, and the related trust is tax-exempt.

U.S. GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTE 7 – PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their employer contributions.

NOTE 8 – RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

NOTE 9 – RECONCILIATION OF FINANCIAL STATEMENTS TO FORM 5500

The following is a reconciliation of net assets available for benefits per the financial statements at December 31, 2022 and 2021, to Form 5500:

	<u>2022</u>	<u>2021</u>
Net assets available for benefits per the financial statements	\$ 16,927,540	\$ 16,592,601
Amounts receivable from employer and employees for contributions earned but not remitted to the Plan	373,509	406,694
Other liabilities	(442)	(306)
Net assets available for benefits per the Form 5500	<u>\$ 17,300,607</u>	<u>\$ 16,998,989</u>

The following is a reconciliation of contributions per the financial statements for the year ended December 31, 2022, to Form 5500:

	<u>2022</u>
Participant Contributions	\$ 2,581,232
Plus: Current year participant contributions receivable	1,078
Less: Prior year participant contributions receivable	(77,390)
Contributions received from participants per Form 5500	<u>\$ 2,504,920</u>
	<u>2022</u>
Employer Contributions	\$ 1,333,258
Plus: Current year employer contributions receivable	372,431
Less: Prior year employer contributions receivable	(329,304)
Contributions received from employers per 5500	<u>\$ 1,376,385</u>

Amounts allocated to withdrawing participants are recorded on the Form 5500 for benefit claims that have been processed and approved for payment prior to year-end, but not yet paid as of that date. There were no benefit claims payable at December 31, 2022 and 2021, respectively.

NOTE 10 – RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities and common stock are exposed to various risks, such as interest rate, market, and credit risks, as well as valuation assumptions based on earnings, cash flows, and other such techniques. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities and common stock will occur in the near term, and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.
