Report of Independent Auditors

The Swinerton 401(k) & Savings Committee of
Swinerton 401(k) & Savings Plan

Report on the Audit of the Financial Statements

Opinion

We have audited the financial statements of Swinerton 401(k) & Savings Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), which comprise the statements of net assets available for benefits (modified cash basis) as of December 31, 2022 and 2021, and the related statement of changes in net assets available for benefits (modified cash basis) for the year ended December 31, 2022, and the related notes to the financial statements.

In our opinion, the accompanying financial statements present fairly, in all material respects, the net assets available for benefits (modified cash basis) of Swinerton 401(k) & Savings Plan as of December 31, 2022 and 2021, and the changes in its net assets available for benefits (modified cash basis) for the year ended December 31, 2022, in accordance with the modified cash basis of accounting described in Note 1.

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Swinerton 401(k) & Savings Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Emphasis of Matter – Basis of Accounting

We draw attention to Note 1 of the financial statements, which describes the basis of accounting. The financial statements are prepared on the modified cash basis of accounting, which is a basis of accounting other than accounting principles generally accepted in the United States of America. Our opinion is not modified with respect to this matter.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with the modified cash basis of accounting described in Note 1, and for determining that the modified cash basis of accounting is an acceptable basis for the preparation of the financial statements in the circumstances. Management is also responsible for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- exercise professional judgment and maintain professional skepticism throughout the audit.
- identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Swinerton 401(k) & Savings Plan's internal control. Accordingly, no such opinion is expressed.
- evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Swinerton 401(k) & Savings Plan's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedules Required by ERISA

Our audits were conducted for the purpose of forming an opinion on the financial statements as a whole. The supplemental schedule (modified cash basis) Schedule H, Line 4(i) - Schedule of Assets (Held at End of Year) as of December 31, 2022, and Schedule H, Line 4(j) – Schedule of Reportable Transactions for the year ended December 31, 2022, are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information

directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion, the information in the accompanying schedule (modified cash basis) is fairly stated, in all material respects, in relation to the financial statements as a whole, and the form and content is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

NOTE 1 – THE PLAN AND ITS SIGNIFICANT ACCOUNTING POLICIES

General – The following description of the Swinerton 401(k) & Savings Plan (the Plan) provides only general information. Participants should refer to the Plan Document and Summary Plan Description (SPD) for a more complete description of the Plan's provisions.

The Plan is a defined contribution plan and is a combination of a profit-sharing plan and an employee stock ownership plan (ESOP). The profit-sharing portion includes a "cash or deferred arrangement." Stock of Swinerton Incorporated (Company stock) is held in both the profit-sharing and ESOP portions of the Plan. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended.

Swinerton Incorporated (the Company) and the following affiliated companies participate in the Plan: Swinerton Builders; SOLV, Inc.; Lindgren Building Supply, Inc.; and Lindgren Development, Inc. Effective January 1, 2020, the Company acquired SAK Builders, Inc. and E.M. Hundley Hardware, Inc. Effective January 1, 2021, the Company acquired Timberlab, Inc. Effective July 1, 2021, the Company acquired MD Builders, Inc. Prior service was credited and eligible employees were allowed to participate in the Plan, as of the effective date of the acquisitions.

In 2021, the Company sold the engineering, procurement, construction (EPC), and operations and maintenance (O&M) operations to a third party. As a result of the sale of the EPC and O&M operations, SOLV Energy, LLC (SOLV Energy) was formed on December 23, 2021. As a result of the divestiture of SOLV Energy, the accounts of each participant whose employment transferred from the Company to SOLV Energy are intended to be transferred to the SOLV Energy 401(k) Plan. During the year ended December 31, 2021, participant-directed Plan assets of $34,865,857 were transferred to the SOLV Energy 401(k) Plan.

In 2022, the Board approved a redemption of Company stock shares in the profit-sharing portion of the Plan for all participants with termination dates prior to January 1, 2022, as well as approved a redemption of Company stock shares in the profit-sharing and ESOP portions of the Plan for all participants who were a part of the SOLV Energy acquisition.

The following table presents the redemption of Company shares in the profit-sharing and ESOP portions of the Plan during the year ended December 31, 2022:

	Profit Sharing		ESOP		Total	Total
	Shares	Value	Shares	Value	Shares	Value
Shares redeemed:						
Relating to participant terminations prior to January 1, 2022	(755,850.820)	$ (45,660,948)	-	$ -	(755,850.820)	$ (45,660,948)
Relating to the SOLV Energy 401(k) Plan	(124,449.469)	(7,517,993)	(525,831.604)	(31,765,487)	(650,281.073)	(39,283,480)
	(880,300.289)	$ (53,178,941)	(525,831.604)	$ (31,765,487)	(1,406,131.893)	$ (84,944,428)

A supplemental valuation was completed, and the shares of Company stock in the ESOP and profit-sharing portions of the Plan were redeemed for a value of $60.41 per share. The total redemption value of $39,283,480 related to the divestiture of SOLV Energy was invested into participant-directed assets, according to each participant's investment elections. These investments realized a gain of $112,785 prior to being transferred to the SOLV Energy 401(k) Plan as participant-directed Plan assets during the year ended December 31, 2022. This amount, along with $10,566,912 of other participant-directed Plan assets were transferred to the SOLV Energy 401(k) Plan during the year ended December 31, 2022.

All employees of the Company, other than leased employees, independent contractors (even if that classification is later changed) and employees covered by a collective bargaining agreement (unless the terms of the bargaining agreement otherwise provides), are eligible to participate in the Plan. Eligible employees may begin to participate in the Plan on the first day of the month coincident with or next following the completion of three months of service in which at least 250 hours are worked. Participants are eligible to receive employer contributions if they are employed as of the last day of the Plan year and meet the age and service requirements.

Prevailing wages are contractual and are part of a fringe benefit. The Company remits prevailing wages on federal and state projects that are determined by the Department of Industrial Relations Prevailing Wage Determinations. Only employees working on particular jobs receive this extra portion of fringe benefit. The Company has the option to pay funds directly to the participant or deposit these funds on the participant's behalf into the participant's account. Prevailing wage contributions are not subject to age, service, or hours requirements otherwise required under the Plan for other benefit sources.

On an annual basis, the Company loans to the Plan the sum of money needed to repurchase shares of Company stock held in the Plan to finance benefits paid to terminated participants. The Plan purchased Company stock using the proceeds of an interest-free loan from the Company (see Note 3), and holds the stock in a trust established under the Plan. As the Plan makes each payment of principal, an appropriate percentage of stock will be allocated to eligible employees' accounts in accordance with applicable regulations under the Internal Revenue Code (IRC).

The borrowing is collateralized by the unallocated shares of Company stock. The lender has no rights against shares once they are allocated under the ESOP. Accordingly, the financial statements of the Plan present separately the assets and liabilities therein pertaining to:

a. The accounts of employees with rights in allocated stock (Allocated) and

b. Stock not yet allocated to employees (Unallocated)

Administration – The Plan is administered by the Swinerton 401(k) & Savings Committee (the Committee and the trustee), which is appointed by the Swinerton Incorporated Board of Directors. Principal Trust Company (PTC) is the custodian of the Plan and Principal Life Insurance Company (PLIC) is the recordkeeper. All investment offerings and benefit payments are made by the custodian under the authorization of the Committee, which administers the Plan.

Pursuant to the Plan document, all expenses of administering the Plan and trust shall be paid from trust assets. The Company may, however, pay all or any portion of such expenses directly. During 2022 and 2021, the Plan paid administrative expenses totaling $542,543 and $507,314, respectively. Expenses paid by the Plan represent investment advisor fees, hardship withdrawal fees, Plan administrative fees, loan origination fees, audit fees, and appraisal fees.

Estimates – The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities, and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Basis of accounting – The accounting records of the Plan are maintained and the accompanying financial statements and supplemental schedules have been prepared on the cash basis of accounting modified to carry investments at fair value. Consequently, revenues are recognized when received rather than when earned, and expenses are recognized when paid rather than when the obligation is incurred. Accordingly, the financial statements are not intended to present net assets available for benefits and changes in net assets available for benefits in accordance with accounting principles generally accepted in the United States of America.

Forfeited accounts – Cash forfeitures for the profit-sharing portion of the Plan may be reallocated, used to reduce future Employer contributions, or used to fund safe harbor contributions, qualified nonelective contributions and qualified matching contributions.

Investment valuation and income recognition – The Plan's investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 2 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a settlement basis. Dividends and interest are recorded when received. Net realized and unrealized appreciation (depreciation) in investments consists of the change in unrealized appreciation or depreciation during the year, and the realized gain or loss on the sales of investments during the year. Acquisition costs are included in the cost of investments, and sales are recorded net of selling expenses. The cost of investments sold is computed on an average cost basis.

Notes receivable from participants – Notes receivable from participants are measured at amortized cost, which represents unpaid principal balance plus accrued but unpaid interest. Delinquent notes receivable from participants are reclassified as distributions upon the occurrence of a distributable event, based on the terms of the Plan Agreement.

Voting rights – The Committee holds a proxy from the trustee which empowers the Committee to vote the stock held by the Plan. However, in the case of certain corporate matters which involve the shares and which relate to a corporate merger, consolidation, recapitalization, reclassification, liquidation, dissolution, sale of substantially all assets of a trade or business, or a similar transaction, participants are entitled to direct the voting of shares allocated to their accounts, whether or not vested.

Income tax status – The Internal Revenue Service (IRS) has determined and informed the Company by a letter dated October 8, 2015, that the Plan and related Trust are designed in accordance with the applicable sections of the IRC. Although the Plan has been amended since receiving the determination letter, the Plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC.

Put option – Under Federal income tax regulations, the Company stock that is held by the Plan and its participants and is not readily tradable on an established market or is subject to trading limitations, includes a put option. The put option is a right to demand that the Company buy any shares of its stock distributed to participants for which there is no market at any time during two option periods, at the current market fair value. The first put option period runs for a period of at least 60 days commencing on the date of distribution of stock to the participant. The second put option period runs for a period of at least 60 days commencing on the first day after a new determination of the fair market value of Company stock is made in the subsequent Plan year. If participants (or beneficiaries) exercise their put option, the Company must purchase the stock at fair market value. The Company may grant the Trust an option to assume the Company's rights and obligations at the time a participant exercises an option. The purpose of the put option is to ensure that participants have the ability to ultimately receive cash in exchange for their shares.

Risks and uncertainties – The Plan may invest in various types of investment securities and Company stock. Investment securities are exposed to various risks, such as interest rate, market fluctuations, and credit risks. Due to the risk associated with certain investment securities, it is at least reasonably possible that changes in market values, interest rates, or other factors in the near term would materially affect participants' account balances and the amounts reported in the Statements of Net Assets Available for Benefits and the Statements of Changes in Net Assets Available for Benefits.

NOTE 3 – FAIR VALUE MEASUREMENTS

The fair value measurements standard establishes a framework for measuring fair value. That framework provides a hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under the standard are described below:

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 – Inputs to the valuation methodology include:

- Quoted market prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability; and
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2022 and 1899.

Investments in registered investment companies (mutual funds) are valued at quoted market prices. The custodian's value of the assets is based on the quoted market value of the underlying assets comprising the funds.

The Plan has common collective trust funds with Wilmington Trust. Units held in the common collective trusts (CCTs) are valued using the net asset value practical expedient (NAV practical expedient) of the CCTs as reported by the fund managers. The NAV practical expedient is based on the fair value of the underlying assets owned by the CCTs, minus its liabilities, and then divided by the number of units outstanding. Qualified Plan participant-initiated withdrawals from the CCTs are honored at any time without penalty, regardless of their frequency or amount. Any Plan sponsor or Plan fiduciary-initiated withdrawal from the funds which will exceed $1 million will require a five-day written notice of the intent to withdraw assets from the funds.

The Plan has pooled separate account funds with New York Life Insurance and 100% is invested in long-term and short-term bonds. Units held in the pooled separate accounts (PSAs) are valued using the NAV practical expedient of the PSAs as reported by the account managers. The NAV practical expedient is based on the fair value of the underlying assets owned by the PSAs, minus its liabilities, and then divided by the number of units outstanding. Qualified Plan participant-initiated withdrawals from the PSAs are honored at any time without penalty, regardless of their frequency or amount. The funds also require participants to invest in a "noncompeting fund" for at least 90 days before transferring to a "competing" fund option. Any Plan sponsor or Plan fiduciary-initiated withdrawal from the funds will require a 12-month written notice of the intent to withdraw assets from the funds.

The Swinerton Incorporated, common stock held by the Plan is reported at fair value based upon an independent appraisal. This appraisal was based upon a combination of the market and income valuation techniques consistent with prior years as illustrated in the following table.

Instrument	Fair Value	Principal Valuation Technique	Unobservable Inputs
Swinerton Incorporated common stock	$ 379,902,667	Income	· EBITDA · Net income · Weighted-average cost of capital · Long-term revenue growth rate · Long-term pretax operating margin · Discount rate · Discount for lack of marketability
		Market	· Revenue multiple · EBITDA multiple · Discount for lack of marketability

Plan management accumulates the data for the appraiser from historical and projected financial information of the Company. The appraiser prepares a report of estimated per share value that a participant will receive upon distribution. Plan management, along with the Trustee, review the appraisal report in detail, and approve the valuation methods utilized by the appraiser in determining fair value.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31:

NOTE 4 – RELATED PARTY TRANSACTIONS

Certain Plan investments are managed by an affiliate of PTC, the Plan custodian; therefore, these transactions qualify as party-in-interest transactions.

The Plan also invests in shares of Company stock. As of December 31, 2022 and 2021, the Plan owned approximately 47% of the Company. As the Company is the Plan Sponsor, these transactions qualify as party-in-interest transactions.

On April 1, 1997, the Plan entered into a Revolving Credit Loan Agreement with the Company whereby the Company advances funds on an interest-free, unsecured basis to enable the Plan to pay benefit distributions. Repayment of these loans are made from Company contributions or from proceeds from the sale of Company stock to the Company.

In 2021, the Company loaned $133,745 to the Plan. $121,361 of the 2021 loan amount was allocated to finance Company stock in the profit-sharing portion of the Plan. $12,384 of the 2021 loan amount was allocated to finance the Company stock in the ESOP portion of the Plan. The Company stock balances in the ESOP and profit-sharing portions of the Plan were purchased at $24.13 per share, the then fair value, as approximated by the Company. In December 2021, the Employer approved the retirement of $121,361 of the 2021 loan as employer profit-sharing discretionary contributions and $12,384 of the 2021 loan as discretionary ESOP contributions.

In 2022, the Company loaned $2,843,787 to the Plan. The loan amount was allocated to finance the Company stock in the ESOP portion of the Plan. The Company stock balances in the ESOP and profit-sharing portions of the Plan were purchased at $60.41 per share, the then fair value, as approximated by the Company. In December 2022, the Employer approved the retirement of $2,843,787 of the 2022 loan as discretionary ESOP contributions.

NOTE 5 – PARTICIPATION AND BENEFITS

Contributions

Participant contributions – Each year, participants may contribute between 1% and 50% of pretax annual compensation, as defined in the Plan. Participants may also elect to make Roth contributions utilizing after-tax contributions. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans. The Plan includes an auto-enrollment provision whereby all newly eligible employees are automatically enrolled in the Plan unless they affirmatively elect not to participate in the Plan. Automatically enrolled participants have their deferral rate set at 5% of eligible compensation and their contributions invested in the Plan's qualified default investment alternative (flexPATH Target Date Funds) until elected otherwise by the participant. Unless elected otherwise by the participant, deferrals are automatically increased annually by 1%, up to a maximum auto-deferral of 20%.

Employer discretionary contributions – The Company may elect to make discretionary contributions to the profit sharing portion or the ESOP portion of the Plan. Company contributions to the profit-sharing or ESOP portions of the Plan can be in cash and/or shares of Company stock and are at the discretion of the Company's Board of Directors. The Board of Directors may determine that Company contributions can be paid by cancellation of indebtedness for any loan made by the Company to the Plan. All contributions are paid directly to the Plan by the Company.

For 2021, the Company's Board of Directors approved an ESOP contribution in the form of Company stock at a rate of 0.005% of eligible pay to all eligible participants in affiliated companies employed on December 31, 2021. In addition, the Company's Board of Directors approved a profit-sharing contribution in the form of Company stock at a rate of 0.05% of eligible pay to all eligible participants in affiliated companies employed on December 31, 2021. All contributions are 100% vested. ESOP contributions for 2021 totaled $12,384 and were allocated to participants' accounts on May 12, 2022 (this noncash amount is included on the Form 5500). Profit-sharing contributions for 2021 totaled $121,361 and were allocated to participants' accounts on May 12, 2022 (this noncash amount is included on the Form 5500). The Board of Directors also approved an ESOP cash contribution in the amount of $13,182,415 to active participants on March 31, 2021, to be exchanged with terminated participants for Company stock. The exchange occurred on March 31, 2021.

For 2022, the Company's Board of Directors approved an ESOP contribution in the form of Company stock at a rate of approximately 9.1% of eligible pay to all eligible participants in affiliated companies employed on December 31, 2022. All contributions are 100% vested. ESOP contributions for 2022 totaled $2,843,787 and were allocated to participants' accounts on May 12, 2022 (this noncash amount is included on the Form 5500). The Board of Directors also approved an ESOP cash contribution in the amount of $21,467,734 to active participants on May 12, 2022, to be exchanged with terminated participants for Company stock. The exchange occurred on May 12, 2022.

Vesting – Participants are immediately vested in their salary deferrals, rollover contributions, stock and cash match, ESOP, and profit-sharing balances in the form of cash and Company stock and earnings thereon.

Participant directed accounts – Except for Company discretionary and matching contributions made in the form of Company stock, participants have a choice of investments for the profit-sharing portion of their Plan assets. Each participant may specify the amount of Plan assets which are invested in any of the participant-directed investment fund options offered under the Plan. The Company stock in the profit-sharing portion of the Plan is nonparticipant directed.

Participant accounts – Each participant's account is credited with the participant's contribution and allocations of (a) the Company's contributions, (b) Plan earnings or losses, (c) forfeitures of terminated participants' nonvested accounts, and charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined by the Plan document. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Payment of benefits – Distribution of cash benefits for the profit-sharing portion of the Plan is made in a single lump sum. Distributions are made upon retirement, disability, death, or termination of service immediately following the participant's request for distribution and receipt of a completed Distribution Election Form by PLIC. A participant's distribution will not occur prior to 30 days after termination.

Distribution of benefits in Company stock in the ESOP and profit-sharing portions of the Plan is normally made upon retirement, disability, death, or termination of service in a lump sum in the year following the year of termination upon consent by the participant and receipt of a completed Distribution Election Form by PLIC, subject to approval by the Committee. The Board has the right to select the benefit distribution date at its discretion for the ESOP portion of the Plan.

The threshold for automatic payouts to separation from employment participants who have not consented to distribution of their account balances is $1,000. For lump sum distributions of $1,000 to $5,000, the Plan Administrator will pay the distribution in a direct rollover to an individual retirement plan designated by the Plan Administrator.

If a Participant has satisfied the requirements for Retirement (i.e., the Participant's severance from employment after the attainment of age 62), distribution of the benefit shall occur as soon as administratively practicable in the year following the year of Retirement.

Loans to participants – Participants may request a loan of up to the lesser of 50% of the vested account balance, excluding Company stock, or $50,000. The minimum amount of a participant loan is $1,000. A maximum of two loans may be outstanding at any one time. Interest on participant loans is equal to the prime rate in effect on the date the loan is requested, plus 1%. As of December 31, 2022, the interest rate range on outstanding loans is 4.25% to 8.50%, and maturity dates through December 2032.

Repayment of principal and interest must be made through payroll withholding. The repayment period may not exceed five years unless the proceeds are used to acquire a principal residence, in which case such period may not exceed ten years.

NOTE 6 – NONPARTICIPANT-DIRECTED INVESTMENTS

Information about the significant components of the changes in net assets relating to the nonparticipant-directed investments is as follows for the years ended December 31:

	2022	2021
Net appreciation in fair value of investments	$ 21,869,592	$ 266,035,817
Company contributions	24,311,521	13,316,163
Benefits paid to participants	(24,311,521)	(17,506,963)
Share redemption	(84,944,428)	-
	$ (63,074,836)	$ 261,845,017

NOTE 7 – PLAN TERMINATION OR MODIFICATION

The Company intends to continue the Plan indefinitely for the benefit of its participants; however, it reserves the right to terminate or modify the Plan at any time by resolution of its Board of Directors and subject to the provisions of ERISA.

NOTE 8 – SUBSEQUENT EVENTS

In 2023, the remaining Company stock balances in the profit-sharing and ESOP portions of the Plan for SOLV Energy participants were redeemed and transferred into the SOLV Energy 401(k) Plan. The transfer was delayed for these participants due to a prior licensing agreement that required the fulfillment of contracted jobs until completion. The shares of Company stock in the ESOP and profit-sharing portions of the Plan were redeemed for a value of $64.10 per share.

The following table presents the redemption of Company shares in the profit-sharing and ESOP portions of the Plan during the year ended December 31, 2023:

	Profit Sharing		ESOP		Total	Total
	Shares	Value	Shares	Value	Shares	Value
Shares redeemed:						
Relating to the SOLV Energy 401(k) Plan	(12,570.158)	$ (805,747)	(38,907.289)	$ (2,493,957)	(51,477.447)	(3,299,704)

On October 6, 2023, the Board of Directors approved a retroactive amendment, effective January 1, 2020. The amendment allows for an employee who becomes covered by a collective bargaining agreement to receive an allocation of discretionary contributions for compensation earned during the plan year while the employee was not covered by such an agreement.

The Plan has evaluated subsequent events through October 16, 2023, which is the date the financial statements were available to be issued.
